The quality parts for Land Rovers

**20<sup>th</sup>**  
**Edition**

**W**elcome to our 20th Edition of the Britpart Accessory Catalogue.

This new edition is packed with **over 600 new parts**. Many of the new parts are for the latest Land Rover models but with plenty of exciting new accessories for the older range of vehicles too. You'll be able to personalise your Land Rover to your exact needs and wants.

Britpart also stock a vast range of repair parts, many of which are featured in this catalogue, to help Land Rover owners across the world to keep their vehicles going both on and off-road.

At Britpart we are always adding new and exciting products to our accessories range, so remember to look at [www.britpart.com](http://www.britpart.com) for all the latest additions. Also worth remembering is that if there is no picture in the catalogue of a product, then visit our website as there are plenty more product pictures online.

Our commitment  
to you...

**F**or over 40 years Britpart has been supplying quality parts and accessories for Land Rover users across the world. We are very proud to announce that all\* Britpart parts and accessories will be backed by an industry leading 24 month guarantee.

With a recent multi-million pound investment in the best Land Rover products and with extensive investment in new staff, equipment and procedures we are convinced this guarantee will give consumers confidence in Britpart products. This is backed up with our approval by Lloyd's Register Quality Assurance to ISO 9001:2015.

This pioneering guarantee will cover over 28,000 parts from our extensive parts catalogue, from springs to clutches and winches to shock absorbers, confidence in the products we supply is assured. If any part is found to be defective following an inspection by our quality team due to faulty materials or workmanship then that part will be replaced free of charge.

With this significant development in Britpart's philosophy we are now confident that the parts the end users fit to their Land Rovers will deliver time after time, whether the customer is buying a part for a Series 3 or a new Range Rover, they are backed by the same 24 month guarantee.

Look out for the Britpart Guarantee Logo which is a constant reminder to the customer they are fitting the best available parts and accessories to their Land Rover.

\*Subject to our standard terms and conditions. Proof of purchase required by the original point of purchase. Excludes reconditioned gearboxes & engines. This guarantee does not affect your statutory rights.

Now you've seen what we look like from the outside, why not have a look inside? [www.britpart.com/fly](http://www.britpart.com/fly)

# **BRITPART**

The quality parts for Land Rovers

[www.britpart.com](http://www.britpart.com)

A world of Land Rover **parts** & **accessories**  
all under one (well several) roofs!

## The Marque

For over 40 years Britpart has been supplying quality parts and accessories for Land Rover vehicles, in that time we have become known as the leading independent wholesaler. With over 1,000 stockists worldwide, from government agencies to trade outlets our customers recognise us as a brand that can be trusted and relied upon time and time again.

# BRITPART

The quality parts for Land Rovers

Our commitment to quality and customer service is at the forefront of our operations, with the Britpart logo a highly respected marque that embodies excellence in the field. Our ethos of continuous innovation ensures that we work hard to bring the best solutions to Land Rover owners around the world.

## Products

With years of experience, our purchasing team swiftly reacts to the demands of the Land Rover parts markets. Britpart strives to provide our stockists with exactly what they want, when they want it, with many parts simply unavailable from other sources.

We recognise that Land Rover owners want to have many options when customising their vehicles. Our extensive range of accessories means that customers will always find something to suit their individual tastes and lifestyles. With our products, you can create a completely bespoke Land Rover!

Land Rover appointed Britpart as an 'Approved European Parts Distributor' for all Land Rover Genuine Parts. This, together with Britpart's vast range of parts, accessories, and extensive inventory of O.E.M. products, has resulted in Britpart becoming the ultimate 'One-Stop-Shop' for Land Rover parts. Providing everything our customers could possibly require, all ordered and delivered from one dedicated source.

## Quality

Britpart is approved by Lloyd's Register Quality Assurance to ISO 9001:2015, demonstrating our commitment to supplying quality parts and accessories for Land Rover users across the world.

We take pride in offering very competitive prices complemented by excellent customer service. Through maintaining high levels of stock we are able to fulfil orders promptly, whatever part you may require.

Our industry-leading 24 month guarantee means that we are confident

that the parts end-users fit to their Land Rovers will deliver time after time, whether the customer is buying a part for a Series 3 or a new Range Rover, they are backed by our guarantee.

## Distribution

The extensive warehouse facilities at Britpart HQ in Shropshire, UK oversee the distribution of Land Rover parts and accessories around the globe. With hundreds of vans and lorries passing through each week, our warehouse has a continual flow of Land Rover parts and accessories to serve our customers.

The fleet of Britpart vans and trucks deliver directly to Britpart stockists throughout the UK and Europe, adding to the personal touch that customers have come to associate with Britpart. We also work with the major carrier companies to dispatch our parts and accessories to stockists in every corner of the globe. No matter what part is required, or where in the world, Britpart will make sure to get it there!

## Global

When Land Rover finally severed its association with Santana Motor SA it was Britpart who bought up all the existing stock from the factory in Spain and shipped it to their UK headquarters in Shropshire. The shipment included everything from small components to body panels and new engines, along with all the original drawings and tooling. Some of the stock was found to be interchangeable with Land Rover parts and a proportion of the rest is gradually making the journey back home with the assistance of our partner in Spain, Britpart España, Estañi Automoción. Britpart's other partners around the globe include: Britpart France, Britpart Belgium, Britpart Brazil, Britpart USA, and Britpart Poland. Britpart is seeking to further expand its comprehensive customer base overseas and is continually looking for well established independent stockists of Land Rover parts to work closely with.

## Service

Providing the best service to our customers is at the heart of our ethos, and our team is always willing to go the extra mile for our valued customers. Our enthusiastic and highly knowledgeable team is always on hand to assist with enquiries and facilitate the dispatch of goods to our customers. With years of experience, you will deal with people who have an in-depth knowledge of the business. The sales operation boasts three specialised sales teams; one each for Home, European, and Export markets, each with their own technical experts. Our Export team speaks several languages meaning that we can assist you in Spanish, French, German, Mandarin, Arabic, and many other languages. Customers can also place orders through our online portal, making it easier than ever to place orders at the most convenient time for you.

## Handmade

Our modern Trim Shop operation produces a wide range of handmade seats, seat covers, bases, backs, and benches for Land Rovers. The highly skilled team ensures that the trim products are produced to the highest standards using quality materials. Our trim products are built with comfort and quality in mind, meeting the strictest safety regulations. Our Lock Shop Team also carries out a wide range of light engineering on site.

## Quality Parts

From o-rings and oil seals to engines and exhausts, Britpart holds in excess of 28,000 stock items. Choice is key for our customers, who can choose from Britpart, O.E.M., or Land Rover Genuine Parts all at competitive prices.

With such an extensive stock holding, we have everything required for servicing, repairing, restoring, and even rebuilding a Land Rover, whether it is an old Series or a modern Range Rover. Thus enabling customers to order all they need on just one order sheet making it easy to keep track of stock and take delivery.

## Quality Accessories

Whether you need accessories for an over-landing trip or want to make your Land Rover stand out from the crowd - Britpart has all the latest accessories to create a bespoke vehicle, whatever the model.

In line with our commitment to quality, we ensure that every accessory has undergone rigorous testing and meets the highest safety standards. To complement our Britpart accessories, we also stock accessories from leading brands such as ARB, Ring, Corbeau, Dynamat, Ravenol, Alcon, and many more.

Ensure your precious accessories remain firmly on your Land Rover by using a set of these stainless steel tamper proof nuts and bolts. Ideal for securing your winch and front bumper. Each set contains either 4 nuts or bolts and 1 key.

**DA7330** M6 nut set & key  
**DA7331** M8 nut set & key  
**DA7332** M10 nut set & key  
**DA7333** M10 x 110 bolt set & key  
**DA7334** M10 x 35 bolt set & key

### Security Marking Kit

**DA8533**  
The International Security Register (ISR) system has proved successful in deterring and detecting theft and fraud for over 30 years. It works on the principle that if a vehicle's windows and parts are marked using robust techniques and details are recorded on a secure database - supported by a 24/7 verification service - criminals stealing the vehicle will run a real risk of being caught and prosecuted. Each mark applied to a vehicle will contain a unique 8-digit code, the ISR logo and [www.isrcodecheck.com](http://www.isrcodecheck.com)

- Pack Components**
- > Full instructions on marking and registering a Land Rover are in the security marking kit.
  - > 8 vinyl stencils, fluid and brush for marking windows.
  - > 2 warning decals.
  - > 2 sets of 6 UV self-etch labels for application to painted metal body panels.
  - > 2 sets of 7 ultra-destruct labels with UV fluid and applicator for identifying plastic parts.
  - > A set of three Britpart branded security tags for increasing the chance of items that are so often mislaid, being returned to the owner.
  - > A Britpart branded ISR customer contact card.

**Registration of Vehicle and Owner Data on the ISR**  
The vehicle owner - or the stockist - would complete the registration process online via the Britpart registration page at [www.TheISR.org](http://www.TheISR.org) then select "All Vehicles" then "Vehicles" followed by "Britpart Registration Form" entering the unique code together with the vehicle make, model, colour, VIN and VRM together with the owners name and contact details. If an email address is supplied, an automated acknowledgement of registration would be sent. The code for the security tags would be automatically recorded.  
More details of the kit can be found at [www.britpart.com/security](http://www.britpart.com/security)

### Parking Sensor Kit

#### DA4511

These bumper\* mounted sensors will detect the distance between your vehicle and any rear obstruction and warn the driver to any potential obstructions. An advanced parking solution for obstacle detection at the rear of your vehicle. Reduce the risk of collision during reversing and reverse parking manoeuvres with this kit.

As the reverse gear is engaged, a sound indicates that the reverse sensors are activated. Any obstacle at the rear of the vehicle is then detected and signalled to the driver through a progressive sound whose frequency increases when moving closer to the obstacle. Enhance your safety through obstacle detection, even when objects are out of the driver's field of vision. Improve comfort through easy parking manoeuvres. Suitable for 12v cars, SUVs and light commercial vehicles.

- Kit contents include -
- 4 x Bumper fit sensors
  - 1 x Warning buzzer
  - 1 x Control unit
  - 1 x Wiring harness
  - 1 x Cutting tool
  - 1 x Fitting accessories
  - 1 x Installation instructions

**Add an extra set of 'eyes' when reversing...**

\*Note - Not suitable for vehicles with metal bumpers.

**Rock/Tree Sliders & Sill/Side Protectors**

**Rock Slider/Side Steps**

**DA7533** Black finish  
Discovery 3 & Discovery 4

The best of both worlds with these fitted to your Discovery!

**Rock Slider** - an essential purchase for any off road use. They prevent damage to the underside sill of the vehicle and allow for safe passage over rocky and rough terrain.

**Side Steps** - users often fit side steps to enable easy access to and from the car - this is a problem when going off-road as they bend, break and cause snagging. These heavy-duty side steps are made from 5mm steel plate with 50mm tube backed up by an additional 2 x 40mm tube supports. The joints are TIG welded for a smooth finish. Supplied as a pair.

**Rock Sliders**

**DA7534B** Black finish  
Discovery 3 & Discovery 4

These rock sliders (sill protectors) are manufactured from 6mm 5083 aluminium and come completely machined and drilled ready to fit. An essential purchase for any off-road use as they prevent damage to the underside sill of the vehicle and allow for safe passage over rocky and rough terrain. Attaches to your vehicle using 11 mounting points on the side and underneath and when the car doors are closed they are almost unseen, but you have the piece of mind that your car sills are safe from damage. These units require no additional drilling just unscrewing and unclipping of the plastic OEM parts.

For more information & images of these rock sliders visit [www.britpart.com/rock](http://www.britpart.com/rock)

*Direct fit!  
No Cutting!*

**DA1307**

**DA1308**

**DA1311**

**DA1313**

Great protection for the side of your Land Rover and they replace the sill of your vehicle. These rock & tree sliders are a fully welded 3mm steel construction with heavy-duty chassis mounted brackets and zinc primed with a smart black powder coated finish.

**Rock Sliders**

- DA1307** Defender 90 - 1983 onwards
- DA1308** Defender 110 - 1984 onwards

### Dirt D-fenders

Dirt D-Fenders are a great solution to the annoying problem of mud which splashes through the gap that exists between the bottom of the wheel arch and the mudflap of your Defender. They are an especially useful addition if you are using wider tyres. The Dirt D-Fenders attach with rivets into the underside of the sill and wheel arch flare. The smooth finish is suitable for painting to match your body colour. Supplied in pairs with fitting kit.

Defender		Textured Finish	Smooth Finish
90/110/130	Rear of front wheel	<b>DA1193</b>	<b>DA1193S</b>
90/110	Front of rear wheel	<b>DA1198</b>	<b>DA1198S</b>
90	Rear of rear wheel	<b>DA1197</b>	<b>DA1197S</b>
110	Rear of rear wheel	<b>DA1194</b>	<b>DA1194S</b>

**Note** - DA1193(S) & DA1198(S) will not fit Defenders with rock/tree sliders fitted.

**DA1194S**

### Wheel Arch Kits - Plus 30mm Kits

#### Defender Plus 30mm Wheel Arch Kits

<b>DA1979</b>	Front pair
<b>DA1978</b>	Rear pair

Designed to keep your vehicles legal when fitting wider tyre and wheel combinations whilst maintaining an appearance closer to the standard arch than other wide arches. Using similar material to the OE arches they fix to the vehicle using the normal style clips - supplied.

**DA1979**

**Note** - Wheel arches shown here with 285 75/R16 tyres on a ZU rim with an 11mm + VE offset

*Keep your vehicles legal when fitting wider tyre and wheel combination.*

**Outdoor & Indoor Covers**

**Ultimate Outdoor Covers**

The Ultimate Outdoor Car Covers are made from a specially formulated advanced nanotechnology fabric, giving a unique water resistant coating to ensure long term protection and care for your Land Rover. The cover is manufactured from an advanced fabric which is fully waterproof\*, fully breathable, strong and stretchy. The fabric is a little like a wetsuit, making them extremely soft on the inside and extremely durable. The covers have three sets of fully detachable straps underneath to help secure the cover, one at each end and one in the middle.

\*Whilst the fabric is waterproof occasionally some seepage may occur through the seams, this will evaporate naturally as the fabric is breathable.

**Note** - At certain times of year (particularly in winter) when the air temperature fluctuates often, you will find that any outdoor car cover won't stop condensation forming on the car. The cold bodywork of the car will attract condensation due to the warm micro-climate within the car cover, however these covers are fully breathable, so as the temperature equalises this will evaporate through the cover. If you are worried about condensation forming during this higher humidity weather, we advise removing the car cover for a short while to let both the cover and the car air.

**DA2834**

Series 1 - 86" & 88"/Series 2 - 88"

Series 2A - 88"/Series 3 - 88"/Defender 90

**DA2835**

Defender 110/Discovery 1, 2, 3, 4 & 5  
Range Rover/Range Rover Sport

**Super Soft Stretch Indoor Covers**

This super soft, super stretchy indoor car cover is made with Lycra blended, satin fabric which allows the cover to cling to the car whilst its subtle sheen gives an elegant finish. Tightly knitted fleece lined fabric provides excellent protection from dust and other pollutants as well as remaining breathable to prevent any build-up of condensation forming on the car. The snug fit of these covers ensures that they not only look great but also provide exceptional protection. Low profile seams guarantee a sleek finish whilst displaying the contours and profile of your Land Rover.

## Underside Protection

### Fuel Tank, Steering/Sump & Transmission Guards

#### Sump Guards

These guards from Britpart are manufactured from high-quality, hard-wearing and corrosion resistant materials to counteract any unforeseen obstacles your Land Rover may encounter whilst off-roading. All fixings are supplied and the guards fit into the vehicle's pre-existing holes. Each guard has holes at the front to allow for water drainage and also to help with ventilation for the cooling system.

<b>DA5507</b>	Defender - 1985 -2006 & 2007 onwards Main plate - 8mm thick; brackets - 8mm thick	Aluminium	RHD
<b>DA5507LHD</b>	Defender - 1985 -2006 & 2007 onwards Main plate - 8mm thick; brackets - 8mm thick	Aluminium	LHD
<b>DA5507KIT</b>	Spare fitting kit for DA5507 & DA5507LHD - nuts, bolts & washers		
<b>VPLEP0436LR</b>	Defender 2020 - 90 & 110	Aluminium	
Robust, 5mm anodised aluminium. Protects lower bumper area and radiator when driving off-road. The undershield is also reinforced by the mounting assembly which enhances the protection. Allows easy access to the recovery loop which facilitates recovery of the vehicle if grounded.			
<b>DA5508</b>	Discovery 1/Range Rover Classic Main plate - 8mm thick; brackets - 8mm thick	Aluminium	RHD & LHD
<b>DA2249</b>	Discovery 2 Main plate - 5mm thick; brackets - 5mm thick. Note - For use with Discovery 2 winch bumper DA5645	Powered coated steel	RHD & LHD
An essential purchase for any off road use as they prevent damage to the underside of the engine and the intercooler at the front of the vehicle. Manufactured from 8mm 5083 aluminium with a smart silver or black finish and supplied completely machined and drilled ready to bolt directly to the 4 pre-drilled holes in the chassis with supplied galvanised fixings. The guard requires no additional drilling just unscrewing and unclipping of the plastic OEM parts. Fitting should take 5 minutes.			
<b>DA7530</b>	Discovery 3	Silver finish

<b>DA7535</b>	Discovery 4	Silver finish	
<b>DA7535B</b>	Discovery 4	Black finish	

## Great **Protection** from Hidden **Dangers!**

#### Sump Plate

**DA7536** Discovery 3  
This sump plate protects the underside of the engine and allows the car to slide over objects, forward and backwards due to the rear lip. With a natural finish the plate is made from 6mm 5083 grade aluminium and has been water jet cut to a precise finish. Plate bolts directly into existing holes and bulkheads already in the chassis, using the standard Land Rover fixings.

#### Transmission Guards

**DA5625** Defender - Td5  
Reduce damage to your Defender 90. Made from galvanised steel, this transmission guard protects your 90's gear box and cross members from snagging and reduces damage to your vehicle. Bolts on and is easy to fit and importantly it is also easy to remove when your vehicle needs servicing. **Note** - Only fits with centre exhaust removed and pipe fitted.

**DA7532** Discovery 3  
This transmission plate protects the underside of the transmission and allows the car to slide over objects. With a natural finish the plate is made from 6mm 5083 grade aluminium and water jet cut to a precise finish. Plate bolts directly into existing holes and bulkheads already in the chassis, using the standard Land Rover fixings and two additional fixings.  
**Note** - Can only be fitted when sump plate (DA7536) is also fitted.

#### Fuel Tank Guards

Protect your Defender's fuel tank. Manufactured from 6mm aluminium.

**DA6538** Defender 90 - Td5 & 2007 onwards  
**DA6539** Defender 110 - Td5 & 2007 onwards

### Fuel Cooler Guard

**DA6540**  
Defender - Tdci  
Protect the Defender's vulnerable fuel cooler with this easy to fit electro-plated guard.

### Swivel Housing Gaiter Kits

**DA3057**

- > Bond in place under existing flange
- > Completely seals against dust, water and grit
- > Moulded in high performance neoprene rubber
- > No special tools required
- > Proven tongue and groove for easy assembly
- > Kit includes two gaiters, metal straps, bonding agent, gloves and full instructions

**DA3056** Series/Lightweight **Permanent Protection!**

**DA3057** Defender/Discovery 1/Range Rover Classic

**DA3057GLUE**  
Additional bonding agent for DA3056 & DA3057  
For easier fitting of gaiter without dismantling the axle assembly.

### Universal Joint Silicone Sleeves

Suitable for Series, Defender, Discovery 1, Discovery 2 & Range Rover Classic. By adding one of these silicone sleeves you will reduce debris from building up in the universal joint which, in time, will increase the life span of the joint.

**DA4810**  
Rear UJ silicone sleeve for 63mm diameter propshafts  
**DA4811**  
Rear UJ silicone sleeve for 51mm diameter propshafts

### Diff Guards

**DA2250B**

**DA2250GALV**

Defender/Discovery 1/Range Rover Classic  
Give your vehicle some extra protection with a diff guard. This guard is simple to fit (no drilling) and has the added advantage of having the fill plug accessible at all times.

**DA2250B** Electroplate finish  
**DA2250GALV** Galvanised finish

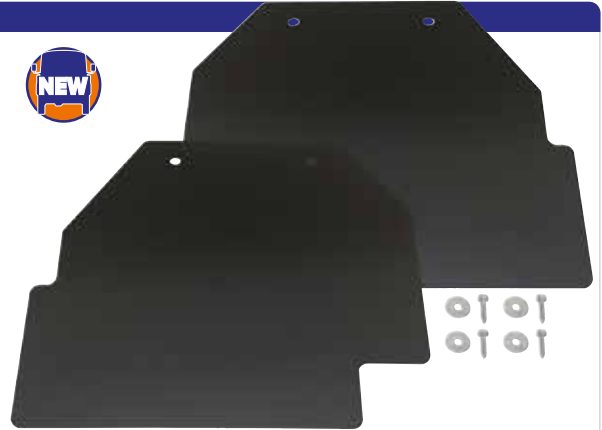

### Outrigger Mud Shields

**DA3477 NEW**

**Front Outrigger Mud Shields**

Defender

These Gwyn Lewis 4x4 outrigger mud shield guards will fit all Defenders. Designed to stop all the mud and road salt getting on top of the front outriggers which can cause them to rot away, even galvanized chassis can suffer after a while. They also make cleaning your Defender much easier as the mud can't get into the outrigger and around the footwell. Another advantage of fitting them is they also cut down road noise especially in wet conditions. Manufactured from a rigid but still flexible 3mm plastic material in black, they are very easy to fit. Just slide them in behind the inner wing and use the 2 inner wing securing screws (included) to secure them. Fitting instructions are supplied with the kit.

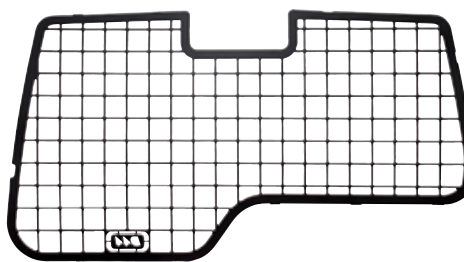

### Window Guard Kits

**DA1586**  
**Internal Rear Window Guards**

Defender 90 - 2002 onwards  
Defender 110 - 2002 onwards  
3 guard set  
Window guards for the small quarter windows at the rear of the vehicle and the tailgate door offering protection to the glass.

**DA1588**  
**Internal Tailgate Rear Door Window Guard**

Discovery 2  
Window guard for the tailgate door offering protection to the glass.

**DA1587**  
**External Window Guards**

Defender 90 - 2002 onwards  
Defender 110 - 2002 onwards  
5 guard set  
Externally mounted window guards for the side windows, small quarter windows at the rear of the vehicle and an internal guard for the tailgate door offering full protection to the glass.

These guards will increase security by deterring opportunists looking to enter from the rear, less visible part of your Land Rover. Designed to fit perfectly and providing full window coverage for the vehicle, these grills are constructed from 2mm steel with a zinc and black powder coat. All guards are supplied with the necessary brackets & fixings required for fitting at home.

**Electric Deployable Side Steps**

Discovery 4

- > Easy access to your Discovery 4
- > Never available from Land Rover as an OE option
- > Smart design. Enhance the look of your Discovery 4
- > Tucked away when driving, prevents damage. Fixed steps are susceptible to damage when driving off-road
- > Side steps automatically lower into place when a door is open and raise once door is shut
- > Safety cut-off should step encounter an object
- > Function to lower step with door shut - ideal for accessing the roof
- > Manufactured from aluminium - strong and light

**Rock Slider/Side Step**

**DA7533**

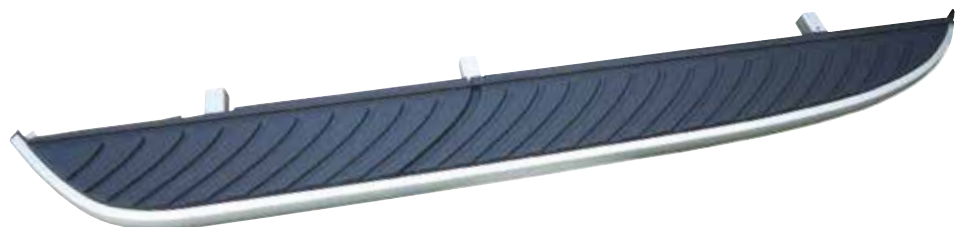

Discovery 3/Discovery 4  
Pair

**Rock Slider** - an essential purchase for any off-road use. They prevent damage to the underside sill of the vehicle and allow for safe passage over rocky and rough terrain.

**Side Step** - users often fit side steps to enable easy access to and from the vehicle - this is a problem when going off road as they bend, break and cause snagging. These are heavy-duty side steps made from 5mm steel plate with 50mm tube backed up by an additional 2 x 40mm tube supports. The joints are TiG welded for a smooth OEM finish. The other benefit of this rock slider/side step combo is that the outer 'bar' pushes away small trees and scrub from the bodywork of the vehicle. They can also be used to 'slide' around thick trees when grip is minimal. These units require no additional drilling just unscrewing and unclipping of the plastic OEM parts. Fitting should take 15 minutes each side. Grip tape supplied loose for optional fitment.

*The best of both worlds with these fitted to your Discovery!*

## Roof Racks

### Britpart Expedition Roof Racks

DA3072

DA3072

DA3070

DA6529

DA6629

These roof racks are manufactured from aluminium with a smart black powder coated finish. Fully welded, they are extremely strong, versatile, with a low profile and are easy to use. The floor plank profiles are orientated longitudinally which results in a reduction in wind noise. There are nut channels on all the extrusions to allow for easy fitment of 3rd party accessories.

**DA3072**  
Defender 90 3 feet per side  
Weight - 32kg  
Dimensions - 2,050 L x 1,500mm W  
Vehicle gutter to top of rack - 265mm

**DA3070**  
Defender 110 4 feet per side  
Weight - 38kg  
Dimensions - 2,750 L x 1,500mm W  
Vehicle gutter to top of rack - 265mm

**DA3269**

### Summit Roof Bars

- DA5350 NEW** Discovery 5 - with rails
- DA5351 NEW** Discovery Sport - with rails
- DA5352 NEW** Range Rover Evoque - 2011 - 2018 with rails

Summit aluminium roof bars complete with pre-mounted feet and ready to use on vehicles with raised railings.

- > Aluminium roof bars with non-slip coating
- > Fully assembled ready to use
- > Plastic foot suitable for open railings
- > Fixing system with allen key which fixes the bar to the foot and the foot to the railing at the same time
- > T-Track width on aluminium roof bars - 20mm
- > Locks included
- > Three year guarantee
- > Manufactured to TUV standards
- > Maximum load 75kg

**DA5353 NEW** Range Rover P38 - fixed point and standard roof  
 Summit premium multi-fit roof bars are the modular system designed to meet all demands for loading goods on the roof with the utmost care for quality, design and safety.

- > Steel roof bars with non-slip coating
- > Roof bar profile - 30mm x 20mm
- > Fully assembled ready to use
- > Three year guarantee
- > Manufactured to TUV standards
- > Maximum load 75kg

### Front Runner Roof Racks

#### DA3077

All aluminium construction, fully welded. Powder coated finish. Patented slat, with grooves to accommodate 8mm bolts. Modular design - allow accessories to be mounted and removed as need without drilling. Rail towards the rear, open in the front. Gutter mount stainless steel clamps

Full Racks - Silver

# RACKS & ROLL CAGES

## Roof Racks

### Safety Devices Roof Racks - Explorer Range

#### Safety Devices Explorer Roof Rack Range Heavy-duty Steel Roof Rack

Explorer roof racks can be affixed with a system of detachable roof cross rails to the rainwater gutters or with aluminium clamps to fit directly on to the majority of Safety Devices' external roll cages. A rain gutter mounted roof rack can be converted into a roll cage mounted roof rack with the appropriate fitting kit. The standard pack includes a steel roof rack, fixing bolts and optional roof cross rails.

Roof racks are grit blasted, primed with a zinc enriched powder undercoat, and finished with a durable black powder coat. Tents can normally be affixed to the roof rack without a floor, although a marine ply non-slip floor is also available.

Additional roof cross rails are available to purchase for use without a roof rack for use as, for example, a roof bar, basic tent support, attaching a roof storage box or to spread additional load on the Safety Devices' roof racks.

**Note** - Not compatible with a sunroof.

#### Notes

**Short Luggage Rail** with rain gutter mount, ideal for side loaded tents.

**Long Luggage Rail** with rain gutter mount, ideal for front or back loaded tents.

**Defender 90 Hard Top & Station Wagon - Full Length Rack**

### Safety Devices Roof Racks - 'G4 Expedition' Range

DA4720 / DA4721

DA4718

DA4722

For more Safety Devices roof rack images  
[www.britpart.com/safety-devices-racks](http://www.britpart.com/safety-devices-racks)

#### Safety Devices 'G4 Expedition' Roof Rack Range

An 'all in one' rack without detachable parts and a luggage rail which completely surrounds the roof rack. The roof rack neatly follows the profile of the roof to provide two floor levels and fixes to the rainwater gutter only. This roof rack cannot be fitted to a vehicle where an external roll cage has been fitted.

Includes 4 spotlight brackets at the front and 1 spotlight bracket at the rear. Heavy duty steel roof rack, grit blasted, primed with a zinc enriched powder undercoat, and finished with a durable black powder coat. Standard pack includes a steel roof rack and rain gutter fixing bolts.

**Note** - Not compatible with a sunroof or roof tent.

#### Defender 90 Station Wagon or Hard Top

<b>DA4718</b>	1.9m x 1.2m roof rack with full luggage rail for mounting to rain gutter Dimensions refer to the usable loading area	30kg
<b>DA4719</b>	Marine ply floor (two floor levels) Upper section - 1,220 W x 1,405 L x 10mm H Lower section - 1,220 W x 540 L x 10mm H	12kg
<b>DA4722</b>	Ladder which mounts to roof rack and chassis Only suitable for attaching to DA4718 & DA4720	8kg

#### Defender 110 Station Wagon or Hard Top

<b>DA4720</b>	2.6m x 1.2m roof rack with full luggage rail for mounting to rain gutter Dimensions refer to the usable loading area	40kg
<b>DA4721</b>	Marine ply floor (two floor levels) Upper section - 1,220 W x 2,128 L x 10mm H Lower section - 1,220 W x 540 L x 10mm H	15kg
<b>DA4722</b>	Ladder which mounts to roof rack and chassis Only suitable for attaching to DA4718 & DA4720	8kg

### Safety Devices Roof Racks - Highlander Roof Rack

DA4732

DA4733

#### Safety Devices Highlander Roof Rack

##### DA4732

Discovery 2 with roof rails  
 Highlander roof rack for mounting to the rain gutter.  
 Full luggage rail which neatly follows the profile of the vehicle's roof. 4 light brackets at the front, 1 at the rear. Roof rack will also fit with factory fitted 'oversized' roof bars. Roof racks are grit blasted, primed with a zinc enriched powder undercoat, and finished with a durable black powder coat. Will allow limited use of the sunroofs although cannot be opened fully.  
 Weight: 29kg

##### DA4733

Marine ply floor for DA4732  
 1 floor with 2 'levels' plus all stainless and galvanised hardware for mounting.  
 Weight: 19kg

### Safety Devices Roof Racks - Low Profile Roof Rack

DA4873

#### Safety Devices Low Profile Roof Rack

- DA4736**
- > CNC mandrel bent tubes
  - > Laser profiled plates and tubes
  - > 4mm gloss acrylic capped ABS wind spoiler
  - > All stainless steel fasteners
  - > Load area - 1,950 x 1015mm

- DA4873**
- > Roof rack flooring kit for DA4736
  - > 2,100 x 1,080mm approx
  - > 18kg

# RACKS & ROLL CAGES

## Roof Racks

### ARB BASE Rack

#### ARB BASE Racks

Introducing the next phase in roof rack evolution, the ARB BASE Rack. Ultra-sleek, boasting a low mounting profile and lightweight design, the ARB BASE Rack incorporates a unique dovetail accessory mounting system that makes attaching and removing accessories easier, faster and more secure. When developing ARB's BASE Rack one of the requirements of our engineering team was to have a complete roof rack system - racks, mounts, guard rails and equally important, a wide range of BASE Rack accessories. The dovetail attachment point of the BASE Rack provides a number of advantages to traditional accessory fitment on racks including:

- > Accessories can be fitted anywhere on the dovetail feature either on the perimeter of the rack or on the front or rear of each cross beam. No need to slide along a t-slot with defined entry and exit points.
- > Easy clean dovetail surface does not accumulate dirt and debris.
- > Minimal tools required for fitment of BASE Rack accessories which greatly adds to the modular nature of the rack. Accessories can be quickly and easily removed when not required if there are height restrictions. For example, for low garage entry or an underground car park, and then refitted on the weekend for camping trips.
- > Integrated channel within the BASE Rack structure for wiring of auxiliary lighting, solar panels or antennas.

#### Key Features

- > Constructed from extruded aluminium beams featuring rigid internal bracing
- > Fully welded construction (excluding corner caps)
- > BASE Rack comes fully assembled ready to fit to mount brackets (sold separately)
- > Integrit textured black powder-coat finish
- > Strength through design requires no additional cross bars
- > Dovetail accessory attachment design allows easy to install one handed attachment for various accessories
- > Provision for easy running of wiring within the BASE Rack assembly

\*Not Defender 2020 model

Vehicle Make & Model	BASE Rack	Rack Size	Rack Mount Kit	Rack Guard Rail Front ¼	Rack Guard Rail Trade

Range Rover Classic	1770040	2,125 x 1,285mm	17900010	1780020	1780130

#### Rack Assembly

- > Fully welded construction (excluding corner caps)
- > Comes fully assembled - no additional assembly required to fit the rack to mounting system
- > Controlled welds to ensure that the height of the weld doesn't impede on loading and unloading of the rack

#### Rack Beams

- > Common extruded aluminium cross beams
- > Box piece beam with internal bracing for added strength and rigidity
- > Dovetail on both front and rear of each cross beam allowing for greater flexibility for the location of accessory fitment
- > Beams run perpendicular to the vehicle to greatly assist in strength of the rack and ease of loading and unloading of longer items

#### Rack Longitudinal Side Beams

- > Specific extruded longitudinal side beams features provision for running wiring within the beam through provided blanking plugs
- > Internal bracing greatly adds to strength without added external dimensions
- > Dovetail on exterior edge only

#### Rack Corner Caps

- > Die-cast, UV resistant aluminium corner caps
- > Bottom section is plastic to enable easy drilling for running of wiring

Many more images & technical information available online [www.britpart.com/BASE](http://www.britpart.com/BASE)

Part Number		No. of Beams	Dimensions	Weight (approx)	Carrying Capacity
1770070	BASE Rack	4	1,255 x 1,285mm	14.3kg	100kg
1770020	BASE Rack	5	1,545 x 1,285mm	17.1kg	125kg
1770030	BASE Rack	7	1,835 x 1,285mm	19.9kg	175kg
1770040	BASE Rack	8	2,125 x 1,285mm	22.8kg	200kg

#### ARB BASE Rack Gutter Mount Kits

ARB BASE Rack gutter mount leg kits are based on ARB's traditional roof rack fit kits but now finished in Integrit textured black and with support plates to suit the BASE Rack extrusion. Steel gutter runners with plastic sleeves are included to spread the load within the vehicles roof gutter.

- > Maximum load per BASE Rack beam is 25kg. Net Payload of the rack is dependent on vehicle specifications. Loads must be evenly distributed and adequately secured
- > Required tools for fitment: 10mm spanner, 13mm spanner, hex key (supplied in kit), tape measure

17900020	BASE Rack Gutter 4-leg H1 fitting kit Suits - 1770020 & 1770070	Weight of kit - 6.5kg

BUILD | ATTACH | SET | EXPLORE **ARB** BASE RACK

## 4X4 ACCESSORIES

ARB products available in the UK only.

**Note** - Please be aware that with speeds over 50mph you may hear air noise, which will come from rack area. Due to this we strongly recommend to use ARB LED bar, which is designed to decrease noise.

### ARB BASE Rack - Accessories

ARB's BASE Rack has been designed around the premise of **"Build, Attach, Set, Explore"** allowing customers to set up, and importantly, change how the rack is configured and used. When developing ARB's BASE Rack one of the requirements of the engineering team was to have a complete roof rack system - racks, mounts, guard rails and equally important, a wide range of BASE Rack accessories. The dovetail attachment point of the BASE Rack provides a number of advantages to traditional accessory fitment on racks including:

- > Accessories can be fitted anywhere on the dovetail feature either on the perimeter of the rack or on the front or rear of each cross beam. No need to slide along a t-slot with defined entry and exit points.
- > Easy clean dovetail surface does not accumulate dirt and debris.
- > Minimal tools required for fitment of BASE Rack accessories which greatly adds to the modular nature of the rack. Accessories can be quickly and easily removed when not required if there are height restrictions. For example, for low garage entry or an underground car park, and then refitted on the weekend for camping trips.
- > Integrated channel within the BASE Rack structure for wiring of auxiliary lighting, solar panels or antennas.

#### 1/4 Guard Rail

Perfect for campers providing a level mount for a rooftop tent whilst still providing guard rail load security at the front or rear of the rack depending on set up.

**1780020** 1,285mm 3kg

**1/4 GUARD RAIL**

#### 1780500

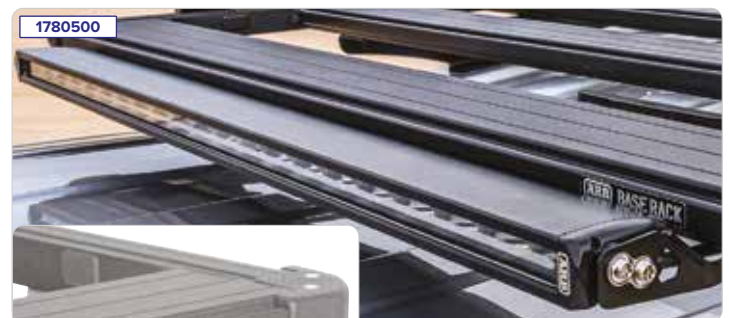

#### Slimline LED Roof Rack Light Bar

Complementing the sleek design of the ARB BASE Rack, the light bar uses a uniquely tuned reflector design and pumps out a competitive 1 lux @ 728m with up to 60m of spread. Manufactured from extruded aluminium with high pressure die cast aluminium caps. The body is fully powder coated in a stealth black finish, with a light tint added to the polycarbonate lens. Using the mounting system built into the rack allows the light to be setup in minutes with two different mounting options - in front of the rack or below the rack. All brackets are included with the light. Light bar extras - **3500810** - ARB Light bar wiring loom & **3500820** - ARB Light bar extension loom *Technical Specifications - see website.*

#### Slimline Light Bar Lens Covers

<b>1780510 NEW</b>	Clear x 2 covers
<b>1780511 NEW</b>	Black x 2 covers
<b>1780512 NEW</b>	Amber x 2 covers

Slimline Light Bar is 915mm wide and requires 2 packets of covers (2 x 2 pieces) to provide full protection. Virtually indestructible polycarbonate cover. Clear hard-coated finish UV stable. Specifically designed to suit the ARB Slimline roof rack light bar

#### 1780520 NEW 20W Aux Light

Includes a unique bracket, over a moulded DT connector suitable for rack channelling, it features an additional DT connector for custom wiring. A scene lighting beam will reduce hot spots in the beam output and reduce glare for reverse cameras. Bracket included along with male and female DT connectors. 9V to 36V input. 20W power consumption/1.5A, 1,100 Lumens @ 5700K. IP69K, ECE, R10, CISPR 25/5 - Compliance. More information available online.

**1780515 NEW**  
**Light Bar Mount - With Front Guard Rail**  
Required when mounting ARB BASE Rack LED Light Bar (1780500) with BASE Rack front section of guard rail. Attaches to dovetail section of rack. Supplied as left hand/right hand pair, includes fasteners for attachment of bracket to rack. Supplied as a pair.

#### 1780490 NEW

#### Light Bar Mount - Underneath

Suitable for single bolt, end mount light bars and work lights. Suitable for mounting small items up to 3.5kg per pair. Can attach to the bottom of rack cross beams using included stud plate and fasteners. Supplied as left hand/right hand pair, includes fasteners for attachment to rack.

#### 1780480 NEW

#### Light Bar Mount - Dovetail

Suitable for single bolt, end mount light bars, work lights and for mounting small items up to 3kg per pair. Can attach to the dovetail on any location of the rack. Brackets made from strong powder-coated steel. Supplied as left hand/right hand pair and includes fasteners.

#### Rack Roller Kits

<b>1780360</b>	Rack Roller Kit	1,025mm
<b>1780365</b>	Rack Roller Kit	1,185mm

The roller helps your equipment to glide onto the rack making it easy to load the rack. Can attach to the dovetail track anywhere on the perimeter. Made from powder-coated aluminium. Full-width, low-profile roller.

#### Jerry Can Holders

<b>1780350</b>	Double - Horizontal
<b>1780340</b>	Double - Vertical*
<b>1780330</b>	Single - Horizontal
<b>1780320</b>	Single - Vertical*

Allows easy fitment jerry cans to your BASE Rack. Double holders secure to two beams, single to one beam or spans between beam. Strap included. \*Provision for water tap.

#### 1780380

#### Spare Wheel Y-Strap

These effective ratchet strap systems secure the tyre in three points on the rack. The unique dovetail clip which offers a positive connection directly to the rack at all three points. 400lbs lashing capacity to AS/NZS4380:2001 Adjustable one inch straps suit most tyre sizes. Supplied with carry bag.

#### 1780385 NEW

#### Spare Wheel Y-Strap With Snap-Lock Hooks

Design features include a tether strap and snap lock hooks, which in combination positively retain the spare wheel and tyre even in the event of the spare wheel deflating. The tether strap also improves retaining of a tyre carcass only. Work conveniently with rack eye bolt tie-downs (not included).

#### 1780250

#### Gas Bottle Holder

Perfect for carrying a 2kg - 9kg gas bottle, comes complete with the base, ratchet strap and two fixing eye bolts and can be secured to an individual beam or span between beams. Eye bolts and strap included to secure the gas bottle. Durable baseplate with adjustable stainless steel locking bracket.

# RACKS & ROLL CAGES

## Roof Racks

### ARB BASE Rack - Accessories

**1780210**  
**Spring Loaded Tie Down**  
Quick-attach spring-loaded tie-downs are easy to use with a simple one-handed operation. The tie-downs twist on & twist off. Provides a lashing point for ratchet straps. Designed to be taken off the rack when not in use by a simple half turn. Made from stainless steel. Pair.

**1780370**  
**Ratchet Straps**  
Ensure all your gear is safe and secure on your BASE Rack with these ratchet straps. They form a positive connection with the rack so there is no need for additional tie-down points. 25 x 3,000mm polyester webbing, 330lbs lashing capacity to AS/NZS4380:2001. Supplied with carry bag. Pair.

**1780280**  
**Hi-Lift™ Jack Premium Brackets**  
Quick-release loading and unloading of jack with two hinged cradles. It incorporates provisions for a padlock to secure the jack to your vehicle. Can be mounted in the foot up or foot down position and positioned anywhere on the dovetail track on the perimeter. Made from strong, powder-coated steel.

**1780290**  
**Hi-Lift™ Jack Classic Brackets**  
The Classic jack holder keeps the jack secure with two eye bolts attached directly to the dovetail. The jack can be mounted in either the foot up or foot down position. Can attach to the dovetail track anywhere on the perimeter. Made from strong, corrosion-resistant steel. Includes rubber handle keeper.

**T-slot Adaptors**  
**1780220 NEW** Single  
**1780230** Pair  
For use with your existing T-slot compatible accessories. Allows fitment of accessories from a range of roof rack manufacturers. Uses a standard T-slot channel to accept T-slot mounted accessories. Can attach to the dovetail track at any point on the rack.

**Recovery Track Holder**  
**1780310** Holder  
**T2QP112** Quick Release Pins - 2 Boards  
**T2QP162** Quick Release Pins - 4 Boards  
4 piece fastening kit suitable for use with TRED Pro mounting systems. Can attach to the dovetail track at any point on the rack. Made from strong, corrosion-resistant steel.

**1780610 NEW**  
**Alloy Block Set - Nut & Bolt Kit**  
Powder-coated aluminium blocks. Can attach to the dovetail on any location of the rack. Set of 4.

**1780200**  
**Tie Down Eyebolts**  
These eye bolt tie-downs are built tough to handle any load and terrain and provide a lashing point for ratchet straps. Design to stay securely on the BASE Rack when not in use. Made from strong, powder-coated aluminium with forged steel eye nuts. Set of 4.

**Awning Brackets**  
**1780240** Fixed  
**1780260** Quick-release  
The Awning Bracket allows quick fitment of your awning. Easy to attach to the BASE Rack, simply secure onto the dovetail track on the rack, can be attached at any point. Height adjustable. Made from strong, powder-coated steel.

**1780390 NEW**  
**Heavy Duty Awning Bracket**  
Suits 270° awnings up to 30kg. Integrated eye nut tie down points. Attaches to outer perimeter dovetail and cross beam. High and low mount position for awning. Quick release slots for easy install and removal of awning to bracket. Includes bracket for additional hook point (if supplied) with awning.

**1780420 NEW**  
**Bridge Plate - Narrow**  
Provides a strong, versatile attachment point. Ideal for mounting rooftop tents. Can be used as a clamped pair or mounted individually.

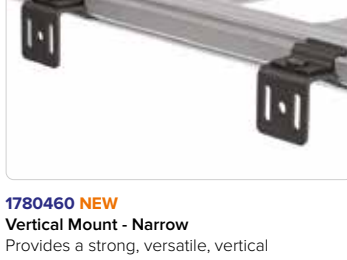

**1780430 NEW**  
**Bridge Plate - Wide**  
Suitable for mounting aerials, sand flags, some beacons, and round driving lights with 1780610 alloy blocks. Can be used as a clamped pair or mounted individually using 1780610 alloy blocks. Mounts between cross beams.

**1780440 NEW**  
**Horizontal Mount - Narrow**  
Provides a strong, versatile, horizontal attachment point to your BASE Rack. Suitable for mounting small items up to 3kg per bracket including work lights, aerials, solar panels. Can attach to the dovetail on any location of the rack.

**1780450 NEW**  
**Horizontal Mount - Wide**  
Provides a strong, versatile, horizontal attachment point to your BASE Rack. Suitable for mounting small items up to 6kg per bracket including work lights, aerials, solar panels. Can attach to the dovetail on any location of the rack.

**1780460 NEW**  
**Vertical Mount - Narrow**  
Provides a strong, versatile, vertical attachment point to your BASE Rack. Suitable for mounting small items up to 3kg per bracket including work lights, solar panels. Can attach to the dovetail on any location of the rack.

**1780470 NEW**  
**Vertical Mount - Wide**  
Provides a strong, versatile, vertical attachment point to your BASE Rack. Suitable for mounting small items up to 6kg per bracket including work lights, conduit holders. Can attach to the dovetail on any location of the rack.

**1780270 NEW**  
**Shovel Holder**  
With its unique 4 mounting positions, the Shovel Holder can be fitted to all rack configurations allowing for various shovel or spade sizes & configuration of other accessories. A unique flip down, quick release retaining system ensures high clamping force and ease and speed of use. The custom designed retaining system is also lockable.

### ARB Classic Roof Racks

DELUXE STEEL WITH MESH FLOOR TYPE

DELUXE STEEL TYPE

### 4X4 ACCESSORIES

ARB products available in the UK only.

#### Features

- > Evenly spaced crossbars can support loads of up to 150kg, with an optional fully welded steel mesh floor also available.
- > Precision cut drainage channel, specifically designed to reduce build up of dirt and accumulation of moisture.
- > Full length, zinc annealed steel support channel with plastic protection strip to distribute load along the gutter and prevent vehicle damage.
- > Stainless steel fitting hardware and a unique, super-strong clamping system that's easy to install and remove.
- > MIG welding is used on the joins to ensure optimum strength.
- > Pressed steel feet and legs are height & width adjustable, allowing multi-vehicle installations.
- > Top rail sits well above rack floor to ensure a secure load and is constructed from tough, 25mm tube while the bottom rail utilises 35mm tubing.
- > Air deflector plate significantly reduces wind noise.
- > Rails are mandrel formed, ensuring consistency and even wall thickness across all sections.

3700090

TRADE STEEL TYPE

Rack shows accessories not supplied with roof rack.

TRADE STEEL WITH MESH FLOOR TYPE

ARB's Trade Racks are available as an alternative to deluxe racks for a selection of models. Open at both ends, a trade rack enables the carrying of longer items, such as lengths of timber and ladders.

# RACKS & ROLL CAGES

## Safety Devices Roll Cages

Thinking of taking your 4x4 over rough terrain? You might want to consider using a Safety Devices roll cage to help protect you in case of a roll over. The purpose of a roll cage is to help protect the cab of the vehicle against collapse.

**Roll Cage Raised Air Intake Now Available**  
See off-road section for more details

For more Safety Devices roll cage images  
[www.britpart.com/roll-cages](http://www.britpart.com/roll-cages)

### Defender 110

Provide a quick and easy solution to securing your load to racks, trailers and cargo areas. Polyester webbing. Zinc alloy cambuckle. Lashing capacity - 340kg. Pack of 2. ARB products available from UK stockists only.

### Safety Devices Seat Belt Anchorage Frame

#### DA3554 NEW

Series 2

Series 2A

Series 3

Defender

**Note** - Will **NOT** fit a Lightweight or Series 1

This Safety Devices seat belt anchorage frame is designed to provide a robust belt mounting in Soft Top models.

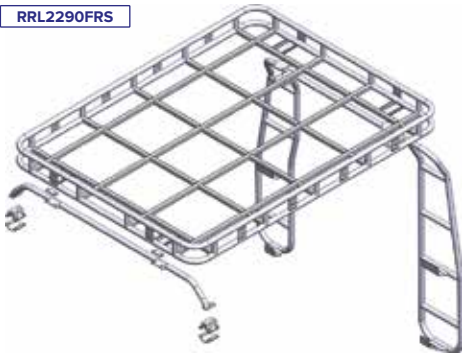

Manufactured from 38.1mm x 2.64mm seamless tube, the frame provides both upper inertia seat belt reel mounting points and also provides upper harness mounting points when wrapped around the tube.

The frame fits directly over the existing canopy support brackets and has rearwards supports which also mount to the capping.

**RRL2290FRS**

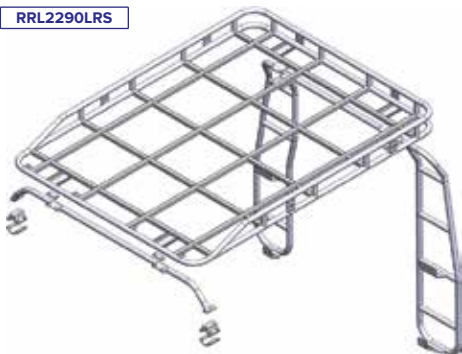

**Defender 90 Soft Top Roof Racks**

Roof racks for mounting to RBL1887SSS / RBL2997SSS. Rack covers the full length of vehicle.

Kit includes double rear ladder and cross rail.

<b>RRL2290FRS NEW</b>	2.0m x 1.4m	Full luggage rail
<b>RRL2290LRS NEW</b>	2.8m x 1.4m	Long luggage rail
<b>RRL2290SRS NEW</b>	2.8m x 1.4m	Short luggage rail
<b>RRL2290NRS NEW</b>	2.8m x 1.4m	No luggage rail

**RRL2290LRS**

**Defender 110 4-door Soft Top Roof Racks**

Roof racks for mounting to RBL3087SSS. Rack covers the rear section of the vehicle only, the area directly above the front row of seats is clear.

Kit includes double rear ladder and cross rail.

<b>RRL2290FRS NEW</b>	2.0m x 1.4m	Full luggage rail
<b>RRL2290LRS NEW</b>	2.8m x 1.4m	Long luggage rail
<b>RRL2290SRS NEW</b>	2.8m x 1.4m	Short luggage rail
<b>RRL2290NRS NEW</b>	2.8m x 1.4m	No luggage rail

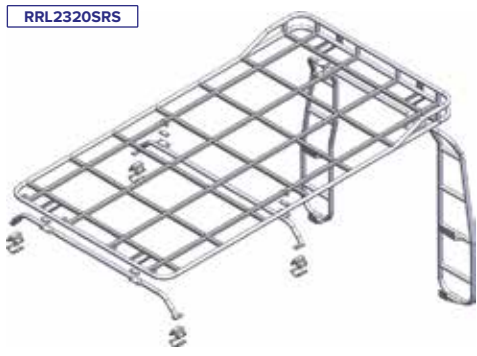

**RBL3087SSS NEW**

**External/Internal 10-point multi-point external/internal bolt-in roll cage**

External front cage that passes through the canvas behind the doors to join the internal C hoop. Features an internal hoop at the B pillar which connects internally to the rear hoop at the C pillar. Includes mountings for door frame hardware and is designed to have the same profile as traditional hood stick supports. We strongly recommend fitting the roll cage padding kit when installing this roll cage.

110	5-door Soft top - 1983 - 1990
Defender 110	200Tdi 5-door Soft top - 1990 - 1993
Defender 110	300Tdi 5-door Soft top - 1994 - 1997
Defender 110	Td5 5-door Soft top - 1998 - 2006
Defender 110	Puma 5-door Soft top - 2007 - 2015

**RRL2320SRS**

**Defender 110 4-door Soft Top Roof Racks**

Roof racks for mounting to RBL3087SSS. Rack covers the full length of vehicle.

Kit includes double rear ladder and cross rail.

<b>RRL2320FRS NEW</b>	2.8m x 1.4m	Full luggage rail
<b>RRL2320LRS NEW</b>	2.8m x 1.4m	Long luggage rail
<b>RRL2320SRS NEW</b>	2.8m x 1.4m	Short luggage rail
<b>RRL2320NRS NEW</b>	2.8m x 1.4m	No luggage rail

**RRL3156SSS NEW**

Double rear ladder which mounts to existing fixings in the rear crossmember and also to the capping either side of the rear door. Designed to allow the fitment of an Explorer roof rack to a Soft Top vehicle fitted with the following Safety Devices

Internal/External roll cages: RBL1887SSS

- Defender 90 - 2-door RBL2997SSS
- Defender 90 - 2-door RBL3087SSS
- Defender 110 - 4-door

The ladder is used in conjunction with the following front cross rails:

- RRL315RR-RC-XRA NEW**
- RRL315RR-RC-XRB NEW**

Thinking of taking your 4x4 over rough terrain? You might want to consider using a Safety Devices roll cage to help protect you in case of a roll over. The purpose of a roll cage is to help protect the cab of the vehicle against collapse.

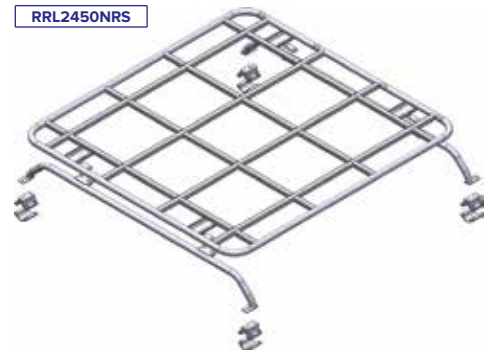

**RBL3097SSS NEW**

**Internal 8 point multi-point internal bolt-in roll cage**

Internal rear cage spanning from B pillar to rear of the vehicle. Includes mountings for door frame hardware and is designed to have the same profile as traditional hood stick supports. We strongly recommend fitting the roll cage padding kit when installing this roll cage.

110	5-door Soft top - 1983 - 1990
Defender 110	200Tdi 5-door Soft top - 1990 - 1993
Defender 110	300Tdi 5-door Soft top - 1994 - 1997
Defender 110	Td5 5-door Soft top - 1998 - 2006
Defender 110	Puma 5-door Soft top - 2007 - 2015

**RRL2450NRS**

**Defender 110 4-door Soft Top Roof Racks**

Roof racks for mounting to RBL3087SSS.

Rack mounts to front external cage only, covering the front half of the vehicle, not over the rear.

Kit not suitable for double rear ladder

<b>RRL2450FRS NEW</b>	1.6m x 1.4m	Full luggage rail
<b>RRL2450LRS NEW</b>	1.6m x 1.4m	Long luggage rail
<b>RRL2450SRS NEW</b>	1.6m x 1.4m	Short luggage rail
<b>RRL2450NRS NEW</b>	1.6m x 1.4m	No luggage rail

**New to Range JUST ADDED**

**RBL3107SSS NEW**

**External/Internal 10 point multi-point external/internal bolt-in roll cage**

External front cage section which joins to an internal rear section at the B pillar. Also features an internal hoop at the B pillar which connects internally to the rear hoop at the C pillar. We strongly recommend fitting the roll cage padding kit when installing this roll cage.

110	5-door Soft top - 1983 - 1990
Defender 110	200Tdi 5-door Soft top - 1990 - 1993
Defender 110	300Tdi 5-door Soft top - 1994 - 1997
Defender 110	Td5 5-door Soft top - 1998 - 2006
Defender 110	Puma 5-door Soft top - 2007 - 2015

**RBL3167SSS NEW**

**External/Internal 12-point bolt in external/internal roll cage**

External front cage that passes through the door to join the internal section. Rearward mounted B hoop, so requires 1 x OEM hood stick in front of B hoop to mount door hardware to. Designed to be used only on vehicles equipped with OEM/Land Rover bulkhead replacement bar - it may not work with after-market alternatives. We strongly recommend fitting the roll cage padding kit when installing this roll cage.

Defender 110	Td5 2-door Soft top - 1998 - 2006 without bulkhead behind seats
Defender 110	Puma 2-door Soft top - 2007 - 2015 without bulkhead behind seats

**RBL3177SSS NEW**

**Heavy-duty 10-point bolt-in internal rear heavy duty hood stick replacement.**

Forward hoop position, so B hoop includes front seat belt upper anchor points, mountings for door frame hardware and backstays that mount to the capping. Rear hoop includes upper and lower mountings for forward facing seats. Designed to be used only on vehicles equipped with OEM/Land Rover bulkhead replacement bar - it may not work with after-market alternatives. We strongly recommend fitting the padding kit when installing this heavy-duty hood stick replacement.

Defender 110	Td5 2-door Soft top - 1998 - 2006 without bulkhead behind seats
Defender 110	Puma 2-door Soft top - 2007 - 2015 without bulkhead behind seats

### DA3565 NEW

#### Roof Rack

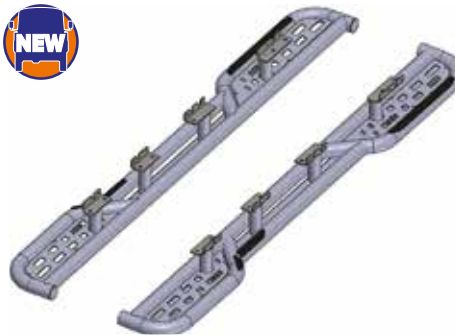

Defender 110 & 110 Hard Top - 2020 onwards  
Roof rack assembly complete with wind deflector bib. Requires the installation of roof rails (VPLER0177) to allow fitment. No modification to the vehicle is required and the rack does not obscure the rear-view camera. Top of rack is 125mm above roof skin, measured directly behind the rear-view camera. Provides clearance for the panoramic sunroof to both tilt and open fully. The roof rack is compatible with the access ladder and accessory rack.

### DA3566 NEW

#### Access Ladder

Defender 90 & 90 Hard Top - 2020 onwards  
Defender 110 & 110 Hard Top - 2020 onwards  
Defender 130 - 2020 onwards  
Roof access ladder that can be fitted to either side of the vehicle. It can be installed standalone or in conjunction with the Safety Devices Roof Rack Assembly. Made of a folding construction with dual securing methods and a key locking mechanism. Requires drilling of the trim panels below the rear window to allow installation into the existing body mounts beneath. When deployed, the height from the floor to the lowest step of the ladder is 585mm at normal ride height (660mm at max and 550mm at min).

### DA3567 NEW

#### Side Steps

Defender 110 & 110 Hard Top - 2020 onwards  
Defender 130 - 2020 onwards  
Side steps and toe rail kit with non-slip tape and stainless-steel infill plates. Designed to mount on existing mounts within the sill. The plastic sill covers will require slight modification to allow access to the mounting points. Supplied with an adapter to allow the OEM jack to be used.

**Note** - Kick rail not shown in drawing.

### DA3568 NEW

#### Accessory Rack

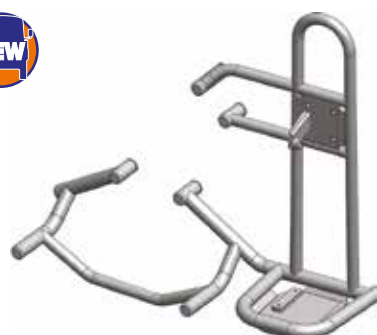

Defender 90 & 90 Hard Top - 2020 onwards  
Defender 110 & 110 Hard Top - 2020 onwards  
Defender 130 - 2020 onwards  
Multi-purpose accessory mount that can be fitted to either side of the vehicle. It can be installed standalone or in conjunction with the Safety Devices Roof Rack Assembly. Features mounting rails along upper and lower sides along with 4 x tie down points. Requires drilling of the trim panels below the rear window to allow installation into the existing body mounts beneath.

### DA3569 NEW

#### Spare Wheel Cradle

Defender 90 & 90 Hard Top - 2020 onwards  
Defender 110 & 110 Hard Top - 2020 onwards  
Defender 130 - 2020 onwards  
Designed to work with the existing spare wheel carrier as a cradle to rest the wheel on whilst attaching with bolts. Uses existing mounts in the rear door with no modifications required.

### DA3570 NEW

#### Spare Wheel Cradle & Off Road/Trail Jack Mount

Defender 90 & 90 Hard Top - 2020 onwards  
Defender 110 & 110 Hard Top - 2020 onwards  
Defender 130 - 2020 onwards  
Designed to work with the existing spare wheel carrier as a cradle to rest the wheel on whilst attaching with bolts. Uses existing mounts in the rear door with no modifications required. Also provides the provision to mount an Off Road/Trail Jack in a vertical orientation.

### Beadlock Steel Wheels

DA3239

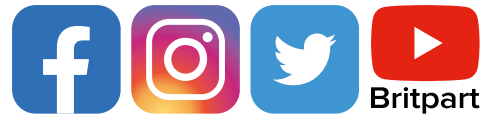

DA3238

**DA3239**  
**16 x 10" Steel Beadlock Wheel**  
 The steel bead lock wheel is a seriously tough wheel specifically for hard core off-road use where very low tyre pressures risk rolling a tyre off the rim.  
 > For off-road use only  
 > Loading - 1,200kg  
 > ET/OS -32  
 > Weight - 19.5kg

**DA3238**  
**16 x 10" Steel Imitation Beadlock Wheel**  
 Imitation bead lock wheel looks the part of the real bead lock design with the added bonus of being road legal.  
 > Road legal  
 > Loading - 1,200kg  
 > ET/OS -32  
 > Weight - 17.5kg

- > Weight - 14.3kg

- DA2488** Anthracite
- DA2489** Black

Smart looking, tough, high quality alloy wheels which are ideal for off-road use. Used for rally-road competition vehicles as well as the military these Blindo wheels are TÜV approved and manufactured in Italy.

- > Only prime aluminium is used.
- > Less silicon is added than cheaper alloy wheels.
- > Alloys are heat-treated for improved mechanical properties.
- > Metal is de-gassed to remove any small bubbles.
- > Low pressure cast to ensure improved metal density.
- > Once made each alloy is x-rayed to check for defects, then water tank pressure tested to ensure no leaks.

### Spare Wheel Protectors

**Easy to fit to give you piece of mind**

The valuable spare wheel on your Land Rover are very vulnerable to theft. These steel spare wheel protectors are designed to restrict access to the winching mechanism and makes it almost impossible for anyone to steal the wheel. Easy to fit to give you piece of mind.

### Cordless Tyre Inflator Air Compressor

A rechargeable and detachable 20V high-performance battery is included along with an extra base which is powered by the 12V on-board power outlet with a 3m power cable.

The LCD display not only shows the battery level and 4 optional pressure units (PSI, BAR, KPA, Kg / cm<sup>2</sup>) but also displays the current tyre pressure and target tyre pressure. When it reaches the pre-set pressure the inflator will stop automatically.

An LED light can be controlled by an independent switch, providing bright vision at night or in dark places.

Storage of the tyre inflator is easy thanks to its compact design.

**Specification**

- > Input voltage - DC 21V
- > Operating voltage - DC 18V
- > Maximum current - <11A
- > Maximum inflation pressure - 150PSI
- > Air volume - 40L/min
- > Battery capacity: 5 x 2500mAh lithium
- > Accuracy - ±1.5psi
- > Charging time - 3-5 hours
- > Use time - 30min
- > LED light - 8LM
- > Length of hose - 350mm
- > Length of power cord (no battery packaging) - 3m±10mm
- > Working environment temp - -20° to 50°
- > Weight - 2.03kg

**XS Cordless Tyre Inflator Air Compressor**

**DA2908 NEW** With UK Plug

**DA2908EU NEW** With EU Plug

20V cordless tyre inflator air compressor up to 150PSI with LCD digital pressure gauge, LED light, rechargeable li-ion battery and 12V socket.

A fully charged 20V tyre inflator can top up 10 car tyres (185/70 R14). Extra nozzles included can also easily inflate bicycles, motorcycles, SUVs, vans, along with inflatable toys and balls. It has increased power with air flow up to 40L/min. It only takes 2 minutes to fill up an empty 185/70 R14 tyre.

*When it reaches the pre-set pressure the inflator will stop automatically.*

**Kit Contents**

- 1 x Tyre inflator
- 1 x Cigarette lighter socket
- 1 x Lithium battery holder
- 2 x Conical nozzle
- 1 x Transfer valve
- 1 x Air hose
- 1 x Ball needle
- 1 x Portable zipper bag
- 1 x User manual

# WHEELS

## Tyre Maintenance & Tools

### Valve Caps

Enhance your wheels with a set of 4 smart valve caps.  
**LR027664** Union Jack design with silver outer  
**VPLRW0153G** Black Union Jack design with silver outer  
**DA1436** Chequered flag design with silver outer  
**DA1437** Chequered flag design with black outer

**ARB Valve Caps**  
 Pack of 5. Manufactured from durable anodised aluminium. UK only.  
**217090** Silver

### Inner Tubes

**DA3000**  
 7.50 x 16 - Uses TR15 (large) type valve  
**DA3201**  
 205 x 16 - Uses TR13 (small) type valve

### Stud Klean

**DA1698**  
 The all-in-one stud & hub cleaning tool!  
 Stud Klean attaches firmly to a standard impact wrench, providing the fastest and safest cleaning solution for your wheel changing process. The face of the tool moves rust and contaminants in seconds, providing a smooth clean surface for ease of assembly of all mating parts. At the same time, stainless steel tines effectively clean the threaded studs assuring easy and accurate torquing of lug nuts. The proprietary abrasive material is significantly longer lasting than any other material on the market.

- > Cleans the hub and stud at the same time
- > Fits to 1/2" impact
- > Single size for all passenger cars and light trucks
- > Won't damage your wheels
- > Dense, long lasting abrasive pad
- > Hundreds of internal stainless steel tines instantly & effectively clean threaded studs
- > Stack tolerances when balancing wheels will improve and ensure proper torque tensioning during installation
- > Cleans approximately 800 wheels

### Speedo Heater

**DA1426**  
 Defender  
 Td5 & 2007 onwards  
 Plug & play. Behind the handbrake backplate, on later Defenders, is a green 3 wire transducer which generates a pulse. This is then sent to the speedometer to show your vehicle's speed. Fitting different sized tyres or a non-standard ratio ring and pinion in the diffs could well mean the speed displayed is inaccurate. Fitting and programming this small box is easy. Once installed it allows you to adjust the output pulse, both up and down, which means your speedo will indicate the correct speed at which you are travelling.

### Wheel Wrenches

**537179** Wrench size - 15/16"  
**DA4026** Wrench size - 27mm  
**NTC7829** Wrench size - 27mm  
**NTC7829HD** Wrench size - 27mm - heavy-duty  
**LR011870** Wrench size - 27mm  
**LR011870HD** Wrench size - 27mm - heavy-duty

### Tyre Repair Kits

**DA2390**  
**Tyre Repair\* Kit in Travel Case**  
*How It Works*

1. Find and remove the item that caused the puncture.
2. Apply rubber solution to the reamer tool then push the reamer into the puncture and work up and down until the reamer moves easily in the hole.
3. Thread one rubber tyre plug in the hook tool.
4. Push the rubber tyre plug into the hole until 1/2" of the tyre plug remains outside the tyre then turn the hook tool a quarter turn and pull out slowly.
5. Cut off the excess tyre plug as close to the tyre as possible.
6. If the puncture is too big have the tyre fixed by a professional.

\*Recommended for off-road use only.  
**ARB Speedy Seal Kit**  
**DA8930** ARB Speedy Seal puncture repair kit  
**10100010** ARB Speedy Seal replacement cords x 50  
 Full details in ARB Compressor & Tyre Maintenance Section

### Air Compressors

*Handy to keep in your Land Rover*

*It's no good being able to repair your tyres if you can't inflate them. Full details of these air compressors can be found in the Off-Road section.*

**DA2392XS**  
 Double-pump air compressor  
 Air flow - 150ltr/min

**DA2354XS**  
 Single-pump air compressor  
 Air flow - 72ltr/min

**DA5078**  
 Ring Rapid digital air compressor

*Don't get caught out with a flat tyre or two!*

**DA1890**  
**Replacement Tyre Sealant & Hose Kit**  
 Equivalent to  
 LR072362 - 450ml sealant  
 LR016392 - adaptor hose  
 Freelander 2 - from EH384095  
 Range Rover Evoque - 2012 - from FH017663  
 Range Rover Evoque - 2019 onwards  
 Range Rover - L405 - from EA157922  
 Range Rover Sport - Mk2 - from EA348512  
 Range Rover Velar  
 Discovery Sport - from FH501420  
 Discovery 5

**Magnum High-Precision Tyre Balancing Beads**

**What are MAGNUM+ Beads & How Do They Work?**

Beads are dispersed evenly around the inner wall of the tyre through centrifugal force. Based on Newton's law that every force creates an equal and opposite reaction, MAGNUM+ beads reposition themselves to offset the heavy spots, neutralizing the imbalance and eliminating vibration. Made of tempered glass, MAGNUM+ beads are 98% round and carefully calibrated for consistent size and maximum precision.

- > 100% TPMS (Tyre pressure monitoring system) compatible
- > No special valve core required
- > Perfectly round and extremely smooth preventing them from disintegrating and causing any damage to the inner liner of the tyre.

See them work here

[www.britpart.com/magnum-action](http://www.britpart.com/magnum-action)

**MAGNUM+ Benefits**

**Save Fuel**

High precision balancing means a proper, consistent balance every time. A balanced tyre means less vibration resulting in a reduction in rolling resistance, and in turn, better fuel efficiency!

**Save Time**

Self-adjusting balancing minimizes downtime on the job and less time in the workshop so you can do more... and play more.

**Save Money**

Saving fuel and time ultimately means that you save money. MAGNUM+ will extend the life of your tyres by promoting consistent, even wear and tear. With MAGNUM+ you will replace your tyres less often!

**Balance It. Forget It.**

Proper tyre maintenance involves a constant balancing that will, on one hand, maintain fuel efficiency and, on the other hand, maximize the life of the tyre. Traditional external weight tyre balancing means rebalancing your tyres at regular intervals. With MAGNUM+, all tyres can be efficiently balanced throughout their life because the beads retain their physical characteristics and never disintegrate, thus they will outlast your tyres.

**Adapt To Any Road Condition**

If you like to play in the mud, drive in the snow or go from one messy job site to another, heavy spots on your tyre may change leaving your wheels unbalanced. Wheel weight balancing can often be ineffective on a vehicle experiencing various conditions. With MAGNUM+ the beads simply reposition themselves according to the new force created by the heavy spot.

**Using MAGNUM+ Beads**

**Toss**

First, you need to determine what size MAGNUM+ you require using the online calculator. MAGNUM+ comes in pre-measured INSERT™ bags that you simply toss directly inside the tyre during installation. That's it! The rest is business as usual.

**Online Bead Requirement Calculator**

[www.britpart.com/magnum](http://www.britpart.com/magnum)

**Mount**

You don't have to do anything to the bag. Once you toss the MAGNUM+ insert bag into the tyre, just mount the tyre to the rim as normal!

**Inflate**

When you're ready, inflate the tyres as usual. There's nothing else to do. No spinning, waiting, calibrating or weight fixing. The whole process takes a fraction of the time as a traditional fixed weight balance!

**Drive**

Then get on the road! As you drive, the bag will break open and set the beads free to do their job, providing a high-precision balance every time!

Ideal for off-road use

### ARB Air Compressors & Tyre Maintenance

More information online

#### DA1441

##### ARB Digital Inflator

- > Corrosion resistant die-cast body
- > Rubber bump guard to protect against drops and knocks
- > Large LCD digital readout with blue backlight
- > Multiple measurements
- > Pressure sensing auto wake up display
- > Battery level indicator
- > Precision clip on connector
- > Air bleed button for accurate pressure adjustment
- > Extended stainless steel braided kink resistant hose with PVC sheath and dual swivel joints for use at any angle
- > Coated thumb trigger
- > Up to 200 hours runtime on set of batteries

#### ARB605A

##### ARB Tyre Inflator

- > Compatible with ARB compressors
- > Protective rubber gauge guard
- > Air bleed button for deflating
- > 600mm stainless braided PVC coated flexible hose
- > Clip on chuck
- > Incorporates 1/4" NPT-US industrial interchange male coupling
- > Bronze bourdon tube gauge design
- > Fully gear, solid brass precision movement
- > Easy to read dial with psi & bar scales

#### DA8931

##### ARB E-Z tyre Deflator

- The unique, patented design of the E-Z Deflator allows for removal of the valve core for rapid tyre deflation, while also providing accurate pressure reading via the simple movement of a sliding valve. Provided in a protective canvas pouch, the quality bronze Bourdon Tube gauge design ensures accuracy is not affected by fluctuations in temperature, humidity or altitude.
- > Corrosion resistant brass/stainless deflator tool
  - > Fully geared, solid brass precision movement
  - > Protective rubber gauge guard
  - > Easy to read dial with one PSI increments

#### ARB510

##### ARB E-Z Deflator Digital Gauge

- The ARB E-Z Deflator Digital Gauge makes tyre deflation even easier thanks to accuracy of up to +/-1psi @ 15-75psi, a large digital read out with blue backlight display as well as multiple pressure readouts including PSI, BAR, KPA and KgF.
- > Ribbed rubber gauge guard
  - > Flexible braided hose
  - > Full swivel gauge connection
  - > Rated capacity - 0 to 200psi
  - > Multiple pressure scales
  - > Large LCD digital readout
  - > Easy read blue backlight display
  - > Brass components and crimps
  - > Up to 200hrs battery life

#### DA8998

##### ARB Portable Air Compressor

This portable 12V air compressor comes in a durable polypropylene carry case for added versatility and uses quality components for quiet operation and extra long life. Including a 19ft air hose, it also comes with all the necessary fittings for tire inflation and camping or leisure gear. Its twin motors are internally thermal protected against extreme temperature damage while a heavy duty in-line maxi fuse for each motor provides professional circuit protection. The compressor comes in a high quality carry case featuring internal pockets for components and accessories including a 6 metre air hose. Much more information available online.

#### DA6823

##### ARB Twin Portable Air Compressor

Designed to fill the market need for a compact sized yet high performance compressed air source for rapid inflation of large tyres as well as the high volume air needs of most air powered tools. The ARB compressor is a world class recreational product designed and built to commercial/industrial standards to survive harsh and demanding outback conditions. Much more information available online.

#### DA4985

##### ARB Twin On-board Compressor Kit

Designed to fill the market need for a compact sized yet high-volume compressed air source to suit the high volume airflow needs of most air powered tools, and also to suit the actuation and control needs of the ARB Air Locker, and the harsh and demanding environment of the ARB Air Locker user. Much more information available online.

#### DA6253

##### ARB Tyre Inflation Kit

The ARB tyre inflation kit for air compressors is specially sourced from Japan, providing a unique high-heat tolerant hose for the hi-output compressor (DA4190). The practical kit includes a dust resistant air chuck and an enclosed internal bearing system to prevent dirt ingestion.

- > Suitable for camping, touring and off-road applications as well as everyday usage
- > Provides fast, accurate inflation
- > Kit includes
  - 1 x high heat pressure hose
  - 1 x ARB air chuck with quick press fitting
  - 1 x ARB T-fitting for use with the ARB air compressor (DA4190) and an assortment of additional fittings to suit various camping and sporting gear such as air mattresses and footballs

#### ARB Speedy Seal Puncture Repair Kit

##### DA8930 Repair kit

Coming in a compact, high visibility carry case, the Speedy Seal includes all the components necessary to repair tubeless radial or cross ply tyres, without removing the tyre from the vehicle or rim. A pencil type tyre gauge with dual chuck makes setting pressures a snap, while a spring steel insertion needle and hardened reamer tool allow fast tyre repairs.

- > Lubricant for easier tool insertion
- > Additional accessories (valve core tool, spare valves and valve caps)
- > 30 self vulcanising repair cords for complete air sealing
- > Allen keys

#### 0740113 NEW

##### ARB Hose Coupling Dust Cap

#### DA6824

##### ARB Compressed Air Blow Gun

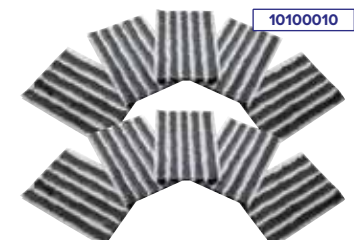

To keep your air compressor and air accessories clean from dust and debris encountered during regular off-road driving, the compressor blow gun is the ideal solution delivering compressed air for fast and easy cleaning.

#### DA6842

##### ARB Inflation Case

Designed to keep all your ARB air accessories secure in the one bag and easy to reach. Six specialised pockets to house ARB Inflation, ARB Deflation, ARB Gauges, ARB Hoses and other general air accessories. Externally, ARB's bright orange design insures the case itself will not get lost within the back of your vehicle. It has been manufactured to incorporate the highest of quality materials including an abrasion resistant canvas. For ease of use, a large durable rubber handle can be used to carry the case and a high-vis reflective tapping appears on the outside of the case for safety.

10100010

### 4X4 ACCESSORIES

ARB products available in the UK only.

#### ARB4297 NEW

##### ARB Inflation Case

Housing your Air Systems gear in a safe and convenient location within your vehicle is not always an easy task. The extreme conditions we put our vehicles through demand a solution that is fit for purpose and of the highest quality. This is the solution.

- > 7 pockets capable of holding 2 x air hoses, 1 x inflator, 1 x deflator, 1 x compressor blow gun and more
- > PVC waterproof and abrasion resistant material
- > Reflective strips for high visibility and safety
- > Holds an ARB Speedy Seal SII Repair Kit
- > Updated Air Systems branding and colours
- > Ergonomic pull ring zippers and rubber handle

**0830001**

**ARB Pressure Control**

Employing the same unmatched ARB proprietary technology and learnings from over 3 years of in-field use, this premium product now provides more ARB Air Compressor customers with the option to use convenient, accurate and unmatched air pressure control. More so, this incredible functionality is conveniently controlled at your fingertips by a smartphone app!

**Features & Benefits**

- > Utilises a smartphone app and pressure control regulator valve to conveniently inflate and deflate tyres, balls, air mattresses, bike tyres and more
- > View the current pressure in your tyres
- > Set the desired target pressure using four customisable pre-set modes of your choice
- > Set the maximum system pressure
- > Choose your own units of measurement from kPa, bar, psi
- > Receive audible and vibration alerts to indicate when desired pressure has been achieved
- > Set system settings such as only allowing pressure control to operate if the engine is running
- > Initiate a recalibration of the pressure sensor via the app for unmatched accuracy
- > View the current voltage of your electrical system
- > IP rated pressure control module and wiring harness safe for engine bay mounting

**What's In The Kit**

- > Pressure control module
- > Pressure regulating valve
- > Pressure transducer
- > Wiring harness
- > Mounting bracket
- > Installation instructions

**Compatibility**

- > Suits ARB air compressors: CKSA12, CKMA12, CKMTA12
- > Suits 12-volt electrical charging systems only
- > Smartphone application suits Android and iOS compatible devices

# Make Your Land Rover A Star!

Details on how to enter and full terms and conditions - [www.britpart.com/calendar](http://www.britpart.com/calendar)

Here at Britpart we are planning our next Land Rover themed calendar and we'd love to feature the pictures of proud Land Rover owner's vehicles - whatever model, age or condition of the vehicle.

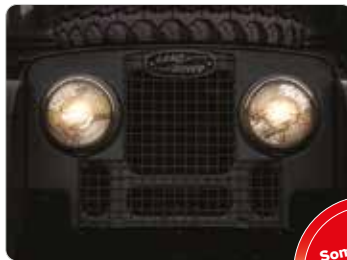

12 x Prizes Available

We love to see pictures of Land Rovers in locations stretching from rural UK, right through to vehicles in a foreign urban environment - use your imagination.

Winning entries will all feature in the next Britpart calendar and each one picked will win a great prize. So get out there with your Land Rover and camera - happy snapping. You can send us as many entries as you would like! **Good luck!**

- > Size: 1299 x 85 x 63mm
- > Lifetime: More than 30,000 hours
- > Certification: CE ROHS IP68 ECE R112

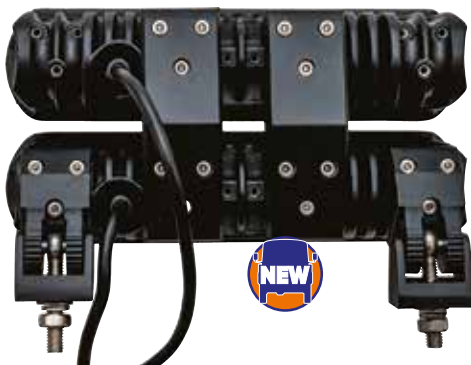

#### DA3287 NEW

##### 120W Dual Row LED Light Bar

- > 40 x 3W Osram LEDs
- > ECE /SAE high beam combo pattern
- > Die-cast aluminium alloy housing and polycarbonate cover
- > Adjustable side brackets
- > Stainless steel fixings
- > Lumens: Raw - 9,600 Lms  
Effect - 6,800 Lms
- > Angle: 40° to 60°
- > Power: 120W
- > Voltage: 10-32V DC
- > Colour temperature: 6,000K
- > Waterproof: IP67
- > Size: 570 x 84 x 83mm
- > Lifetime: More than 30,000 hours
- > Certification: CE ROHS IP67 ECE R112

Extra brackets  
in kit to mount  
these lights  
individually

#### DA3295 NEW

##### Double 40W LED Driving Light Bars

- > 4 x 10W CREE LEDs per light
- > Deutsch connector, harness & stack brackets
- > ECE /SAE high beam pattern
- > Die-cast aluminium alloy housing and polycarbonate lens
- > Chrome reflector
- > Adjustable brackets
- > Waterproof breather screw
- > Stainless steel fixings

- > Lumens: Raw - 4,800 Lms  
Effect - 3,900 Lms
- > Power: 40W
- > Voltage: 9 - 32V DC
- > Colour temperature: 6,000 - 6,500K
- > Work temperature: -40° to 80°
- > Waterproof: IP67
- > Size: 222 x 55 x 100mm
- > Lifetime: More than 30,000 hours
- > Certification: CE ROHS IP67 ECE R112 / R10 EMC

#### DA3294 NEW

##### Single 40W LED Driving Light Bar

- > 4 x 10W CREE LEDs
- > Deutsch connector
- > ECE /SAE high beam pattern
- > Die-cast aluminium alloy housing and polycarbonate lens
- > Chrome reflector
- > Adjustable brackets
- > Waterproof breather screw
- > Stainless steel fixings

- > Lumens: Raw - 2,400 Lms  
Effect - 1,950 Lms
- > Power: 40W
- > Voltage: 9 - 32V DC
- > Colour temperature: 6,000 - 6,500K
- > Work temperature: -40° to 80°
- > Waterproof: IP67
- > Size: 222 x 55 x 100mm
- > Lifetime: More than 30,000 hours
- > Certification: CE ROHS IP67 ECE R112 / R10 EMC

#### DA3286 NEW

##### 36W Dual Row LED Light Bar

- > 12 x 3W Osram LEDs
- > ECE /SAE high beam combo pattern
- > Die-cast aluminium alloy housing and polycarbonate cover
- > Adjustable side brackets
- > Stainless steel fixings
- > Lumens: Raw - 2,800 Lms  
Effect - 2,100 Lms
- > Angle: 40° to 60°
- > Power: 36W
- > Voltage: 10-32V DC
- > Colour temperature: 6,000 - 6500K
- > Waterproof: IP67
- > Size: 213 x 84 x 83mm
- > Lifetime: More than 30,000 hours
- > Certification: CE ROHS IP67 ECE R112

**LED Lights**

**DA3347 NEW**

**24W LED Flood Light**

- > Power: 24 x 1W Osram LED
- > Effect Lumens: 1,920 LM
- > Beam pattern: Flood
- > Voltage: 9 - 32V DC
- > Colour Temperature: 6,000K
- > Body: 148,5 x 40mm
- > Waterproof & Dustproof: IP68 IP67
- > Lifespan: 50,000 hours
- > Housing: Die-cast aluminium with polyester powder coating
- > Lens: Durable polycarbonate
- > Hardware: Stainless steel
- > Operating temperature: -40°C to 85°C
- > Protection: Overvoltage and heating
- > Certificates: E-mark approved/CE/RoHs/UKCA
- > EMC Standard: CISPR25/Class 3

**DA3348 NEW**

**32W LED Flood Light**

- > Power: 32 x 1W Osram LED
- > Effect Lumens: 2,560 LM
- > Beam pattern: Flood
- > Voltage: 9 - 32V
- > Colour Temperature: 6,000K
- > Body: 111 x 61mm
- > Waterproof & Dustproof: IP67
- > Lifespan: 50,000 hours
- > Housing: Die-cast aluminium with polyester powder coating
- > Lens: Durable polycarbonate
- > Hardware: Stainless steel
- > Operating temperature: -40°C to 85°C
- > Protection: Overvoltage and heating
- > Certificates: E-mark approved/CE/RoHs/UKCA
- > EMC Standard: CISPR25/Class 3

**DA3349 NEW**

**60W LED Interior/Exterior Scene Light - Amber/White**

- > Power: 60W in total
- > Amber light: 30 x 1W Osram LED  
Effect Lumens: 2,100 LM
- > White light: 30 x 1W Osram LED  
Effect Lumens: 2,400 LM
- > Beam pattern: Flood
- > Voltage: 9 - 32V
- > Surface mounting: 45 degree tilt
- > Body: 329 x 66 x 51mm
- > Waterproof & Dustproof: IP67
- > Lifespan: 50,000 hours
- > Housing: Die-cast aluminium
- > Lens: Durable polycarbonate
- > Hardware: Stainless steel
- > Certificates: ECE/CE/RoHs/UKCA
- > EMC Standard: CISPR25, Class 3

### Lazer Spot Lights & Grille Integration Kits

DA2843

DA2843

#### Lazer Triple-R 28 - Single light

The Triple-R light bar range brings motorsport and world rally performance to the off-road market. At 51", the Triple-R 28 is Lazer's biggest and most powerful LED lighting system which when used for night-time and low-light off-road driving and recreation, delivers an unrivalled level of long-range illumination. Tuned for a spot beam pattern, while still achieving a decent spread of light in the mid-long range, the Triple-R 28 comprises 28 high power LEDs producing 28,700 lumens at only 315 watts. The light delivers 1 lux at a staggering distance of 1273m.

- > Ultra long range optics
- > High output LED's from world leader in LED technology
- > Dynamic Drive Modulation optimises light output at all times considering thermal conditions of the light
- > 'Unbreakable' polycarbonate lens
- > Supplied with vehicle wiring kit, both side brackets and sliding centre mounts

Much more information available online at [www.britpart.com/lazer](http://www.britpart.com/lazer)

Voltage Range	10V - 32V
Raw Lumens	28560
Beam Pattern	Spot
Colour temperature	5,000K
Beam Distance (0.25LX)	2,506m
High Power LEDs	28
Power Consumption	326 Watts
Current Draw	22.6 Amps
LED Life	50,000 Hours
Weight	4.78kg

DA2841

#### Lazer ST4 Evolution - Single light

The Lazer ST4 Evolution is a hugely versatile LED spotlight the size of which has proved particularly popular within the 4x4 market. At 204mm length, the ST4 delivers incredible lighting performance which belies its diminutive size. Upgraded high-density 11W LEDs are carefully selected for their high 'bin' rating, and deliver 4,136 lumens, harnessed into a 'Drive' beam pattern optimised for lower speed applications where the priority is for good all-round visibility, albeit still with enviable distance illumination - 1 lux is achieved at 278m.

- > 4 x high density 11W LEDs (premium 'bin')
- > Seamless, low profile design facilitates installation
- > Dynamic drive modulation optimises light output to maximise LED lifetime
- > Ultra-reflective optics deliver 'Drive' beam pattern
- > E-coat pre-treatment provides maximum corrosion resistance

Voltage Range	10V - 32V
Raw Lumens	4,136
Beam Pattern	Drive
Beam Distance (0.25LX)	555m
High Power LEDs	4
Power Consumption	47 Watts
Current Draw	3.3 Amps
LED Life	50,000 Hours
Weight	670g

DA2842

#### Lazer Triple-R 4 - Single light

The Lazer Triple-R 4 offers incredible performance from a compact and great value unit. Utilising the same Boost optics as the other lights in the Triple-R range. It's unique styling and E-mark approval mean it is perfect for road, rally and race applications.

- > Ultra long-range optics
- > High output LED's from world leader in LED technology
- > CAE optimised heat-sink
- > Electronic thermal management
- > 'Unbreakable' polycarbonate lens
- > Innovative design and unique styling

E-mark Ref	275
Voltage Range	9V - 32V
Raw Lumens	4100
Beam Pattern	Spot
Optical Efficiency	92%
Beam Distance (0.25LX)	865m
High Power LEDs	4
Power Consumption	45 Watts
Current Draw	3.1 Amps
LED Life	50,000 Hours
Weight	780g

Much more information available online at [www.britpart.com/lazer](http://www.britpart.com/lazer)

DA2844

DA2844

#### Lazer Two-Light Wiring Kit (Low Power, 12V)

The ideal solution for wiring a pair of E-mark approved Lazer high performance LED spotlights. The setup is quick, easy, and reliable with 2-pin superseal connections and no configuration procedures. The kit features a 12V relay (in waterproof housing), 35A fuse, a battery terminal at one end, and 1.2m of flex on both light cables, and allows for the operation of Lazer products either in parallel with the standard lighting on the vehicle, and/or via an independent switch which can be mounted inside your vehicle. All Lazer lights are sold with a pre-wired female connector attached to the male connector of the light harness, to facilitate wiring in to your vehicle system.

- > Two-Light Wiring Kit for Lazer E-mark approved driving lights
- > 1.2m cable lengths
- > Includes 12V relay and 35 amp fuse
- > Superseal connections
- > Includes optional on/off switch for independent operation of high beam
- > Braided cable sections for added protection in engine bay

DA2859

**Lazer Spot Lights & Grille Integration Kits**

**Grille Integration Kits**

For an OE quality, fully road-legal, auxiliary spotlight installation, the Lazer grille integration kits include bespoke mounting brackets which allow for quick and easy fitting of Lazer LED spotlights within the front grille. Designed to blend seamlessly within the original styling of each vehicle, the resulting lighting setup remains fully robust and secure, with extra protection against theft. The kits include a pair of spotlights, two-light wiring kit, 4 x brackets precision-engineered to engage perfectly with the standard centre grille on the vehicle, with added strength and security provided by the supplied self-tapping (plastic) screws. Made from ASA material, known for its excellent strength and UV stability, the brackets are fully weather and chemical resistant to ensure your installation remains in great condition year after year. Supplied alongside the mounting brackets are a set of cutting guides, designed to facilitate the installation and ensure a perfect fit every time, without removal of the vehicle's grille or bumper parts. Made in Britain with a 5-year warranty.

**DA2847**  
Triple-R 750 LED Spotlights Grille Integration Kit  
Discovery 4 - Up to 2014

**DA2846**  
Triple-R 750 LED Spotlights Grille Integration Kit  
Discovery 4 - 2014 onwards

**DA3236 Defender Roof Mounting Kit** Defender - up to 2016

Stainless steel brackets that fix to the roof side gutter. Optimised for Triple-R 28 spotlight - DA2843. Manufactured from 3mm A2 stainless steel and finished with a UV-stable, satin black powder coat. Brackets are fully corrosion resistant in line with automotive grade quality standards, as are the supplied countersunk anti-theft fasteners, which come in a variety of lengths from 20 - 80mm. To complete the mounting of different length light bars, cylindrical carbon spacers, of varying lengths, are provided to aid positioning. Installation of the brackets is completed using M6 fasteners fixed within the gutter location. Cable grommets are supplied to ensure a tidy, and sealed cable entry point. Electrical butt connectors are provided to help assure the integrity of the cable reattachment once thread through the roof. Manufactured in the UK.

Discovery 5

**DA2859**  
Triple-R 750 LED Spotlights Grille Integration Kit  
Defender - 2020 onwards

**DA2885 Lazer CAN Interface (Dual-Output)**

The Lazer CAN bus Interface provides an effective solution for detecting both High Beam and Side/Position Light activity, where it is not possible to detect a 12v signal at the back of the standard headlights.

The interface, developed in partnership with UK manufacturer CanM8, can identify both High Beam and Side/Position Light outputs, making it the perfect solution for all Lazer E-mark approved LED spotlights. Each interface comes supplied with a dedicated wiring kit for simplified installation, as well as compatibility with our Contactless Reader which avoids the need for metal-to-metal connection to the vehicle's CAN-Hi and CAN-Lo wires.

The interface incorporates a multi-function miniature status LED, which indicates correct connection to the CAN system, CAN activity present and confirmation that the CAN identity has been recognised.

Purchase of the Lazer CAN bus Interface will permit access to vehicle specific installation guides, available to download from the CanM8 Connect app.

**Product Features**

- > CAN bus interface provides an effective solution for detecting vehicle lighting activity
- > High beam and side/position light outputs
- > Supplied with dedicated wiring kit
- > Vehicle specific install guides available via CanM8 app
- > Compatible with Lazer Contactless Reader

**DA2885**

**DA2884**

**DA2884**

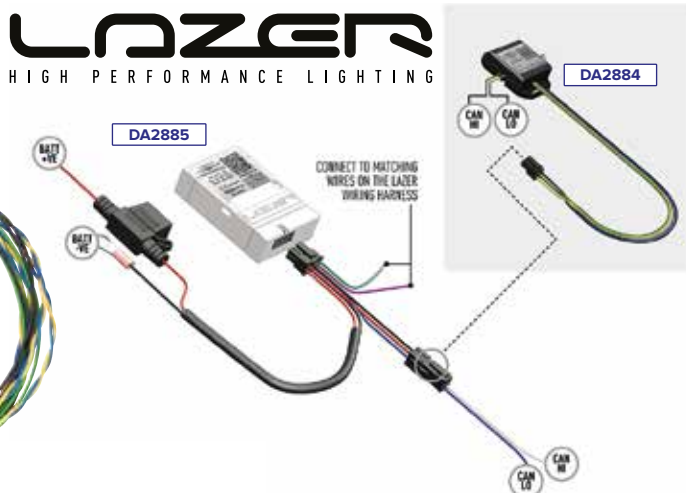

**Lazer CAN Contactless Reader**

The Lazer Contactless Reader allows for reading the CAN-Hi and CAN-Lo vehicle data without any actual metal to metal connection between the interface and the vehicle CAN wiring. The reader is secured around a section of the vehicle CAN Bus wiring and data is read by an induction method, thus protecting any manufacturers warranty. This version of the contactless reader works on 5v and is directly compatible with the Lazer CAN bus Interface, simply (un)plugging into the interface's wiring kit.

An LED indicator light on the contactless reader confirms CAN data reception.

**Product Features**

- > Enables Can-Bus interface integration without the need for metal-to-metal connection
- > Uses induction method thereby protecting manufacturer's warranty
- > Plug & play connectivity to Lazer CAN bus interface

### ARB Driving Lights & Light Bars

AR21SV2

AR32SV2

#### AR32 Intensity LED Spot Light

The light features an ARB engineered heat-sink with 15 fins to help prevent heat damage to the LEDs and surrounding components. The heat-sink also ensures the LED circuits run cooler and produce optimum light output while extending the light's longevity.

Dimensions - 220.5 W x 245.5mm H

AR21SV2

#### AR21 Intensity LED Spot Light

Delivering outstanding performance in a smaller form factor, the AR21 Intensity LED spot light provides vehicle owners with a high performance lighting upgrade that is better suited to areas or bull bars with limited space.

Dimensions - 184 W x 209mm H

AR21FV2

AR32F

#### AR32 Intensity LED Flood Light

Submersible to 3m, the AR32 Intensity LED flood light is vibration tested to military specifications to ensure it can withstand extended periods of use on uneven ground and extreme conditions.

Dimensions - 220.5 W x 245.5mm H

AR21FV2

#### AR21 Intensity LED Flood Light

The AR21 Intensity LED flood light is vibration tested to military specifications and produces a wide and even beam coverage that provides the driver with confidence during night driving conditions.

Dimensions - 184 W x 209mm H

AR32EM

#### AR32EM Combination Light

Following on from the success of the innovative AR32 Intensity LED driving lights a new E-marked model is now available for legal road use in European countries. The E-Marked AR32 has all the same features as other models including upgraded mounting bracket and is designed for use with the ARB Driving Light Loom. The E-Mark symbol appears on the lower section of the lens just above the ARB logo. Submersible to 3m, the AR32EM Intensity LED combo light is vibration tested to military specifications to ensure it can withstand extended periods of use on uneven ground and extreme conditions.

Dimensions - 220.5 W x 245.5mm H

Engineered in Australia, the ARB Intensity LED light range has been specifically designed to meet the demanding requirements of 4WDers throughout the world. From producing white light that is the closest possible imitation of sunlight, to a virtually indestructible polycarbonate lens, these lights are the premium choice. Unlike high intensity discharge (HID) lights, the LED range does not require time to warm up and performs brilliantly on uneven roads by producing a broad field of light that helps diffuse vibration. Submersible to 3m, the ARB Intensity LED lights have been vibration tested to military specifications to ensure they can withstand extended periods of use on uneven ground and extreme conditions to keep the road ahead brightly lit.

Much more technical information is available for all these lights at [www.britpart.com/arb-lights](http://www.britpart.com/arb-lights)

ARM603

**ARM603** Mounting kit to suit bar tube diameter 60.3mm

**ARM761** Mounting kit to suit bar tube diameter 76.1mm

#### ARB Intensity Light Bar Mounting Kits

The ARB bull bar mounting kit provides the option to secure the Intensity LED Light Bar to bars. Available in three sizes to suit the tube diameter of vehicle's bars. Compatible with bars with a tube with a diameter of up to 76.1mm, the mounting kits provide a solid clamp between the Intensity LED Light Bar and the bar tube to minimise vibration and movement. Constructed from extruded aluminium and with fasteners manufactured from stainless steel, the bar mounting kit has been designed for toughness to handle various weather conditions.

ARMP

#### ARB Intensity Light Bar Pedestal Mounting Kit

Offering increased versatility by allowing fitment of the Intensity LED Light Bar to the pan of a bull bar or roof rack. For increased versatility, the pedestal mounting kit is an alternative to the bull bar mount by enabling fitment to the pan of a bull bar or a roof rack. All fasteners are manufactured from stainless steel, with mounting hardware manufactured from a combination of aluminium & steel.

## 4X4 ACCESSORIES

ARB products available in the UK only.

**ARB Driving Lights & Light Bars**

The ARB Intensity Solis provides a whole new level to the ARB Intensity range of driving lights and bars. Introducing digital dimming control and providing a massive 1 lux @ 1,032m for an individual spot beam via the 30 x 4W combined with 6 x 10W high output OSRAM LEDs provides a smooth driving beam.

- > Revolutionary update of the Intensity light
- > New colour design and shape
- > New interchangeable bezels
- > Superior grade LEDs and electronics
- > Digital dimming control
- > Unique ARB engineered reflectors

**Features**

- > 30 x 4W OSRAM high output LEDs
- > 6 x 10W OSRAM high output LEDs
- > Total of 36 LEDs
- > High pressure die-cast housing with improved heat-sink and UV stabilization
- > High pressure die-cast bracket with pinning holes
- > Integrated ARB thermal management
- > In-built digital dimming LED driver control
- > Unique ARB engineered spot & flood reflectors
- > 4-pin high amperage waterproof connectors
- > 50K lifespan
- > Clean and crisp light with a refined colour temperature
- > Pressure tested breather
- > Reverse polarity
- > Mil spec vibration
- > IP68
- > Over & under voltage
- > Compatible with LINX
- > Protected against RFI/EMC interference
- > RoHS, CE & ECE R10 compliant
- > Security Torx hardware included

**SJB36S**

**ARB Intensity Solis 36 LED Spot Light - Single**

Input - 10 - 30V  
Power - 165W  
Current draw - 12.4A @132V  
Output - raw - 18,178 lumens  
Output - effective - 9,546 lumens  
1 Lux reading - 1,032m  
Spread - 6 degrees  
Input cable length - 450mm  
Operating temperature - -40°C to +65°C  
Colour temperature - 5,700 Kelvin  
Weight - 3.3kg  
Connector - 4-pin AT waterproof plug  
Dimensions (W x H x D) - 225 x 220 x 120mm

**SJBLINX**

**Solis LINX Patch Cable**

Suitable for SJB36S, SJB36F & SJB21EUX2  
The ARB LINX Accessory Interface is your one-stop controller for all your off-road accessories. For software version 1.8 and up, LINX is now your optimal controller for your ARB Intensity Solis driving lights. Easily adjust light dimming, fade rate, set multiple lighting modes, and more through a simple interface. Keep your dash clear and switch-free with ARB LINX, now integrated with your ARB Intensity Solis driving lights.

- > Requires ARB LINX Accessory Interface
- > Requires ARB Intensity Solis Driving Lights
- > Enables up to 4 different preset lighting modes with ARB LINX
- > Enables LINX-controlled dimming feature for ARB Intensity Solis
- > Customize fade rate turning on/off ARB Intensity Solis lights
- > Set brightness for normal use and courtesy-light use
- > Enables ARB Intensity Solis lights as daytime running lights (in accordance with local laws)

**SJB21EUX2 NEW**

**ARB Intensity Solis 21 LED Driving Lights**

The ARB Intensity Solis™ 21 LED (7") Driving Lights are offered in dedicated combination optic tuned for on and off-road use. The lights are E-mark approved (following UNECE R149 regulation) ready for legal fitment & on road use in European countries. A single ARB Intensity Solis™ 21 provides 620m @ 1 Lux on setting #5 in off-road mode. The ARB Intensity Solis™ 21 on setting #3 provides 426m @ 1 lux with up to 40m spread from the vehicle in on-road mode. In dual combo off-road configuration, the distance down the road is a very impressive 877m @ 1 lux on setting #5 and dual combo configuration on setting #3 on-road modes it's a competitive 603m @ 1 lux. As well as distance, a warmer light colour helps to reduce eye strain over long driving periods and improves driver comfort while assisting to reduce fatigue.

**Features**

- > 21 Osram LED (15x 4W + 6x 5W)
- > 50,000+ Hour LED life span
- > Input voltage - 10-30VDC
- > Raw lumens - 9133LM
- > Colour temperature - 5700 Kelvin
- > 9° full beam width
- > Operating temperature - -40°C to +65°C
- > Weight - 2.73kg
- > Light dimensions (single) - 192 x 190 x 114mm
- > Integrated thermal management
- > Pressure equalisation breather
- > High pressure die-cast aluminium body and mount with variable positions

**High Pressure Die Cast Aluminium Bracket & Housing**

- > Scalloped back - more bar fitment possible
- > Improved heat-sink and UV stabilization
- > Adjustable bracket
- > Pressure tested breather

**Brackets**

- > Various mounting options
- > Vertical & horizontal mounting
- > Simplified fitting
- > Torx security fasteners

**Compatible With LINX**

Solis can be fully integrated into LINX. The w will need to purchase a patch lead that is simple to install + set up the new light and its features within the LINX system. Features include custom pre-sets, infinite dimming control, courtesy light feature and dedicated Solis icons and function.

**What's In The Package?**

- > Light
- > Extra (black) bezels
- > Bracket
- > User guide

See them in action at  
[www.britpart.com/solis](http://www.britpart.com/solis)

**IMPORTANT**

If you want to install Solis Lights to use with the LINX system you will need both - SJBHARN & SJBLINX, but you don't need to install the touchpad since you'll be controlling the lights through the LINX app.

**SJB36F**

**ARB Intensity Solis 36 LED Flood Light - Single**

Input - 10 - 30V  
Power - 165W  
Current draw - 12.4A @132V  
Output - raw - 18,178 lumens  
Output - effective - 8,333lumens  
1 Lux reading - 729m  
Spread - 11 degrees  
Input cable length - 450mm  
Operating temperature - -40°C to +65°C  
Colour temperature - 5,700 Kelvin  
Weight - 3.3kg  
Connector - 4-pin AT waterproof plug  
Dimensions (W x H x D) - 225 x 220 x 120mm

[www.britpart.com/arb-lights](http://www.britpart.com/arb-lights)

**SJBHARN**

**Solis Wiring Loom & Dimmer Touchpad**

**Important** - Needed to fit 2 x Solis lights

- > Silicone touch pad
- > Intuitive feel touch - no eyes off the road
- > Simple 3 button control
- > Easy fitment
- > Cable can be directed at back or out bottom
- > Percentage changes - 5%, 25%, 50%, 75%, 100%
- > Silicone sleeved for durability and protection
- > 58mm (L) x 10mm (D) x 25mm (W)
- > The touchpad is required to operate the ARB Intensity Solis™ lights if no LINX system is connected

- > Virtually unbreakable polycarbonate lens
- > UV stable moulded polycarbonate lens cover
- > Durable UV stable powder coat
- > High power Amphenol AT06 waterproof connector
- > Over voltage protection to 30VDC
- > Protected against RFI/EMC interference
- > Dust and waterproof to IP68
- > Tested to MIL810-STDG for vibration
- > RoHS compliant
- > CE compliant
- > UNECE R10 compliant
- > For Intensity Level #3 (UNECE R149 compliant)
  - Power draw 36W
  - Current draw 2.7 Amps @ 13.2V
  - Effective Lumens 2,700LM
  - Distance @ 1Lux - 426m (single light)
- > For Intensity Level #5
  - Power draw 82W
  - Current draw 6.2 Amps @ 13.2V
  - Effective Lumens 6,000LM
  - Distance @ 1Lux - 620m (single light)
- > Warranty 3 years - Global warranty

**What's In The Package?**

- > 2 x Lights & 2 x clear covers
- > 2 x Mounting bracket & mounting hardware kit
- > UV-resistant interchangeable red or black bezels to suit
- > Wiring loom with dimmer (touchpad)

**Interchangeable bezels**

### ARB Driving Lights & Light Bars

**ARBVX17B NEW**  
ARB Intensity IQ  
Pair

#### Overview

The ARB Intensity IQ has been developed from the ground up, with performance front of mind, whilst delivering a design that complements modern vehicle styling and bar work. With a subtle introduction of ARB red within the light, the free-form clear front lens, bezel-less design and CNC machined ARB logo provide a modern, classy and premium look. Packed with unique features, the Intensity IQ sets a new level of driving light design and usability.

A unique 4-optic design (Super Spot, Spot, Flood and Midrange) is employed to provide virtually an unlimited choice of light beams to suit any road condition. The Super Spot and Spot optics, based on free-form reflector technology, produce an even spot beam for extended distance illumination. The Flood optic has a specially designed lens to maximise the light spread for excellent foreground visibility. The Midrange optics employ a conventional parabolic reflector to illuminate the midrange area. Furthermore, the beam pattern of each of the two lights can be independently adjusted so you could run, for example, one focused on spot and one focused on flood.

#### Innovative Mounting Bracket

Intelligent thermal management maximises light output in all driving conditions and provides outstanding LED life expectancy. Cooling is maximised via the die cast aluminium body which acts as a massive heat sink. An innovative, sleek new mounting bracket design not only allows adjustment of light beam angle, but also provides additional mass and surface for cooling.

#### Customisable On-board Switch

The Intensity IQ is equipped with a switch to:

- > Turn on and off the driving lights
- > Provide 8 selectable and customisable pre-set light beams
- > Disable courtesy light function (delayed light off after ignition off)
- > Turn on/off Euro mode (light beam complying UNECE R149)
- > Activate/deactivate demo mode
- > Restore factory settings

ARB products available in the UK only.

See them in action at  
[www.britpart.com/iq](http://www.britpart.com/iq)

The switch is customisable via the ARB Intensity IQ app (available via the App Store for iOS and Google Play for Android), which allows users to:

- > Turn on and off the driving lights
- > Adjust the intensity of each row of optics on each individual light (or both at once) to create your ideal beam pattern
- > Setup the fade in/out feature
- > Turn on/off courtesy feature and adjust timer
- > Activate the work light function (lights on without high beam on)
- > Select a light network to connect to (for example if you have 2 different vehicles, each with IQ lights)
- > Save or undo the change
- > Turn on and off the Euro mode
- > Set the on-board switch response time
- > Restore factory settings

#### Specification

- > LED Configuration Super Spot: 4 x Cree XP-P LEDs  
Spot: 2 x Cree XM-L3 & 3 x XP-P LEDs  
Flood: 18 x Cree XT-E LEDs  
Midrange: 4 x Cree XM-L3 LEDs
- > Input Voltage: 11-32V Power: 170W @ 13.2V  
Current: 12.9A @ 13.2V
- > Output - Raw Lumens Max Spot 7,070 Lumens  
Max Flood 14,060 Lumens
- > Output - Effective Lumens Max Flood 6,666 Lumens  
Max Combo 6,265 Lumens  
Max Spot 6,613 Lumens
- > Distance @ 1 Lux (1 Pair) Max Spot 1,350m  
Max Combo 1,105m  
Max Flood 900m
- > Operating Temp. -40°C to +80°C
- > Colour Temperature 5700 - 6200K
- > Compliance CE ECE R10, R149, UKCA, RCM, FCC, ROHS
- > Weight 3.8kg
- > Dimensions 220mm (W) x 215mm (H) x 142mm (D)
- > Warranty 3 years
- > Kit Includes 2 x Digitally controlled driving lights  
2 x Mounting brackets & mounting hardware kits  
1 x Vehicle harness  
1 x Switch with cable & connector  
1 x Control module with cable & connector  
1 x Set security bolts & tool

### LED Bumpers

These smart and functional standard fit Defender bumpers are equipped with a pair of LED lights for additional lighting in the dark or day light running for safety.

- DA8600** Front bumper with Ring LED lights
- DA8600XS** Front bumper with Ring LED lights and rubber end caps
- DA8600LED** Ring LED lights - pair  
Fitted with 5 x 1.5w ultra bright LEDs  
Dimensions - 57 H x 145 W x 55mm D / Voltage - 12 - 24V DC / Watts - 15W
- DA9500** Front bumper with LED lights
- DA9500XS** Front bumper with LED lights and rubber end caps
- DA9500LED** LED lights - pair  
Fitted with 8 x ultra bright LEDs  
Dimensions - 28 H x 140 W x 47mm D / Voltage - 10 - 30V DC / Watts - 4W

### Individual Lights

#### Defender - 1987 - 2006 & Series 2 & 3

High quality 73mm LED lights. Supplied as singles. Unless otherwise stated Wipac branded, multi-voltage 9 - 33V, waterproof to IP67, E Marked and SAE approved, AMP type connector fitted and complete with stainless steel screws.

Fitment	Type	Clear	Amber	Red	Smoked
Front side light	LED	LR048189LED			
Front indicator	LED	LR047798LED	LR048188LED		
Side indicators - Td5 onwards - Pair	LED	DA8530*	DA8532*		DA8535*
Rear indicator	LED		LR048187LED		
Stop/tail light	LED	LR048200LEDCL		XFD100100LED	
Number plate light	LED	XFC100550LEDG			
High brake light - 2002 onwards	LED	LR044451LEDW*		LR044451LEDR*	LR044451LEDB*

These LED brake lights replace the factory fit high-level brake light. The replacement unit provides a simple plug and play fitment for quick and easy installation. These are not a replacement LED bulb. The LED brake light is supplied as a replacement moulded housing containing an E-Marked LED unit. \*Non-Wipac.

#### Defender - 2007 onwards

High quality 73mm LED lights. Supplied as singles. Unless otherwise stated Wipac branded, multi-voltage 9 - 33V, waterproof to IP67, E Marked and SAE approved, AMP type connector fitted and complete with stainless steel screws.

**LED Headlights - Britpart Lynx Eye**

Defender, Series & Range Rover Classic  
Durable polycarbonate lens & die-cast aluminium housing provide maximum protection

Right hand drive	<b>DA6282</b>	Pair	<b>DA6282K NEW</b>	Single
Left hand drive	<b>DA6283</b>	Pair	<b>DA6283K NEW</b>	Single

- Features & Benefits**
- > Standard 7" fitment
  - > Light source - 8pcs CREE(XML-10W) LED
  - > Certification - DOT & E-mark
  - > 2800LM@30W on low beam
  - > 4450LM@48W on high beam
  - > Durable polycarbonate lens stands up to harsh environmental conditions
  - > Rugged solid LED means never having to replace another bulb again
  - > Die-cast aluminium housing provides maximum protection

**Note** - Some EU countries may require fitment of headlight washers.

- General Specifications**
- > Lens material: Polycarbonate
  - > Housing material: Die-cast aluminium
  - > Mounting: Replaces PAR56 headlights
  - > Mounting connector: H4 and H4 to H13 converter
  - > Colour temperature: 6000-6500k

- Technical Specifications**
- > Low beam: 2.5 amps @ 12V DC
  - > High beam: 2.00 amps @ 24V DC
  - > Low beam: 1.25 amps @ 24V DC
  - > Row lumen output: 5600LM
  - > Effective lumen output: 3640LM

## Britpart x Car Throttle

We are delighted to share with you two special Car Throttle episodes! This exciting project filmed at Britpart HQ, puts a Discovery 2 & Discovery 3 to the test. In Episode 1 the Car Throttle presenters, Alex, Jack & Ethan, prepare the vehicles with the help of the Britpart team and our friends from TerraFirma. Episode 2 follows as the team as the embark on a camping adventure and put the vehicles to the test in the off-road arena!

Watch episode one here - [www.britpart.com/throttle1](http://www.britpart.com/throttle1)

**Technical Specifications**

- > Hard-coated polycarbonate lens
- > eCoat aluminium housing and internal structures
- > Metallized reflector
- > 1.3mm CSA / 16 gauge wire
- > Light source - 2 LED arrays
- > Multi-volt (9V-33V) design works with both 12V and 24V systems
- > More technical information available online

**Note** - Some EU countries may require fitment of headlight washers.

**Features & Benefits**

- > ECE & ROHS compliant
- > LED sealed beam technology with polycarbonate lens and sealed electronics
- > Up to 50 x longer life than halogen headlights, lowering life-cycle costs
- > Produces pure white light, nearly identical to daylight that is easy on the eye, unlike harsh blue HID systems
- > Includes built-in position light with optional wiring
- > Offers great forward vision, improved roadside coverage and highly controlled beam patterns, offering glare protection to oncoming traffic
- > Dipped/passing beam and main/driving beam functionality
- > Ultra-bright output for maximum night visibility
- > H4, 3-Blade connector system (main & dipped beam only)

**Xenon Ultima Headlight Upgrade**

**DA5014**

Right hand drive  
 Pair  
 Xenon 7" universal fit headlight upgrade kit includes Xenon Ultima bulbs.  
 Suitable for Defenders, Series and Range Rover Classic. Xenon Ultima is the first auto bulb to put 120% more light on the road. The lights have a complex surface to give a superior light distribution. They are E-approved, fully road legal and the kit includes headlight units and xenon bulbs. 3 year warranty.

### Osram Xenarc Night Breaker Laser D3S

**DA5201**

**Osram Xenarc Night Breaker Laser D3S**

**Up to 200% more brightness** - To see further and therefore react sooner compared to the minimum legal standard

**Up to 250m long beam** - For better visibility

**Up to 20% whiter light** - Compared to the minimum legal standard (close to laser look)

The most powerful xenon light from Osram Xenarc Night Breaker Laser is the brightest Osram xenon light. This powerful light with efficient xenon technology ensures a better visibility on the road: up to 200% more brightness compared to the minimum legal standard.

More light allows to see further and therefore react sooner. Added to this is the up to 250 meter long beam and up to 20% whiter light, close to laser look (compared to the minimum legal standard).

**Note** - XENARC light change is recommended to be carried out by a professional and in pairs.

Power input - 35W  
Nominal voltage - 42.0V  
Nominal wattage - 35.00W

### Osram Xenarc Cool Blue Intense Extra White Light

**DA5094-150 NEW**

**Osram Xenarc Cool Blue Intense Extra White Light**  
*Extra white light for stylish LED look*

Extra white light due to a special filling system used instead of conventional coating

**Up to 6,200 Kelvin**

High contrast and brilliantly white light for most stylish and modern look on the road

**Up to 150% more brightness**

More light allows to see farther and therefore react sooner

Xenarc Cool Blue Intense - discover that modern look at high power! With its extra white light for LED look,

high contrast xenon light, this automotive lamp appeals especially to drivers who like the perfect combination

of stylish and individual design with exceptional road illumination. The high-tech xenon light with colour

temperatures of up to 6,200 Kelvin comes up with a highly efficient technology, brilliant effect and no-compromise

design. Thanks to a special filling system which is used instead of conventional coating the lamp emits its extra white light. This stylish light creates a high attention effect that helps you to be better seen by other motorists. Discover the exceptionally bright, high-contrast and brilliantly white light with up to 6,200 Kelvin and 150% more brightness! With Xenarc Cool Blue Intense, the night turns into day. Please note: XENARC lamp change is recommended to be carried out by a professional. More technical details available online.

### LED Strip Lights

#### Astro 12V LED Strip Lights

- > Long life, high intensity LEDs
- > Wide spread of light
- > Angled light source
- > Quick to install
- > Compact design
- > Waterproof to IP66
- > E-type approved

The Astro gives a wide spread of light; perfectly angled for awning and area lighting. The lights incorporate the Orion LED strip light which uses the latest in LED technology, offering optimum performance and extended life. The properties of these LEDs give greater luminosity, allowing for a brighter unit whilst using fewer LEDs to maintain the low power draw. The Astro is approximately twice as long as a standard awning light, thereby increasing the spread of light along the side of a vehicle offering greater external illumination. The angled wash of light to the floor also makes it a perfect light source to illuminate work areas, shelving, lockers and much more. The LED strip sits within a slim aluminium housing which conceals the fixings; and with ABS snap-on end caps, this compact light unit is quick and easy to install. The PCB driver, components and LEDs are completely encased within a polycarbonate extrusion, which protects against moisture ingress.

### Optimum performance & extended life

#### Nebula 12V LED Strip Lights

- > Long life, high intensity LEDs
- > Quick to install
- > Compact design
- > Robust construction
- > Unique impact deflection design
- > E-type approved

The Nebula incorporates the Orion LED strip light, which uses the latest in LED technology, offering optimum performance and extended life. The properties of these LEDs give greater luminosity, allowing for a brighter unit whilst using fewer LEDs to maintain the low power draw. Set in a low profile, tough aluminium housing, the Nebula is quick and easy to install, making it suitable for both new vehicle specifications and retrofitting into existing vehicles.

### Dog Ramp

**Make life easier for you & Rover!**

See it in action at [www.britpart.com/DA1631](http://www.britpart.com/DA1631)

#### DA1631

This handy dog ramp is perfect for dogs who have difficulty jumping into the back of your Land Rover. With an anti-slip coating the ramp is quick and safe to use even in wet conditions. The ramp is perfect for aging & injured dogs as well as puppies and smaller dogs who can't reach! No more hurting your back lifting up your dog!

#### Features

- > Telescopic lightweight design for quick and easy storage
- > Rubber feet to hold ramp in position
- > Catch to hold together when stored
- > Anti-slip coating

#### Specifications

- > Maximum weight capacity - 90kg
- > Weight - 7kg
- > Length compressed - 1,000mm
- > Length extended - 1,850mm
- > Width at widest point - 450mm
- > Deck width - 390mm

Seat box cover only

Defender - R380 transmission & Defender - Puma 2.4

The acoustic mat system has been designed to drastically reduce noise entering the cabin of your Land Rover. Made from cast dense polyurethane, the mat is built to industrial standards for reducing noise levels often found in construction equipment. It provides a hard wearing, durable surface that can withstand constant daily use & is easy to clean. A custom fit mat drastically reduces noise entering the cabin and panel reverberation.

**Q Does the acoustic mat system fit Lightweights?**

A. It has been fitted to lightweights but it wasn't designed to and it's a tricky job. It involves a lot of cutting.

**Q What about seat box lids?**

A. The seat box mat has witness marks on its under side corresponding to all the features of the seat box. It can be cut to your individual requirements using a HD craft knife.

**Q What about the trapped water?**

A. Anything you put on the floor will trap water/condensation, even the new mats supplied by Land Rover. As the acoustic mat system is a hard wearing secondary surface you now have the ability to rustproof the inner surfaces of the floor. You will find that it is only a small amount of water and does dry out.

**Q What does the foam do?**

A. There is closed cell foam in the area of the footwells and floor panels. It is there to take some weight out of the mat and provide more comfort under foot. The foam has very little acoustic properties.

**Q How heavy is the system?**

A. Approximately 25 kilos of dense polyurethane which is the barrier to noise. This is equivalent to having a spare wheel and tyre spread over the floor area. This is why it is so effective.

**Q How effective is the mat system?**

A. It would be impossible to quote the reduction in decibels as each application would be different. In testing we used a SWB 2A with a NA 2.5 freight Rover diesel engine. The owner can now have a sensible conversation at full speed!

**Q What if I want to get to the gearbox?**

A. In the good old Haynes manual tradition, removal is the reversal of fitting. It takes about 5-10 minutes to remove. You shouldn't ever need to remove the seat box mat or bulkhead mat, unless you wish to transfer them to a different vehicle.

**Q What if my mats are distorted?**

A. In most cases, over time it will return to its cast shape. Try to warm it to speed this up.

**Easy to Fit & Clean**

- > Reduces noise - the complete system negates the need for engine and gearbox blankets
- > Hard wearing - harder wearing than rubber - it will probably outlast your Land Rover
- > Easy to fit - no glue and is transferable
- > Easy to clean - can be hosed out
- > Insulation - provides insulation to keep heat out (or in)
- > Inert - mat will not rot or hold water unlike felt or carpet
- > Resistant - material is fuel, oil, water and sunlight resistant
- > Fire retardant
- > Recyclable

**DA1756BLACK**

Defender/Series

The kick plate on the Defender is prone to damage and can lead to the inside of your Defender looking tatty and tired. Protect that edge and smarten up your interior by fitting a pair of these panels.

- > Supplied in pairs
- > Can be trimmed to fit Series vehicles
- > To be paired with Acoustic Mat Systems
- > Easy to fit & easy to clean
- > Inert - will not rot or hold water
- > Resistant - material is fuel, oil, water and sunlight resistant
- > Fire retardant

# SEATS & TRIM

## Carpet Kits

### Defender Carpet Kits

Once installed, these easy to fit, hard wearing carpet kits will transform your Defender's interior. The black 5mm woven pile carpet is manufactured with a hardback which ensures it holds its shape for years to come. All holes are pre-cut for a precision fit. No glue is required and with only strips of double-sided tape (supplied where applicable), fitment is quick and easy with no mess. The carpet also has the added advantage of improving soundproofing within the cabin. When applicable, floor mats have a reinforced edged for a smart, hard wearing finish.

**Note** - The carpet kit will not fit over rubber moulded mat sets. As a general rule, our carpet will however, fit over sound proofing kits such as Dynamat. Why not Dynamat your vehicle at the same time as fitting this kit. See our extensive range of kits - [www.britpart.com/dynamat](http://www.britpart.com/dynamat)

### DA4910 NEW

Defender - up to & including 200Tdi

- > Lightweight and compact
- > High comfort
- > Tubular frame construction
- > High quality recline mechanism for smooth and easy adjustment
- > Compatible with 3 or 4 fixing point harnesses
- > Base mounted - 271 x 345mm

These Sparco seats are ideal for Defenders (excluding truck cabs\*). Drawing on decades of racing history, Sparco has created a line of street car seats that offer the ultimate in comfort and performance. The ergonomic designs help cradle and protect the driver against even the most demanding lateral forces.

The R100 is Sparco's latest incarnation of ground-breaking steel-model seats. It features redesigned bolsters for greater support and new padding configurations for improved comfort. It has been built with comfort and support in mind but it's lower side bolsters and slightly narrower steel frame allow it to fit into vehicles where fitting seats with larger side bolsters may be difficult. The seat features backrest harness slots so that it can be used with a race type harness or normal seatbelts.

The seats can be reclined using the double adjuster lever. Made from a durable fabric, the R100 is available in single tone or duo-tone styles. Duo-tone styles feature contrasting side accenting and stitching to match any interior. The Sparco R100 range is designed to attach using Sparco vehicle specific seat mounts.

\*Not suitable for vehicles with truck cabs fitted as they restrict the leg room in the vehicle.

Corbeau Seats

Corbeau Sportline RRS Low Base Seats

A revised version of the RSS, the Low Base has been designed specifically for Defender owners. The RRS has modern styling, giving you the ultimate in comfort and safety. This steel-framed sports recliner has a high quality moulded foam cushion, with lumbar support to give maximum comfort whilst not compromising lateral support. With its ultra low side bolster this is the perfect application for any high rise vehicle.

Fitted with a high quality single reclining and tilting mechanism for ease of adjustment.

Sold in pairs.

1 x Cushion foam  
1 x Headrest cover

DA5688

- DA5687 Vinyl twill
- DA5688 Techno
- DA5685 Black
- DA5686 Grey

### Off-roading? Got a working Land Rover?

Well the chances are your seats won't be in showroom condition, luckily Britpart have the answer - a Defender re-trim kit.

#### Online Fitting Guide

We have compiled a 25 minute tutorial giving you a detailed step-by-step on how to disassemble and assemble your Defender seat and information on the correct use of the included parts.

[www.britpart.com/re-trim](http://www.britpart.com/re-trim)

*Black Mesh material re-trim kits now available. Matching cubby box also available with Black Mesh top.*

*All products leaving the Trim Shop are manufactured to the highest standard.*

### Seat Handle & Cover Kit

DA5495

A pair of Defender seat handles and covers

### Trade Tack Stab

##### DA6348

Super bond spray adhesive

- > High strength
- > Variable spray
- > Quick
- > Clean
- > High tack/long tack
- > Very fast set
- > 250ml aerosol

Ideal for bonding and laminating of polyurethane foam, polystyrene foam, fibres, fabrics & felts etc to themselves.

**Defender & Series**

DA2662MESH

Fitting a Britpart cubby box in your Land Rover will help you keep your vehicle clutter free. With a double cup holder as standard, spilt drinks are a thing of the past. Hand-built in the UK, these quality cubby boxes are suitable for Series 3 and Defenders. Expertly crafted with precision tools using a hard wearing leatherette outer with locking stay brass hinges.

FWJ500020PMA

**'Chubby' Boxes**

Fitting a Britpart 'Chubby' box in your Land Rover will also make driving more of a pleasure with the extra padded lid. In addition to our standard cubby box features, our 'Chubby' boxes have a lovely thick and comfy 80mm thick lid. This compares to 20mm thick lid for a standard cubby box.

DA2091

# SEATS & TRIM

## Trim

### Seat Box Protectors

- DA7370 NEW** Brushed Stainless Steel
- DA7371 NEW** Black steel

Defender Pair

The edge of the Defender seat box is prone to damage, protect that edge and smarten up your interior with these protectors. Made from 2mm steel. Less than 5 minutes to fit and all you need is a drill for the fixings. Kit includes a pair of corner protectors and 8 x 19mm flanged steel self drill fixings. These will also fit a Series 2 & 3 but will require matching drilling to accommodate seat rail fixing.

### Rear Window Surrounds

- DA2932**
- Defender 90**  
*With window cut-out*
- DA1643** Black
  - DA2933** Dark Grey
  - DA2932** Light Grey

- Without window cut-out*
- DA1644** Black
  - DA2935** Dark Grey
  - DA2934** Light Grey

These rear window surrounds will fit all versions of the 90, however, if the vehicle has a higher bulk head, the fitter will need to remove a section of the surround which is clearly marked with a witness line on the inside of the moulding. This can be done very easily with a 'Stanley' knife or similar.

### Interior Trim Panels

- Footwell Trim - Suffix A - Flat**
- 391294** Left hand drive Right hand side
  - 391295** Left hand drive Left hand side

# SEATS & TRIM

## Seat & Trim Accessories

### Retrofit Seat Heaters

#### DA5717

These retrofit seat heaters will allow you to enjoy a comfortable and warm seat in any Land Rover vehicle with a removable seat cover. These highly durable and flexible heating elements are placed between the upholstery and seat cover on the seat base and back and will not alter the shape of the seats. There are two switches provided for the driver and passenger seats which allow the heat output to be altered to the two different settings. A ready-made cable set connects the switches to the 12V on-board power supply to the heat the pads. There are integrated temperature sensors which ensure that the seat heater will not overheat.

Operating voltage: 12 volt

Output: Low - 44 watts / High - 90 watts

Dimensions: Seat base - 400 x 280mm / Backrest - 300 x 280mm

- > Complete set for driver and passenger seats
- > Two stages of heating
- > Kit includes four heating elements and items needed for installation
- > Pre-assembled cable set with switching relay and buttons included
- > Temperature guard to prevent overheating
- > Heating elements are durable and extremely flexible
- > For use on seats which have a removable cover
- > Includes fitting materials and instructions
- > Test mark: e-approved to 95/54/EC (EMC guidelines for vehicles)

#### DA5717W

Domestic version available

[www.britpart.com/DA5717W](http://www.britpart.com/DA5717W) for full details

*Enjoy warm seats at the flick of a switch*

### Bulkhead Bars

#### DA1810

Defender OEM bulkhead removal bar kit

#### DA2351

Defender bulkhead reduction bar kit

#### Need more leg room and seat adjustment in your Defender?

These bulk head bars alleviate that problem without compromising strength. The bulk head bars allow for extra seat recline and travel on the seat base - giving you a more comfortable seating position and more space in the front foot wells. The bars create a rigid bracing for the front of the Defender tub as well as the added benefits of extra room in the vehicle due to the seats being more manoeuvrable, access to the rear of the Defender is now not compromised by a higher bulk head. Powder coated and supplied complete with all the necessary fixings and instructions.

### Extended Seat Rails

#### DA2148

Give your Defender (including 2007 onwards model) seats 3" of extra slide with a pair of these seat rails. Ideal for the taller driver to give a more practical and comfortable driving position. One pair of rails is suitable for one seat.

*Ideal for the taller driver.*

*A more practical and comfortable driving position.*

### Ring Air Compressor

#### DA5078

#### Ring Rapid Digital Tyre Inflator

- > Powerful inflation from a 12V socket
- 4x4 tyre inflates in 5 minutes.
- > Easy and accurate set up - rotating dial to pre-set the pressure. Automatically stops once pressure reached. Screen on top of the device to read easily while using.
- > LED light built in for safer use at night.
- > Back lit digital display is easy to read.
- > Long cables to reach tyres all around the vehicle.
- > Comes with three piece adaptor kit for small inflatables & bikes.

## Diff Lockers & Associated Equipment

### ARB Diff Lockers, Air Compressors & Equipment

#### LX100

#### LINX - The Next Generation Of 4x4 Accessories

LINX is a unique modern controller that de-clutters the dashboard and centralises the command of vehicle accessories by replacing classic switches, gauges and monitors with one sleek and smart driver interface. Built on an expandable platform, LINX will continue to evolve your on and off-road driving experience both now and into the future.

#### Experience Total Control

Fitting out a modern 4x4 with a range of accessories such as driving lights, air lockers, dual batteries and air compressors can quickly lead to a dash full of out of place, hard to reach switches and a myriad of gauges and monitors either stuck to the windscreen or drilled into the dashboard - not to mention all the associated fuses and wiring.

LINX offers a single point of control via its user-friendly, Bluetooth enabled, mobile touch screen display. The LINX mobile display mounts conveniently and unobtrusively within reach of the driver while the main control hub lies neatly out of sight under the dash or seat; taking care of all accessory wiring.

LINX comes with six pre-installed modules: Front and Rear Traction, Compressor Control, Accessory Switchboard, Battery Monitor, Speedometer and Air Suspension Control.

#### General Settings

Beyond its expansive range of modules, LINX presents a truly adaptable platform with module level settings, as well as, many additional general settings.

#### Functions

- > Set theme colour to match your vehicle's dash
- > Engage night mode which engages when your headlights are activated
- > Set all measurements to your preferred units
- > Software upgradeable via WiFi connection

#### 7450109

#### LINX Airbag Suspension Isolation Kit

This allows owners with air suspension to take full advantage of LINX's Airbag Suspension Module

#### 7450107

#### LINX Pressure Control Kit

Offering 'set & forget' simplicity to tyre inflation as well as remote control over your airbag suspension

#### What's In The Box

- > LINX display screen
- > LINX controller
- > USB charge cable
- > 3 wiring looms
- > LINX gimbal mount
- > Quick start-up guide
- > 1 Pre-installed display screen protector

There's much more to LINX than meets the eye - see how it can unlock a brand new experience with your 4x4 accessories. Visit the LINX site to explore each feature - [linx.arb.com.au](http://linx.arb.com.au)

## 4X4 ACCESSORIES

ARB products available in the UK only.

#### ARB High Flow On-board Compressor Assembly

- > Airflow - 87.2lpm
- > Designed for Air Locker use
- > Sealed for moisture and dust resistance
- > Quality components for quiet operation and extra long life
- > Hard anodised cylinder bore & Teflon impregnated carbon fibre piston seal for reduced friction & maximum trouble free life
- > Heavy-duty maxi-fuse equipped for professional in-line circuit protection
- > Anodised mounting brackets dissipates motor heat and allows compressor to be repositioned by 180°
- > Constructed entirely of lightweight, high strength engineering grade materials
- > Over-pressure safety valve equipped
- > Motor is internally thermal protected against extreme temperature damage

DA4190  
12 volt  
DA419024V  
24 volt

#### DA4958

#### ARB Compact 12 Volt On-board Compressor Assembly

- > Airflow - 27.7lpm
- > Designed for Air Locker use
- > Compact, vehicle mounted design
- > Sealed for moisture & dust resistance
- > Quality components for quiet operation & extra long life
- > Mounting bracket allows for versatile positioning
- > Kit contains 12V air compressor, mounting bracket & hardware, auto on/off pressure switch, plug-in Air Locker wiring loom and installation instructions

#### DA4985

#### ARB Twin On-board Compressor Kit

Designed to fill the market need for a compact sized yet high-volume compressed air source to suit the high volume airflow needs of most air powered tools it also suits the actuation and control needs of the ARB Air Locker, and the harsh and demanding environment of the ARB Air Locker user. Much more information available online.

ARB Diff Lockers, Air Compressors & Equipment

DA8961

- 180223SP NEW** Front locker dash switch
- 180224SP NEW** Rear locker dash switch
- 180222SP NEW** Compressor dash switch
- DA8959** Switch bracket - 1 switch
- DA8960** Switch bracket - 2 switches
- DA8961** Switch bracket - 3 switches

**DA6836**  
ARB Air Tank

- 
- Ideal for use with ARB's twin motor and high output on-board compressors.
  - > 4 litre aluminium air tank
  - > Rated to a maximum working pressure of 1030KPA (150PSI)
  - > Delivers high volume air output suitable for rapid tyre inflation and most air powered tools
  - > Two ¼ NPT ports (input and output) with JIC-4 male fitting pre-installed
  - > Designed for use with ARB's on-board compressors
  - > 50% lighter than an equivalent steel tank
  - > Mounting hardware included

**DA6837**  
ARB Air Locker Manifold Kit

- 
- > Designed for the remote mounting of air locker solenoids
  - > Stainless steel braided PTFE hose and fittings connect to and cool the compressor outlet air
- Kit includes  
 Manifold body with mounting bracket  
 2 x ½" BSP ports for installation of up to 2 x Air Locker solenoids  
 2 x ¼" NPT ports, one to be used as an input and the second could be used for installation of a pump up kit  
 1 x high temperature resistant Teflon stainless steel braided hose with heavy duty JIC4 fittings  
 2 x JIC4 - ¼" NPT nipples to connect the included hose to the compressor outlet and manifold kit input  
 2 x M6 hex head bolt and nylon lock-nuts for securing the manifold kit

**0740300**  
ARB Air Locker Heavy-duty Pressure Air Line Kit

The kit is designed for use on one locker. Suits black 6mm and existing blue 5mm. No hose.

**DA8994**  
ARB Air Compressor Pressure Switch

Threads into the ARB air compressor to regulate internal pressure in the compressor tank. Turns compressor on at 70psi and off at 100psi.

**180409**  
ARB Wiring Loom

ARB air compressor wiring loom for DA4190 & DA419024V

**170112**  
ARB Diff Breather Kit

- > Specifically engineered to work with differentials and ARB Air Lockers
  - > Compact and lightweight design with push-in fittings for simple installation
  - > Four breather ports for multiple applications
  - > Mounting holes will accommodate M6 bolt or stud
  - > Splash resistant air filter with washable high flow sintered bronze filter cartridge
  - > Oil, water and heat resistant 8mm polyurethane tubing reduces likelihood of oil blockages
- 1 x Anodised aluminium manifold  
 1 x Air filter  
 1 x 8mm x 8m polyurethane tubing  
 4 x 8mm- 1/8" BSP push-in fittings  
 3 x 1/8" BSP plugs  
 2 x Self-tapping screws  
 10 x Cable ties

**DA8988**  
ARB Diff Air Feed Ring & Pipe

**DA4392**  
Replacement Solenoid

For the compressors to activate the ARB airlockers.

**3501010**  
ARB Universal Compressor Bracket

Enables the installation of compressors DA4190, DA419024V, DA4958 & DA4985 and air tank DA6836 with optional Air Locker solenoids, quick connect coupling, switch, manifold kit (DA4985 only) and ARB LINX PRV in various mounting positions.

**DA8987**  
ARB Diff Side Clip

ARB - RD150602

**160235-2 NEW**  
ARB O-Rings

2 x O-Rings for 24 spline air locker

**DA8956**  
ARB Bulkhead Fitting Kit

Handy little kit to help pass an airline through any panel. 5mm to 3.5mm O-ring type. ARB 170111

**171314 NEW**  
ARB Remote Hose Coupling Mount Kit

Mount the output for the air compressor remotely in the vehicle.

Those who enjoy heading off the beaten track in their 4x4 know that even the most familiar tracks can present you with unexpected conditions. Whether you're up against a steep incline, uneven & rocky terrain or a slippery muddy track, being able to take advantage of traction is one of the most important elements.

In a vehicle with open differentials in 4WD mode, drive can only go to two wheels at any given time. At the flick of a switch, an ARB Air Locker can send equal drive to both wheels on an axle allowing you to take advantage of the wheels that have traction and push forward along the track.

#### ARB Diff Lockers

- > Provides 100% traction on demand without affecting on road driveability or driveline wear
- > Vastly improved traction means less reliance on momentum, thus reducing the likelihood of vehicle damage and environmental impact
- > Easy, convenient operation allows the driver to concentrate on the terrain without leaving the comfort and safety of their seat
- > Ultra durable and extremely strong - only the highest quality materials used in construction
- > Incredibly simple yet effective design that employs minimal moving parts, thereby ensuring maximum reliability
- > Thoroughly tested and proven design - trusted and used in over 80 countries around the world
- > Easy installation and maintenance - no special tools, skills or additives required
- > Two year warranty guarantees the Air Locker will be free of defects in materials

Air Locker locking differentials allow you to tackle the toughest terrain. As the world's premier traction aid, ARB Air Lockers keep you moving in all conditions. Ultra durable and extremely strong - only the highest quality materials used in construction.

## 4X4 ACCESSORIES

ARB products available in the UK only.

**Notes -** 1. If vehicle was manufactured during 1993, check spline count. 2. Air Locker not available for vehicles equipped with high load option. 3. Ring gear spacer required. Longer ring gear bolts (not supplied) are also necessary - (Land Rover part no. 576521). 4. When an DA4191 Air Locker is to be installed in Range Rovers manufactured prior to 1980 (approx.), special carrier bearings (No. K11300/K11162) may also be necessary - Land Rover part no. RTC3426. 5. Some vehicles have crown wheel bolts which cannot be reused and must be replaced. Consult service manual. 6. P38A is most commonly found in traction control equipped vehicles. Identify P38A type diff by large 205mm [8.07"] flange diameter. P38A was not used on North American delivered Discoverys - use DA4193.

Part Number Series	Vehicle/Model	Year	Axle Location	Shaft Description	Shaft Diameter	Spline	Ratio

#### ARB Diff Cover

Defender - rear Salisbury axles.  
High tensile solid nodular iron structure (tougher and harder than solid carbon steel) protects the differential and ring & pinion set from the obstacle impact hazards of competition rock crawling, or extreme off road trails.  
More information available online.

- DA8926 Red
- DA8934 Black

Ashcroft Transmissions

DA1224

**DA1225 Cross Pin**  
The standard LT230 transfer boxes have a two piece cross pin in the centre diff, this is two shafts with a cut out in the centre so they can overlap. This one piece heavy-duty cross pin is much stronger.

**Diff Locker**

- > A unique non-rotating annular piston locking actuator is designed to eliminate air leaks sometimes found with rotating seals
- > The annular piston is also designed to eliminate the oil blow back in the air exhaust line
- > The large piston area gives maximum hold-in force to reduce the possibility of jumping out of lock
- > Locking ring gives full 6mm positive engagement with side gear, again reducing the possibility of jumping out of lock
- > Gears have been redesigned for maximum strength and durability
- > The lock ring is made from high spec 300m steel to provide ultimate strength and ability to withstand shock loads
- > Locking actuator cage made from steel to withstand shock loading caused by power locking
- > Locker body turned from billet 817M40T (EN24T) to give optimum strength
- > Only change necessary to fit the locker is drill and tap the diff housing 1/4" bsp for the air feed fitting
- > No changes to the axle case
- > Requires on board air supply - not supplied

**DA1224**

Defender 90 - 1993 onwards	Front & Rear
Defender 110 - 1993 onwards	Front
Discovery 1 - 1993 - 1998	Front & Rear
Discovery 2	Front & Rear
Range Rover Classic - 1993 - 1996	Front & Rear

**DA1224SN**

Defender 110 - 2002 onwards (Wolf)	Rear
Range Rover P38	Front & Rear

**DA9011**

**Automatic Torque Biasing Limited Slip Differential**

Defender - 1993 onwards	Front & Rear
Discovery 1 - 1993 - 1998	Front & Rear
Discovery 2	Front & Rear
Range Rover Classic - 1993 - 1996	Front & Rear

**Note** - Not suitable for Salisbury axles.

- > Fully automatic - needs no driver input
- > Totally transparent on road, i.e., no unwanted adverse effects
- > Only comes into play when one wheel loses traction, i.e., a difference in wheel speed
- > Enhances the traction control as it multiplies the bias load created by the braking effect of the traction control
- > Needs no special oils
- > Needs no adjustment as the gears compensate for any wear that takes place
- > Only with 24 spline side gears

**Heavy-duty Crown Wheel & Pinions**

With the standard diff design, under extreme conditions, the front diff tries to climb out of full engagement under full power and then easily strips the teeth. Ashcroft has cut the gears in reverse for the front so they try to push together in mesh rather than push out so much stronger than the original design. Ashcroft looked at the materials used and compared these to the genuine materials used by Land Rover. The range are made from improved materials which is an improvement over the genuine specification. All pinions accept the later 24 spline drive flanges and have the female thread to accept the later type bolt (FS112301P) and washer (FTC5413), all ring gear threads are the stock 3/8 UNF, we stock the late flanges head high tensile bolts for these also FTC5150. Ashcroft have chosen to coat the crown wheel and pinions in chemical black to aid corrosion resistance and offer a unique appearance.

**DA1207** Front with reverse cut

Heavy-duty 4.12 ratio using a tooth count of 33 on the crown wheel and 8 teeth on the pinion.

Defender/Discovery 1/Range Rover Classic

**DA1508** Rear long pinion

Heavy-duty 4.12 ratio using a tooth count of 33 on the crown wheel and 8 teeth on the pinion.

Defender - up to 7A/Discovery 1/Range Rover Classic

Detroit

**Detroit Locker**

- > 100% locking differential
- > Legendary traction
- > Ultimate performance

The legendary Detroit Locker began the revolution in performance differentials and still leads the industry today as an Eaton brand. The Detroit Locker is the most durable and dependable locking differential available. The Detroit Locker maximises traction by delivering 100% of the torque to both drive wheels. It is engineered to keep both wheels in a constant drive mode, and has the ability to automatically allow wheel speed differentiation when required. No other performance differential has the reputation for delivering traction in mud, snow, rocks and on the track. The choice of professional racers and off-road enthusiasts around the world! The durability of the Detroit Locker is unmatched!

**DA5700**

Series 3/Defender/Discovery 1/Range Rover Classic 24 spline Rear

**DA5701**

Series 3/Defender/Discovery 1/Range Rover Classic 10 spline Rear

**DA5704**

Defender - Salisbury axle Detroit Locker 24 spline Rear

*"The choice of professional racers & off-road enthusiasts around the world"*

*"Recognised for its toughness as well as its smooth & quiet operation."*

**Detroit Truetrac**

- > Smooth operation
- > Performs open until needed
- > Fully automatic limited slip

The Detroit Truetrac was the first helical gear differential ever introduced into the automotive aftermarket as an Eaton brand. It remains the leading helical gear-type limited slip differential in the industry. Detroit Truetrac's proven helical gear design eliminates the need for wearable parts, resulting in maintenance free traction. Recognised not only for its toughness but also its smooth and quiet operation. Engineered to work efficiently in front and rear axles, semi-floating (C-clip axles) and transfer cases. Power transfer is so smooth, it literally goes unnoticed by the driver - even in front wheel drive axles. Proven design, low cost and effective performance, all make the Detroit Truetrac limited slip differential the ideal choice for a wide variety of vehicle applications. No maintenance - just traction!

**DA5705**

**DA5711**

Defender - Salisbury axle 24 spline Rear

**Diff Lock Lever Kit**

**DA1178**

Discovery 2  
Early Discovery 2's were not supplied with a centre diff lock function for the LT230 transfer case although the vehicles still have the centre diff lock installed in the transfer case. To get the diff lock function to work it just needs connecting. The linkage is easy to fit, cable operated and very neat. You attach the existing high/low stud to this new lever assembly. This kit will only work on transfer cases with serial numbers starting with either 41D or 42D.

**IMPORTANT**

When fitting a metric diff centre with metric bearings into an imperial casing you will require the additional following parts. Diffs went from imperial to metric in approximately 1983, take a look at one of the heads of the four large journal end cap bolts, if '8.8' is on the head it is metric, if not then it is imperial. Parts are required for fitting to both Truetrac or Detroit lockers.

<b>DA5712</b>	Spacer ring
<b>DA5713</b>	Imperial bearing sleeves
<b>RTC3095</b>	Bearings
	2 x bearings are required
<b>576521</b>	Longer bolts x 10

### First Aid & Travel Kits

For first aid & travel kit contents details  
[www.britpart.com/safety](http://www.britpart.com/safety)

**DA5076**  
**Mini First Aid Kit**  
 First aid kit stored in a lightweight, compact carry case. Great for people on the move and ideal for treating minor injuries. Contents are CE certified.

**DA5077**  
**Complete First Aid Kit**  
 First aid kit that includes a comprehensive range of essentials items stored away in a handy case. Ideal for the car, camping, home and travel. Contents are CE certified.

**DA5028**  
**European Travel Kit**  
 Includes essential items when travelling to Europe. All products are manufactured to UK required standards where applicable.

### Tyre Repair

**DA6652**  
**Emergency Tyre Kit**  
**12V Analogue Air Compressor**  
 > Pressure gauge in psi, Kg/cm<sup>2</sup>, bar  
 > Complete with 3 piece adapter kit for bikes, air beds and other inflatables  
 > Flexible air hose with screw valve connector  
 > Separate on/off power switch  
 > Fitted with fused 12v power plug  
**Analogue Tyre Pressure & Depth Gauge**  
 > Tyre pressure measurement in psi/bar  
 > Gauge range 0-120 psi/0-8bar  
 > Tread depth range 0-25mm

**DA6651**  
**Emergency Puncture Repair Sealant**  
 > 400ml tyre sealant  
 > The sealant is an equal mix of a hydrocarbon propellant and water based liquid latex  
 > 1 aerosol for one tyre, a single use product for tyres up to and including 16"  
 > A temporary repair designed to get you home no need for any tools or wheel changes  
 > For use on tubeless tyres only  
 > Will not repair tyres that have come off the rim, are ripped, have punctures larger than 5mm or have damaged walls

**DA2390**  
**Tyre Repair Kit**  
 Pack and leave an easy to use Britpart tyre repair kit in your vehicle.\* See the wheels section for more details on the tyre repair kit from Britpart.  
 \* Recommended for off-road use only.

**Tyre Repair Sealant**  
 > 400ml tyre sealant  
 > 1 aerosol for one tyre, a single use product for tyres up to and including 16"  
**Accessories**  
 1x pair protective gloves & 1x pair of cleaning wipes

**ARB Speedy Seal Kit**  
**DA8930** ARB Speedy Seal puncture repair kit  
**10100010** ARB Speedy Seal replacement cords x 50  
 Full details in ARB Compressor & Tyre Maintenance Section

**DA1890**  
**Replacement Tyre Sealant & Hose Kit**  
 Equivalent to LR072362 - 450ml sealant  
 LR016392 - adaptor hose  
 Freelander 2 - from EH384095  
 Range Rover Evoque - 2012 - from FH017663  
 Range Rover Evoque - 2019 onwards  
 Range Rover - L405 - from EA157922  
 Range Rover Sport - Mk2 - from EA348512  
 Range Rover Velar  
 Discovery Sport - from FH501420  
 Discovery 5

**Don't Get Stranded!**  
 Be prepared for a puncture or tyre deflation by carrying the right equipment.

### Recovery & Winching Kits

Britpart Pulling Power winching recovery kits come with all the basic items needed to ensure your winch can be used to the best effect. There is a choice of a starter or professional kit depending on your needs.  
**DB1015**  
 1x DB1000 Wheel chocks (pair)  
 1x DB1001 Winch kit bag  
 1x DB1002 Snatch block - 9,000kgs  
 1x DB1006 Tow strap - 8 ton, 60mm x 9m  
 1x DB1007 Tree strop  
 1x DB1010 Winching gloves  
 1x DB1011 Snatch tow sling - 8 ton  
 2x DB1012 Alloy bow shackle - 4.75 ton  
 1x DB1016 Winching blanket

**DB1017P**  
 1x DB1001 Winch kit bag  
 1x DB1002 Snatch block - 9,000kgs  
 1x DB1007 Tree strop  
 1x DB1010 Winching gloves  
 2x DB1012 Alloy bow shackle - 4.75 ton  
 2x DB1329 Jate rings

**RK9A**  
**DA8928**  
**ARB Essentials Recovery Kit**  
 1x 8,000kg snatch strap  
 1x 12,000kg tree trunk protector  
 1x 9,000kg snatch block  
 1x Snatch pack storage bag  
 1x Bow shackles

**DB1017**  
 1x DB1001 Winch kit bag  
 1x DB1002 Snatch block - 9,000kgs  
 1x DB1006 Tow strap - 8 ton, 60mm x 9m  
 1x DB1007 Tree strop  
 1x DB1010 Winching gloves  
 2x DB1012 Alloy bow shackle - 4.75 ton

**RK9A NEW**  
**ARB Premium Recovery Kit**  
 1x 8,000kg snatch strap  
 1x 12,000kg tree trunk protector  
 1x 4,500kg winch extension strap  
 1x 9,000kg competition snatch block  
 2x 4.75 ton Type "S" galvanized shackles  
 1x Recovery dampener  
 1x pair of leather gloves  
**RK12A**  
**ARB Weekender Recovery Kit**  
 1x 8,000kg recovery strap  
 2x 4.75 ton Type "S" 19mm galvanized shackles  
 1x Pair leather gloves

**ARB501A**  
**ARB Large Recovery Bag - bag only**  
**ARB503A**

Long Range Fuel Tanks

DA4547 / DA4548

Defender 90

- > 30 litres (approximately) plastic flow tank
- > Lightweight
- > Supplied as kit
- > Easy to install & use
- > Requires no pumps or added fillers
- > Does not interfere with storage or clearance
- > Compatible with standard Defender fuel filler cap

DA4547

Defender 90 - Td5 & Tdci - up to 8A

DA4548

Defender 90 - Tdci - from 8A

DA4545

Defender 110

DA4545

- > Defender 110 - up to 1999 (pre-Td5 models)
- > Rear arch metal spare fuel tank - right hand side
- > 45 litres
- > Supplied with all the necessary fittings to install and use

DA4546

- > Defender 110 - 1999 onwards (Td5 & Puma models)
- > Rear arch metal spare fuel tank - right hand side
- > 45 litres
- > Supplied with all the necessary fittings as well as a replacement filler neck and specifically engineered bulkhead fitting for the balance pipe, having these makes the fitting of the tank quicker and easier as well as it working better too.

**Note** - Both above tanks are not suitable for use in a Defender 130. Additional bracket required for 7 seater - DA4546KIT.

DA4546

DA4546KIT

The long range fuel tank DA4546 will require this additional bracket when fitting to a 7-seater Defender.

*The best way of getting more fuel into your Defender without using valuable space or complex pumping systems!*

LongRanger Fuel Tanks

LongRanger fuel tanks are a safe and simple way to increase your vehicle's travelling range. Additional fuel capacity is essential for any Land Rover heading off into remote areas. The long range fuel tanks are designed with the latest CAD/CAM manufacturing processes. Using 2mm aluminiumised steel (14 gauge) as the material of choice for the fuel tanks, the tank is individually designed and tailored to suit each vehicle incorporating features such as internal baffling, anti surge dam, in-built expansion chamber and fully sealed brackets. Pre-drilled holes in mounting brackets for fast & easy installation. Fully baffled for better fuel usage & stronger tank design. Comprehensive fitting kit & instructions. More information available online

TA45

Defender - All Hard Top & Wagon Models

- > Fuel type: Diesel
- > Capacity: 80 litres
- > Fitting location: Right hand side sill, outside chassis rail
- > Filler location: Under drivers seat
- > Fuel transfer: 6 port valve - supplied in kit
- > Exhaust modifications: None
- > Other modifications: Sender unit supplied to interface with original gauge

TA62A

Discovery 3 & 4 - Diesel - excludes models with AdBlue

- > Fuel type: Diesel
- > Capacity: 104 litres - 186 litres in total when combined with factory 82 litres tank
- > Fitting location: In place of spare wheel behind rear diff
- > Filler location: Original, new dual filler neck supplied in kit to replace OEM
- > Fuel transfer: Transfer pump (supplied with automatic pump cut-off, gauge & sender unit)
- > Exhaust modifications: None
- > Other modifications: Spare wheel must be relocated, retains standard departure angle. Access to cargo area required to remove wheel winder (drawer units will be a problem). Fits with factory tow bar & Kaymar rear bar
- > Features: Automatic pump cut off. Fully baffled for better fuel usage and stronger tank design. Pre-drilled holes in mounting brackets for fast & easy installation.

### Electronic Altimeter

#### DA1920

The 4x4 Altimeter on-dash integrated information display is a perfect match for any adventure on harsh and uneven terrain, providing data on the orientation of the vehicle (pitch angle, roll angle) as well as its speed. The bright display features an electronic compass for navigation and a light sensor to automatically adjust the device's back-light in line with the brightness outside. Since the altimeter connects via GPS, its speed, location and time measurements are far more accurate than could be achieved with the OEM vehicle read-outs and provide the driver with the information they need on any excursion.

- > Integrated speaker
- > Volume +/- & mute
- > Power on/off
- > Light sensor (automatically adjusts back-light brightness relative to outside brightness to reduce glare)
- > GPS icon (will show when successful GPS connection is established)
- > Current time (hours/minutes - automatically calibrated by GPS)
- > Voltage
- > Vehicle speed
- > Pitch angle
- > Roll/tilt angle
- > Elevation
- > Temperature (internal)
- > Electronic compass (calibrated by GPS)

#### Specification

Pitch angle:      -40° - +40°  
 Roll angle:      -40° - +40°  
 Temp. accuracy:    +/-1°C  
 Voltage  
 measurement range: DC 5-30V  
 Speed precision:    <0.36Km/h  
 Wireless transmission frequency: 2.4GHz  
 Operating temp:    -40°C - +80°C  
 Power supply:      DC 10V ~ 30V

*The perfect match for any adventure on harsh and uneven terrain*

ARB Jacks

1060001

ARB Hydraulic Jack

Adding a new dimension to traditional techniques, the long-travel ARB JACK is backed by the unique power of hydraulic technology. Kicking into action when even the lightest force is applied to the handle, the hydraulics will smoothly jack the vehicle up at up to 13mm increments with each downward manoeuvre. Whilst in action, a black rubber body bumper shields the vehicle from risk of damage during the recovery. The easy-to-access red lowering lever ensures lowering the vehicle is achieved swiftly and safely thanks to the two-stage descent feature and safety stop. Empowering the user with dual lowering speeds, with a press of the lever, a slow or rapid descent can be achieved.

Keeping A Low Profile

Carefully designed upon the importance of matching ergonomic form with safe and reliable function, the handle's high position and top pivot function provides users with ultimate control while preventing the need to uncomfortably kneel down in a deep trench to operate.

Ready For Heavy Lifting

JACK's body is made from hardy aircraft grade 6061 T6 aluminium and the shaft from military grade nitride for maximum strength and corrosion resistance. Running up the body, 9 locating points offer the adjustable hook a wide range of lifting heights; capable of lifting up to a total of 2,000kg. When under load, an internal blow-off valve provides overload protection to safeguard both JACK and most importantly, the user, from the dangerous consequence of the vehicle suddenly dropping if the working limit is exceeded.

Stand Your Ground With 360° Adjustability

Standing true to its adaptable character, JACK features an adjustable foot that can be rotated 360° via the shaft to match the angle of the terrain and reach a firm, stable connection between the base and ground surface.

Specifications

- Minimum lifting height: 160mm
- Maximum lifting height: 710 - 1,230mm
- Travel: 540 - 550mm
- Lifting range: 160 - 1,230mm
- Maximum capacity: 2,000kg
- Compressed height: 890mm
- Extended height: 1,432mm
- Weight: 10.5kg
- Lift per stroke: 13mm

ARB products available in the UK only.

72X10

ARB Exhaust X Jack

Total lift height - 750mm  
Total lift weight - 2 tonnes  
Bushranger® X Jack is designed and engineered to perfection. This award-winning product has a long history in the Australian landscape and put to the test many times. The X-Jack has a triple layer top with a hardcore for maximum protection and stability. The patented two-way inflation system can utilise exhaust or a portable air compressor inflation which provides added control in rate and extent of lift required. The X Jack assists lifting vehicle in a diverse range of situations or conditions such as sand, mud, snow or soft ground.  
**Dual inflation** - Dual alternatives for inflation provide the option of completing the inflation process by connecting a portable compressor to the X jack valve inlet or by the exhaust. (High temp hose included to 140°C.)  
**Quality construction** - The hard top integrated between two layers of reinforced PVC provides structure, reducing the risk of puncture during inflation and deflation.  
**Convenient** - Due to the X-Jacks inflatable nature, it goes anywhere, collapsing flat for easy storage into a heavy-duty storage bag.

Jackall

Features & Benefits

- > Patented 'safety link' mechanism which prevents abuse and misuse.
- > Heavy ribbed, extra large base which provides strength and greater load stability.
- > Cast components assures long life, trouble free operation.
- > Hot roll-formed, alloy steel beam which is strong and reliable.
- > Steel handle locks against beam for convenient storage.
- > Powder coated through and through which reduces scratching, greater corrosive resistance.

- DA3121 48" Jack (4ft) - 8,000lbs capacity
- DA3122 60" Jack (5ft) - 8,000lbs capacity
- DA3130 Top clamp
- DA4058 Maintenance kit
- DA4059 Jacking point adaptor
- DA4061 Mounting kit jack rack

Built with a patented 'Safety Link', the Maasdam Jackall is the 'Jack with More'! Larger base for greater stability. 'Safety Link' mechanism that prevents abuse, misuse and makes operations safer. Jacks come with a lifetime warranty and are built to current ANSI/ASME specifications. When safety and dependability matter most, continue to rely on Jackall.

Rugged & Pow'R-Full Jacks!

Anti-rattle Jack Clamps

### ARB TRED Pro™ Recovery Boards

**TREDPROBB** Black/Black  
**TREDPROMGO** Grey/Orange

#### Features

- > Exotred™ unique and patented composite construction
- > Sipe-Lock™ patented grip profile
- > Unique nylon material for superior flex and durability
- > Special glass filled resin nylon teeth to reduce premature wear from wheel spin
- > Lower profile for stacking and storage
- > Retro fit mounts to suit most recovery board mounting options
- > Ergonomic handles for shovel control
- > Contour ramp with real 4x4 tyre data, dimensions and tread patterns for optimized design
- > The first recovery board to boast a lifetime warranty
- > Made by four-wheel drivers for four-wheel drivers
- > ARB unique colours and branding

#### Technical Specifications

- > CAD modelled 4X4 tyre patterns for the right traction in the right place
- > Unique two material composite over moulded construction
- > Patented composite 2-layer nylon design
- > Glass filled nylon teeth

#### Dimensions

- > 1,160 x 330 x 65mm
- > Nested/stacked height - (one set/pair) 85mm

### TLOARB

#### ARB TRED Pro™ Recovery Leash

Recovery leashes assist in locating your TRED Pros should they bury beyond sight after vehicle recovery. 1500mm length. Supplied as a pair.

### TPMK

#### ARB TRED Pro™ Mounting Kit

TRED Pro mounting bracket has been designed to perfectly suit and secure the TRED Pro recovery boards. Designed to be easy to mount in a variety of ways and allows you to mount two sets (pairs) perfectly nested. Built with off-road enthusiasts in mind, the TRED Pro mounting bracket is made from corrosion resistant materials and a robust, durable design to ensure it satisfies the rugged conditions of the great outdoors.

- > Corrosion resistant - made from the highest quality aluminium and polypropylene
- > Lockable - using a 6mm padlock you can protect your TRED Pros from theft
- > Quick release twist - for when you need to get your TRED Pro in a hurry
- > Easy & versatile installation - tie, bolt or screw to virtually anywhere

**Note** - TRED Pro mounting bracket comes as a single unit. Depending on your fitting requirements you may need to purchase two units. Fastening hardware not included.

### TPBAG

#### ARB TRED Pro™ Carry Bag

The TRED Pro carry bag is made from durable and waterproof canvas material. It features various gear storage pockets for your tow straps, shackles, winch blocks and anything else you need to carry. The extra-large front pocket is made from high quality UV stabilised mesh, great for keeping anything you need to dry out and doubles as a great rear wheel trash bag. The webbing straps will attach to your rear wheel carrier, roof racks and anywhere else you can strap it down, they also double as great backpack straps. There is no other recovery gear bag like it. The TRED Pro carry bag has been designed to hold one set/pair of TRED Pro recovery boards.

#### Dimensions

**Lift Rod Kit**

**DA7531**  
Fully adjustable suspension lift rod kit  
Discovery 3/Discovery 4/Range Rover Sport - 2005 - 2013

*“The ease of changing the ride height is what separates these rods from others in the marketplace.”*

These adjustable rods replace the plastic and rubber parts Land Rover supply on the vehicle. Made from aluminium with an industrial heavy grade rubber bushing, the aluminium parts are anodised black to help with corrosion protection and blending in when in the garage for work.

The lift rods have two settings; standard and off-road. With the air suspension set to normal driving height the lengthened rods will give you standard road and off road driving heights. If you shorten the rods the standard ride height will be approx 50mm higher. If you select off-road height the vehicle will be in the 'super extended' position.

No tools are required and should take no more than 2 minutes to do all four rods.

Access to the front is over the front wheels and for the back is through the rear wishbones (blanket required!)

**Note** - If run for a long time in off-road position then wheels may need realigning.

### Raised Air Intakes - Safari

Pioneered in Australia in the early 1980's, Safari Snorkels were born out of a need to protect 4WD engines from the hazards of dust and water commonly encountered in touring and off road applications.

Safari snorkels are manufactured to the highest standards in durable, UV stable, cross linked polyethylene material, using stainless steel hardware where appropriate. Each system includes quality fixtures and fittings, which offer superior sealing, presentation and long-term durability.

In arguably the best, if not toughest environment, Safari Snorkel Systems are thoroughly researched, tested and tooled for each model of Land Rover. The Safari Snorkel delivers a continuous and cooler supply of air for maximum engine performance. It is positively sealed as well to ensure the best protection against deep water crossings and dust.

#### DA1966

#### XS Snorkel Head

An easy to install enhancement for any Safari or Britpart snorkel. Compliments the Britpart XS range of air vents and grilles.

### Raised Air Intake - Land Rover

#### VPLEP0435LR

Defender 2020 - 90 & 110  
Anthratic coloured finish  
Manufactured from high-quality, durable plastic.  
Secured to Defender's 'A' post and utilises the existing air vent fixings.  
Note - Does not extend the Defender's wading capability past the standard depth of 900mm.

### Raised Air Intake - Safety Devices

#### DA2985

Safety Devices 3" raised air intake which fits the following Safety Devices roll cages - L108, L172, L185, L190, L213, L227, L242, L243, L247, L249, L258, L259, L260. **Note** - Excludes 3" raised air intake head.

# WINCHES

Get To Where You  
Want To Go

### Britpart Winches

on all  
Britpart  
Winches

If you are serious about off-roading then a winch is an essential piece of kit. They are indispensable when getting yourself and others out of tricky situations.

The Britpart Pulling Power range of powerful and reliable electric winches all feature a planetary gear system for fast line speed, free spooling, power in & power out and low electric current. Now with the larger winches you have a choice of having the traditional steel cable fitted or Dyneema rope.

A full range of winching equipment is also available from Britpart - including; safety gear, bumpers, chocks, hooks, shackles & ropes.

Together with the winches you'll be able to 'Get to where you want to go!'

DA5691

DA5691

Discovery 3 winch bumper  
This impressive winch bumper is manufactured from 5mm steel and all the appropriate mounting brackets are made with 10mm steel. Smart powder coated matt black finish. Supplied with fog lights & aluminium washer bottle.

#### Tubular Winch Bumpers

- > Stylish tubular steel space-frame construction for strength
- > Extremely close fitting for maximum approach angle
- > Compatible with many steering guards
- > Built-in high-lift jacking points
- > Integral rock guard
- > Supplied with full fitting kit

**Note** - Grille will need modifying

**DA5609** Defender - air-con Black

Suitable for DB12000i & DB9500i winches

**DA5622** Defender - non air-con Black

Suitable for DB12000i & DB9500i winches

**DA5604** Discovery 1 Black

Suitable for DB12000i & DB9500i winches

**Note** - Grille needs trimming for fitment to air-con & automatic vehicles

#### Standard Winch Bumpers

- > Heavy-duty steel winch bumpers

**DA5620** Defender - non air-con Black

Suitable for DB12000i & DB9500i winches

**DA5681** Defender - non air-con Galvanised

Suitable for DB12000i & DB9500i winches

**DA5623** Defender - air-con Black

Suitable for DB12000i & DB9500i winches

**DA5643** Defender - air-con Black

Suitable for Warn XD9000 and XD9.5 winches

**DA5621** Discovery 1/Range Rover Classic Black

**Note** - For vehicles without air-con and/or without transmission oil coolers fitted.

Suitable for DB12000i & DB9500i winches

**DA5645** Discovery 2 Black

- > One piece bumper manufactured from 5mm steel with wrap around sides to protect the wings

- > Fixed to standard mounting points with provisions for 2 swivel recovery points and 2 Hi-Lift jacking points

**Note** - Grille needs trimming to fit winch

Suitable for DB12000i & DB9500i winches

#### Discreet Winch Bumper

- > Suitable for any low line winch
- > Made from 6mm and 8mm steel
- > Discreetly fits behind the existing bumper
- > Bolts directly onto the front cross member using existing holes
- > Modifications to bumper are required, includes instructions
- > Excludes fairlead

**Note** - Low line winch needs to have a removable solenoid.

#### DA7537

Discovery 3 - TdV6 & V8/Discovery 4 - TdV6 & V8  
Range Rover Sport - TdV6 & V8

**Demountable Low Line Winch Tray**

**DA2897**  
D44 demountable winch tray, utilising the 2" receiver standard. Constructed from 5mm steel and laser cut section, finished in black powder-coat. Designed to accept the Britpart Pulling Power and other major brand winches with the industry standard 254mm x 114.3mm bolt pattern where the overall depth is less than 195mm.

### Ropes & Straps

DB1007	Tree strop	4t SP	1.6m x 120mm
DB1006	Tow strap	8t WLL	9m x 60mm
DB1011	High elasticity tow sling	8t WLL	9m x 60mm
DA3028	Rope - polypropylene	8t MBL	5m x 24mm
DA3029	Rope - nylon	12t MBL	5m x 24mm
DA3030	Kinetic recovery rope - octoplaît	12t MBL	5m x 24mm
DA3031	Kinetic recovery rope - octoplaît	12t MBL	8m x 24mm

**Note** - SP = straight pull; WLL = working load limit; MBL = maximum breaking load

#### 2 Ton Flat Webbing Sling - Green

This soft and light polyester product reduces the chance of damage during use. The reinforced eyes make the sling both secure and reliable. Tested on a 7:1 breaking strain factor, this flat webbing sling ensures that the item is safe to lift a weight of 2 ton or less. Sling will come with the safe load limit, date of manufacture, serial number and test certification.

	Length	Width	Breaking Strain
DA1278	3,000mm	60mm	2,000kg
DA1279	5,000mm	60mm	2,000kg

#### 3 Ton Flat Webbing Sling - Yellow

Crafted from polyester to give you a lighter alternative to chain and rope solutions. They are easy to pack away and store, making your life that little bit easier! The sling is coloured in line with EU safety standards with yellow representing a 3 ton loading limit. These webbing slings have been carefully tested on a 7:1 breaking stress factor to confirm that they can safely handle the 3 ton safe loading limit. Sling will come with the safe load limit, date of manufacture, serial number and test certification.

	Length	Width	Breaking Strain
DA1280	3,000mm	90mm	3,000kg
DA1281	4,000mm	90mm	3,000kg
DA1282	6,000mm	90mm	3,000kg

#### Tow Strap - Loop and Loop - Orange

Flat polyester tow strap is lighter than chain and rope equipment, giving you the flexibility to take it with you wherever you go. It is ideal for towing and pulling vans, caravans, cars and agricultural vehicles.

	Length	Width	Breaking Strain
DA1283	8,000mm	50mm	5,000kg

ARB730	3m	80mm
ARB735	5m	80mm

ARB products available in the UK only.

Shackles & Pulleys

**DA7336**  
**12-Strand Shackles**

Pair  
Breaking load - 5,830kgs  
Manufactured from 11mm 12-strand UHMWPE rope with built in UV inhibitor. These are a lightweight, easy and safe way of joining ropes and strops. Due to the much lower kinetic energy being stored, using these shackles is much safer in the event of a rope or strop failure. Can also be used to attach ropes to standard towing eyes without scratching the paintwork.

See how easy it is to use these shackles

[www.britpart.com/DA7336](http://www.britpart.com/DA7336)

**ARB2018**  
**ARB Soft Connect Shackle**

Staying safe is paramount in a recovery situation. Having gear that is correctly rated protects your family, friends and vehicle, and of course should be front of mind when selecting recovery equipment for your situation. Manufactured using UHMWPE (Ultra High Molecule Weight Polyethylene) high tensile CE certified synthetic rope, is ARB's updated Soft Connect Shackle. UHMWPE rope is used in many of the synthetic rope applications on winches and purpose-built tow straps. Rated at 14.5T breaking strength, the ARB Soft Connect Shackle is engineered to float in water, be resistant to short term UV radiation and provide superior strength. Updating the protection to the rope, the UHMWPE synthetic rope is encased in a high tensile braided shield. The braided shield provides improved abrasion resistance when in use.

**Features**

- > 14.5T(31,967lbs) breaking strength, suitable for vehicles up to 3.5T (7,716lbs)
- > UV resistant properties + water resistant & designed to float
- > Braided outside shield
- > Longer size to suit more conditions
- > Slide lock loop, no draw string

- > Attaches to most rated recovery points
- > Manufactured from CE certified high tensile UHMWPE (ISO 2307)
- > Safer than a steel shackle when used correctly
- > Instructions printed on storage bag, as well as included in handy print form
- > Fits in most storage spots in your vehicle, door pockets, glove boxes & no rattles

**Technical Specifications**

- > UHMWPE (ISO 2307) synthetic rope
- > 12mm x 12 strand rope
- > Tested in house & externally to ARB's stringent requirements
- > Consistent 14.5T+ (142kN+) breaking point in a controlled environment
- > All shipments batch tested for consistency under ARB test conditions
- > Comprehensive testing in field – Winching, Snatch Blocks & Snatch Strap
- > Braided sleeve for superior abrasion resistance
- > Not for lifting purposes
- > Suitable for vehicles using an 8T or 11T recovery strap
- > 780mm length & 235g

**DA3160** Swivel recovery eye - stainless steel - 36mm diameter & shackle (3/4 tons)

**Note** - Not suitable for standard Land Rover bumpers

**DA3160A** Replacement shackle for DA3160

**DB1009** Shackle - 1.4 ton

**DB1353** 'D' shackle - 1.4 ton

**DB1012** Shackle - 4.7 ton

**DB1322** Swivel shackle

**DB1323** Non-forged jate ring

**DB1329** Forged jate ring

**DB1008** Pulley hook

SWL loads - Pulling - 1,500kgs / Lifting - 750kgs

**DB1002** Snatch block

High quality tempered steel  
Maximum head load - 9,000kgs

**ARB2091**  
**ARB Snatch Block 7000**

ARB's easy to use 7,000kg snatch block doubles the capacity of your winch and is suitable for a variety of off-roading uses. Engineered tough for serious recovery. Allows winching from awkward angles and incorporates a grease nipple to ensure smooth pulley operation. Suits mounted and portable vehicle winches.

Working Load	7,000kg
Breaking Strength	14,500kg
Side Plate Material	5mm cold rolled steel
Pulley Material	Solid billet steel
Pulley Diameter	93mm
Cable Size	6mm - 12mm
Weight	3.5kg
Greaseable	Yes

**DA8995**

**ARB Snatch Block 9000**

Feature side plates that sit snug against the pulley, eliminating the possibility of the winch cable becoming trapped between the pulley and the side plates. The groove on the pulley itself tapers down to the centre allowing for a variety of cable sizes (1/4"-1/2") to be used and ensures the cable is seated securely in the pulley, minimizing lateral movement.

**Features**

- > Works with steel or synthetic winch lines
- > Light weight design
- > Easy to use
- > Doubles the capacity of your winch
- > Allows winching from awkward angles
- > Engineered tough for serious recovery
- > Suits vehicle mounted and portable winches
- > Vehicle recovery booklet enclosed

**Specifications**

Working load:	9,000kg (20,000lbs)
Breaking strength:	17,500kg (38,500lbs)
Side plate material:	6mm cold rolled steel
Pulley material:	Specialized polymer
Pulley diameter:	110mm (4.3")
Cable size:	8mm - 13mm (0.3"-0.5")
Weight:	2.4kg (5.3lbs)
Greaseable:	Not required

**4X4 ACCESSORIES**

ARB products available in the UK only.

### Safety Equipment

- DA2037** Universal battery isolator switch
- DA2037KY** Replacement isolator switch key for DA2037
- DA3156** Winch In Safety - A5 guide from Land Rover
- DB1000** Wheel chocks - pair
- DB1016** Winch blanket

Manufactured from heavy-duty vinyl, the blanket will absorb most of the recoil in the unlikely event of the cable breaking. It's also very useful to kneel on in the mud!

- DB1308** 12 volt winch remote control
- Operate your winch from a safe distance with this wireless remote control
- > High frequency circuit using SMD design for reliability
- > The transmitter uses FM technology for frequency stability and greater control distance
- > Receiver output is protected against voltage spikes

**Gloves**  
When winching, gloves are essential safety wear to protect your hands from many of the hazards you may encounter.

- DB1010** Gloves - Britpart
- GLOVES** Gloves - ARB

**GLOVEMX** Recovery gloves - ARB  
Perfect for hand protection and keeping your hands clean during recovery situations, general work on your vehicle or around the campsite. Providing general protection in a stylish design, these gloves are a perfect addition to the glove box or recovery kit. Using premium synthetic materials to reduce abrasion and wear, as well as increase comfort on your hand, the ARB recovery gloves provide knuckle protection as well as palm protection with moulded rubber impact guards. The high abrasion resistant material on the inside palm of the glove works well with wire or synthetic rope winch cables. Added protection to the palm and fingers provide a safe yet good dexterity glove with a firm fitment, reducing pinching hazards. The cuff is embedded with the ARB Recovery logo and touch tape fastener to keep the glove firmly fitted. Finished in a breathable microfibre and ARB hi-viz recovery orange (which is great for marshalling or spotting operations), these gloves will complement your already excellent ARB recovery range.

## Winch with safety in mind

### Winching & Recovery Accessory Kits

Britpart Pulling Power winching recovery kits come with all the basic items needed to ensure your winch can be used to the best effect. There is a choice of a starter or professional kit depending on your needs.

- DB1015**
- 1 x DB1000 Wheel chocks (pair)
- 1 x DB1001 Winch kit bag
- 1 x DB1002 Snatch block - 9,000kgs
- 1 x DB1006 Tow strap - 8 ton, 60mm x 9m
- 1 x DB1007 Tree strop
- 1 x DB1010 Winching gloves
- 1 x DB1011 Snatch tow sling - 8 ton
- 2 x DB1012 Alloy bow shackle - 4.75 ton

- ARB Weekender Recovery Kit**
- > 8,000kg recovery strap
- > 4.75 ton Type "S" 19mm galvanized shackles x 2
- > Pair leather gloves

With an ARB recovery kit you have the peace of mind carrying a purpose-built recovery bag filled with a selection of items that will come in handy the next time you get stuck.

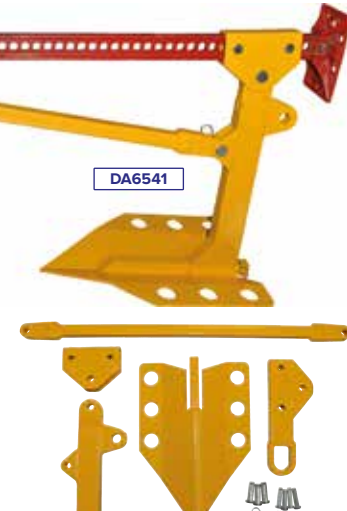

- RK9A NEW**
- ARB Premium Recovery Kit**
- 1 x 8,000kg snatch strap
- 1 x 12,000kg tree trunk protector
- 1 x 4,500kg winch extension strap
- 1 x 9,000kg competition snatch block
- 2 x 4.75 ton Type "S" galvanized shackles
- 1 x Recovery dampener
- 1 x pair of leather gloves

- DA8928**
- ARB Essentials Recovery Kit**
- > 8,000kg snatch strap
- > 12,000kg tree trunk protector
- > 9,000kg snatch block
- > Snatch pack storage bag
- > Bow shackles

**Other Essential Winching Accessories**

Contents not included

**DB1001** Britpart Winch Bag

A heavy-duty Britpart branded bag. Ideal for keeping dirty recovery gear in one place.

**ARB501A** ARB Large Recovery Bag

Designed to fit a complete recovery kit including snatch strap, tree trunk protector, winch extension strap, snatch block, recovery damper, bow shackles and gloves. **Note** - The winch pack is sold individually and does not come stocked with the straps. All items sold separately so the user can select the correct strap weights for their vehicle.

**ARB503A** ARB Compact Recovery Bag

Perfect for carrying a single strap and a pair of shackles. Small enough to fit under a seat or in the back of a drawer system, this recovery bag is a convenient way to keep your most important items in your rig at all times. More information online. **Note** - Bag only.

**ARB504A** ARB Micro Recovery Bag

Ideal for keeping smaller items such as a snatch block, drag chains, shackles and general recovery items from rolling around the back of your vehicle. This will keep them all neatly together in a highly visible bag, ready to use in any recovery situation you might come across, especially if it's an emergency. **Note** - Bag only.

**DB1014** Extended Winch Wiring Kit

1 x red (1.8m) & 1 x black (1.8m) wires with end connectors and isolator switch. Ideal for Defenders - up to 2007

**DB1035** Extended Winch Wiring Kit

2 x red (3.15m & 0.60m) & 1 x black (1.8m) wires with end connectors and isolator switch. Ideal for Defender - 2007 onwards.

**DA6541** Ground Anchor

Pull yourself out of trouble with this heavy-duty ground anchor. This anchor utilises a HI-Lift jack (not included).

**DB1314** Ground Anchor Set

600mm pins

**DB1318** Ground anchor Bag Set

2 x Pulling Power bags. **Note** - Ground anchor not included (DA1314)

**DB1357**

Replacement Dyneema® winch rope with competition hook & drum connector

Grey  
11mm x 30m  
CHOE+DC  
Breaking point - 10,773kg

**Construction**

- > Material - UHMPE (Ultra High modulus polyethylene)
- > Construction - 12-strand braided
- > Coating - 'Armourcoat' PU impregnation

**Properties**

- > Very high strength - Improved safety
- > Light weight - Easily handled
- > Low elongation - Low stored energy improves safety
- > Synthetic fibre - No wire splinters
- > 12-strand - Easily spliced
- > Armourcoated - Improves abrasion resistance and feel
- > Good UV resistance - Durable and suitable for long term outdoor use
- > Excellent chemical resistance - Resistant to most common chemicals

### Optima Batteries

With its patented Spiralcell® Technology, Optima batteries offer 15 times the vibration resistance and up to twice the life of ordinary batteries. The Optima is like no other battery found in today's market. Optima's unique patented Spiralcell® design offers the best technology by providing a strong and clean power source that far surpasses any of today's traditional lead acid batteries. With Optima as your choice, you can count on a longer lasting battery.

#### Yellow Top

Demand more from your vehicle? Then get more from your battery. Optima Yellow Top batteries are made for the extremes. If your vehicle is designed to take the abuse of off-road driving, you need increased performance and reliability from your battery. Optima batteries combine patented Spiralcell® Technology to deliver that performance. The deep cycle

# OPTIMA® BATTERIES

characteristics of this technology coupled with its extreme resistance to vibration provides performance vehicles with the repetitive power they need, packaged in a spill-proof compact design. If your vehicle is fitted with high drain accessories such as additional lighting, tracking devices, ICE systems, winches, hydraulics etc, then this

ultimately demands more from your battery. Optima Yellow Top batteries provide the extra performance and deep cycling capability that your vehicle demands.

#### Red Top

Optima Red Top batteries are built to withstand the abuse 4x4's experience on and off-road. Spiralcell® Technology immobilises the internal components of the battery, enabling Optima batteries to withstand incredible amounts of vibration.

Vehicles modified for improved engine performance demand more from a battery. Optima batteries withstand the high engine bay temperatures associated with these performance vehicles. The sealed construction makes the battery spill-proof, even if you install it on its side! This prevents external gassing and leaking which can damage engine components and reduce battery performance. If your battery is used in applications that demand extra reliability endurance and performance, or if you just take pride in getting the best performance out of your vehicle, Optima Red Top batteries deliver the performance you demand.

#### Yellow Top Batteries

Voltage - 12v

Capacity - 55Ah

Cold Cranking Amps (CCA) - 765

**DB1018** Top terminals

**DB1020** Top & side terminals

#### Red Top Batteries

Voltage - 12v

Capacity - 50Ah

Cold Cranking Amps (CCA) - 815

**DB1019** Top terminals

**DB1021** Top & side terminals

### Battery Charger

- > Includes settings for both standard vehicles and Start/Stop
- > Includes battery repair tools to increase performance and battery life
- > Charging current up to 12A
- > Battery capacity: 25-300Ah
- > Interactive LCD display
- > Memory saver function allows vehicle and audio settings to be retained if the battery is removed
- > Product dimensions - 139 H x 197 W x 74mm D
- > Weight - 1.48kg
- > Voltage - 230V AC input & 12V DC output
- > Includes the following battery and alternator analysis tools:
  - Start power test - measures voltage drop during engine start to identify potential battery issues
  - Alternator check - tests the recharging performance of the vehicles alternator
  - Battery cranking performance - measures the battery's cold cranking performance to determine engine starting ability

*Keep your batteries  
in tip-top condition*

#### DA3185R

#### Multi-Stage Fully Automatic SmartCharger

From Ring - the ultimate in battery maintenance. Diagnose, repair, recondition and charge in one automatic device. Ideal for long-term connection and winter charging. This is battery care made easy. This charger is a multi-award winning SmartCharger. It has won the Automechanika Madrid Exhibition Award for Innovation, Auto Express' Product of the Year and Land Rover Monthly's Best Buy.

- > Multi stage fully automatic SmartCharger
- > Auto charge applies the fastest charge, based on battery size

### Replacement Batteries

- > Batteries are manufactured on the same equipment as OE batteries and use the same components to give consistent quality and performance
- > OE quality standards, giving assurance that the batteries will not let the user down
- > Batteries are recyclable, helping to protect the environment

### Battery-Guard

#### DA1460

With the Battery-Guard and Apple or Android App, you can check your battery's state of charge quickly and easily. Because only with a fully charged vehicle battery can you be sure to avoid getting stuck. Compatible from iPhone 4S, Android 4.3 and Windows 10.

#### Features

- > Several vehicles can be monitored
- > Easy install to the battery
- > Monitoring of 6, 12 and 24 volt batteries possible
- > Power consumption is only about 6-24 mW
- > Reverse-polarity does not cause damage to the transmitter or battery
- > App compatible from iPhone 4S, Android 4.3 or Windows 10

*Battery monitoring  
via Bluetooth*

#### Operating Instructions

1. Download the Battery-Guard App  
Compatible from iPhone 4S, Android 4.3 & Windows 10.
2. Connect the Battery-Guard  
Attach the Battery-Guard to the battery terminals. Fix the transmitter to the cleaned battery using the adhesive film provided.
3. Activate Bluetooth  
Activate Bluetooth on your smartphone and then open the App. Bluetooth search mode is not required.
4. Functions  
The transmitter appears in the list display. You can assign a name, an image and the rated voltage to the transmitter.

**Dual Battery Management System**

**DA1174**

**Microprocessor Controlled  
Dual Battery Management System**

This fully automatic battery management system separates the starter battery from auxiliary battery if the vehicle has stopped and links them while the car is running. All systems are equipped with a 200A power relay. For emergency situations all systems are equipped with the manual override function. This manual linking function (called load sharing) is very helpful for jump starting or when using high current appliances such as an electrical recovery winch, power inverter or compressor. The kit includes a 4.7m wiring loom with sealed automotive plug, battery and crimp terminals for easy installation. The battery monitor is installed in the vehicle and informs the driver about the charge level of both batteries, the charging voltage from the alternator or an additionally installed solar system and the relay link status. The system offers low battery alarm on both batteries and a link failure alarm. Includes a manual link for 30 & 120 minutes with automatic return.

**Functions**

**Display of Battery Voltage (Energy Level)**

**LED Indicators**

- Green: Batteries are in the safe working range
- Yellow: Check batteries
- Red: Batteries should be charged

The LED's show the energy level if all loads are switched off: 12.6V = 100% / 12.4V = 75% / 12.2V = 50% / 12.0V = 25% 11.0V = flashing and beeping indicates low battery situation This function is called by pressing the display button for about 30 seconds.

**Display of Charge Voltage While Charging**

**LED Indicators**

- Red: >14.5V: High loading of batteries, may be present at cold ambient temperature for a longer time.
- Yellow: >14.0V: Proper charge mode.
- Green: <14.0V: Save charge mode, no damage to batteries.

**Bi-directional Automatic Battery Link**

While the engine is running the main and auxiliary batteries are linked together for parallel charging from the alternator (green LED linked is on). If the engine is stopped, the two batteries will be disconnected automatically with some delay. Appliances such as fridges, lights, compressors, inverters are now safely fed from the auxiliary battery. With the additional charge by solar equipment, battery charger or generator is sufficient for charging, the starter battery will be charged automatically with auxiliary battery together (green LED "link" lights).

**Manual Battery "Link"**

In an emergency situation (defective or empty main battery) or in case of higher power consumption the two batteries (main & auxiliary) may be connected together by activating the link button (red LED manually linked is on). After a lapse of time of 30 minutes (or immediately after activating the auto button), the system returns to the automatic mode. When using an electric winch, the battery connection can be activated for 120 minutes by pressing the link button twice. In this mode sounds a beep every 30 seconds to remind of this status (auto return after time expired). The load sharing function with the manual battery connection reduces the load on the alternator, the wiring and the batteries in the use of the winch.

**Alarm Functions:**

**Low Battery Alarm**

If the battery voltage of one or both of the batteries, is for a longer period below 12V, the sound low battery with "Beep" and the LED "Low Battery" of the corresponding battery (main and/or auxiliary) flashes. With the display button, the "Beep" is switched off. The blinking LED "Low Battery" is reset if the battery voltage is exceeding 12V.

**Link Failure Alarm**

The monitor monitors the charge on both batteries. When fitting charge (from alternator, solar, charger) no charge to the other battery is detected, the link error alarm with flashing green LED "linked" and the "Beep" sounds. If this error occurs, check immediately the wiring of the power cables to (relay, battery terminals, crimp contacts, control relays). After bug fixes, alarm will automatically reset.

**Deactivation of Automatic & Manual Battery Dual Link Function**

If there a problem with the auxiliary battery (aux) as short circuit of cells, short circuit or defective battery housing, leading to damage of the generator (alternator). In an emergency situation the battery system can be operated in the vehicle in the basic configuration (alternator, starter battery without additional charge to auxiliary battery). By pressing the link button for 6 seconds (until the sound of the beep), the link is deactivated. In this mode, no manual and automatic battery connection is possible. This feature can solve the battery problem of the auxiliary battery by pressing the auto button for 6 seconds to be reset. Now the system is working again with all the functions.

**Specifications**

- Supply voltage 4 - 16V
- System voltage 12V
- Measuring range (sense wire blue) 8 - 16V
- Display range (battery voltage) 11.0V - 12.8V
- Alarm level main and aux 12.0V
- Display range (charge) 13.0V - 14.5V
- Accuracy +/-1%
- Consumption monitor 1mA
- Consumption max. display active (30 sec) 20mA
- Isolator link-on/off threshold 13.1V/13.0V
- Consumption on-state (relay) 0.6A
- Relay continuous load current 200A
- Relay current inrush 500A
- Relay contact material Silver (AG SnO2)
- Free combination of batteries possible? Yes
- Operating temperature -40°C - +80°C
- Housing ABS black
- Sealing level IP40
- Size, dimensions 100 x 65 x 24mm
- Weight 800g

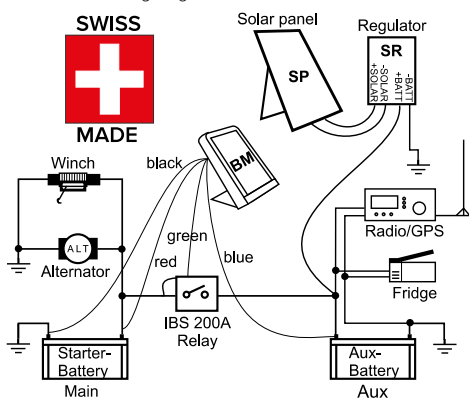

- Cabling Red - Supply/sense (main battery)
- Black - GND (main battery)
- Blue - Sense (aux battery)
- Green - Control relay (open collector)

**Protected against**

Wrong polarity & against overload of solenoid driving circuit on PC board with SMD electronically security devices, no fuses have to be replaced.

**Winch Application**

Connect an electrical recovery winch to the main battery as shown in the wiring diagram.

DA1174

**Mounting Options**

- DA1174GM Mounting plate with flexible arm
- DA1174SM Mounting plate with swivel mount
- DA1174HM Mounting plate with swivel arm

**Comfort Connectors**

**DA1410**

**DA1409**

7-pin charging adaptor

**DA1410**

13-pin charging adaptor

Custom adaptors, using genuine CTEK comfort connect adaptors allows a vehicle's battery to be charged through the caravan towing electric socket. The vehicle must have fully populated towing electrics for these adaptors to work. For use with CTEK Multi-XS7000 universal battery charger.

**Split Charge Relay**

**DB1500**

Heavy-duty  
200A split charger

**Alternator Upgrade Kits**

**DA7195**

- 200Tdi alternator upgrade kits. Kits include uprated cable.
- DA1195 Defender - 200Tdi Upgrade 45A to 100A
- DA7195 NEW Defender - 200Tdi Upgrade 45A to 70A
- DA1196 Discovery 1 - 200Tdi Upgrade to 100A

## Quality performance brake discs

- > Slotted design to increase braking efficiency by reducing dust, debris, water & gas on the disc
- > To improve brake cooling, reduce weight and to offer an escape route for dirt & gasses these performance discs are drilled with rows of holes
- > Excellent upgrade for your Land Rover to aid braking, especially under a heavy load
- > Ideal for off-road use
- > Manufactured to British Standard BS1452 Grade 220 and DIN1691 GG20
- > Supplied in pairs

#### IMPORTANT BRAKE INFORMATION

For exact change over points with vehicle applications please contact your local Britpart stockist with the full chassis number for the correct application. These references are intended as a guide only.

Alcon Brake Kits

DA2700

DA2703

DA2704

**Defender 18" Wheel Front Brake Kits**

- > Fixed iron 'C' groove disc assembly - Ø355 x 32mm
- > 6 Piston monoblock cast caliper
- > Performance brake pads included

DA2700	18" 6 Piston kit	Red
DA2701	18" 6 Piston kit	Silver

**Replacement Parts**

DA2709	18" Front left brake disc
DA2710	18" Front right brake disc
DA2711	18" Front brake pad set
DA2797 NEW	18" Front anti-rattle clip

**Alcon Defender Brake Kits**

- > High friction brake pads increase stopping power
- > Increased brake pad area reduces temperatures and increases pad life
- > Staggered position in order to ensure even brake pad wear
- > Stainless steel pistons as standard for improved resistance to thermal conductivity
- > Hard wearing anodised alloy caliper
- > Internally drilled, no external pipes

**Defender 16" Wheel Front Brake Kits**

- > Fixed iron 'C' groove disc assembly - Ø334 x 28mm
- > 4 Piston 2 piece cast caliper
- > Performance brake pads included

> TÜV approval certification is available when fitting the 16" brake kits to a Defender - DA2702 plus DA2704 and DA2703 plus DA2705

DA2702	16" 4 Piston kit	Red
DA2703	16" 4 Piston kit	Silver

**Replacement Parts**

DA2706	16" Front left brake disc
DA2707	16" Front right brake disc
DA2708	16" Front brake pad set
DA3335 NEW	16" Front anti-rattle clip

**Defender Rear Brake Kits**

- > Solid 'C' groove disc - Ø298 x 14mm
- > 4 Piston forged caliper
- > Performance brake pads included

DA2704	4 Piston kit	Red
DA2705	4 Piston kit	Silver

**Replacement Parts**

DA2712	Rear left brake disc
DA2713	Rear right brake disc
DA2714	Rear brake pad set
DA3339 NEW	Rear anti-rattle clip

**Note** - Both DA2704 & DA2705 rear kits are suitable for fitment on Defenders where either 16" or 18" front disc kits are fitted. For Defender 110 the rear kit will only fit vehicles from VA128340.

*When you're heading into extreme terrain, you leave nothing to chance. That's why you've probably already added some aftermarket upgrades - suspension lift kit, bigger tyres & a winch etc. But there's one problem; the weight of all that extra gear can put a strain on your Defender's braking performance. The more serious your adventure, the more you need an Alcon uprated brake kit.*

*The Alcon complete uprated brake solutions are designed to perform superbly even in the harshest conditions. From high rocks to desert washes, these extensively tested brake systems will battle through the toughest challenges without sacrificing performance.*

Alcon is a global leader in the design, development and manufacture of brakes, clutches & actuation for motorsport, OEM, aftermarket, specialist and armoured/military vehicles. Alcon's range of brakes, clutches & actuation is huge. It has been developed for over 30 years by working at the top level of motorsport including F1, NASCAR, GT racing, World Rally, and Touring Cars to name but a few. With a wealth of experience in brake and clutch design, backed up by our well-equipped development facility based within "Motorsport Valley" in the UK, Alcon thrives on the challenge of devising innovative and unusual solutions for every application. We use our specialist knowledge to create the best solutions for every customer's need. That's why we're the best at what we do.

*Extensively tested brake systems will battle through the toughest challenges without sacrificing performance.*

# EBC BRAKES

- > Sold in pairs
- > 100% British cast and machined high quality product
- > Wide aperture slots that draw cool air under the pad surface
- > Slots that expel all dirt dust and debris from the braking area
- > Blind drilled dimples that eliminate cracking common with through drilled sport rotors whilst helping maintain perfect pad contact

#### IMPORTANT BRAKE INFORMATION

For exact change over points with vehicle applications please contact your local Britpart stockist with the full chassis number for the correct application. These references are intended as a guide only.

### Anti-squeal Shims

#### DA1141

Universal self adhesive noise dampening shims. Pack of 4. The shims are manufactured from wolverine and cut to shape and applied to the backing plate of the brake pads prior to fitting to help eliminate any noise issues (should the pad be unshimmed). When used in conjunction with Mintex Cera-Tec silicon based lubricant, most brake noise related issues will be eradicated.

### Brake Pads - DTEC

#### High Performance, Low Dust

DTEC is an advanced, low dust, ceramic formulation which has been developed by TRW for those customers who want cleaner wheels without compromising the braking performance that they are used to.

The new material meets all EU legislative requirements as well as TRW's demanding performance requirements.

In addition, rim surface dust levels have been reduced by up to 45% when compared to other standard materials. Cotec coating improves green behaviour during bedding in and ensures great pedal feel from the first stop.

### Brake Lubrication

#### DA2389 Cera-Tec Advanced Lubricant

75ml  
Mintex Cera-Tec is an advanced non-metallic universal lubricant that provides many benefits over traditional copper-based grease. More details available in the Repair & Service section.

Dust levels reduced  
by up to 45%

Developed for customers who want cleaner wheels without compromising the braking performance that they are used to

**EBC Ultimax Heavy-duty**

- > New AF42/66 friction material which completely eliminates brake judder and produces a high friction long lasting brake pad.
- > Unique powder coat finish to both pad and back plate gives lifetime resistance to corrosion and prevents moisture ingress.
- > Unique Brake-In surface coating provides instant brake efficiency on installation and conditions the brake rotor removing glaze, black spotting etc from disc surface.
- > All pads feature centre line slot which prevents heat expansion cracks and reduces brake noise.
- > All pads feature edge chamfers which have major technical benefits;
  - Significant reduction in brake noise
  - Prevents 'edge lifting' under left and right extremities of pad which can cause corrosion ingress and eventual pad de-bond
  - Can extend pad life by virtue of improved pad efficiency
- > Most pads in the Ultimax range features factory fitted noise reduction shims.

**EBC Green Stuff High Performance**

- > 100% British design and manufacture.
- > Superb gloss powder coat paint finish to reduce corrosion.
- > Unique engineering finish with noise reduction slots and edge chamfers.
- > Extra high friction compounds for better stops, these pads will improve your stopping power by up to three vehicle lengths.
- > Special compound ingredients that prevent "Outline Etching" eliminating brake stiction onto the rotor in damp conditions.
- > Unique "Brake-In" surface coating to accelerate pad bed in after installing new pads which also guarantees brake efficiency from installation.
- > Super quiet braking with rubber-steel-rubber noise reduction shims on the reverse, this dampens all possible noise.
- > Extra heavy duty compound lasts longer than low cost standard pads.
- > Fully ECE R 90 approved and legal for road and off road use.

**EBC Yellow Stuff Performance Race**

- > High friction compound which is effective from cold up to high heat.
- > Effective brake upgrade for heavy-duty braking.
- > Long lasting powerful brakes.
- > Shims, edge chamfers and slots for silent braking.

EBC Yellowstuff brake pads are British made and contain Aramid fibres. These are man-made high performance fibres, used widely for their light-weight, high strength, abrasion resistance and thermal stability. These properties provide advantages over cheaper steel fibre based products. Not only high in friction from first application when brakes are cold but extremely effective at higher brake temperatures as encountered in faster driving and towing/trailing. These pads are a favourite with the military and are used on armoured vehicles in several countries to handle the higher loads and heat and offer a good brake upgrade. Fitted with shims chamfers, centre slots and the unique EBC Brake in coating for fast bedding in of new brakes these pads are also long lasting and silent in operation.

**IMPORTANT BRAKE INFORMATION**

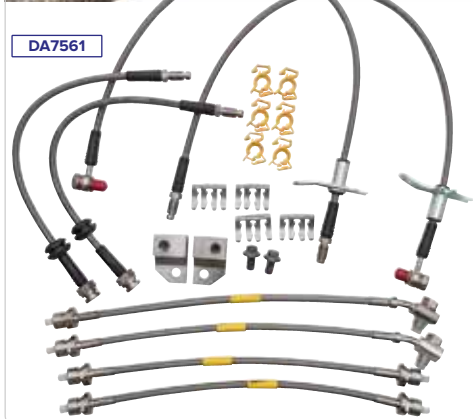

For exact change over points with vehicle applications please contact your local Britpart stockist with the full chassis number for the correct application. These references are intended as a guide only.

Handbrake Conversion Kits

**Defender/Discovery/Range Rover Classic**

The disc transmission brake uses a state of the art monster sized mechanical caliper designed for agricultural vehicles and earth moving equipment - so using it on a Land Rover is easy work for it. The mechanism is sealed so it will not seize up due to ingress of mud or water and it uses special 'sintered' pads which are resistant to abrasion from mud as well as providing greater friction against the disc than a standard pad. The disc has been specially designed for Land Rovers and manufactured from tough 10mm thick steel. It has a smaller diameter than a standard drum and so does not dangle below the transfer box which helps to protect it from whatever you are driving over. The caliper mechanism sits in a well protected area at the top, away from most of the mud and water.

**DA5513**

Defender 90 & 110

For anything post 1993 (300Tdi, Td5 & Puma) you need to change the cable - NRC5088. Puma onwards - modifications may be needed to the chassis to enable fitment.

**DA5526**

Discovery 1/Discovery 2/Range Rover Classic  
Will not fit a Borg Warner or LT95 transfer box.

**XDISC**

& DA5526

**Beef Up Your Land Rover's Handbrake!**

**Series**

**DA5537**

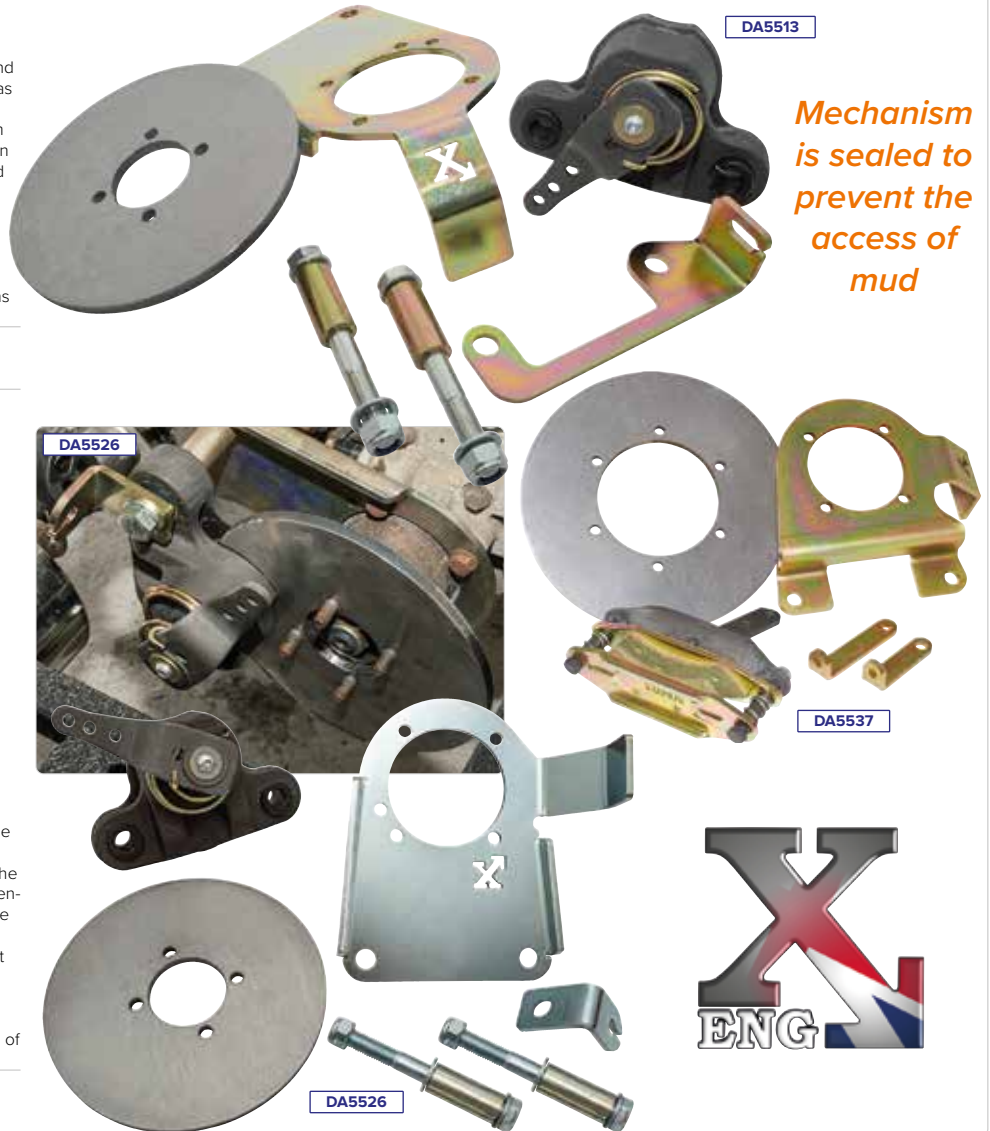

Series 1, 2 & 3

This will fit any Land Rover fitted with a standard Series transfer box, including those fitted with PTO's, under or overdrive units. The new brake replaces the original transmission brake drum. It is supplied with a new adjustable actuator rod which connects from your original handbrake lever, direct to the caliper, reducing the amount of slack in the linkages. The disc transmission brake uses an industrial open-frame caliper with simple adjustment and easy cleaning. The new caliper is mounted on a laser cut steel back-plate with a folded gusset for added strength and incorporating a built in skid plate to protect the disc which is manufactured from robust 10mm thick mild steel plate and which bolts directly to your original gearbox output flange with six new bolts (supplied). The system is very light weight, offering a saving of almost 10kg compared to an original drum brake.

**XPADSERIES**

Replacement brake pads for handbrake conversion kit - DA5537

*Driving off-road you'll know how easy it is for the standard Land Rover hand brake to get bunged up with dirt and once the mechanism gets clogged up it doesn't work as efficiently as it should. Britpart now offer a solution to that problem - a drum to disc conversion kit. These kits use powerful calipers whose mechanism is sealed to prevent the access of mud. Parts are supplied coated with a tough corrosion resistant coating of gold zinc passivate to ensure a long life. Fitting is easy requiring only simple tools. Full fitting instructions are included as well as advice on adjustment and use.*

**Mechanism is sealed to prevent the access of mud**

Engine

PRORAM Induction Kit

**DA3492 NEW**

**PRORAM Induction Kit**

Defender - 5.0 V8 - 2020 onwards

The PRORAM kit features a performance synthetic nanofibre air filter, a twin-tangential velocity stack, designed to optimise airflow. It offers proven performance gains - especially with a tuned vehicle.

Designed to fit directly to the standard OEM factory air box mounting points and rubbers without the need for any modifications.

The heat shield helps maintain low intake temperatures by providing a physical barrier between the air filter and the rest of the engine bay.

**What Does It Do?**

This induction kit will increase the airflow into the supercharger while increasing engine noise over the restrictive factory air intake system. This kit includes everything required for the fitting of the induction kit.

Ramair Filters utilise the top-quality components in all their kits which includes:

2 x Black powder coated bespoke heat shields.

2 x Proram performance pleated filters.

2 x Silicone hoses.

All ancillaries/fittings required for complete retrofit installation including easy step by step instructions.

### Aluminium Tanks

DA4748

**No More Leaks!!**

#### DA4748 Upgraded Engine Breather Oil Catch Tank

200Tdi & 300Tdi engines  
Allisport high performance aluminium engine breather oil catch tank separator. Manufactured using mounting flange machined from billet aluminium. All engines need to breathe crankcase pressure to atmosphere and most are designed to re-enter the air intake system after the air cleaner. Standard breather pots use a gauze and mesh design which over time becomes blocked with oil deposits, reducing the capacity to release crankcase pressure and also allowing more oil vapour to enter the intake system. This high performance replacement is designed to effectively reduce crankcase pressure build up on Tdi engines by using an internal baffle rather than the standard gauze and mesh design. Designed to have a practical purpose offering an improvement over the original black plastic units, but will also look great in the engine bay. Will fit all Tdi engines including 2.8 TGV. Tank has new integral o-ring-seal design. Manufactured by hand, fully TIG welded.

DA4750

DA4751

This is a direct replacement for the original plastic tank which is prone to splitting. TIG welded by hand and manufactured from high specification lightweight non-corrosive alloy, this tank also aids cooling. Tank uses original pressure release screw cap and is a straight fit with no modifications required. Ideal for motorsport, overland or just to improve the look of your engine bay.

**DA4749 NEW**  
**Aluminium Power Steering Reservoir with Internal Baffle**  
Defender - Tdi, Td5, Tdci & V8  
Designed to replace the plastic ZF reservoir which is prone to splitting and leaking vapour through the breathable cap, which in turn then collects dirt and runs the risk of water ingress. The external breather design means no unsightly mess under the bonnet and allows routing with high axle/gearbox breathers to eliminate water ingress. Manufactured from laser cut 2mm high grade aluminium with CNC machined pipe connections, knurled cap and external breather. The corrosion resistant aluminium rolled body is fully TIG welded by hand in house. 110mm high (155mm height including cap) & 91mm diameter.

DA1087FL

Britpart

### Filter Guards

- > Extends engine life
- > No vehicle modification needed
- > Added protection for stop & go driving and towing
- > Improves fuel economy
- > Cleans engine oil for 50,000 miles

Britpart Filter Guard removes potential engine damaging metal particles from your oil. Clean oil works better than dirty oil with reduced friction and less wear. Britpart's Filter Guard is an inexpensive way of removing the harmful contaminants that conventional oil filters can miss. The contaminants are fine metal particles which act like an abrasive on the fast moving parts in your vehicle's engine - dramatically shortening engine life. Filter Guard works by magnetic filtration technology resulting in cleaner oil which your engine will thank you for by running better now and in years to come. The Filter Guard will never clog or restrict the all important oil flow.

**Note** - Filter not included with Filter Guard. Please check that there is sufficient room for the addition of the filter guard.

**FILTER GUARD**

**Added protection for your engine!**

**Air Filters - Britpart Performance**

- > A range of performance filters tailored to fit your Land Rover.
- > Maximum breathing efficiency for your engine means more power or better fuel mileage.
- > No compromise on quality - the engine gets more air but the dirt particles are trapped by the quality filters.
- > No need to replace as easy cleaning means maximum performance guaranteed.
- > Easy fit, directly replaces standard air filter.
- > Ideal for use in hot dusty conditions to reduce engine wear.
- > Compatible with snorkels, ideal for use in conjunction with other performance modifications.
- > Filters don't need pre-oiling and if the filter gets dirty there is no need to use a cleaner to clear the dirt on the filter - just use air, water or detergent.

# PERFORMANCE

## Engine

### High Output Heater Matrixes

DA4743

DA4744

AlliSport uprated high output heater matrixes with high quality vacuum brazed cores and louvred fins. These larger matrixes have twice the capacity of standard which increases heat output and improves windscreen demisting times. TIG welded by hand. Only requires some small mods to the heater box to install.

**DA4743**

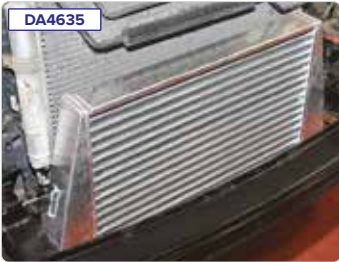

Defender - early models with downward facing pipes. Equivalent to AAP817.

**DA4744**

Defender - late models with horizontal inlet/outlet pipes. Right hand drive (including some LHD NAS spec). Check your application before ordering. Not suitable for Puma 2.4 and 2.2 vehicles. Equivalent to UTP1725.

### Intercoolers - Performance

DA4635

*These high performance and robust units are constructed from polished aluminium and are 30% larger than the standard intercooler.*

*As a result air has a chance to cool before entering the engine. This cooler air can increase engine power by up to 25bhp (subject to application).*

*Other benefits include better throttle response and reduction in fuel consumption depending on driving conditions. Ideal for on or off road use.*

*Fully pressure tested, capped and sealed.*

**DA4635**

Discovery 3 - 2.7 TdV6  
Range Rover Sport - 2.7 TdV6  
The original Land Rover intercooler design can have problems due to the blocking up of the core with mud when the vehicles are used off road, as the intercooler is mounted at the lowest point in the front of the vehicle. This intercooler is designed to be easier to clean and less prone to blockage due to the coarser, less dense fin design whilst dramatically improving flow, performance and economy, even without any further tuning. Tests have shown a minimum improvement in fuel economy of 12-15%. Power and throttle response in the lower and mid-range engine revs particularly are noticeably improved. The intercooler is designed to be simple to install without major modifications to the vehicle. The performance intercooler makes full use of the space available behind the bumper. It is designed with an integral fan cowl extension to ensure no loss of cooling efficiency and is supplied with mounting brackets and fitting guide.

**Defender comparison - performance vs standard**

<b>DA4634</b>	Defender 90/110 - Td5 & 2007 onwards including air-con vehicles	60mm D x 300mm H

### Defender Td5 Alloy Intake Pipe Kit

**DA3421 NEW**

Defender - Td5  
Original hard intake pipe upgrade for Defender Td5 engines. Eliminates intake hose collapsing under induction, common with tuned engines and larger turbos. Made from individually laser cut aluminium cones to smoothly transition from air flow meter connection to turbo inlet.

Unlike many copies which use a sharp reducing hose causing a restriction, each segment is rolled and welded by hand - gradually reducing the diameter to create a smooth air flow. Induction air is under negative pressure and requires as smooth a transition as possible and this gradual reduction in size acts as a venturi; helping to speed up air entering the turbo. Includes CNC machined breather take off, making this a direct replacement part.

### Electronic Fan Kits

#### Revotec Electronic Fan Conversion Kits

Revotec cooling kits undergo a rigorous development which includes, radiator air flow performance testing at COMEX to ensure the fan(s) used outperform the original setup. The final stage is extensive road testing before release. The latest fan and controller technology used together with vehicle specific fan mounting brackets, for the ultimate cooling package.

- > Custom engineered to fit and cool your Land Rover perfectly
- > Supplied complete with all necessary fittings and fixings to complete an electronic fan conversion on your vehicle. Kits include mounting brackets or shroud, 35mm Revotec electronic fan controller designed for Land Rovers with an extended loom, earth wire kit and bolts & fixings
- > Engineered to fit without any permanent modifications and utilising original radiator mountings
- > Easy to install with basic hand tools
- > Latest fan and controller technology used together for the ultimate cooling package

#### Benefits of fitting an electric fan

- > Engine reaches operating temperature quickly, reducing wear
- > Sufficient cooling when needed i.e. sitting in traffic idling
- > Overcome hotter running caused by modern fuel
- > Increased performance
- > Improved fuel economy
- > Reduced load on engine

#### Revotec Electronic Fan Controller

- > Adjustable temperature range of 70 - 120°C
- > Instant response
- > No interruption to water flow
- > Simple to install with no leaks!
- > Only 3 wires to connect

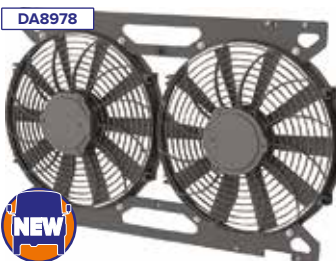

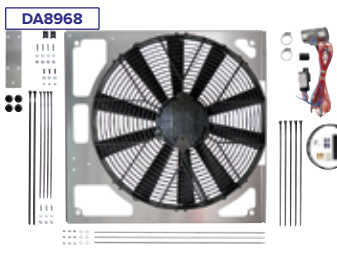

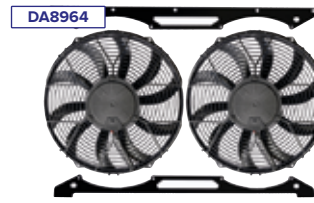

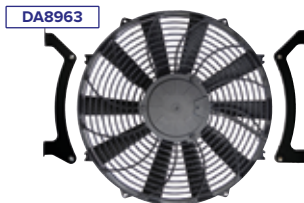

#### COMEX Electric Fan

- > Lightweight, slimline body
- > Low noise
- > Finger guard
- > Balanced blades
- > High output, long-life design
- > Rated to run continuously
- > Waterproofed to IP68

#### Fan Mounting Kit

- > No permanent modifications required
- > Vehicle specific brackets
- > Laser cut
- > Engineered to fit perfectly
- > Fitting kit which includes all necessary fittings

#### Air Conditioning Fans

##### DA8971 Defender

This is a direct replacement to the vehicles original air conditioning fan. Kit contains - 1 x 10" blowing fan.

##### DA8972 Discovery 2

This is a direct replacement for OEM Part No. JRP100000. Kit contains - 1 x 12" high power blowing fan, 2 x anodised brackets & 1 x fixing kit.

##### DA8973

#### Electronic Fan Controller

- > 35mm
  - > To fit extended loom
  - > Negative earth housing. Fits directly in to a radiator top or bottom hose for direct water contact.
  - > Supply voltage - 12V
  - > Space in hose approx - 35mm
  - > Overall length approx - 65mm
  - > Material - Aluminium
  - > Relay rating - 30 amps
  - > Wire length - 2,500mm
- Kit contains -  
2 x hose clamps, relay, cap, 3 x cable ties, fitting Instructions.

##### DA8974

#### Fan Override Switch

3-way rotary switch for use with a Revotec fan controller enabling the fan to be manually controlled either on, off or automatic. Perfect for 4x4 applications such as wading. This product must be used with a Revotec electronic fan controller.

- Kit contains -
- > Black anodised mounting bracket kit
- > Position decal
- > Sealed 3m wiring loom & connection diagram

# Revotec

Custom  
engineered to  
fit & cool your  
Land Rover  
perfectly

**Tuning Box**

**DA4507**  
Tuning box for the Defender - Puma 2.2Tdc

Power increases by **27bhp** (20kw)  
Torque increases by **71Nm**

The 2011 onwards 2.2 Tdci model Defender has new style piezo injectors and requires specialised tuning solutions. It is currently not possible to remap the ECU through the OBD port. This substantial new tuning unit is designed to plug directly into the wiring loom and requires no modification to the vehicle. Contained in waterproof housing so can be safely located in the engine bay.

**Turbo Boost Box**

**DA4667**  
The Td5 engine fitted in the Defender and Discovery is one of the most 'tuneable' engines available and it responds well to modifications including a PSI power tune box, larger intercooler, EGR removal kit and decat pipes. However the turbo will only boost to 14.7psi in standard form and this will quickly limit the potential from the modifications you have made. The ECU will cut fuel to the engine if it detects an over boosting situation, but there is a solution.

**Turbo Boost Box!** This intelligent box allows the Td5 engine to run with a higher boost pressure after adjusting the waste gate in accordance with the instructions. This allows increased turbo boost pressure without the engine going into limp home mode. You will feel the benefits of fitting the Turbo Boost Box as soon as you drive. At the lower rpm's the vehicle will feel more responsive whilst at the same time giving you a much smoother spread of power through the rpm range. An added benefit is a reduction of exhaust smoke.

Fitting the Turbo Boost Box is an easy 3 wire installation. The box is water resistant - ideal for most off-road uses.

This product must be fitted by a competent mechanic in accordance with the included instructions, incorrect waste gate adjustment can lead to engine damage.

**You will feel the benefits of fitting the Turbo Boost Box as soon as you drive!**

**PSI Power Tuning**

The Power Box houses a digital microprocessor which intercepts the fuelling signals being transmitted from the ECU to the fuel pump; it then modifies them to ensure the exact amount of diesel required for enhanced performance. Such efficient use of the fuel optimises consumption, reduces smoke emissions and there is less engine stress, enhancing engine life in many cases.

The Power Box improves torque enabling the vehicle to change gears earlier and hold higher gears at lower speeds, making driving more pleasurable.

The unit fits using the original manufacturers plugs; these existing plugs are opened and the Power Box is secured in between. Full fitting instructions are included with every unit.

**Features**

- > Plug-in unit
- > No intervention with the original ECU
- > Compact size
- > Shock resistant & waterproof

**Benefits**

- > Can be removed prior to sale or used as a selling point
- > Traceless
- > Peace of mind
- > Quality product which is legal & safe
- > Unobtrusive in interior of vehicle
- > No worries off road
- > A good investment

**Tunit Diesel Performance**

The Diesel Tunit has been forged from many years of experience to bring a world class unbeatable range of diesel performance solutions.

**Tunit Features**

Tunit possesses many advantageous features not seen in other tuning solutions such as chips, eeprom serial reprogramming (flashing) or other types of fixed map devices. It is interchangeable between vehicles and able to be upgraded. External to the ECU or 'Plug and play' as it is often called means no interference with the original manufacturers engine equipment. Its option to adjust power and performance provides easy manual adjustment for the novice or finer electronic alterations for the more dedicated tuner.

**"Plug & Play"**

**Fuel Savings**

Tunit has become advantageous in reducing fuel costs for a variety of applications; not just improving performance but now helping with saving fuel costs.

**Installation**

The Tunit is normally connected to original plugs on the vehicle and can either be self-installed or by a professional mechanic.

**Upgrade Chips**

**DA4497**  
Range Rover P38  
**No trade off between fuel economy & increased power!**

Replacement ECU chip to improve power and economy on the GEMS engine 4.0 and 4.6 in the Range Rover P38. Fitting this chip will increase economy by approx 15% and power by 10%. Once fitted, it helps makes a big difference to the driveability of the vehicle by improving throttle response and mid-range pull.

**Accelerate technology**

Limitations and restrictions exist which prevent your vehicle from achieving optimal performance. The manufacturer's emissions test is extremely rigorous due to inclusion of all parts of the driving cycle, especially warm up and full load operation, which is where problem emissions are at a maximum. To meet these they compromise performance and efficiency of the engine - this chip helps redress that balance.

**Off-Roaders in the driving seat**

Your requirements are met through a stable and predictable idle quality, good engine braking and an engine which has plenty of midrange torque. Perfect idle control for hill descents and winching, with no possibility of stalling. Total reliability ensures you never lose control.

**Greater expectations**

By comparison we know climate conditions and fuel quality your vehicle experiences and can therefore improve efficiency by reducing fuel consumption and optimising the engine to get its best performance on full load, which is less than 10% of the time.

**Weber Carburettors**

**DA3049**  
V8 4-Barrel conversion kit including manifold  
The Webcon 4 barrel replacement carburettor kit is a direct replacement for the twin Stromberg or SU carbs fitted to the Rover V8. Calibrated to work perfectly on the 3.5 and 3.9 engines, the Webcon kit is the most complete on the market and features a Webcon modified Weber 4 barrel 500cfm carburettor, intake manifold, air filter and every single nut, bolt washer, gasket and hose that could possibly be needed. The kit adds up to 20bhp at the wheels and transforms the driveability and economy. Starting becomes instant either hot or cold and with no balance adjustment to worry about with twin carbs, the engine is simply superbly smooth as a V8 should be.

**ERC2886W**  
Series - right hand drive  
Replacement for the Zenith 36IV  
The Weber range of carburettor kit replaces the Zenith 36IV to offer the optimum balance of power and economy together with the legendary quality and reliability of Weber. Shipped as complete turnkey solutions, all kits are supplied with every nut, bolt, washer and gasket required and comprehensive, easy to follow instructions ensure that installation can be carried out with no specialist carburettor knowledge.

**Double 'S' is recognised as one of Europe's leading manufacturers of stainless steel automotive components with a wide selection of systems for off-road use.**

Using only the finest austenitic and ferritic stainless steels and employing the latest in CNC mandrel and empty tube bending, measuring and inspection equipment, means increasingly high levels of product quality.

All Double 'S' exhaust systems carry a lifetime guarantee. Double 'S' will replace or repair any part of their Stainless Steel Exhaust Systems found defective through corrosion during the period that the system remains the property of the original owner. Provided that the system is inspected by a garage or exhaust fitting centre annually to ensure that the rubber and other mountings are in good condition.

### Roamerdrive Overdrive Units

<b>Defender</b>	
<b>DA9017</b>	Overdrive Unit
<b>DA9019</b>	Replacement Rubber Gaiter

Defender - up to 2007

The distinctive third lever on the centre console of a Defender identifies it as a vehicle equipped with a Roamerdrive overdrive. This rugged, bolt on accessory has been proven in hundreds of installations and tested under the most demanding expedition conditions. No other modification improves the performance and economy of your Land Rover like a Roamerdrive. The DS model overdrive is an auxiliary gearbox that is easily fitted to a Defender 90 or 110 with standard five speed transmission. The unit adds an optional 28% to the ratio of the drive train giving improved fuel economy. Reduced engine speed contributes to quieter more comfortable travel under motorway conditions and reduces wear and tear on mechanical components. The Roamerdrive is a completely mechanical device built in the tradition of rugged dependability that has made Land Rover the world's favourite expedition vehicle. These overdrives have no electronic or hydraulic components. They are controlled by moving the convenient hand lever. Unlike a high ratio transfer case that will permanently detract from the versatility of the gearbox, the Roamerdrive does not alter the vehicle's designed gear ratios. Off road performance is enhanced as the overdrive ratio can be added to any gear in high or low range.

The Roamerdrive uses the same epicyclical gear technology as a modern automatic transmission and runs quietly. This is particularly evident at high speeds and makes driving a Defender for long distances a pleasurable experience. On long journeys Roamerdrive users have reported fuel savings of up to 18% - not surprising when you consider that the engine lopes along the highway at about 2,000rpm - a favourable spot on the diesel torque band. Although precise fuel savings will depend on your driving habits.

DA9017

DA9017

DA1285

DA9018

DA9016

*Reduced engine speed contributes to quieter more comfortable travel under motorway conditions and reduces wear & tear*

#### DA9029 Transfer Case Dipstick Kit

Series 1, 2, 2A & 3

If you do not own a Roamerdrive (DA9015), you can buy a handy dipstick kit that will enable you to check the oil level in your transfer case by simply lifting out the centre seat. The kit consists of a dip-stick tube that screws into the level plug and a replacement top cover with a filler plug.

DA9029

#### DA9018 Transfer Case Sump Cover

Fits models fitted with 230 type transfer case. Defender - up to 2007, Discovery 1 & Range Rover diesel.

Billet transfer case sump oil coolers are designed to replace the flimsy sump covers supplied as standard equipment. These covers are stronger than the originals and have cooling fins to keep the oil in your transfer case cool in harsh conditions. The sump cover is supplied with a new gasket, and the existing bolts are used for installation. The sump cover is significantly stronger than the original and adds about 1/2 litre to oil capacity. Existing ground clearance is not compromised. A plugged port is supplied so that DA1285 oil temperature gauge can be fitted. It is possible to fit this sump cover to V8 models but check first that there is good clearance between the cover and existing exhaust pipes.

#### DA1285 Oil Temperature Gauge

This oil temperature gauge is a high precision mechanical temperature gauge with a full 270 degree sweep. The unit is designed to compliment DA9018 transfer case sump cover and fits directly to a pre-drilled port in the sump cover. The unit fits into a standard two inch mounting hole and operates completely independently of electrical power. A 12 volt light supplies illumination. The gauges are far more accurate than common electrical types using thermistor senders. These gauges can also be used to measure cooling water temperature or engine oil temperature in commercial or marine applications. The sending tube is 1,800mm long, and contains pressurised fluid so it cannot be shortened - but you can coil surplus tube behind your dash.

#### Series DA9015 Overdrive Unit

Series

DA9015 Overdrive Unit

The distinctive extra lever on the right hand side of the transmission tunnel on a Series 1, 2 or 3 shows that it is equipped with a Roamerdrive. Since 2002 the majority of new overdrives fitted to these timeless vehicles have been simple rugged units. Proven in hundreds of installations worldwide, this rugged and well engineered product will improve the performance and economy of your collectable Land Rover. The SS model Roamerdrive is an auxiliary gearbox that is easily fitted to a Series 1, 2 or 3 with a 4 or 6 cylinder engine. The unit adds an additional 28% to the ratio of the transmission giving improved fuel economy. Reduced engine speed contributes to quieter more comfortable travel at motorway speeds and extends the life of drive train components.

The Roamerdrive is a completely mechanical device built in the same tradition of rugged dependability that has made Land Rover the world's favourite expedition vehicle. These overdrives have no electronic or hydraulic components. They are engaged or disengaged by moving a convenient lever.

Unlike a high ratio transfer case that will permanently detract from the versatility of the gearbox, the Roamerdrive does not affect the vehicle's designed gear ratios. The unit provides useful 'splitter' gears such as a gear ratio midway between conventional third and fourth.

The Roamerdrive uses the same epicyclical gear technology as a modern automatic transmission and is very quiet running. This is particularly evident at higher speeds and makes driving a Series Land Rover for long distances a more pleasurable experience. Fuel savings will depend on your driving habits. On long journeys Roamerdrive users have reported fuel savings of up to 18%.

#### DA9016 Transfer Case Sump Cover

Fits all Land Rover Series 1, 2, 2A and 3 models (except V8)

Billet transfer case sump oil coolers are designed to replace the flimsy sump covers supplied as standard equipment. These covers are stronger than the originals and have cooling fins to keep the oil in your transfer case cool in harsh conditions. This Series model is supplied with a new gasket and replacement fastening bolt to replace the brittle standard studs. Being solid aluminium, the cover completely eliminates leaks caused by differential expansion. If your vehicle is pre 1980 you can use your existing drain plug and washer. Owners of Later Series Vehicles with Metric fasteners should purchase a plug (Land Rover part 235592) to fit the threads in this casting. As the cover expands at the same rate as the aluminium transfer case the stubborn oil leaks associated with the original steel cover are completely eliminated.

Garage Therapy Overdrive Unit

DA3338 NEW

Garage Therapy Overdrive Kit - 4-Speed (LT95)

Range Rover Classic 1970-1983

The kit includes:

- > GT-LT95 overdrive
- > 2 piece LT95 coupling
- > Coupling spacer
- > Finned transfer case cover and gasket
- > Digital temperature gauge kit including 2 sensors
- > Overdrive selector kit
- > Installation manual

It has been specifically designed to fit the restricted space of the 1970 - 1983 Range Rover Classic that use the Rover LT95 gearbox. Comes with everything required to complete the installation. Because the overdrive has been designed to fit onto the PTO flange area of the Land Rover LT95 gearbox, you can enjoy the 28% overdrive in any gear, including reverse, and in high or low range.

Garage Therapy have worked closely with Global Roamer Corporation of Canada to develop a robust overdrive that will allow you to enjoy quieter, more fuel-efficient cruising on motorways and the ability to split every gear while towing heavy loads. It also allows you to overdrive all gears in low range, reducing engine noise and wear on those long sandy tracks and beaches.

The GT-LT95 overdrive takes advantage of Global Roamer's legendary epicyclic gear train technology as used in their Roamerdrive overdrives. Also known as planetary gear sets, they are well known for their strength and silent operation. Global Roamer Corporation has a worldwide population of many thousands of overdrives using this very same bullet-proof technology.

Many of the older style 'layshaft' overdrive units suffered badly from a lack of lubrication. The GT-LT95 is designed to be open to the transfer case and utilises an innovative lubrication system which directs transfer case oil through the overdrive gearbox and back to the transfer case via a large deep groove ball bearing.

As with all gearboxes, lubrication failure due to excessive heat, lack of supply, or both, is to be avoided at all costs. To handle the extra heat generated by the overdrive gearbox, a finned transfer case cover is included which doubles the heat rejection compared to the standard cover. If even more cooling is required for high speed, high load in hot climates, the cover has ports for an optional oil cooler and manual temperature sensor.

To assist this, an accurate digital temperature gauge is supplied. This very clever gauge uses simple lug style sensors that can monitor both engine and gearbox temperature. Unlike traditional sensors, they operate independent of oil level. It even has an optional exhaust gas temperature thermocouple available; perfect for turbocharged applications. Not only does the gauge have simple to understand icons that change colour if safe limits are exceeded, it also has a series of audible alarms so you never miss that vital warning.

You can enjoy the 28% overdrive in any gear

Heavy-Duty Axles

(ANR1799A)

**DA1129KIT**

Fitting kit for all  
fulcrum brackets

**DA1129ULTRA**

Fulcrum Bracket with  
High Articulation

Defender

Discovery 1

Range Rover Classic

One of the major factors limiting the rear suspension movement on vehicles fitted with an A-frame is the standard ball joint. We have developed this part to provide significantly more articulation than the standard and most aftermarket joints. Others claim more articulation yet in reality they offer very little over the standard 30°. This exclusive ball joint offers 45° movement in all directions. It is easily adjustable with a regular hex spanner and has a grease nipple for convenient regular maintenance. It is supplied fitted ready to bolt to your Land Rover.

### Castor Corrected Swivel Housings

**DA3203**

Defender - from LA up to WA

**DA2992**

Discovery 1 - JA32851 onwards - non-ABS

Range Rover Classic - JA624517 onwards - non-ABS

#### '3 degrees of additional castor'

Normally the only way to correct the castor angle on a beam axle vehicle is to fit castor corrected radius arms or go through the lengthy process of repositioning the brackets on the axle. Something which takes considerable time and skill. Britpart offer you an alternative. These castor corrected swivel housings come as a handed pair. They are a direct replacement for vehicles normally using the FRC7065 swivel housing but they have the mounting holes positioned to give 3 degrees of additional castor. The swivel housings are from the OEM supplier and then machined to our specification. Kit contents - Swivel housings; swivel pin bearings; gaskets; seals; plates; shims; joint washers; swivel pin uppers - non-ABS & swivel housing grease sachets.

### Heavy-Duty Drive Flanges

**DA1148**

*These heavy-duty drive flange kits have been engineered to outperform many of the inferior products available on the market and are much stronger than an OE drive flange. Kits are complete with hex head bolts and screw on caps with integral seal.*

**DA1148**

Manufactured from chromoly steel - 40CrNiMo

Defender - from LA/Discovery 1 - from JA

Range Rover Classic - ABS and front from JA

**DA1149**

Manufactured from 5140 steel

Defender - up to KA

### Radius Arm & Panhard Rod Bush Kits

Front bush kits include bushes for radius arms and panhard rods. Rear bush kits include bushes for top & bottom links.

**Front Bush Kits**

**DA1242** Range Rover Classic - up to 1985

**DA1244** Defender - up to KA

**DA1244G** Defender - up to KA OEM

**DA1245** Defender - from LA up to VA130784/Discovery 1  
Range Rover Classic - from 1986 onwards

**DA1245G** Defender - from LA up to VA130784  
Discovery 1 OEM

Range Rover Classic - from 1986 onwards

### Panhard Rod

**DA1130**

Ninety/One Ten

Defender

Complete with yellow  
polyurethane bush set

If your Land Rover has raised suspension it is wise to use an adjustable panhard rod to correct the axle position which will in turn maintain and restore the steering geometry.

**DA1130TUBEKIT**

90/110

Defender

Replacement panhard  
rod adaptor tubes

### Radius Arms

DA5505

- > Designed for Defender Discovery 1 Range Rover Classic with an extended 1 to 3" lift
- > Front radius arms correct castor alignment which in turn ensures safe driving
- > Rear radius arms provide full rear axle articulation
- > Fitting the radius arms will contribute to much better off-road capability for your vehicle by fully utilising your spring and shock absorber set
- > Zinc passivated with a yellow heavy-duty powder coating finish to complement each component and the Britpart coil springs

**DA5505** 3° Heavy-duty - pair Narrow - 38mm  
Use with NTC7307 & DA2353 bushes

**DA5506** 3° Heavy-duty - pair Wide - 45mm  
Use with NTC6781 & DA2353 bushes

**DA5510** 2" Lift rear radius arm Pair

### Subframe Arms & Bolt Kit

### Meyle Heavy-Duty

Steering and suspension components are subject to extremely high load levels, which frequently results in increased part wear and shorter replacement intervals. Required to perform reliably under these conditions, the parts are therefore made to genuine Meyle heavy duty quality which means optimised products offering maximum service life and outshining OE solutions.

**Adjustable Control Arms**  
Discovery 5  
Range Rover Sport - Mk2  
Range Rover L405  
The Meyle HD control arms are designed to combine the three different camber options available from OE into one adjustable reference per side. Bushings and ball joint are designed for higher durability in comparison to OE and the control arm body is forged instead of casted for higher strength. The design deviates from the OE but the control arms are developed to replace the following OE references:

### Heavy-Duty Axles

Defender heavy-duty axles are a straight replacement for your existing axles and offer substantial protection.

**Shock Absorber Brackets & Turrets**

**DA1186**

**Shock Turrets**

Defender/Discovery 1/Range Rover Classic  
**DA1186**

Galvanised standard height front shock turrets with fitting kit.

**NRC6372GALV**

Galvanised standard height front shock turret - single

**NRC9700GALV**

Galvanised spring seat - single

**Long Travel Rear Shock Absorber Mounting Kit DA6337**

Defender/Discovery 1/Range Rover Classic  
The standard pin and eye shock absorbers don't have the necessary articulation for extreme off-road conditions and the answer is to use pin and pin shock absorbers.

If you use our Cellular Dynamic Plus 5 shock absorbers they offer better articulation. Laser cut, jigged and computer welded with zinc plated and powder coated finish. To be used in conjunction with DC6000LL.

**Note** - On Defender Td5 the fuel filter must be moved.

**XS Skeletonised Shock Turrets**

Discovery 2

**DA6323** Single shock turrets Front Standard height

**DA6323L** Single shock turrets Front 2" Lift

**DA6324** Twin shock brackets - kit Rear

\***Note** - Rear brackets involve some welding to fit. Fitting shock absorber brackets may require some vehicle modification, please ask your Britpart stockist for full details.

Sometimes off-road conditions can be serious enough to test the standard equipment on your Land Rover to its maximum. One of the critical components that takes most of the abuse is the suspension system. When using the standard single shock absorber configuration it is not unknown for the shock absorber to break the factory fitted turret mount. These shock absorber turrets from Britpart give you confidence that your vehicles suspension will tackle the terrain you take it through with greater ease.

The single shock absorber turret is manufactured from heavy-duty steel and replaces the existing turret mount which is susceptible to corrosion by allowing a build up of dirt inside which is hard to clean thoroughly. The new design is harder wearing and easier to clean.

The twin shock absorber turret is manufactured from the same quality steel as the single shock absorber turret but allows for the fitting of an additional shock absorber. The benefits of having extra shock absorbers fitted to your Land Rover is that any extreme force encountered is divided between the two shock absorbers for a more comfortable ride for you and your passengers. Using twin shocks is also beneficial when carrying loads both on and off-road as it improves the load carrying ability of the vehicle. An additional benefit is that when changing shock absorbers there is no need to remove the turrets.

*Sometimes off-road conditions can be serious enough to test the standard equipment on your Land Rover...*

## Brackets, Mounts & Ancillary Products

### Spring Spacer Blocks

#### Defender - 90/Discovery 1/Range Rover Classic

**DA6344** Front pair  
**DA6345** Rear pair

These 50mm spring spacer blocks are manufactured from 6mm plate with a powder coated finish. The spacers fit between the axle and the spring seats on the front and rear to give you that extra 50mm of lift you need.

#### Discovery 2

These 40mm spring spacer blocks are machined from high quality aluminium and anodised deep blue.

**DA6341** Front pair  
With this kit you are able to retain the standard springs and shock absorbers. Use in conjunction with DA6342.

**DA6342** Rear pair  
This kit enables you to retain your air springs yet give your vehicle the desired 40mm lift. We recommend that this kit be fitted in conjunction with DA6341, DA4198 or DA4199. Please look at the shock absorbers suitable for this vehicle and at 40mm braided brake hoses.

### Dislocation Cones

These clever products ensure your springs relocate correctly when using your Land Rover in extreme conditions. Use in conjunction with spring retainers.

### Lift Rod Kit

#### DA7531

Fully adjustable suspension lift rod kit  
Discovery 3/Discovery 4/Range Rover Sport - 2005 - 2013

*"The ease of changing the ride height is what separates these rods from others in the marketplace."*

These adjustable rods replace the plastic and rubber parts Land Rover supply on the vehicle. Made from aluminium with an industrial heavy grade rubber bushing, the aluminium parts are anodised black to help with corrosion protection and blending in when in the garage for work.

The lift rods have two settings; standard and off-road. With the air suspension set to normal driving height the lengthened rods will give you standard road and off road driving heights. If you shorten the rods the standard ride height will be approx 50mm higher. If you select off-road height the vehicle will be in the 'super extended' position.

No tools are required and should take no more than 2 minutes to do all four rods.

Access to the front is over the front wheels and for the back is through the rear wishbones (blanket required!)

**Note** - If run for a long time in off-road position then wheels may need realigning.

## Bushes

### Bump Stops

Extended polyurethane bump stops should be used on vehicles with raised suspension to prevent the shock absorbers from bottoming out. All sold individually.

#### Discovery 2

**LR051585PF** Front arm - lower - front

> Better handling & better stability under braking

> Prolong tyre life

> High quality polyurethane material

> Last longer (up to 10 x rubber equivalent)

> Easily fitted

Powerflex bushes offer improved performance, safety and prolong tyre life. Engineered to be the best, Powerflex bushes are an answer to soft ageing and failing rubber suspension bushes and provide improved suspension mountings. No special tools are needed and comprehensive fitting instructions are included.

**LR051585PF**

### Bush Fitting Tool

**LRT-60-004**

Fitting new front radius arm bushes (part number ANR3332) for the Range Rover P38A is impossible to do without using the Land Rover special tool.

### Bush Sets - Watts Linkage

**RGX100960K**

**DA1199**

**RGX100960K**

Discovery 2  
Watts rear linkage bush set contains bushes to replace centre bearing, top & bottom bush links and axle end links.

**DA1199**

Discovery 2

This replacement pivot for the rear suspension is complete with bushes fitted which makes an awkward job easier.

### Bush Sets - Castor Correction

**DA8952**

Available in UK only

Defender/Discovery 1/Range Rover Classic Old Man Emu replacement bushes to correct the castor angle after a Land Rover has been lifted. These will ensure the correct steering geometry is maintained.

**DA8952** Wide bush - 44mm

**DA8951** Narrow bush - 38mm

### Bushes - Meyle Heavy-Duty

**LR073366HD**

Discovery 4

Steering and suspension components are subject to extremely high load levels, which frequently results in increased part wear and shorter replacement intervals. Required to perform reliably under these conditions our parts are therefore made in genuine Meyle heavy duty quality which means optimised products offering maximum service life and outshining OE solutions.

Full Polybush Dynamic Orange Kit

Kit contains -

Front upper arm bushes; front lower rear arm inner bushes; front lower rear arm outer bushes; front lower front arm bushes & rear upper arm bushes

Range Rover L405

**DA2888 NEW**

Full Polybush Dynamic Orange Kit

Kit contains -

Front upper arm bushes; front lower rear arm inner bushes; front lower rear arm outer bushes; front lower front arm bushes & rear upper arm bushes

#### Polybush Blue Comfort Bushes

Range Rover P38 - 1994 onwards

**DA2203**

Full Polybush Blue Comfort Kit

Kit contents - Front radius arm to axle; front radius arm to chassis; panhard rod; rear radius arm to chassis

Discovery 1

Range Rover Classic - 1986 onwards

**DA2217**

Full Polybush Blue Comfort Kit

Kit contents - Front radius arm to axle; front radius arm to chassis; panhard rod; rear radius arm to axle; rear radius arm to chassis

**Lasts 4-5 times longer than rubber**

Discovery 3 & Discovery 4

**DA3144**

Full Polybush Dynamic Orange Kit

Kit contains - Front lower wishbone - front & rear bushes; front upper wishbone bushes; rear lower wishbone - front & rear bushes; rear upper wishbone - front & rear bushes  
Individual Polybush Dynamic Orange Kits

**LR015339PY**

Front anti-roll bar clamp kit

**RGX500060PY**

Rear anti-roll bar clamp kit

**LR056964PY**

Front upper wishbone kit

**LR051585PYB**

Front lower wishbone - front kit

**LR073366PYB**

Front lower wishbone - rear kit

**LR051611PY**

Rear lower wishbone - front kit

**LR054831PY**

Rear lower wishbone - rear kit

**LR051616PY**

Rear upper wishbone - rear kit

**LR051621PY**

Rear upper wishbone - front kit

**ROA000022PY**

Damper kit - front & rear

#### Polybush Red Classic Bushes

Defender/Discovery 1/Range Rover Classic

**DA2220**

Full Polybush Classic Red Kit

Suspension bush set - wide bushes

Defender 90 & 110 - 1994 onwards

Discovery 1

Range Rover Classic - 1986 onwards

Kit contains - Axle - front radius arm/rear radius arm & panhard rod. Chassis - front radius arm & rear radius arm

#### Other Polybush sets available from Britpart

Full details supplied on request.

Benefits of fitting Polybush include:

- > Easy to fit - the original fit and forget
- > Less downtime - keeping your vehicle on the road
- > Reduced MOT costs

Defender - 2020 onwards

Discovery 5

**LR174897PYB NEW**

Dynamic Orange

Front suspension arm bush kit

Defender - 2020/Discovery 5

Range Rover - L405

Range Rover Sport - Mk2

**LR148836PYB**

Dynamic Orange

Front suspension arm bush kit

Range Rover Sport - 2005 - 2013

**DA6049**

Full Polybush Dynamic Orange Kit

Kit contains - Front lower wishbone - front & rear bushes; front upper wishbone bushes; rear lower wishbone - front & rear bushes; rear upper wishbone - front & rear bushes

Range Rover Sport - 2010 - 2013

**RVU500011PY**

Front anti-roll bar bush with ACE - pair

**RVU000022PY**

Rear anti-roll bar bush with ACE - pair

Defender - 2002 onwards

**DA2198**

Full Polybush Classic Red Kit

Kit contents - Front radius arm/axle; front radius arm/chassis; panhard rod; rear radius arm/axle; rear radius arm/chassis

Defender - 1987 - 2006 & 2007 onwards

Discovery 1

Range Rover Classic - 1986 - 1994

**NTC1773PB**

Polybush Classic Red Kit

Rear suspension - upper link bush

- > Lasts 4-5 times longer than rubber
- > Controlled suspension movement
- > Impressive & confident ride
- > Prolonged tyre life
- > Unaffected by oil, fuel and road contaminants
- > Fixes premature bush failures
- > No requirement for specialist tools

*Polybush's use of high quality pure materials offers immense flexibility and resilience, providing original ride comfort with the durability of Polyurethane.*

*All of their bushes are designed and engineered to exact specification. Keeping suspension working as the manufacturer intended.*

- > Britpart are proud to present an exclusive range of Yellow and Black polyurethane bushes
- > Manufactured exclusively for Britpart using the latest Vulkollan™ polyurethane technology
- > Machined to exact tolerances once cast to produce the highest finish available
- > Produced in both yellow and black they are both the same compound which gives similar ride characteristics to the standard rubber bushes, but they offer improved articulation, vibration damping and last longer
- > The black bushes are ideal for replacing individual bushes as they can be fitted without a press
- > The DC range of kits include shock absorber and A-frame bushes

Range Rover L322 - from 6A198058 up to CA393639
- DA3964**  
Hitachi compressor pipe/install kit

*No need to reprogram the air suspension ECU*

At last, a cost effective and easy way to replace the OE air suspension compressor. These compressors are a direct replacement fit for the OE compressors that were fitted by the factory. They are made in Japan by Hitachi. By using the original brackets and pipes they are easy to install. The relay, which is included, must be changed. No need to reprogram the ECU (fault codes may need to be cleared).

- > Direct replacement fit
- > Cost effective
- > No need to reprogram the air suspension ECU
- > Uses all original mounting & pipework

### AMK Compressors

Direct replacement AMK compressors for all non-Hitachi vehicles. Manufactured by the OE company in Germany. The relay, which is included, must be changed.

**Britpart XD Remote Reservoir Shock Absorbers**

Britpart have developed this range of remote reservoir shock absorbers for users wanting the extra benefits of a remote reservoir shock absorber on a vehicle that is used both on and off-road. The remote reservoir allows the shock to remain cooler under more extreme conditions and hence reduces the possibility of fade. Unlike most remote reservoir shock absorbers on the market the Britpart XD remote reservoir shock absorbers use conventional rubber bushings instead of ball joints. This is because ball joints have a very short life span when used on a road vehicle and are more suited to an all out competition vehicle.

Nitrogen filled remote reservoir shock absorbers with zinc plated steel body and anodised fittings.

**Note** - Will require extra fabrication to fit.

Defender 90 & 110/Discovery 1/Range Rover Classic

- > Teflon piston with multi-lip seal
- > Single piece eye ring

The Britpart Cellular Dynamic Shock Absorber represents a significant advance in Land Rover suspension systems. It features a cellular foam insert instead of a normal nitrogen gas or air, this is to stop the oil from boiling. The foam takes up less room which means more room for oil, 50% more, which offers maximum heat dispersion. This heat dispersion translates to a very subtle but controlled ride that will not fade no matter how hard you push them. They are ideal for a driver who needs more control to complement performance improvements or to enhance a standard vehicle. The unique design ensures ride comfort and cornering ability is maximised and of course they are superb off-road.

**Notes** - \*Terms & conditions apply. \*\* Dimensions are +/- 5mm. \*\*\* The Plus 5" Cellular Dynamic Shock Absorbers are specialist suspension products and to install them additional fabrication work or brackets may be required. Please ensure that they are fitted by a competent expert.

DC6001LL

*“They are ideal for a driver who needs more control to complement performance improvements”*

### Britpart Super Gaz Shock Absorbers

Britpart Super Gaz Shock Absorbers offer a 35mm bore tube filled with Fuchs shock absorber fluid, using the best seal available, single piece eye rings, polyurethane bush mounts and a very durable powder coated finish. These offer a vast improvement in ride quality and damping performance. They are ideal for use with either the Britpart Yellow Spring range or standard Land Rover springs.

**Notes** - \*Terms & conditions apply. \*\* Dimensions are +/- 5mm.

*“Vast improvement in ride quality & damping performance”*

Nitrocharger Sport shock absorbers introduces advanced dual-stack deflective disc technology that continuously adapts to the terrain, offering rapid response improvements to ride quality, handling and control. Available in the UK only.

#### Features

- > Interactive, multi-stacked rebound and compression valving systems ensure optimal damping performance in all conditions.
- > Vehicle specific fine tuning for superior handling and ride performance.
- > Piston rod 'slip ring' provides more consistent and uniform damping performance.
- > Triple lipped oil seal with gas retention check valve design virtually eliminates contaminant damage and gas loss.

#### Old Man Emu BP-51 High Performance Long Travel Bypass Shock Absorbers

Defender - 110 - up to 2007

<b>BP5160036</b>	Rear shock absorber - single
<b>VM80010037</b>	Rear fitting kit

- > BP-51 shock absorbers feature revolutionary technology developed to deliver unparalleled on and off-road performance for your Land Rover
- > Developed and tested under the harshest conditions in Australia
- > Designed to bolt onto your vehicle without any vehicle modifications
- > Considerable ride comfort around town is combined with significant end-zone damping for exceptional control and handling off-road
- > Easily adjustable damping performance across both rebound and compress

#### Vehicle Specific Applications

- > No fitting modifications are needed
- > Fit kits developed specifically for the Defender
- > All reservoir brackets have been integrated into the geometry of the Defender 110/130
- > Included in the front fit kit is a replacement front shock turret, front sway spacers, front bump stop spacers and reservoir mount assembly
- > Included in the rear fit kit is a replacement rear upper shock mount, rear sway spacers, rear bump stop spacers and reservoir mount assembly
- > Spring selection must be from the current OME Defender long travel application

More information is available on the Britpart website.

### Boge Shock Absorbers

BOGE shock absorbers offer customers great quality! The technical characteristics are exactly tailored to the vehicle specifications and will contribute to a noticeable improvement in the handling of the vehicle. High quality materials and sophisticated manufacturing processes guarantee the best quality and comfort for your vehicle.

These traditional hydraulic shock absorbers come with fluid and seal technology designed to keep your Land Rover suspension under control.

Britpart Coil Springs - Lifted Springs

Britpart performance springs are high quality, versatile and competitively priced - the right choice when replacing the old sagging original springs.

Developed by one of the world's top spring manufacturers these high quality, powder coated yellow springs have been designed with the needs of today's Land Rover owners in mind. Britpart performance lifted springs have the added benefit of improving your vehicles approach and departure angles which in turn allows you to overcome more obstacles when off-roading.

As Land Rovers are often working vehicles as well as the family car, uprated springs must offer the ability to carry loads, handle off-road terrain and provide a good ride on road. The progressive springs offer a compliant ride when lightly loaded, but firm up as the load increases.

**Note** - Supplied in pairs.

Britpart Coil Springs - Standard Height Springs

Britpart yellow springs are designed for the enthusiast who wants a performance spring without having to raise the vehicle. They offer a firmer ride with less body roll, ideal for a vehicle with uprated performance or one used for carrying heavy loads. The springs are designed to offer full articulation off-road with a compliant ride. Developed by one of the world's top spring manufacturers these high quality, powder coated yellow springs have been designed with the needs of today's Land Rover owners in mind.

**Note** - Supplied in pairs.

## Springs

### Lowered Coil Springs & Kits

**Range Rover Evoque**  
**DA5135**  
 Range Rover Evoque  
 4WD 2.0 Si4/2.2 TD4/2.2 SD4  
 35mm Lowering springs kit  
 Front & rear

Reduce the ride height of your Land Rover by 1" (25mm). By lowering your vehicle it will help reduce body roll as well as giving your vehicle a more sporty squat stance and improve handling. The springs are designed in line with the standard spring rate specification and are finished in powder coated orange paint to match the anti-roll bars and shock absorbers.

### Air Lift Kits

**Air Lift 1000**  
**DA5010**  
 Defender 110/130  
**DA5011**  
 Defender 90/Discovery 1/Range Rover Classic  
 Air adjustability is the difference! Stiff steel factory suspensions must compromise between ride comfort and load hauling capacity. Smooth ride suspensions can't carry heavy loads; heavy springs ride rough, especially when the vehicle is unloaded. Air Lift adjustable air springs solve these problems by allowing you to tune your suspension under all load and road conditions. Just add air when towing or hauling and then remove air for a softer ride when unloaded.

- Features & Benefits of Air Lift 1000**
- > Improve ride, handling and stability by reducing roll, sway and 'bottoming out'
  - > Fits open coil springs, front or rear
  - > Up to 1,000lbs of levelling capacity
  - > Tough long-lasting moulded polyurethane construction
  - > Quick connecting easy-to-use engineered polymer air fittings

**DA5012**  
**Air Lift 1000 - Load Controller II**  
 The economical, popular, basic on board air system. This system controls the rear bags equally. All kits include wiring harness for fast, easy installation. To eliminate the major cause of air spring failure, the low pressure sensor automatically activates if pressure falls below the minimum safe level.

*Adjustable Air Helper Springs  
 The load and towing problem solver!*

### Leaf Springs

These springs are manufactured to the original OEM specification and constructed from the correct grade alloy steel - 60SiCr8. Each leaf is heat treated consisting of hardening & tempering as the Land Rover engineers specified. Fitted with OEM bushes, these leaf springs will therefore give you years of service with the correct ride comfort for your Series vehicle.

# SUSPENSION & AXLE

## Suspension Conversion Kits

### Airbag Man Intelliride Airbag Kits

#### Why Intelliride ECAS?

This front and rear axle full air suspension kit incorporates on-board air control which is a fully automatic Electronically Controlled Air Suspension (ECAS) System. When fitted, the system provides comfort while maintaining a programmed ride height irrespective of the load. Multiple vehicle heights are available at the push of a button.

The on-board system has automatic load levelling at each height which continuously monitors inputs and component performance as a means of increasing safety and durability. The on-board system recognises and responds accordingly to potholes, cross-articulation and extended turns. This intelligence prevents unnecessary activity and air consumption, it even recognises unachievable heights, assisting in the prevention of possible damage above or below the vehicle.

#### Features

- > Automatic 4 corner ride height control catering for all loads
- > 3 pre-set heights - high, drive & low mode
- > Fully adjustable via easy to use hand held control
- > Front to back levelling
- > Raise for clearance
- > Lower for storage and access
- > Inputs available for safety reset to ride height
- > Manual mode
- > Horizon levelling feature option
- > OEM grade components for reliable performance
- > High volume air springs for optimal ride quality & carrying capacity

#### Core Components

- > Rear Firestone air springs - heavy-duty rolling sleeve air springs
- > Front Dunlop air springs - heavy-duty rolling sleeve air springs includes shock relocation brackets
- > AMK air compressor - 12 volt. Max 150 psi working pressure, high quality German built compressor
- > 1 Gallon seamless aluminium air tank - SAE J10 APPROVED, lightweight & no corrosion. Max. working pressure 200psi. Pressure tested to 1,000psi. 3 x 1/4" NPT ports (including drain port). Multi-position low profile bracket set
- > Hand held controller - 9m lead
- > ECU & valve block
- > Vehicle specific air supply mounting brackets
- > Rocker switch & height sensors
- > 6mm high quality nylon tubing
- > Quick fit push to connect air fittings
- > Easy to use electrical connections
- > Sealed relay & harness
- > Hardware
- > Step by step instructions
- > Operators manual

**Defender 4-Corner Air Suspension Conversion Kit**

*How about modifying your Defender with improved on-road behaviour for daily use and the ability of increased ground clearance when venturing off-road?*

When your Defender is fitted with the standard coil suspension, the ride is a compromise between off-road ability, load carrying and normal road use. By using a full air suspension kit, ride quality is improved and vehicle height can be altered by moving to a pre-set relevant to your needs. Vehicle height and wheel travel then stays in the optimal working range for suspension performance and comfort at all legal loads\*.

**Benefits of Full Air Conversion**

- > Improved vehicle stability and handling under all loaded conditions
- > Increased comfort and enhanced driving experience
- > Fully adjustable heights with intelligent controls
- > Optimized geometry
- > Constant ride height under all loaded conditions up to vehicle full GVW\*
- > Easily installed and user friendly system

High quality materials are used to give you the most reliable kit for your Land Rover. Bespoke air spring units are used in conjunction with a turret setup & electronic control system. Electronic components have been durability tested and in many cases are shared with those fitted to many European cars for factory fit air suspension. The compressor from AMK is very robust with low noise & vibration. The kit comes complete with full instructions and all the necessary parts, it's easy to install and requires minimal drilling during fitment.

**Kit Features**

- > Constant ride height\*
- > Increased comfort
- > Improved stability & driveability
- > Pre-set heights for electronic control system
  - Access - Low for easy entry/exit
  - Ride height - Normal road use
  - Off-road
- > Additional tilt features available
- > Multi-axis horizon levelling add-on feature available on request

**Technical Specification**

Wheel travel	≈180mm
Off-road position	+40mm
Access position	-60mm

\*Please refer to Land Rover for Defender official payload capability.

DA9110

Defender 110 & 130

**Compatibility**

It is important you abide by this compatibility list in order to protect the components in the air suspension kit. Any parts warranty claim would be void if this criteria is not followed.

**Bump Stops** - Minimum height from chassis 70mm. Bump stop spacers are provided to meet this criteria when using standard Land Rover factory bump stops.

**Anti-roll Bars** - Passive front and rear anti-roll bars must be fitted.

**Shock Absorbers** - Front shock absorber maximum length - 545mm. Rear shock absorber maximum length - 535mm

### Air Spring Conversion Kits

DA5137

DA5007

DA5097

#### Discovery 2

It is a sad fact that it's likely the air suspension on your Discovery 2 will fail - probably at the most inconvenient time possible. You then have a choice to make. Do you replace it with a new air spring system which is comfortable but not so comfortable on your wallet or replace with an equally comfortable but much more affordable and reliable coil spring system? Britpart have the complete kit for air to coil spring conversion making your decision that little bit easier.

<b>DA5136</b>	Standard ride height	Rear kit - black springs	
<b>DA5137</b>	2" lift ride height	Rear kit - yellow springs	
<b>DA5007</b>	2" lift ride height - heavy-duty	Front & rear kit - yellow springs	Ideal if winch is fitted
<b>DA5008</b>	2" lift ride height	Front & rear kit - yellow springs	

#### Range Rover P38

The EAS (Electronic Air Suspension) System found on Range Rover 4.0 and 4.6 vehicles can present expensive, recurring maintenance problems. If you've had an air spring failure before, you know this first hand. Britpart now has a coil spring conversion kit for Range Rover 4.0 and 4.6 that makes switching to coil springs seamless and error-free. Conversion to coil springs provides a better, maintenance-free ride that will save you significant money over time. The EAS Override Module suppresses all typical false dashboard display errors and buzzers seen when converting to coil springs. Any mechanic or Range Rover owner can install this coil spring conversion kit without having to go to a Land Rover dealer or Autologic-equipped repair shop to eliminate false dash warning light errors.

#### The kit features:

- > Detailed step-by-step instructions
- > The EAS Override Module overrides all typical computer errors seen when converting to coil springs
- > Eliminates the need for a costly shop visit
- > Aluminium spring perch adapters
- > Britpart custom made coil springs provide standard ride height and maximum articulation
- > Affordable alternative to expensive, recurring air suspension failures
- > Trip computer compatibility - maintains operation of your vehicle's trip computer
- > Kit provides everything needed to complete a professional installation

#### Discovery 3 & Discovery 4

**Does the complexity of having air suspension on your Discovery worry you?**

Discovery coil conversion kit with module.

This comprehensive kit contains everything you need to convert to conventional coil spring suspension. Kit comprises four strut units and module to prevent the air suspension lights from being illuminated. **Note** - In some Discovery 3 installations it will be necessary to purchase 2 x RNG500060 to ensure correct ride height is achieved.

**DA1740**

Medium-duty full kit

**DA1741**

Heavy-duty full kit

#### Defender 110

**DA2861**

Medium-duty full kit

**DA2862**

Heavy-duty full kit

**Note** - Kit lifts Defender from standard height to between 1" & 2" dependent on kit fitted (winch etc).

Any suspension modification should have a full wheel alignment to ensure the vehicle is set up correctly and does not cause uneven tyre wear.

- > Fully integrated Old Man Emu handling kits for all ride types
- > Designed and tested by a team of specialist engineers in Australia
- > Superior performance across all terrain
- > Dramatically improved high and low speed control for increased comfort

Available in the UK only.

# SUSPENSION & AXLE

## Propshafts

### Propshaft Spacer Kits

Defender  
Discovery 1  
Range Rover Classic  
**DA6339**  
15mm spacer kit  
**DA633925**  
25mm spacer kit

Propshaft spacer kit machined from billet aluminium and anodised deep blue. When suspension lift kit is fitted it increases the distance between the transfer box flange and the diff flange. This increased distance can cause the propshaft to run out of spline travel.

Fitting this prop spacer helps return the propshaft to its normal operating length therefore allowing full spline travel which also helps reduce the characteristic "binding" of the yokes when a propshaft is over extended.

**DA633925**

### Propshaft & Flange Bolt Kits

**DA1423**  
4 x 509045P - Propshaft bolt  
4 x BT60610IL - UNC flange bolt  
8 x NZ606041L - Nut

**DA1424**  
4 x 509045P - Propshaft bolt  
4 x FRC3602 - UNF flange bolt  
8 x NZ606041L - Nut

**DA1123**  
Wide angle nut & bolt kit suitable for DA6350; DA6351; DA6352, DA6353 & DA6354

**DA1424**

### Propshaft Kit

**DA6355**

Defender/Discovery 1/Range Rover Classic - 300Tdi & Td5 manual models only  
 > Double cardan extreme use front propshaft with flange and fitting kit  
 > For vehicles with L230 transfer boxes  
 > Ideal for use with lifted vehicles  
 > Helps to reduce driveline vibration where diff and transfer flanges are not in-line  
**Note** - Flange must be fitted to transfer box.

### Wide Angle Propshafts

If your Land Rover has raised suspension or been modified for extreme axle articulation then the joints on the existing propshaft will become strained. This will cause the propshaft to lock up or vibrate and wear the universal joints prematurely. Dropping the axle further away from the chassis is great for looks, articulation and off-road performance - a neat solution is to fit a wide angle propshaft. This allows drivetrain angles of up to 32 degrees which reduces vibration, universal joint 'bind-up' and premature wear on the joints. These wide angle shafts have greasable universal joints which are more desirable where longer life is required.

<b>DA6350</b>	Front Defender - from MA - 300Tdi & Td5/Discovery 1 Range Rover Classic - 1986 - 1991 Extended - 678mm / Closed - 612mm	FRC8386
<b>DA6352</b>	Front Defender - up to LA (1993) Extended - 720mm / Closed - 652mm	FRC8390/FRC5566
<b>DA6351</b>	Rear Defender 90 - 4 cylinder Extended - 705mm / Closed - 635mm	FRC8392
<b>DA6353</b>	Rear Defender 90 - V8 - up to 2007 & diesel from MA Extended - 755mm / Closed - 685mm	FRC8393

# DIAGNOSTICS

*Servicing & In Depth  
Diagnostic Capability*

### What is Lynx Evo?

Lynx Evo is the next generation diagnostic tool for Land Rover vehicles. Offering market leading diagnostics from a powerful and mobile design. Lynx Evo provides vehicle servicing and in depth diagnostic capability for all Land Rover models from 1990 through to current day. Ideal for the workshop and home user.

Live data can also be displayed using numerics and graphics making it easier to read time based events on your Land Rover. This small but powerful Dongle requires no batteries as it uses the vehicles power. For the enthusiast home user, using Lynx Evo will mean no more trips to your local main dealer to clear any faults on your Land Rover.

Lynx Evo is compatible with iOS and Android\* mobile devices with apps available for download from the Apple App Store and Android Play Store. As the software is App Store based and is loaded onto your mobile device, updates are as easy to do as any other mobile app, simply click the update icon.

### What does Lynx Evo do?

- > Read fault codes
- > Clear fault codes
- > Read & display live data
- > Test actuators
- > Special functions - see online coverage  
*Please go online to check out the function for your Land Rover @ [www.lynx-diagnostics.com/coverage](http://www.lynx-diagnostics.com/coverage)*
- > Programming - such as alarm settings, key fobs etc. on selected models
- > Service reset

### What do you get with Lynx Evo?

- > Lynx Evo dongle
- > Quick start guide

### Supported Languages

- > English
- > French
- > Spanish
- > Portuguese
- > German
- > Italian
- > Dutch

### What do I need?

**Important** - Lynx Evo and Lynx Evo Pro are not for sale or use in Canada, Mexico or USA. Please check that the Lynx Evo App is available in your country before ordering.

#### DA3600

#### Lynx Evo 2

Single Land Rover family (see 'What models does Lynx cover' - below)  
Land Rover family home user version. Unlocked for one Land Rover family only. Upgradable to allow extra Land Rover families to be added at a later date. **Important** - After 36 months you will need to purchase a new 12 month licence to be able to continue to use the tool.

#### Extras

**See app for full details** - Unlock code for additional Land Rover families - 12 months licence. Requested via [lynxevo@britpart.co.uk](mailto:lynxevo@britpart.co.uk)

**DA1504** Cable kit - 14CUX, air suspension & ABS

**DA1505** Range Rover P38 cable kit Check & diagnose BECM and check, diagnose & calibrate air suspension

**DA6433** Upgrade lead - power cable for use with firmware updates

**DA6433EU** Upgrade lead - European 2-pin power cable for use with firmware updates

### What Land Rover models does Lynx Evo cover?

It is important to note that if you purchase an unlock code for a Discovery this code will cover all the Discovery family - from Discovery 1 through to Discovery 4. This feature is hugely beneficial if, at a later date, you upgrade your vehicle within the same Land Rover family you don't have to purchase another unlock code which can be requested via [lynxevo@britpart.co.uk](mailto:lynxevo@britpart.co.uk)

## Jaguar Land Rover DOIP SST

**The original and cost-effective answer to Jaguar Land Rover servicing.**

### DA2915

Helps independent all-makes workshops to keep up to date with the latest service functions such as service light reset, electronic park brake release and more on DOIP vehicles. Fast start up times means it takes less time to complete those service jobs and leaves your diagnostic tool free to carry out the more complex jobs. This compact tool has a simple intuitive colour screen with a button membrane and means this tool can be used anywhere in the workshop. This JLR approved device works with all current and future DOIP vehicles.

### Features

- > Intuitive simple user interface, colour screen with button membrane
- > Wi-Fi connectivity allowing remote device connection, application download updates, supported via optional USB Wi-Fi dongle
- > Encrypted secure data connection to AWS cloud services
- > J2534, DPDU support for existing retailer diagnostic tools
- > Support for remote diagnostic runtime interface, pay as you go application support
- > Approved JLR applications for the JLR SST
- > Transport mode toggle (TMT) with speed limiter enable/disable
- > Diesel exhaust fluid (DEF) measurement
- > Service oil indicator reset (SIR)
- > Electronic park brake release (EPBR)
- > Diesel particulate filter dynamic regeneration (DPFDR)
- > Tight tolerance toggle (TTMT)
- > Oil level measurement

### Vehicle Coverage

- > Range Rover L405 (17MY onward)
- > Range Rover Sport L494 (17MY onward)
- > Discovery 5 L462 (17MY onward)
- > Evoque L538 (18MY onward)
- > Discovery Sport L550 (18MY onward)
- > Range Rover Velar L560 (18MY onward)
- > Defender L663 (20MY onward)
- > Jaguar F-TYPE X152 (18MY onward)
- > Jaguar F-PACE X761 (18MY onward)
- > Jaguar XE X760 (18MY onward)
- > Jaguar XF X260 (18MY onward)
- > Jaguar E-PACE X540 (18MY onward)
- > Jaguar I-PACE X590 (19MY onward)

### Note

You will need to register your product to unlock it for use. To register your product, you will need to first download the Diagnostic Associates App Hub from the website here. Please follow the advice in the User Manual, which can be found in TOPIx. It is important to install the Diagnostic Associates App Hub before plugging your device into your computer.

Britpart

*Want to guarantee you can cover every JLR vehicle that comes into your workshop?*

*Choose the easy, future proof & profitable route of full dealer diagnostic tools.*

Have the ability to offer main dealer level service.

- > Full diagnostics with SDD & Pathfinder
- > Online service record updating
- > Programming

## Dealer Diagnostics Made Easy

### DA1869

#### Pathfinder & SDD VCI Package

Covers all JLR vehicles from 2005 - 2017 and works with all current & future DOIP vehicles from 2017 onwards

- > 1 x New JLR Pathfinder
- > 1 x New JLR SDD VCI
- > 1 x Panasonic CF-54 – Refurbished, with Windows 10 Pro, 8GB RAM and 480GB SSD
- > Pre-loaded with SDD and Pathfinder latest software
- > 2-year warranty
- > Online training
- > Guidance given for security application for security related tasks such as key and BCM programming and all other security related tasks.
- > Support contract available for software and hardware

For more details on the JLR packages email [britpart@maverickdiagnostics.com](mailto:britpart@maverickdiagnostics.com)

Or visit [www.maverickdiagnostics.com](http://www.maverickdiagnostics.com)

Ongoing costs: From JLR TOPIx website - hourly, daily, monthly, yearly rates available

## DIAGNOSTICS

### Support from Maverick

#### Dealer Tool Support From The Maverick Help Desk

[britpart@maverickdiagnostics.com](mailto:britpart@maverickdiagnostics.com)  
Our Dealer Tool Support is a proactive technical support service that Independent Workshops can subscribe to for assistance with OEM software and hardware. OEM Software is forever evolving and changing, and our team of skilled technicians are here to help you navigate those changes.

#### What Is Included In The Subscription?

A subscription to this service includes assistance with the following:

- > Unlimited access to our software loading service
- > 9-5 Mon-Fri access to our technical team
- > OEM software & hardware guidance
- > OEM software & hardware support

#### Vehicle Technical Support (VTS)

A subscription to Maverick Diagnostics Vehicle Technical Support (VTS) gives you access to over 70 Support Technicians with 15+ years of experience with all makes and brands. We will find the repair solution with you, saving you time and resources. We are the extra technician in your team.

#### What Is Included In The Subscription?

- > 10 live technical support tickets every month to access a team of 70 technicians.
- > Your ticket will not be closed until a repair solution is found.
- > Unlimited access to an online portal of 1.3 million known and verified repairs
- > End-to-end vehicle support and accurate technical data

DA1869

### DA3555 NEW

#### DOIP D-PDU & SDD VCI Package

Works with all current & future DOIP vehicles from 2017 onwards

- > 1 x New DOIP D-PDU VCI
- > 1 x New SDD VCI
- > 1 x Panasonic CF-D1 Tablet – Refurbished, with Windows 10 Pro, 8GB RAM and 480GB SSD
- > Pre-loaded with SDD and Pathfinder latest software
- > 2-year warranty
- > Online training
- > Guidance given for security application for security related tasks such as key and BCM programming and all other security related tasks.
- > Support contract available for software and hardware

#### DOIP D-PDU Interface

- > The D-PDU is a cost-effective alternative to the JLR Pathfinder VCI. It is fully DOIP compliant with Pathfinder software and has been tested thoroughly by the Maverick technical team and JLR customers over a period of 18 months.
- > Designed to work with Jaguar Land Rover Pathfinder software.
- > Covers DOIP, CAN, and Multi-CAN systems.
- > The D-PDU does not support older ISO9141, J1850 PWM protocols.
- > Does not cover FEPS programming voltages found on older vehicles.

DA3555

*Access To Latest  
Technical Documentation*

### Training from Maverick

#### JLR SDD & TOPIx Cloud Dealer Tool Training - 2 Day Course

Our JLR SDD and TOPIx Cloud dealer tool training course is delivered by highly qualified technicians. Places on this course are strictly limited in order to ensure high-quality training and maximise time getting to know the system and working on JLR-specific vehicles.

Our JLR dealer diagnostic tool training course shows you how to use your JLR tool and get hands-on training in our classroom & workshop with a JLR-specific vehicle. Our trainers will show you how to operate the tool and demonstrate its capabilities and functions, meaning you can add value to your business by using the tool effectively.

#### IMI Electric/Hybrid Vehicle System Repair & Replacement Levels 2.2 & 3 - 2 Day Course

This is a nationally recognised qualification. The content of this qualification has been designed to give the learners the knowledge and skills required to work safely on Electric/Hybrid vehicles whilst carrying out diagnostic, testing and repair activities. This may include vehicles that may have or had damage to their high energy/electrical system.

DA1864

DA1863

DA1862

*Ideal for use with Pathfinder Diagnostics*

*Suitable for most common battery types*

### DA1864

#### 50A Traction Control Battery Charger

The new MPL50 charger from Traction Chargers has been designed with the latest JLR workshop standards in mind. Suitable for most common battery types - Ca/Ca, Ca/Ag, AGM, GEL and conventional lead acid. The MPL50 features Traction's patented de-sulphation technology ensuring the battery is in peak condition before commencing charge. As with all Traction Battery Chargers the MPL50 is manufactured at our own UK site. The rectified DC output of the MPL50 achieves significantly higher standard of charge than its switched mode competitors.

- > Patented sulphation recovery program
- > Short circuit shut-down without blown fuse
- > Reverse polarity protection
- > Soft start current control
- > Fast constant current bulk charge
- > 3-stage charging: CI-CV-Float
- > Constant voltage float/standby
- > Proportional timing - minimal gas emission
- > Independent overrun timer
- > Accurate zero-crossing voltage sensing
- > Flexibility - to match battery specification
- > 50A constant output function for diagnostic support
- > Approved by Jaguar & Land Rover
- > Fitted with UK electric plug - adaptor needed for other countries

Input - 220-250VAC

Size - 380 x 260 x 255mm / Weight - 23kg

### DA1863

#### 125A Traction Control Battery Support Unit - Diagnostics, Reprogramming, ABS Brake Bleeding

BSU2-125B provides a stable voltage and up to 50 amps of fully regulated power to prevent loss of charge and damage to the battery. BSU2-125B can be used with any 12V automotive battery including AGM and GEL. When the battery is charged the BSU is a regulated power supply to sustain accessory loads and offset parasitic drain. Designed for use in the workshop and compatible with most diagnostic trolleys. Reverse polarity protection. Output current display. Supplied with 5M IEC power lead and 5M output leads.

- > BSU2-125B provides a constant voltage to prevent loss of data and possible damage to control units during software updates, and module reprogramming as well as diagnostic processes when in a Key On, Engine Off state
  - > During diagnostic or programming operations, the vehicle's systems are operating solely from the battery. Maintaining battery charge during this process is critical
  - > The status of BSU2-125B is indicated simply by three LED's - POWER, POLARITY, DEMAND. When all 3 are illuminated, BSU2-125B is supporting the battery
  - > Designed to be wall, ramp or trolley mounted the BSU2-125B has been designed to meet the needs of the high power consuming vehicle
  - > Approved by Jaguar & Land Rover
- Input - 90 - 260VAC  
Output - 13.4V up to 125A continuous  
Size - 300 x 184 x 124mm / Weight - 8kg

### DA1862

#### 50A Traction Control Battery Support Unit - Diagnostics, Reprogramming, ABS Brake Bleeding

BSU2-50 provides a stable voltage and up to 50 amps of fully regulated power to prevent loss of charge and damage to the battery. BSU2-50 can be used with any 12V automotive battery including AGM and GEL. When the battery is charged the BSU is a regulated power supply to sustain accessory loads and offset parasitic drain. Designed for use in the workshop and compatible with most diagnostic trolleys. Reverse polarity protection. Output current display. Supplied with 5M IEC power lead and 5M output leads.

- > This low profile (90mm) BSU2-50 battery support unit provides a constant voltage to prevent loss of data and possible damage to control units during software updates, and module reprogramming as well as diagnostic processes when in a Key On, Engine Off state
  - > During diagnostic or programming operations, the vehicle's systems are operating solely from the battery. Maintaining battery charge during this process is critical
  - > Designed to be wall, ramp or trolley mounted the BSU2-50 has been designed to meet the needs of the high power consuming vehicle
  - > Supplied with 5M output leads as standard
- Input - 100 - 240VAC / 50/60Hz  
Output - 13.4V up to 50A continuous  
Size - 280 x 190 x 90mm / Weight - 6kg

**TAY100050L**  
**Discovery 2 Long Sensor Lead**  
**TAY100060L** Front  
**TAY100050L** Rear  
Land Rover recognised that on some Discovery 2 vehicles the wiring from the ABS sensor to the ECU could get damaged. This would result in the vehicle recording ABS faults that cannot be corrected by either a sensor or hub replacement. Their solution was to produce a sensor with a very long lead that bypassed the damaged lead. This hub assembly is a complete unit with this type of ABS sensor and lead.

**Power Steering Rack Pipes**

**DA2848**  
Discovery 3  
Discovery 4  
Pair

Fit to the steering rack and carry the fluid across the rack. Made from steel pipe and feature flared ends and zinc plated male nuts (we advise that customers apply additional corrosion protection before fitting). 6mm in diameter and are not to be confused with the feed and return hoses.

Range Rover Classic/Range Rover P38

**DA3494 NEW**  
Track Rod End Ball Joint Boot Clip  
Stainless steel spring wire  
Internal Diameter - 33mm  
A common problem with original rubber boots is perishing/cracking. This polyurethane boot will not perish/crack like normal rubber so will give you a much longer service life. The boots are double convoluted which allows them to move/flex more without stretching.

**DA3497 NEW**  
Polyurethane A-frame Ball Joint Boot  
Defender/Discovery 1/Range Rover Classic

**DA3543 NEW**  
A-frame Ball Joint Boot Clip  
Stainless steel spring wire  
Internal Diameter - 47mm

### Brake Pipe Sets

**Easily fitted**  
**Will not rust**

**DA7417**

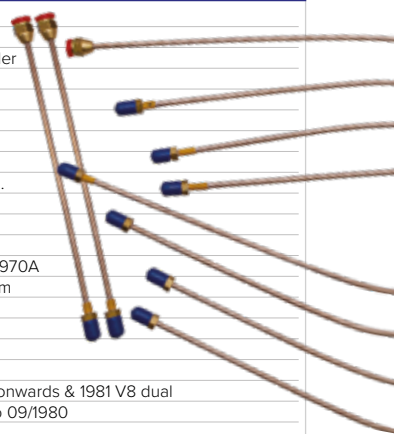

Copper nickel brake pipe sets manufactured in the UK. Each kit is complete for a specific Land Rover model. Pipes are cut to the correct length, fitted with solid brass unions and marked clearly to indicate the correct location on the Land Rover. Pipe fitting clips and brass in-line connectors are supplied where necessary.

More brake pipe kits available on request.

**DA7440**  
Brake pipe bending tool. Can be used with all the brake pipe kits.

<b>DA7443</b>	Series 1		RHD	80 inch

*Ready Made Brake Pipe Sets*

### Anti-squeal Shims

**DA1141**  
Universal self adhesive noise dampening shims. Pack of 4. The shims are manufactured from wolverine and cut to shape and applied to the backing plate of the brake pads prior to fitting to help eliminate any noise issues (should the pad be unshimmed). When used in conjunction with Mintex Cera-Tec silicon based lubricant, most brake noise related issues will be eradicated.

### Parking Brake Spring Kits

**LR031947KIT**  
Discovery 4  
Range Rover Sport - 2010 - 2013

**SFS500012KIT**  
Discovery 3/Discovery 4  
Range Rover Sport - 2005 - 2013

**LR031947KIT**

### Brake Caliper Pin Kit

**LR016683G**  
Range Rover Sport - 2010 - 2013 & 2014 onwards  
Range Rover L322 - 2010 - 2012/Range Rover L405  
Models fitted with front Brembo brake calipers tend to suffer from the steel pins seizing in the aluminium caliper. The pins are often destroyed whilst being removed. This is a handy new pin kit for both front calipers.

### Brake Caliper Pistons & Kits - Stainless Steel

#### Stainless Steel Brake Caliper Piston Kits

Each kit is one complete axle, either front or rear as stated. The kit includes OEM repair kit and grease sachet.

<b>DA1165</b>	Defender 90 - up to HA701009/Discovery 1/Range Rover Classic	Front
<b>DA1166</b>	Defender 110 - up to HA701009/Defender - HA701010 onwards	Front
<b>DA1167</b>	Defender - 90/Discovery 1/Range Rover Classic	Rear
<b>DA1172</b>	Defender - 110/130	Rear

#### Single Stainless Steel Pistons

<b>606683S</b>	Defender - up to HA701009/Discovery 1/Range Rover Classic	Front
<b>606696S</b>	Defender - 90/Discovery 1/Range Rover Classic	Rear
<b>STC201S</b>	Defender - HA701010 onwards	Front
	Defender - 110/130	Rear

**DA1165**

### Brake Kits

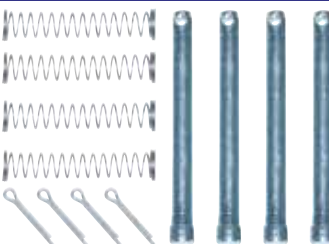

**DA6042**

Kits include - Brake shoes, wheel cylinders, brake springs & screws (where applicable)

	Britpart Kit	OEM Kit
Rear	<b>DA6507</b>	<b>DA6507G</b>
	90 - up to HA701009	
Rear	<b>DA6508</b>	<b>DA6508G</b>
	90 - HA701010 onwards	
Rear	<b>DA6509</b>	<b>DA6509G</b>
	110/130 - up to KA930545	
<b>Series - SWB</b>		
Front	<b>DA6042</b>	<b>DA6042G</b>
	Up to June 1980	
Rear	<b>DA6043</b>	<b>DA6043G</b>
	Up to June 1980	
Rear	<b>DA6044</b>	<b>DA6044G</b>
	July 1980 onwards	
Front	<b>DA6046</b>	<b>DA6046G</b>
	July 1980 onwards	
<b>Series - LWB</b>		
Front	<b>DA6044</b>	<b>DA6044G</b>
	4 cylinder except 1 ton	
Front	<b>DA6045</b>	
	6 cylinder & 109 V8 Stage 1	
Front	<b>DA6047</b>	<b>DA6047G</b>
Rear	Including V8	

### Brake Fitting Kit

**DA4105**  
Defender - 1987 - 2006  
Brake fitting kit for rear brake pads STC1601 & SFP000280

### Parking Actuator Repair Kit

**DA9223**  
Discovery 3  
Discovery 4  
Range Rover Sport - 2005 - 2009  
Kit to fix the troublesome parking brake actuator - LR019223

**DA9223**  
Fixing kit which includes -  
4 x gears  
8 x self-tap Torx screws  
2 x hex bobbins  
4 x Durlock flange nuts  
**DA9224**  
Set of 4  
Replacement brake actuator gears

### Brake Lubrication

**DA2389**  
**Cera-Tec Advanced Lubricant**  
75ml  
Mintex Cera-Tec is an advanced non-metallic universal lubricant that provides many benefits over traditional copper-based grease.

- > Non-metallic content - ABS and ESP friendly.
- > Operates to a high temperature (1,000°C).
- > Non-conductive.
- > Free of copper and acid.
- > More effective at reducing any brake squeal.
- > Protects against corrosion and dirt.
- > Neutral colour prevents any visible residue or staining.

Brake fluid supply tank

**90577636GIRLING**  
Girling Classic brake fluid reservoir  
Series 3  
101 Forward Control

**504105G**  
Series 2/Series 2A  
Replacement combined brake and clutch reservoir serves both the brake and clutch master cylinders. An internal wall avoids a failure of both systems if one develops a leak. Reservoir is as per original design.

Britpart XD & Britpart XS Brake Pads

# XD Brake Pads

- > Manufactured to OEM specifications ensuring long life and low noise in a TS16949 & ISO14021 approved factory
- > Asbestos, lead & CR6 free material
- > The XD Brake Pad range meet all official legislation for quality and safety and are compliant with European ECE R90
- > All XD Brake Pads are produced with an underlayer material designed to dampen vibrations to prevent noise and to reduce heat transfer to the brake fluid

The Britpart range of XD Brake Pads gives you the opportunity of fitting a much higher quality brake pad than the price would indicate. Britpart has tested many different brake pads over the years and have found this brake pad specification offers Land Rover owners the best possible performance at this price level.

The XD Brake Pads are manufactured to an exact tolerance using only the best European friction materials to OEM specifications ensuring long life and low noise.

All raw materials are analysed in-house using a fully equipped quality laboratory with, for example, an atomic absorption device. After analysis the raw materials are mixed and pressed using several different methods to achieve the best brake pad for each application. Each part number is tailored to the application it is intended for.

The XD Brake Pad range has been thoroughly tested on dynamometers and noise measuring rigs before being put through their paces on test tracks and extended operations tests to ensure a perfect and effective operation every time. All pads are covered by the worldwide Britpart warranty and Britpart recommends they are fitted with the Britpart standard or performance brake discs.

# XS Brake Pads

**XS Brake Pads have the exact performance material specification of production line brake pads**

The Britpart range of XS Brake Pads offers you the opportunity to have the exact factory production line specification of brake pad at an affordable price.

These pads offer the best possible combination of long life, pedal feel and noise suppression. All the pads in the range use the same friction material specification that your Land Rover was originally made with.

The XS range of pads are all produced in one of the world's premium brake pad facilities where production procedures are carefully monitored to ensure a consistently good product. The facility has both in-house testing and access to OE testing facilities to ensure all pads meet the exact specification required. Britpart XS Brake Pads are ideal for high mileage or heavy-duty applications.

**Best possible combination of long life, pedal feel & noise suppression**

Britpart is proud to be a Brembo Official Partner and we are delighted to now be able to offer the new Brembo Lightweight disc. This is a new addition to the Brembo Aftermarket range applicable for some of the latest generation Land Rover models.

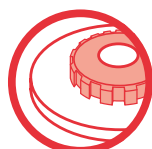

Manufactured in the same plant and on the same assembly line as the OE, the disc is made up of a high-carbon cast iron braking surface and a steel hat, which are connected by mechanical interference.

These technical features allow for a weight reduction of up to 15% compared to its integral counterpart of the same size. Since the brake disc contributes to the unsprung mass of the vehicle, reducing the weight ensures an increase in the available force and therefore improves handling and reduces consumption and emissions of the vehicle.

Manufactured in the same plant and on the same assembly line as the OE

### Alternator Upgrade Kits

DA7195

200Tdi alternator upgrade kits  
Kits include uprated cable  
**DA1195** Defender - 200Tdi  
Upgrade the 45A alternator to 100A  
**DA7195 NEW** Defender - 200Tdi  
Upgrade the 45A alternator to 70A  
**DA1196** Discovery 1 - 200Tdi  
Upgrade the alternator to 100A

### Earth Lead

**575184 NEW**  
Series  
Earth lead gear box to chassis  
12 & 24 volt

### Distributor Cap

**RTC3278RED**  
Defender & Series

### Ignition Module & Link Lead

**STC1184K**  
Module for V8 distributor.  
Kit to convert 3-pin to 2-pin applications

### Key Fob Batteries

Single batteries for locking key fobs  
**STC1853**  
CR2025  
**YWK10003L**  
CR2032  
**YWK10005** CR1220

### Key Fob Repair Kit

**DA4696**  
Range Rover P38  
The buttons on a Range Rover P38 are prone to wearing out and becoming very tatty and unusable. Fix that problem with this handy repair kit.

### Battery-Guard

**DA1460**  
With the Battery-Guard and Apple or Android App, you can check your battery's state of charge quickly and easily. Because only with a fully charged vehicle battery can you be sure to avoid getting stuck. Compatible from iPhone 4S, Android 4.3 and Windows 10.

#### Features

- > Several vehicles can be monitored
- > Easy install to the battery
- > Monitoring of 6, 12 and 24 volt batteries possible
- > Power consumption is only about 6-24 MW
- > Reverse-polarity does not cause damage to the transmitter or battery
- > App compatible from iPhone 4S, Android 4.3 or Windows 10

*Easy install to the battery*

#### Easy to use

1. Download the Battery-Guard App
2. Connect the Battery-Guard & fix the transmitter
3. Activate Bluetooth
4. Monitor your batteries

*Battery monitoring via Bluetooth*

### Electronic Conversion Kits

**ETC5835K**  
Electronic conversion kit replaces the existing points and condenser with a new reliable electronic module. For 4-cylinder petrol engines the electronic ignition module has been developed to work with the standard ignition coil and provides service free and accurate ignition timing. The kit can be easily fitted to standard points type 45D4 distributors. We recommend fitting a new coil at the same time - PRC9858. Also available a new distributor with points to which this kit can be fitted - ETC5835.

#### ERC4536K

This electronic conversion kit is for V8 points and has built in dwell adjustment with rpm protection when not running.

**Note** - Both kits are for negative earth vehicles only.

Series - 2.25 petrol  
Defender - 90/110  
- 2.5l 4-cyl petrol - 1985 - 1994  
**Note** - Negative earth vehicles only.  
Distributor with electronic conversion fitted which replaces the existing points & condenser with a new reliable electronic module.

STC9124

NGC500370/410

### Otter Switch Upgrade

**545010 NEW**  
Series 2/2A & 3  
An updated and reproduced engine mounted switch for operating the choke warning light.  
> Waterproof  
> Max current capacity - 1 amp  
> Normally open  
> Single spade lug connection (body of switch is earth)  
> Supplied with new cork gasket

**Programmable Wiper Relay**

**AMR2341DELAY**

*Fed up with your Defender's intermittent wipers not being intermittent enough? Does it drive you mad when you give the screen a quick spray and it wipes for ages?*

Fit this new relay in place of the standard AMR2341 to your vehicle to solve this problem. Once fitted you press the stalk down so that the wiper wipes and then back off again, now count/wait till you want another wipe, switch the stalk down and leave it on, this timing will now remain constant till you set another timing the same way or turn off the ignition at which point the relay reverts to a standard 6 second wipe interval. Another bonus is that the wipers will now only wipe once following a short burst of washer fluid or 3 times after a long burst. This will work on all Defenders with the latching intermittent wiper stalk PRC7370 or AMR6106 HA onwards (stays down when pressed) but it will also work on 300Tdi and Td5 although on post 2002 Td5s the relay AMR2341 is located behind the speedo. Will not work with early stalk PRC3900 up to GA models.

**Replacement Batteries**

	Capacity	CCA*
LR047630	15Ah	200

Series 3 - up to 1974 - diesel  
**DA1341** Series 3 - 1974 onwards - diesel

### EGR Valve & Gaskets

**LR018752V**

Replacement EGR valve and gaskets aren't available from Land Rover to repair the EGR unit. We now offer Pierburg replacements to reduce the cost of fixing the EGR system.

**LR018753V** Right hand  
**LR018752V** Left hand

Suitable for the 3.0 V6 engine  
Discovery 4  
Range Rover Sport - Mk1 - 2010 - 2013  
Range Rover Sport - Mk2 - 2014 onwards  
Range Rover L405

### Engine Oil Pan

**1359896**  
Discovery 3/Discovery 4  
Range Rover Sport - 2005 - 2009  
Engine oil pan assembly with oil drain plug and oil temperature sender assembly.

### Secondary Fuel Filter - 2 Micron

**DA2509 NEW**  
Defender - 2007 - 2016  
Equivalent to WJ15000EXP  
For use in markets which require extra fuel filtration. To be used in conjunction with the regular 5 micron and must **not** be used as a stand alone filter.

### Cylinder Heads

**Complete 300Tdi Cylinder Heads**  
Supplied with valves and head bolts, pressure tested and with heat tell tale stickers on.

**ERR5027COM**

**LDF500180COM**

**LDF500180COM**  
**Note** - This head has additional waterways for improved cooling. Use multi-leaf metal head gasket (LVB500220 - 3-hole) with this head.

### Cylinder Liner Kit

**LCJ000050LKIT**  
Liner and piston for 1.8 litre K-series engines.

### Fuel Filter Clasp Fixing Kit

**DA1670**  
Defender  
Repair kit for the fuel filter clamp casings on Defender. It's part of WKT100010 & WKT100020 and also JEU500060 & WJU500280 but not available separately from Land Rover.

### Fuel Pump Repair Kit

**AEU2760 NEW**  
Series 2, 2A & 3 - 2.25 Petrol  
Repair kit for early type fuel pump with slotted shaft

**AEU2760**

**DA5110 NEW**  
Diaphragm with T-bar notch for later fuel pumps. Diaphragm only.

**DA5110**

### Top Hose Replacement Bleed Screw

**PEH101080SCREW**

Discovery 2 - Td5  
Replacement screw for Britpart top hose

Engine Bay Enhancements

**Filler Plugs**  
ERR4686BLUE  
ERR4686RED

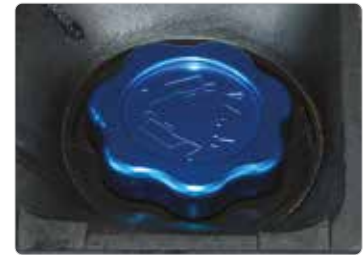

Replace your existing filler plug with one of these smart anodised aluminium ones. Suitable for use on a Defender, Discovery 1 & Range Rover Classic on the radiator and thermostat housing. Can also be used on the diff filler level on a Discovery 2.

**DA8896**  
**Expansion Bottle Cap**  
Defender - Td5 onwards  
Freelander 1  
Smart anodised aluminium direct replacement expansion bottle cap - PCD100160. Will not fit on aluminium header tank - DA4751.

**DA8891**  
**Oil Filler Cap**  
Defender - Tdci  
Anodised aluminium. Includes rubber seal

**DA8890**  
**Oil Filler Cap**  
Defender - Td5  
Anodised aluminium. Includes rubber seal

**Top Hose Bleed Screws**  
PYP10008BLUE  
PYP10008RED  
Smart replacement anodised aluminium bleed screws for the top hose on a Td5 engine.

**Coolant Overflow Container Bleed Screws**  
LR055301BLUE  
LR055301RED  
Most Land Rovers post 2010. Discovery 4/ Range Rover Sport - Mk1/Range Rover L322/ Range Rover L405  
Check screw top diameter - 21mm

**DA4748**  
**Up-rated Engine Breather Oil Catch Tank**  
200Tdi & 300Tdi engines  
Allisport high performance aluminium engine breather oil catch tank separator. Manufactured using mounting flange machined from billet aluminium. All engines need to breathe crankcase pressure to atmosphere and most are designed to re-enter the air intake system after the air cleaner.

Standard breather pots use a gauze and mesh design which over time becomes blocked with oil deposits, reducing the capacity to release crankcase pressure and also allowing more oil vapour to enter the intake system. This high performance replacement is designed to effectively reduce crankcase pressure build up on Tdi engines by using an internal baffle rather than the standard gauze and mesh design. Designed to have a practical purpose offering an improvement over the original black plastic units, but will also look great in the engine bay. Will fit all Tdi engines including 2.8 TGV. Manufactured by hand, fully TIG welded. Tank has new integral o-ring-seal design - **No More Leaks!!**

**Power Steering Reservoir Cap**  
DA8895 Standard  
DA8894 With cooling fins for extreme off-road and racing conditions  
Defender  
Anodised aluminium. Includes rubber seal.

**Aluminium Header Tanks**  
DA4750  
Defender - 200Tdi/300Tdi/V8  
Discovery 1 - 200Tdi/300Tdi/V8  
Range Rover Classic - petrol & diesel - 1990 onwards  
DA4751 Defender - Td5 & Td4 Tdci

Direct replacements for the original plastic tanks

These are direct replacements for the original plastic tanks which are prone to splitting. TIG welded by hand and manufactured from high specification lightweight non-corrosive alloy, these tanks also aid cooling. Tanks use original pressure release screw cap and are a straight fit with no modifications required. Ideal for motorsport, overland or just to improve the look of your engine bay.

**DA4749 NEW**  
**Aluminium Power Steering Reservoir with Internal Baffle**  
Defender - Tdi, Td5, Tdci & V8  
Designed to replace the plastic ZF reservoir which is prone to splitting and leaking vapour through the breathable cap, which in turn then collects dirt and runs the risk of water ingress. The external breather design means no unsightly mess under the bonnet and allows routing with high axle/gearbox breathers to eliminate water ingress. Manufactured from laser cut 2mm high grade aluminium with CNC machined pipe connections, knurled cap and external breather. The corrosion resistant aluminium rolled body is fully TIG welded by hand in house. 110mm high (155mm height including cap) & 91mm diameter.

### Inlet Manifold Fitting Kit

**DA7014**  
Contains all seals and gaskets required to fit a right hand or left hand inlet manifold.  
Discovery 4 - TdV6 3.0  
Range Rover Sport - TdV6 3.0  
1 x EGR gasket - LR038333  
3 x Lower injector seal - LR032818  
3 x Injector o-ring - LR022992  
3 x Top injector seal - LR054612

### Manifold Assembly Fuel Sensor

**LR022983SENSOR NEW**  
Range Rover L322  
- 2010 - 2012  
Range Rover L405  
Range Rover Sport  
- 2014 onwards

### Manifold Links

**1357035**  
Manifold link pipe including heat resistant sleeve for 2.7 V6 diesel engines  
Discovery 3/Discovery 4  
Range Rover Sport - 2005 - 2009

**LR038751 NEW**  
Manifold link pipe including heat resistant sleeve for 3.0 V6 diesel engines.  
Discovery 4/ Discovery 5  
Range Rover Sport - 2010 - 2013  
Range Rover Sport - 2013 onwards  
Range Rover L405

### Manifold Inlet Seal

**LR0044045**  
Defender - Puma  
Manifold inlet seal. This is not available as a separate part from Land Rover.

### Potentiometer Kit

DA1647

#### Rover V8 Throttle Pot Upgrade Kit

Adapts the Rover plenum to accept the Colvern throttle pot. Replaces the 2 bolt throttle pot as fitted to all 3.9 & later 3.5 engines from late flapper to last of the Hotwire 14CUX. It replaces ETC8495 and ERR2263. Consists of: Colvern throttle pot, alloy adapter plate, brass spindle, ball bearing, stainless cover plate, fixings & loom socket. Once this kit is fitted, throttle pot switch replacements are cheaper and easy to source.

**DA1647SET NEW**

Replacement plug & pin set

### Pressure Relief Valve

DA2376

300Tdi oil pump relief valve kit for Defender/Discovery 1  
Range Rover Classic

### Td5 Short Oil Filter

Save time & effort with this easier to fit filter

LPX100590XD

Td5 oil filter. Shorter than the standard filter which makes this one much easier to fit and remove.

### Oil Pump Gear Set

DA4189

Discovery 1/Discovery 2/Range Rover P38  
Oil pump gear set for V8 engines

### Oil Cooler Repair Kit

DA1127

Td5 oil cooler repair kit, to replace leaking oil cooler found in all Td5 engines, part of the PBC500230 assembly. Replace just the faulty cooler and not the casting which normally is perfectly serviceable, includes all hardware required. All manufactured to exact OEM specification.

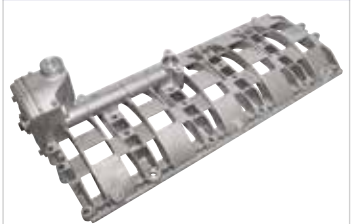

### Radiator Hose Kit

DA1336

Series 2, 2A & 3  
Radiator hose kit

### Td5 Oil Pump

LPF500020

High quality, cost effective replacement oil pump for Td5 engines.

Discovery 3 - 2.7 TdV6  
Range Rover Sport - 2.7 TdV6

### Exhaust Fitting Kits

All you need to replace the exhaust on a Series - SWB.

DA1293 Right hand drive  
DA1294 Left hand drive

### Td5 Fuel Filter Non-Return Valve Repair Kit

DA3950

Defender - Td5/Discovery 2 - Td5  
A common Td5 fault which causes poor starting and running can be caused by a faulty non-return valve in the fuel filter head. This kit fixes that problem without having to replace the whole fuel filter head. Included in the kit is a non-return valve, rubber duckbill valve and sealing washer.

### Water Sensor Repair Kit

LR045519REPAIRKIT

Discovery 4 Header only  
Range Rover Sport - 2010 - 2013

### Water Housing Kit

DA4697

Td5 engines  
Replacement water housing including seal

### Top Hat Liner Set

DA1185

This flanged repair liner is suitable for damaged/porous 3.9/4.0/4.2/4.6 Rover V8 blocks. The block will require re-boring and flange recess machining before fitting. This liner is the complete solution for fixing these blocks. The liner can be bored to 96.00mm for over-bored versions of the V8 engine, taking it to 5.0 litres. Semi finished bore 94.00mm (less 1.00mm for final finishing in bore).

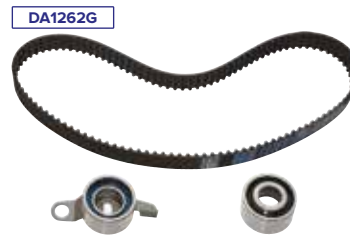

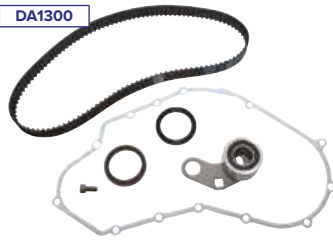

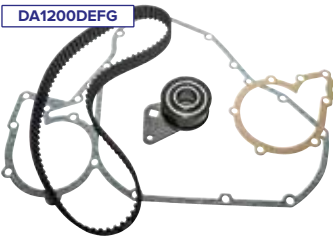

#### Dimensions

Inside diameter - 94.00mm  
Outside diameter - 99.06mm  
Length - 135.64mm  
Flange diameter - 105.23mm  
Flange depth - 5.33mm

# REPAIR & SERVICE

## Heating

### Heater Blower Motor Kit & Resistor Kit

DA4178

DA4178RESISTOR

**DA4178**  
Range Rover Classic - 1990 - 1994 - 200Tdi with air con  
Discovery 1 - 200Tdi with air con  
Atlantic British has developed this all inclusive kit designed and engineered to replace failed heater motors. The kit includes heater blower motor, blower wheel, motor mounting bracket and mounting screws, heater assembly seals, nylon ties, solder, shrink tubing (for soldered connections) and complete instructions. **Note** - When replacing the heater blower motor the vehicle's resistor must be upgraded to DA4178RESISTOR.

**DA4178RESISTOR**  
The air con blower motor resistor controls the speed of the blower motor and the force of the airflow out of the dash vents, it features a thermal-sink aluminium mounting plate that dissipates circuit heat effectively.

### Air-con Evaporator Core

**DA2660**  
Defender - 2007 onwards  
If your Defender's air-con evaporator is broken, you cannot purchase a replacement evaporator core alone. Instead you have to purchase the whole heater unit. We can now offer this OEM replacement evaporator core offering a considerable cost saving over the complete assembly.

### Valve Unit

**JQD500080V**  
Defender - 2007 onwards  
Valve unit from JQD500080  
No bracket

*Twice the capacity of standard*

**Uprated High Output Heater Matrixes**  
AlliSport uprated high output heater matrixes with high quality vacuum brazed cores and louvred fins. These larger matrixes have twice the capacity of standard which increases heat output and improves windscreen demisting times. TIG welded by hand. Only requires some small mods to the heater box to install.

**DA4743**  
Defender - early models with downward facing pipes. Equivalent to AAP817.

**DA4744**  
Defender - late models with horizontal inlet/outlet pipes. Right hand drive (including some LHD NAS spec). Check your application before ordering. Not suitable for Puma 2.4 and 2.2 vehicles. Equivalent to UTP1725.

## Changing your clutch?

Then demand your stockist uses a clutch kit from Britpart!

- > Extensive testing ensures the ultimate specification
- > Premier friction material gives longer life
- > Self centring bearing provides smooth operation
- > Intense quality control ensures fit first time

For many more clutch images available at [www.britpart.com/clutches](http://www.britpart.com/clutches)

Dual Mass Flywheel Conversion Kits

The flywheel conversion kit can be used to replace the dual mass flywheel using a solid metal flywheel and a heavy duty clutch kit. The one piece flywheel will not break up like the dual mass one so it is highly likely you will never need to change it again which means - lower cost, ease of fitting & potentially eliminating any future flywheel failures.

**Note** - This kit will make the gearbox more audible in the car at tick over and the kit doesn't include the release bearing - UUB000070.

**DA1277** Britpart kit  
**DA1277G** OEM kit  
Discovery 2 rear diff rebuild kit  
Double cardan joint repair kit for Discovery 2 propshafts - TVB000100 & TVB000220.

### Damper & Bearing Kit

**DA2664** Damper & bearings kit  
**TOT100000 NEW** Damper only  
Freelander 1 - up to 2006 4-cylinder  
Not all viscous coupling problems are the fault of the unit itself, sometimes the damper is at fault, this kit prevents buying the whole coupling, just to replace the damper.

### Detent Repair Springclip

**DA6247**  
Detent repair springclip to fit Discovery 3 & Discovery 4 manual gearboxes.  
To save expensive gearbox repairs or replacements it may just be this simple clip has broken. It is easily checked and replaced without any removal of the gearbox itself.

*Experiencing problems engaging reverse gear?*

### Girling Classic Clutch Hoses

Made in the UK

### Diff Coupling Shaft

**DA2355**  
Range Rover L322 - 2002 onwards, suffer from a common problem with the coupling shaft spline wearing between the front propshaft and front differential, thus losing drive to the differential.

**We are now able to offer a cheaper alternative!**

The problem relates to the coupling shaft, the differential itself is not affected. Currently the only solution offered by Land Rover is to replace the propshaft and the whole complete front differential assembly - a very expensive option! Using this new coupling shaft will enable you to replace just the propshaft and coupling shaft and leave the differential in place, therefore reducing both time (the differential need not be removed from the vehicle) and cost.

### Diff Repair Pans

**DA1043**

**DA1044**

**DA1045**

Britpart has put together these boxed kits to help the fitter have all the necessary parts to do the job in one hit, saving time and money trying to find the necessary parts to do the job.

**Save time & money with a Britpart CV joint kit.**

These kits are also helpful to pass over the trade counter instead of having to hunt for the individual parts. One kit does one CV joint.

**Swivel Housing Kits**

**Note** Kit is for one side only.

For full details of each kit list - [www.britpart.com/swivelkits](http://www.britpart.com/swivelkits)

Discovery 1 - up to JA32850 - with 12mm seals  
Range Rover Classic - from 1985 up to JA624516 - with 12mm seals  
Contents - Swivel housing; swivel pin bearing; gasket; seals; plate; shims; joint washers; swivel pin upper & swivel housing grease sachet  
Discovery 1 - up to JA32850 - with 8mm seals  
Range Rover Classic - up to JA624516 - with 8mm seals  
Contents - Swivel housing; swivel pin bearing; gasket; oil seals; plate; shims; joint washers; swivel pin upper & swivel housing grease sachet  
Discovery 1 - JA32851 onwards - non-ABS  
Range Rover Classic - JA624517 onwards - non-ABS  
Contents - Swivel housing; swivel pin bearing; gasket; seals; plate; shims; joint washers; swivel pin upper - non-ABS & swivel housing grease sachet  
Discovery 1 - with ABS  
Range Rover Classic - with ABS  
Contents - Swivel housing; swivel pin bearing; gasket; seals; plate; shims; joint washers; swivel pin kit - upper - ABS & swivel housing grease sachet  
Defender - up to KA930455  
Contents - Swivel housing; housing and bush; thrust washer; swivel pin bearing; joint washers; seals; shims; swivel pin upper & swivel housing grease sachet  
Defender - from LA up to WA  
Contents - Swivel housing; swivel pin bearing; gasket; seals; plate; shims; joint washers; swivel pin upper - non-ABS & swivel housing grease sachet  
Defender - XA onwards - non-ABS  
Contents - Swivel housing; swivel pin bearing; gasket; seals; plate; shims; joint washers; swivel pin kit & swivel housing grease sachet  
Defender - XA onwards - with ABS  
Contents - Swivel housing; swivel pin bearing; gasket; seals; plate; joint washers; swivel pin kit & swivel housing grease sachet  
Series 2  
Contents - Swivel housing; swivel pin; railko bush; thrust washer; swivel pin bearing; o-ring; lock washer; locker; shims; oil seal; retainer for oil seal; joint washers & swivel housing grease sachet  
Series 2A/Series 3  
Contents - Swivel housing; swivel pin; railko bush; thrust washer; swivel pin bearing; o-ring; lock washer; locker; shims; oil seal; retainer for oil seal; joint washers & swivel housing grease sachet

### Transfer Overhaul/Repair Kits

DA3205G

A complete OEM overhaul kit for the LT230 transfer box. Kit includes flanges, bearings and gaskets.

**DA3205G** Defender/Discovery 1  
**DA3215G** Discovery 2

**DA7215**  
Discovery 3 & Discovery 4  
Range Rover Sport  
Bearing & seal overhaul kit for DD295 transfer boxes  
> Main drive bearings  
> Rear output flange bottom needle bearing  
> Actuator shaft bearing  
> Drive flange snap rings  
> Input oil seal  
> Front & rear output oil seals

Degradation in oil can lead to judder, noise and a deterioration in gear change quality. It is recommended that oil and filters are changed after 50,000 to 75,000 miles on all 5, 6 & 8 speed automatic gearboxes to ensure optimum performance.

**6-Speed Filter Conversion Kit**

This is an easy change filter conversion kit for all vehicles with either a 6HP26 or 6HP28 ZF 6-speed automatic gearbox. From the factory a fluid and filter change on this transmission is a very lengthy process. The sump and filter are normally one piece and fitting involves jacking the engine up and unbolting the mounts, plus the removal of the exhaust.

Suitable for -  
Discovery 3 & Discovery 4  
Range Rover Sport - 2005 - 2013  
Range Rover L322

The fitting of this kit is far easier. Once the fluid has been drained from the transmission simply remove the bolts from the old unit. Cut the old plastic sumps filter tube with a hacksaw. Slide the old sump out and remove the other end of the sawn off filter tube. The new separate filter can then be fitted and the new sump pan slides into place and is bolted up with the new gasket supplied. Once secure the transmission can be filled as per manufacturer's instructions. The new sump pan also has the added benefit that it is manufactured in durable steel rather than the plastic of the original item - LR007474. Also see DA6085 & DA6085G in service kit section. 7 litres needed for oil change.

**Britpart Kit**

- DA2142 Filter conversion kit
- DA2143 Replacement filter
- DA2144 Replacement gasket
- TYK500050 Ravenol fluid - 1 litre

**OEM Kit**

- DA2142G Filter conversion kit - OEM
- DA2143G Replacement filter - OEM
- DA2144G Replacement gasket - OEM
- TYK500050G ZF Lifeguard fluid - 1 litre

**6-Speed Fluid Change Kit**

Automatic transmission fluid change kit for vehicles with either a 6HP26 or 6HP28 ZF 6-speed automatic gearbox. Ideal for high mileage vehicles and towing vehicles. Kit comprises of pan assembly, transmission fluid, screws, sleeve & plugs.

Suitable for -  
Discovery 3  
Discovery 4  
Range Rover Sport - 2005 - 2013  
Range Rover L322

- DA6085 Britpart pan with Ravenol oil
- DA6085G ZF pan with ZF oil

**5-Speed Gearbox Service Kit**

**8-Speed Fluid Change Kit**

# LUCAS CLASSIC

Since the very first car wheel on the very first car hit the road over a hundred years ago, Lucas has been at the forefront of component manufacture and supply for both OE and the aftermarket. In fact, Lucas is the oldest continually trading automotive brand in the world.

Having been in business for 147 years means that we not only know a lot about vehicles today, but the vehicles of yesterday as well.

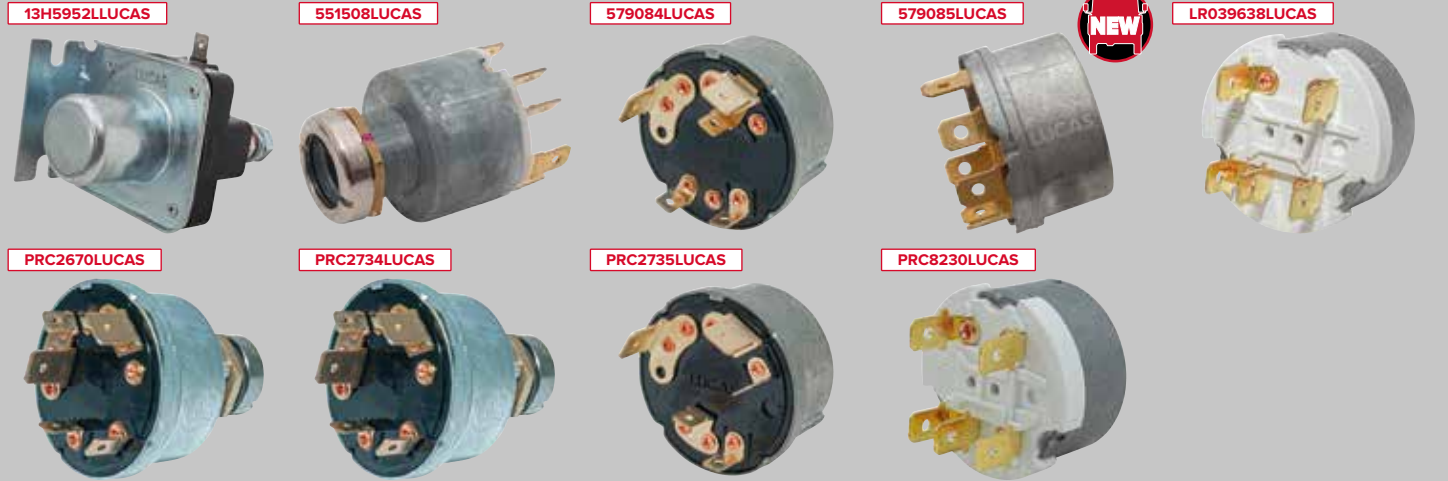

In the second half of the 20th century, you would have been hard pressed to find a vehicle on the road that didn't have some Lucas OE content, for electrical, diesel and braking. In fact, Lucas designed products are still used on new vehicles manufactured now.

Today, we're still at the top of our game as a global business. Our famous green boxes can be found in every corner of the world.

But for us, our heritage is vital, as it is what sets us apart from others. Hard won experience of innovating and providing quality parts that are durable and reliable, straight out of the box.

And now, we are celebrating that heritage with a new range of classic parts specifically designed for restorers, workshops and consumers who want to keep their classic vehicles faithful to the original by fitting Lucas parts developed, tested and engineered to the original specification. Now, you can have the real thing. Lucas Classic parts are often reproduced from original tooling, re-manufactured and re-engineered by trained experts following original Lucas product manuals and technical drawings.

## Lucas. Classics live forever.

<b>DA5300</b>	Defender 90/110 - excludes 300Tdi	Bolt on crossmember - galvanised with fittings

### Richards Chassis

All Richards chassis are manufactured in the UK, using locally sourced materials and locally based machine shops. They are located close to the steel city, Sheffield, and therefore optimise the use of local steel, ensuring that all their chassis are formed from 2.5mm British steel which are all galvanised as standard. All profiling is done 'in house' using their own laser machine, enabling them to have greater control over the quality of parts used and the materials that they are formed from. The chassis are made using 2.5mm side rails which are 25% heavier than the standard 2.0mm rails. Overall this gives a small increase in the vehicle weight but has a massive effect on the long term durability of the chassis. Bolt on crossmembers are not supplied with Richards chassis but are available separately - see DA5300.

More pictures online at  
[www.britpart.com/chassis](http://www.britpart.com/chassis)

\*Suitable for pick-up & station wagons

### Important

This is a selection of the chassis' that we do. Please enquire if the chassis you require is not listed here.

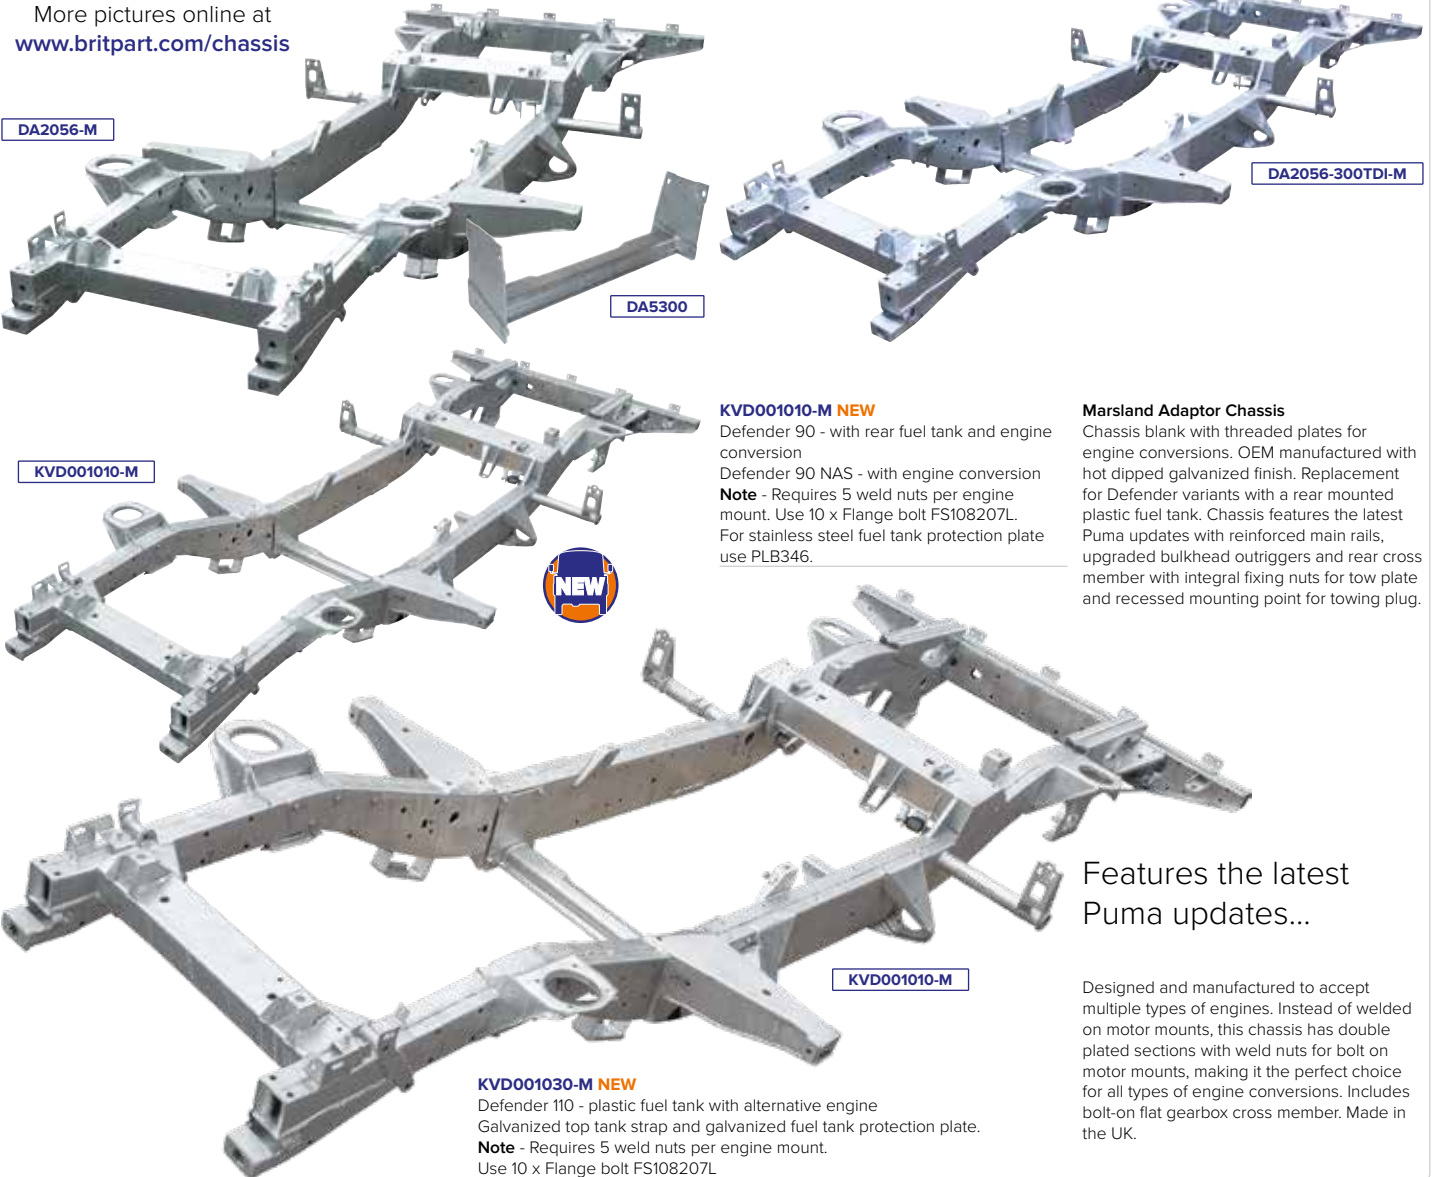

### Chassis - Marsland

<b>NRC4642G-M</b>	Series 2A/Series 3 - SWB	4-cylinder

<b>DA8907-M</b>	Defender 110	2007 onwards
<b>DA5300</b>	Defender 90/110 - excludes 300Tdi Bolt on crossmember - galvanised with fittings	

#### Marsland Chassis

The Marsland Defender chassis manufactured by GKN Wheels & Structures, supplied with an insurance accepted GKN Certificate of Authenticity confirming the chassis are constructed using "the same materials, processes and quality control techniques as were stipulated at the time of original equipment manufacturer". Type approved and crash tested. All Defender chassis are built to 2016 type/latest specification, including rear cross member and A-frame cross member. GKN pressed 'C' section main legs/rails made from 2mm steel with 3mm stiffeners fitted and spot welded internally for added strength, effectively giving you 5mm of material where most needed. Chassis supplied with bolt in gearbox cross member, rear cross member to body bracket, A-frame to chassis bushes including fixings. Power steering pipe, fuel filter, fuel tank and fuel line riv nuts fitted to chassis. All holes drilled and tapped excluding rear tow pack holes. Galvanised as standard.

#### KVD001010-M NEW

Defender 90 - with rear fuel tank and engine conversion  
Defender 90 NAS - with engine conversion  
**Note** - Requires 5 weld nuts per engine mount. Use 10 x Flange bolt FS108207L.  
For stainless steel fuel tank protection plate use PLB346.

#### Marsland Adaptor Chassis

Chassis blank with threaded plates for engine conversions. OEM manufactured with hot dipped galvanized finish. Replacement for Defender variants with a rear mounted plastic fuel tank. Chassis features the latest Puma updates with reinforced main rails, upgraded bulkhead outriggers and rear cross member with integral fixing nuts for tow plate and recessed mounting point for towing plug.

**KVD001010-M**

#### KVD001030-M NEW

Defender 110 - plastic fuel tank with alternative engine  
Galvanized top tank strap and galvanized fuel tank protection plate.  
**Note** - Requires 5 weld nuts per engine mount.  
Use 10 x Flange bolt FS108207L

Features the latest Puma updates...

Designed and manufactured to accept multiple types of engines. Instead of welded on motor mounts, this chassis has double plated sections with weld nuts for bolt on motor mounts, making it the perfect choice for all types of engine conversions. Includes bolt-on flat gearbox cross member. Made in the UK.

## Galvanised & Stainless Steel Products

### Stainless Steel Products

#### Stainless Steel Door Threshers

Defender - from 1983 onwards & Series 2 & 3

These stainless steel door threshers will freshen up the inside of your Land Rover as this is an area which can get very scruffy. All of the existing holes on the sills line up with these door threshers so they are a quick, easy bolt on project. The door threshers are made from stainless steel 304 grade bright annealed 1.5mm thick and are laser cut and CNC pressed. Stainless steel fixings are supplied. **Note** - If your door seal is fitted to your sill rail, you may need to modify the sill rail.

#### Steel Seat Box Protectors

Defender

Pair

The edge of the Defender seat box is prone to damage, protect that edge and smarten up your interior with these protectors. Made from 2mm brushed stainless steel. Less than 5 minutes to fit and all you need is a drill for the fixings. Kit includes a pair of corner protectors and 8 x 19mm flanged steel self drill fixings. These will also fit a Series 2 & 3 but will require matching drilling to accommodate seat rail fixing.

<b>DA6000</b>	Britpart kit
<b>Defender - 2½ petrol 7:1 compression ratio</b>	
1 x ERR3340	Oil filter
1 x NRC9238	Air filter
1 x JS660L	Fuel filter
1 x 243959	Sump plug washer
1 x FRC4808	Sump plug washer
4 x RTC3571	Spark plugs
<b>DA6001</b>	Britpart kit
<b>DA6001P</b>	Alternative brand kit
<b>DA6001COM</b>	Britpart kit with 10W 40 oil
<b>DA6001CAT NEW</b>	Britpart kit with Cataclean
<b>Defender - Turbo diesel &amp; 2½ naturally aspirated</b>	
1 x ERR3340	Oil filter
1 x NRC9238	Air filter
1 x RTC6079	Fuel filter
1 x FRC4808	Sump plug washer

<b>DA6002</b>	Britpart kit
<b>DA6002P</b>	Alternative brand kit
<b>DA6002COM</b>	Britpart kit with 10W 40 oil
<b>DA6002CAT NEW</b>	Britpart kit with Cataclean
<b>Defender - 200Tdi</b>	
1 x ERR3340	Oil filter
1 x NTC6660	Air filter
1 x AEU2147L	Fuel filter
1 x 213961L	Sump plug washer
1 x ETC7398	Sump plug washer
<b>DA6003</b>	Britpart kit
<b>DA6003P</b>	Alternative brand kit
<b>DA6003COM</b>	Britpart kit with 10W 40 oil
<b>DA6003CAT NEW</b>	Britpart kit with Cataclean
<b>Defender - 300Tdi</b>	
1 x ERR3340	Oil filter
1 x ESR2623	Air filter
1 x AEU2147L	Fuel filter
1 x UAM2857L	Sump plug washer
1 x ALU1403L	Sump plug washer

<b>DA6004</b>	Britpart kit
<b>DA6004P</b>	Alternative brand kit
<b>DA6004COM</b>	Britpart kit with 5W 30 oil
<b>DA6004CAT NEW</b>	Britpart kit with Cataclean
<b>DA6004PCAT NEW</b>	Alternative brand kit with Cataclean
<b>Defender - Td5</b>	
1 x LPX100590	Oil filter
1 x ESR4238	Air filter
1 x ERR6299	Rotor filter
1 x ESR4686	Fuel filter
1 x CDU1001L	Sump plug washer
<b>DA6004XD</b>	Britpart kit
<b>Defender - Td5</b>	
<i>Shorter than the standard filter which makes this one easier to fit and remove.</i>	
1 x ESR4238	Air filter
1 x ERR6299	Rotor filter
1 x ESR4686	Fuel filter
1 x CDU1001L	Sump plug washer

<b>DA6040</b>	Britpart kit
<b>DA6040P</b>	Alternative brand kit
<b>DA6040LR</b>	Land Rover brand kit
<b>DA6040COM</b>	Britpart kit with 5W 30 oil
<b>DA6040CAT NEW</b>	Britpart kit with Cataclean
<b>Defender - 2007 onwards</b>	
<b>2.4 &amp; 2.2 - up to DA444246</b>	
1 x LR004459	Oil filter
1 x WJ1500040	Fuel filter
1 x PHE500060	Air filter
1 x 1013938	Oil drain plug inc. rubber seal
<b>DA6109</b>	Britpart kit
<b>DA6109P</b>	Alternative brand kit
<b>DA6109LR</b>	Land Rover brand kit
<b>DA6109COM</b>	Britpart kit with 5W 30 oil
<b>DA6109CAT NEW</b>	Britpart kit with Cataclean
<b>Defender - 2007 onwards</b>	
<b>2.2 - DA444247 onwards</b>	
1 x LR058104	Oil filter
1 x WJ1500040	Fuel filter
1 x PHE500060	Air filter
1 x 1013938	Oil drain plug inc. rubber seal

## Freelander Service Kits

### Freelander 1

<b>DA6011</b>	Britpart kit
<b>Freelander 1 - 1.8 petrol - up to YA999999</b>	
1 x CDU1268	Oil filter
1 x ESR4103	Air filter
1 x JKR100200	Pollen filter
1 x ALU1403L	Sump plug washer
4 x NLP100290L	Spark plugs
<b>DA6012</b>	Britpart kit
<b>Freelander 1</b>	
<b>1.8 petrol - 1A000001 onwards</b>	
1 x CDU1268	Oil filter
1 x ESR4103	Air filter
1 x LR029773	Pollen filter
1 x ALU1403L	Sump plug washer
<b>DA6013</b>	Britpart kit
<b>DA6013P</b>	Alternative brand kit
<b>Freelander 1 - 2.0 diesel TCIE</b>	
1 x ERR5542	Oil filter
1 x ESR4103	Air filter
1 x WJN10046	Fuel filter
1 x JKR100200	Pollen filter
1 x ALU1403L	Sump plug washer

<b>DA6014</b>	Britpart kit
<b>DA6014P</b>	Alternative brand kit
<b>DA6014LR</b>	Land Rover brand kit
<b>Freelander 1 - Td4 - up to 2A209830</b>	
1 x LRF100150L	Oil filter
1 x LR007478	Air filter
1 x LR029773	Pollen filter
1 x ALU1403L	Sump plug washer
1 x MUN000010	Fuel filter
<b>DA6015</b>	Britpart kit
<b>DA6015P</b>	Alternative brand kit
<b>DA6015LR</b>	Land Rover brand kit
<b>DA6015COM</b>	Britpart kit with 10W 40 oil
<b>Freelander 1 - Td4 - 2A209831 onwards</b>	
1 x LRF100150L	Oil filter
1 x LR007478	Air filter
1 x LR029773	Pollen filter
1 x ALU1403L	Sump plug washer
1 x WJN000080	Fuel filter

### Freelander 2

<b>DA6038</b>	Britpart kit
<b>DA6038P</b>	Alternative brand kit
<b>DA6038LR</b>	Land Rover brand kit
<b>DA6038COM</b>	Britpart kit with 5W 30 oil
<b>DA6038CAT NEW</b>	Britpart kit with Cataclean
<b>Freelander 2 - 2.2 diesel</b>	
1 x LR001247	Oil filter
1 x LR005816	Air filter
1 x LR001313	Fuel filter
1 x LR056138	Cabin filter
1 x LR006295	Drain plug gasket
<b>DA6039</b>	Britpart kit
<b>DA6039P</b>	Alternative brand kit
<b>DA6039LR</b>	Land Rover brand kit
<b>Freelander 2 - 3.2 petrol</b>	
1 x LR001419	Oil filter
1 x LR005816	Air filter
6 x LR005483	Spark plugs
1 x LR056138	Cabin filter
1 x LR000506	Drain plug gasket
<b>DA6089</b>	Britpart kit
<b>DA6089P</b>	Alternative brand kit
<b>DA6089LR</b>	Land Rover brand kit
<b>Freelander 2 - 2.0 petrol</b>	
1 x LR096524	Oil filter
1 x LR029078	Air filter
1 x LR056138	Cabin filter
4 x LR025605	Spark plugs
1 x LR025048	Oil drain plug

# SERVICE KITS

## Automatic Transmission Service & Conversion Kits

Degradation in oil can lead to judder, noise and a deterioration in gear change quality. It is recommended that oil and filters are changed after 50,000 to 75,000 miles on all 5, 6 & 8 speed automatic gearboxes to ensure optimum performance.

### 6-Speed Filter Conversion Kit

This is an easy change filter conversion kit for all vehicles with either a 6HP26 or 6HP28 ZF 6-speed automatic gearbox. From the factory a fluid and filter change on this transmission is a very lengthy process. The sump and filter are normally one piece and fitting involves jacking the engine up and unbolting the mounts, plus the removal of the exhaust.

Suitable for -  
Discovery 3 & Discovery 4  
Range Rover Sport - 2005 - 2013  
Range Rover L322

The fitting of this kit is far easier. Once the fluid has been drained from the transmission simply remove the bolts from the old unit. Cut the old plastic sumps filter tube with a hacksaw. Slide the old sump out and remove the other end of the sawn off filter tube. The new separate filter can then be fitted and the new sump pan slides into place and is bolted up with the new gasket supplied. Once secure the transmission can be filled as per manufacturer's instructions. The new sump pan also has the added benefit that it is manufactured in durable steel rather than the plastic of the original item - LR007474. Also see DA6085 & DA6085G in service kit section. 7 litres needed for oil change.

### 6-Speed Fluid Change Kit

Automatic transmission fluid change kit for vehicles with either a 6HP26 or 6HP28 ZF 6-speed automatic gearbox. Ideal for high mileage vehicles and towing vehicles. Kit comprises of pan assembly, transmission fluid, screws, sleeve & plugs.

Suitable for -  
Discovery 3  
Discovery 4  
Range Rover Sport - 2005 - 2013  
Range Rover L322

**DA6085** Britpart pan with Ravenol oil  
**DA6085G** ZF pan with ZF oil

### 5-Speed Gearbox Service Kit

### 8-Speed Fluid Change Kit

Automatic transmission fluid change kits for vehicles with ZF 8HP70 8-speed automatic gearbox. Ideal for high mileage vehicles and towing vehicles. Kit comprises of pan assembly, transmission fluid, screws & plug.

Discovery Sport  
Discovery 4  
Range Rover Evoque - 2012 - 2018  
Range Rover Sport - 2010 - 2013  
Range Rover Sport - 2014 onwards  
Range Rover L322 - 2010 - 2012  
Range Rover L405

**DA3383G NEW** OEM Pan (LR065238G) and ZF oil  
**DA3383 NEW** Pan (LR065238) and Ravenol oil

### 4-Speed Gearbox Service Kit

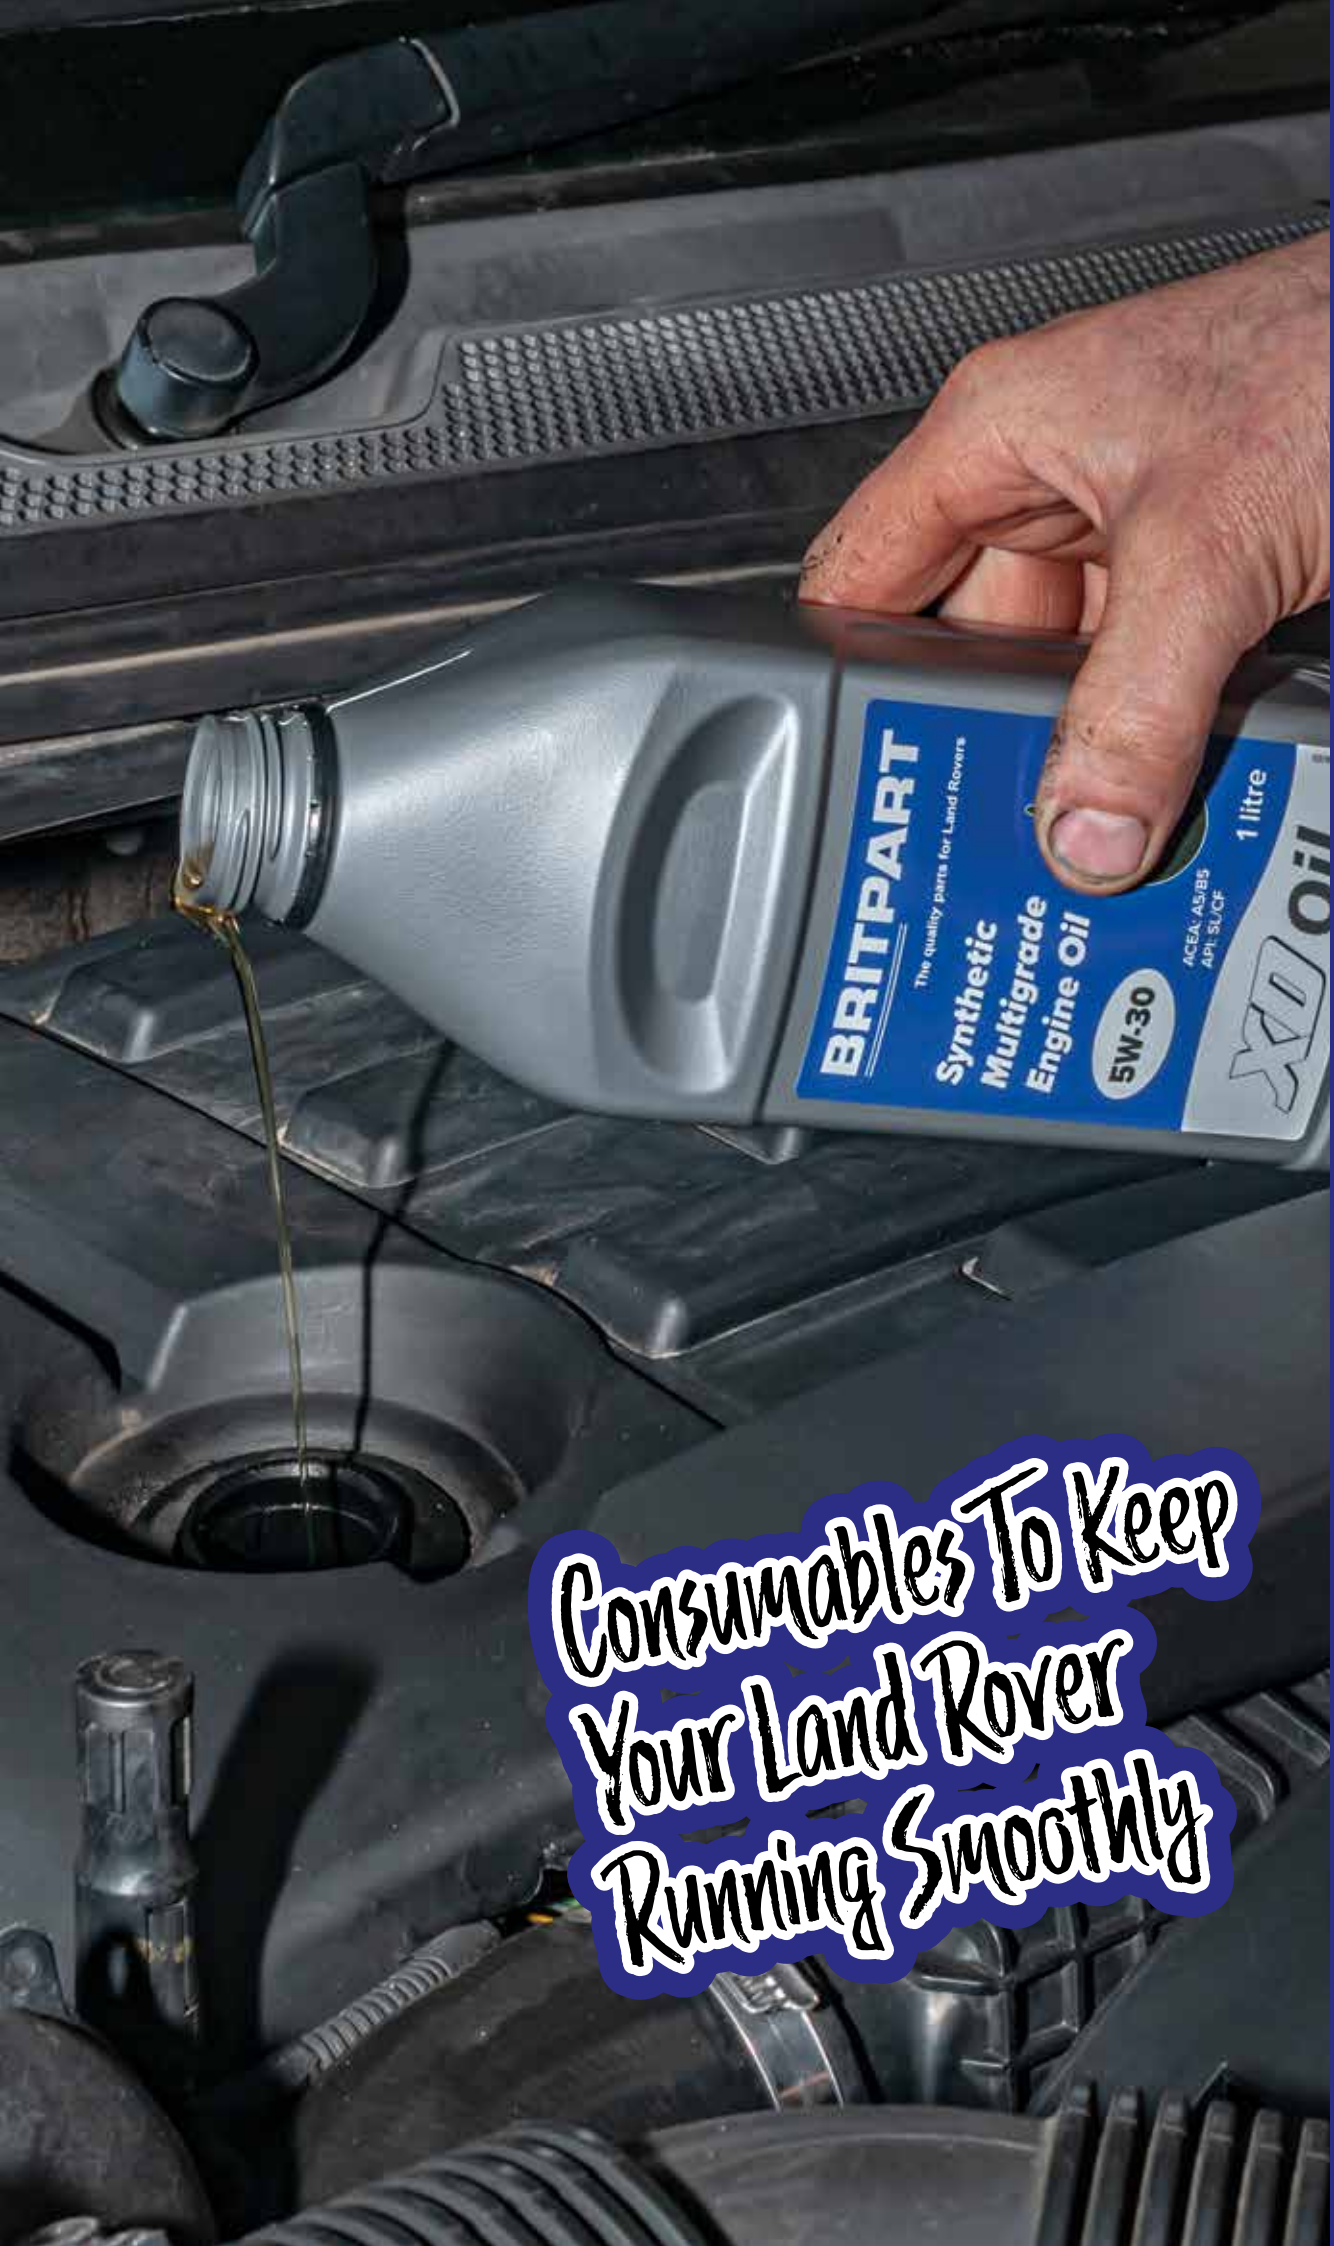

**DA4500**  
Defender - up to 2007  
Discovery 1  
Discovery 2  
Range Rover Classic  
Range Rover P38  
Kit comprises of oil screen, seals, o-rings and sealing washer.

### Britpart XD Oils

DA1331

#### 10W-40 Semi-Synthetic Multi-grade Engine Oil

<b>DA1331</b>	Britpart XD 10W-40	ACEA: A3/B4	/	API: SN/CF	1 litre
<b>DA1530</b>	Britpart XD 10W-40	ACEA: A3/B4	/	API: SN/CF	5 litres

#### Product Description

Britpart XD 10W-40 is a semi-synthetic multi-grade engine oil manufactured using high quality additives and base oils for fuel efficiency and superior performance for petrol and diesel engines of passenger cars and light commercial vehicles. Meets ACEA and API specifications required by a large number of cars and light commercial vehicles. The additive technology coupled with advanced base fluids also ensures a high level of component protection and cleanliness when operating in severe conditions. Engine design has changed rapidly over recent years and increased output from smaller units, coupled with reduced engine oil sump capacity, has put greater demands on the lubricant. Britpart XD 10W-40 is designed to meet these challenges. It provides excellent stay in grade performance for a wide range of engines.

#### Applications

Britpart XD 10W-40 is suitable for use in normally aspirated and turbocharged engines in passenger cars and light commercial vehicles, where any of the performance levels listed are required. It is miscible with all synthetic and mineral based engine oils.

#### Performance Levels

- > API - SN / CF
- > ACEA - A3 / B4
- > MB - 229.3
- > VW - 501.00 / 505.00
- > Renault - RN 0700 / 0710

#### Benefits

- > Suitable for a wide range of vehicles
- > Excellent high and low temperature stability
- > Excellent cold starting
- > Improved oil consumption and emissions

*Multi-grade engine oils  
manufactured using  
high quality additives*

#### 5W-30 Synthetic Multi-grade Engine Oil

<b>DA1333</b>	Britpart XD 5W-30	ACEA: A5/B5	/	API: SL/CF	1 litre
<b>DA1529</b>	Britpart XD 5W-30	ACEA: A5/B5	/	API: SL/CF	5 litres

#### Product Description

Britpart 5W-30 is a synthetic, fuel-efficient multi-grade engine oil complying to Ford specification WSS-M2C913-D and WSS-M2C913-C and meeting the STJLR.03.5003 Jaguar Land Rover specification. Britpart 5W-30 is a synthetic multi-grade engine oil formulated with highly refined synthetic base stocks and the very latest in advanced additive technology. The carefully selected components combine to provide the user with improved fuel economy benefits, greater robustness to fuels containing increased levels of bio-diesel and superior soot handling properties. This highly stable, stay-in-grade product allows extended oil drain intervals to be achieved.

#### Applications

Britpart XD 5W-30 is an ideal choice in many normally aspirated and turbocharged petrol and diesel engines designed to use a fuel saving engine lubricant. In particular, Britpart 5W-30 can be used in all Ford diesel engines (except Ford Ka TDCi 2009 onwards and Galaxy 1.9 TDi 2000-2006). It is strongly recommended for use in Transit models (2012 onwards) carrying the 2.2 Duratorq TDCi engine where only WSS-M2C913-D lubricants can be used.

#### Performance Levels

- > API - SL / CF
- > ACEA - A5 / B5
- > Ford WSS-M2C913-D
- > STJLR.03.5003
- > RN0700

#### Benefits

- > Complies with Ford specification WSS-M2C913-D
- > Complies with Ford specification WSS-M2C913-C
- > Extended drain capability
- > Fully backwards compatible with the earlier specifications of WSS-M2C 913-A and 913-B
- > Stay-in-grade formulation
- > Excellent low temperature stability for improved flow rates
- > Improved fuel efficiency

DA1333

# XD oil

*Formulated from a blend of  
top quality solvent refined  
mineral base oils*

#### 20W-50 Mineral Engine Oil

<b>DA1822</b>	Britpart XD 20W-50	ACEA: A3/B3	/	API: SL/CF	1 litre
<b>DA1823</b>	Britpart XD 20W-50	ACEA: A3/B3	/	API: SL/CF	5 litres
<b>DA1824</b>	Britpart XD 20W-50	ACEA: A3/B3	/	API: SL/CF	20 litres

#### Product Description

Britpart XD 20W-50 is a traditional mineral oil based engine oil suitable for use in petrol fuelled passenger cars and light duty diesel vehicles. It is formulated from a blend of top quality solvent refined mineral base oils with established detergent/dispersant additive technology and incorporating viscosity index improver polymers to deliver the 20W-50 multi-grade viscosity profile. The 20W-50 viscosity grade classification is designed for severe service conditions and ensures optimum lubrication protection and engine performance in warmer climate conditions.

#### Applications

Applications for the 20W-50 are older model petrol vehicles fitted with an oil filter, especially V8's and 200Tdi/300Tdi high mileage vehicles with excessive oil consumption. Also to be used in hot climates where a 15W-40 is normally recommended. Not suitable for TD5 onwards.

#### Performance Levels

- > ACEA: A3/B3
- > API: SL/CF
- > MB: 229.1

#### Benefits

- > High temperature performance
- > Protects against ring sticking at high temperatures
- > Maintains oil performance
- > Minimises oil consumption
- > High standard of engine cleanliness
- > Excellent sludge control protection designed for stop-go city motoring
- > Long lasting dispersant, anti-wear and corrosion protection

#### Technical Data\*

- > 20W-50
- > Specific Gravity @ 15°C 0.885
- > Kinematic Viscosity @ 100°C cSt 18.2
- > Kinematic Viscosity @ 40°C cSt 153
- > Viscosity Index 133
- > Flash Point (COC °C) 220
- > Pour Point °C -30
- > TBN (mg KOH/g) 9

Multi-vehicle manual transmission fluid		

Ravenol Classic Oils

The need for Classic Oils?

Oils for modern engines need to comply with the latest API ratings and specific ACEA and OEM specifications concerned with improving fuel efficiency, extending oil drain intervals and exhaust treatment systems such as diesel particle filters.

A classic car engine has the opposite characteristics with cork/graphite/rope seals, low pressure gear driven oil pumps, larger oil galleries with greater dependence on "splash" and "cling" lubrication, lower revving with larger machining tolerances. This type of engine design demands a totally different lubricant. The range of Ravenol Classic Oils offers formulations that have been specially blended to meet the requirements of older vehicles.

Special anti-wear additives with the correct amount of zinc (ZDDP) are added to ensure that metal to metal contact and irreparable engine damage is prevented, especially to camshafts and followers, which can wear out in only a few thousand miles when using modern oils. The careful selection of appropriate corrosion inhibitors, special dispersant additives and the correct levels of detergency protect against pitting, the build-up of gums, lacquers, sludge, soot and metallic ash - the normal by-products of combustion.

[www.britpart.com/ravenol](http://www.britpart.com/ravenol)

Ravenol Classic SAE 30

**DA4963** 5 litres  
Monograde engine oil for pre-1960 Land Rovers

Ravenol Classic SE 20W-50

**DA4964** 5 litres  
Multi-grade engine oil for post 1960 petrol Land Rovers

Ravenol MZG EP 80W-90 GL4

**DA4965** 1 litre  
**DA1532** 4 litres  
Transmission oil for early Land Rover gearboxes, transfer boxes and differentials. Recommended for the lubrication of all manual transmissions, differential gears, transfer boxes and steering boxes of most early Land Rovers where a GL4 specification is called for.

Ravenol Octane Booster

**DA4966** 300ml  
Petrol engine lead replacement additive with octane booster. An environmentally-friendly valve seat lubricant and combustion enhancer which increases the octane rating by at least 3 points. It helps to prevent pinking and running on and allows more ignition advance, thus improving performance in the peak ranges. Especially suitable for low-grade or insufficient fuel quality. It helps to prevent wear and tear on valve seats and exhaust valves when using modern fuels in older engines.

**By using Ravenol Classic Oils in your classic Land Rover you are protecting both engine and transmission - for generations to come.**

 Ravenol SFE 5W-20 is suitable for all petrol and diesel engines requiring a 5w20 grade fuel economy lubricant, and is especially developed to meet the requirements of the latest generation of Land Rover and Jaguar vehicles fitted with 5.0L V8 units.

**DA6376** 1 litre  
**DA6377** 5 litres  
**FLJ SAE 5W-30**  
 Ravenol FLJ SAE 5W-30 is a universal, fuel-saving, specially-composed motor oil for modern petrol and diesel engines both with and without turbochargers, for use in automobiles and vans with extended oil change intervals.

**DA6378** 1 litre  
**DA6379** 5 litres  
**VMO SAE 5W-40**  
 Universal synthetic low friction motor oil especially developed for pump-jet diesel engines. Moreover, this lubricant is suitable for gasoline and diesel engines in passenger cars and vans with and without turbo charger. Due to the specific composition Ravenol VMO SAE 5W-40 is suitable for use for several of the latest OEM requirements.

**DA6291** 1 litre  
**DA6292** 5 litres  
**FO 5W-30**  
 Ravenol FO 5W-30 is a fuel economy engine oil, special product for modern gasoline and passenger car diesel engines.

**DA1804** 1 litre  
**DA1813** 5 litres  
**Eco Synth ECS 0W-20**  
 A state-of-the-art PAO (Polyalphaolefin) based fully synthetic, smooth-running low-friction motor oil with Ravenol's patented USVO® and CleanSynto® technologies and is recommended for modern car petrol and diesel engines, including supercharged models, and for direct injection engines and hybrid vehicles under all operating conditions.

**DA1805** 1 litre  
**DA1814** 5 litres  
**FDS 5W-30**  
 A PAO (Polyalphaolefin) based, fully synthetic low friction motor oil with especially USVO® and proven CleanSynto® technologies for petrol and diesel engines with and without turbo-charging and direct injection. Ideal for use in all driving conditions such as in extreme stop-and-go traffic and high-speed motorway driving. It minimizes friction, wear and fuel consumption.

**DA1806** 1 litre  
**DA1815** 5 litres  
**FES 0W-30**  
 Fully synthetic, smooth-running low-friction motor oil with special USVO® and proven CleanSynto® technologies and is recommended for modern passenger car fuel and diesel engines, including supercharged models, and for direct injection engines under all operating conditions. Using additives with low ash content it offers excellent cold start characteristics.

**DA1807** 1 litre  
**DA1816** 4 litres  
**SSV Fuel Economy SAE 0W-30**  
 Achieves a high viscosity index and a considerable fuel saving through of its formulation with special base oils and PAO. The excellent cold start behaviour provides an optimum lubricating safety during the cold run phase.

**DA1808** 1 litre  
**DA1817** 5 litres  
**VDL 5W-40**  
 Full synthetic engine oil designed for modern high performance diesel engines where improved fuel efficiency and extended protection are demanded. Minimum evaporation properties, very high wear protection and improved detergent and dispersant characteristics make this suitable for use over extended drain intervals and the harshest of conditions.

**DA1809** 1 litre  
**DA1819** 5 litres  
**VST 5W-40**  
 Utilizes the positive properties of tungsten to smooth the surface structure of the motor, significantly improving mechanical efficiency. This guarantees optimal operation in all driving conditions, extreme stop and go in heavy traffic to high speed driving on motorways.

**DA6368** 1 litre  
**DA6369** 5 litres  
**TSi SAE 10W-40**  
 TSi 10W-40 is suitable for year round use in modern petrol & diesel cars. For use in turbo & non-turbocharged vehicles, multi-valve & direct injection diesel engines and is catalyst-compatible. Due to the specific high quality composition of TSi 10W-40, meets and exceeds the requirements of many leading OEM's, it also carries manufacturer approvals.

**DA6380** 1 litre  
**DA6381** 5 litres  
**Turbo-C HD-C SAE 15W-40**  
 It is perfectly suited as all-season motor oil for the mixed fleet. It can be used in the commercial vehicle sector for operation and extended oil change interval (up to 45,000 kilometres are possible) according to manufacturer's specifications.

## Ravenol Oil Guide

[www.britpart.com/ravenol](http://www.britpart.com/ravenol)

The database in this "Ravenol Oil Guide" is intended as a guide to enable you to choose the correct oil for your vehicle. It has been established with the greatest possible care by comparing the range of Ravenol lubricants to the standards and requirements of the vehicle manufacturer for normal use. Please note that all recommendations are based on information given to us by 3rd parties and we therefore cannot accept responsibility for the accuracy of the information given. We recommend that you consult the original Manufacturer's specification and in case of doubt please contact us.

Use our handy online Ravenol Oil Guide to find the most suitable oils for your Land Rover - covers from early Defenders right through to current models.

Ravenol the renowned German Manufacturer is one of the most technically innovative companies in the lubricants industry. Ravenol prides itself on the special formulations, unique design and its exacting manufacturing processes that are individually tailored to suit customer needs. This is why the demand for Ravenol product is growing worldwide. In the advanced in-house laboratories products are carefully developed to meet and exceed the requirements of the major automotive manufacturers and to comply with all current and future regulations. Across the globe, Ravenol has earned an enviable reputation for innovation and technical excellence. Ravenol have developed an extensive range of products meeting and exceeding Land Rover requirements resulting in quieter running engines with improved fuel economy and smoother gear changes. Whichever Land Rover/Range Rover model you drive, wherever and however you drive it, Ravenol have developed a lubricant to meet your specific requirements. We at Britpart not only recommend the use of Ravenol lubricants in your Land Rover, but use them in our own fleet of Land Rovers, trucks and vans.

Ravenol Workshop Consumables

Transmission Oils

**STC4863** 1 litre  
**DA1579** 20 litres  
**ATF 5/4 HP Fluid**  
 Ravenol ATF 5/4 HP Fluid is primarily designed for use in ZF 4HP-series (4HP20, 4HP22, 4HP24) and 5HP-series (5HP18, 5HP19, 5HP24, 5HP30) automatic transmissions.

**DA6374** 1 litre  
**DA6375** 4 litres  
**ATF T-WS Lifetime Fluid**  
 An automatic transmission fluid based on the latest HC/HT and PAO synthetic technology. Due to the special formulation the durability is up to twice that of a comparable standard ATF oil.

**STC50531** 1 litre  
**ATF JF506E Fluid**  
 Ravenol ATF JF506E is primarily designed for use in JATCO JF506E 5-speed automatic transmissions used in Land Rover Freelander.

**LR052059** 1 litre  
**DGL SAE 75W-85 GL-5 LS**  
 A fully synthetic multi-grade PAO based hypoid transmission oil meeting API GL-5 specification with a specially co-ordinated additive treatment and 'limited slip' properties for manual transmissions and rear-axles.

**TYK500010** 1 litre  
**TYK500010-4L** 4 litres  
**TYK500010-20L** 20 litres  
**VSG 75W-90 Gear Oil**  
 Suitable for use in both synchromesh and non-synchromesh gearboxes and perfectly suited for use in highly stressed axle drives and differentials. Used in many high performance and motorsport applications as well as for road use in cars where maximum protection and fuel economy are desired.

**DA1826** 1 litre  
**MTF-1 SAE 75W-85**  
 Full synthetic, low-viscosity transmission oil for manual transmissions, transfer cases and differential gears. Designed to exceed the OEM requirements and specifications for a fuel efficient lubricant which combines outstanding performance at both hot and cold temperature extremes, even with extended oil change intervals.

**TYK500030** 1 litre  
**TYK500030-4L** 4 litres  
**MTF-2 75W-80 Gear Oil**  
 Ravenol MTF-2 SAE 75W-80 is ideally suited to ensure smooth and efficient operation of modern transmissions subject to very high mechanical and thermal loads of gear oils, even at the longest oil change intervals.

**DA1811** 1 litre  
**DA1820** 4 litres  
**MTF-3 75W**  
 A fully synthetic, fuel efficient gear oil formulated using the latest PAO synthetic technology and special additive systems to combat very high mechanical and thermal loads, even at the longest oil change intervals.

**TYK500050** 1 litre  
**TYK500050-4L** 4 litres  
**TYK500050-20L** 20 litres  
**TYK500050-208L** 208 litres  
**ATF 6HP Fluid**  
 Ravenol ATF 6 HP Fluid was developed specifically for use in the latest ZF 6HP-series transmissions, 6HP19, 6HP21, 6HP26, 6HP28, 6HP32, 6HP34, also for 5-speed automatic transmission 5HP-series. It is backwardly compatible for all earlier versions of ZF 4.

**LR019727** 1 litre  
**Multi-disc Locking Differentials Semi-synthetic Lubricant**  
 Ravenol MDL multi-disc locking differentials was developed specifically for use in lamella limited slip differentials.

**IYK500010** 1 litre  
**IYK500010-20L** 20 litres  
**Transfer Fluid TF-0870**  
 Ravenol Transfer Fluid TF-0870 was developed for use in active transfer case and provides a stable viscosity even under the highest loads.

**DA6372** 1 litre  
**DA6373** 4 litres  
**ATF Dexron D II**  
 It was developed for the use in automatic transmissions, hydro steering mechanisms, converters and power transmissions and can be used as a universal ATF (automatic transmission fluid) for all vehicles and working machines.

**LR022460** 1 litre  
**LR002748** 1 litre  
**ATF T-IV Fluid**  
 Ravenol ATF T-IV Fluid was primarily developed for use in the latest Aisin Warner and Toyota transmissions found in many modern European and Japanese vehicles, and its versatile formulation means it can also be used to replace older T, T-II and T-III fluids where required, as well as fulfilling many other manufacturer requirements.

**STC4862** 1 litre  
**ATF Dexron III H**  
 Ravenol ATF Dexron III H was primarily developed for use in automatic transmissions with electronically controlled converter lockup clutch, but also suitable for use as a universal ATF and power steering fluid, especially where Dexron III is the required specification, and is backwards compatible for Dexron II applications.

**LR003156** 1 litre  
**EPX SAE 80W-90 GL**  
 Ravenol Getriebeoel EPX SAE 80W-90 GL 5 is compatible with all brand-name transmission oils. In case of changing to Ravenol EPX SAE 80W-90 GL 5 lubrication is not necessary. It can be used in manual transmissions, axle drives, distributor and intermediate transmissions in vehicles and working machines.

**LR023288** 1 litre  
**DA3240** 4 litres  
**DA1345** 20 litres  
**ATF 8HP**  
 Ravenol ATF 8HP Fluid is an automatic transmission fluid (ATF), produced with a blend of hydrocrack oils & synthetic PAO together with special additives & inhibitors to enable smooth and efficient function of the latest ZF automatic transmissions. Ravenol ATF 8HP Fluid has been formulated specifically for the latest generation of 8-speed ZF auto transmissions and is coloured green for easy identification.

**DA1569** 300ml  
**DA2886** 1 litre  
**AWD-H Fluid**  
 A special high-performance transmission oil suitable for rear AWD coupling control units. Ravenol AWD-H Fluid should be changed every 37,500 miles in order to avoid damage to the powertrain.

More Ravenol Workshop Fluids Overleaf...

### Ravenol Workshop Consumables

#### Coolants

**DA6293** 1.5 litres  
**DA6294** 5 litres  
**Organic Technology Coolant Concentrate**  
 Ravenol Organic Technology Coolant Concentrate is an eco-friendly 1,2-Ethanediol (monoethylene glycol) based silicate, borate, nitrite and phosphate-free coolant for cooling circuits in combustion engines which provides maintenance-free corrosion and frost protection.

**DA1812** 1.5 litres  
**DA1821** 5 litres  
**Traditional Technology Coolant Concentrate**  
 An eco-friendly 1,2-Ethanediol (monoethylene glycol) based nitrite, amine and phosphate-free coolant for cooling circuits in combustion engines which provides maintenance-free corrosion and frost protection. The product is formulated as a long-term coolant based on a proven inhibitor development.

#### Power Steering

**STC50519** 1 litre  
**STC50519-20L** 20 litres  
**SSF Power Steering Fluid**  
 Ravenol SSF Fluid is a special hydraulic fluid formulated using the latest fully synthetic technology blended with special ashless additives. It is designed for use from -40°C to +100°C and is therefore recommended for the latest developments in the vehicle market.

#### Diesel System Cleaner

**DA4962** 300ml  
**Diesel System Cleaner**  
 A fuel additive for all diesel engines which cleans the fuel injection system and restores the full power of the engine, whilst increasing operational safety and improving fuel economy. It is a cleaning agent for electronically and mechanically controlled fuel injectors which allows for combustion with a low degree of soot and reduced particles whilst preventing rattling noises and rough idling.

#### Grease

**DA4960** 400g  
**DA4961** 5kgs  
**Multi-purpose Grease**  
 Ravenol Mehrzweckfett OML is a lithium based multi-purpose grease with oxidation and corrosion protective additives.

More information  
 on all these Ravenol products at  
[www.britpart.com/ravenol](http://www.britpart.com/ravenol)

#### Interior Cleaner

**DA1628** 400ml  
**Interior Cleaner**  
 Ravenol Cockpit-Spray is a highly effective care spray for the cleaning and maintenance of plastic, artificial and natural leather interior surfaces of all types of motor vehicles. Silicone-free formulation leaves a silky shine and protects treated surfaces from the effects of oxidative ageing, as well as helping to protect surfaces against the effects of intense sunlight such as fading and cracking. The anti-static properties ensure surfaces remain dust-free for longer and the product leaves a pleasant perfumed odour after use.

Photo by Martin Price

#### Oil Analysis Kit

**DA6358**  
 Lubetrend Analysis is the complete fluid analysis programme performed by the Number One oil condition monitoring laboratory in the UK with over 35 years of experience in monitoring all types of fluid lubricated and insulating oil systems; giving you the confidence to act. Regular checks on the condition of the oil can extend the life of both engine and transmission and help spot potential problems long before they materialise.

*Extend the life of both engine & transmission*

Our aim is to help you succeed in making the most of your vehicles and machinery through reducing unplanned downtime, extending oil drains and detecting potential future failure - before they happen. Essential not only for all aspects of motorsport - we'd recommend taking a sample after each event - but also recommended for your everyday transport as part of the annual service. The price includes the sample kit and the full analysis report. Postage to the laboratory is your responsibility.

Castrol Classic Oils & Greases

Castrol Classic Oils Workshop Consumables

DA6260	Classic XL 20W-50	1 gallon tin
DA6261	Classic XL 20W-50	1 litre tin
A conventional multi-grade engine oil of good all round performance for pre-1980 modern classic cars		
DA6264	EP140 Extreme Pressure API GL4	1 litre tin
Originally specified grade for Series steering boxes and relays		
DA6265	EP90 Extreme Pressure API GL4	1 litre tin
Extreme pressure multi-purpose gear oil for hypoid and non-hypoid applications		
DA6268	TQF	1 litre tin
Transmission fluid for automatic gearboxes, incorporating additives to provide wear, oxidation and corrosion resistance		
DA6269	Red Rubber Grease	500g pot
A special, rubber compatible grease for use on hydraulic brake and clutch components where hardening or swelling of rubber must be avoided. Useful in assembly of rubber components for brake, clutch and suspension units.		
DA1595	Water Pump Grease	500g pot
Hard consistency grease with high water resistance and excellent sealing properties. Also ideal for protecting brake pipes and fittings.		

Castrol Classic Oils Merchandise

DA6270	Castrol Tin Mug - Drink your tea in a nostalgic way with this large tin mug
Castrol Pouring Jugs - Use either to decorate your workshop or study or to accurately measure lubricant quantities shown in imperial measures in vehicle handbooks	
DA6271	Half pint
DA6272	Pint
DA6273	Quart (two pints)
DA6274	Baseball Cap - Smart green cap with embroidered Castrol logo. One-size fits all
DA6275	Window Service Sticker - Never forget to change your oil with this self-cling window sticker with Castrol logo on one side and Change Due boxes on the other. 3" diameter.

Castrol GTX

DA3542 NEW

5 litres  
Liquid Engineering from Castrol Classic Oils – *the original is back.*

Castrol GTX Classic 10W/40. A premium mineral oil suitable for vehicles from 1978 to 1993, extending the Classic range to cover younger and modern classics. Supplied in the traditional 5 litre tin with the iconic GTX stripe branding, GTX Classic will appeal to owners who want period correct oil with a period correct look:

- > Mineral 10W/40, suitable for vehicles 1978 to 1993 where a 10W/40 oil is specified
- > Period correct balanced additives for superior wear and corrosion protection, including ZDDP
- > Can be used in vehicles either with or without a catalytic converter
- > Suitable for both naturally aspirated and turbo-charged vehicles
- > Original handbook recommendation for many vehicles
- > Supplied in original style 5 litre can
- > API: SG

Oil is too small a word for it. Thin in cold, thick in heat; cooling, smoothing, protecting; pliant as liquid, tough as steel, always busy under gigantic stress. It is the result of over eighty years of single minded technical genius. More than just an oil, it is Castrol GTX – Liquid Engineering.

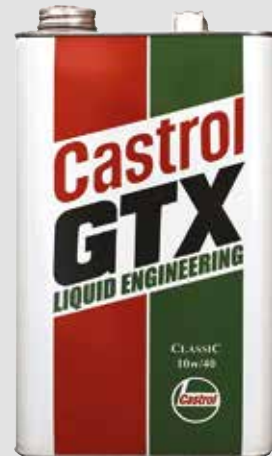

For more information on each product and images visit [www.britpart.com/castrol](http://www.britpart.com/castrol)

DA1595

Castrol Classic Oils,  
total care & protection  
for your classic vehicle.

Workshop Fluids

Cataclean Cleaners

Photo by Tadas Indriliunas

**DA3325**  
**Cataclean Diesel**  
500ml

- > Improves fuel economy
- > Reduces emissions
- > Restores performance
- > Protects & maintains catalytic converter
- > Reduces risk of diesel particulate filter (DPF) clogging

Cataclean is a fuel and exhaust system cleaner. Cataclean will remove the harmful carbon build-up in the valves, injectors, oxygen sensors, EGR valve, and catalytic converter. Cataclean will also reduce the particulates in a DPF, preventing clogging. Cataclean can improve fuel economy, reduce emissions, restore performance and extend the life of engine/exhaust parts.

**DA3326**  
**Cataclean Petrol**  
500ml

- > Improves fuel economy
- > Reduces emissions
- > Restores performance
- > Protects & maintains catalytic converter

Cataclean is a fuel and exhaust system cleaner. Cataclean will remove the harmful carbon build-up in the valves, injectors, oxygen sensors, EGR valve and catalytic converter. Cataclean can improve fuel economy, reduce emissions, restore performance and extend the life of engine/exhaust parts.

- > Fuel Tank
- > Injectors
- > Catalytic Converter
- > Oxygen Sensors
- > EGR Valve
- > DPF
- > Combustion Chamber
- > Intake Valves

**DA3327**  
**Cataclean Work Shop**  
5 litres

- > Improves fuel economy
- > Reduces emissions
- > Restores performance
- > Protects & maintains catalytic converter
- > Reduces risk of petrol particulate filter (PPF) and diesel particulate filter (DPF) clogging

Cataclean 5 litre is a bulk product for the automotive workshop. Cataclean is a fuel and exhaust system cleaner. Cataclean will remove the harmful carbon build-up in the valves, injectors, oxygen sensors, EGR valve, and catalytic converter. Cataclean will also reduce the particulates in a PPF, preventing clogging. Cataclean can improve fuel economy, reduce emissions, restore performance and extend the life of engine/exhaust parts.

The Complete Fuel & Exhaust System Cleaner

### AdBlue

All new Euro 6 engines now have to have a diesel additive to reduce the emissions. The AdBlue liquid - called Diesel Exhaust System does this. Newer Land Rovers are using this more additive than expected, so there is a need for people to replace the fluid used. If the fluid runs out, the engine stops and won't restart without a visit to the Land Rover dealership.

#### DA1622

- 10 litre drum with spout
- > Conforms to ISO22241 as specified by all vehicle manufacturers. Every batch is independently tested before release
- > Suitable for diesel vehicles & machinery fitted with SCR emission removal systems. If in doubt, refer to operating manual
- > 32.5% solution of pure urea in demineralised water
- > Reduces Nitrous Oxide (NOx) emissions
- > Ready to use

#### LR072258G

4 x 1.89 litre (1/2 gallon) bottles  
Previously this has only been available through Land Rover, now Britpart have the OE supplier product in stock

### DPF Cleaner

#### DA6859

325ml

**Wynn's Diesel Particulate Filter Cleaner**  
Chemical treatment for diesel engines that reduces soot emissions, cleans and regenerates the particulate filter.

- > Reduces soot formation during the fuel combustion cycle.
- > Clears and regenerates blocked soot filters without dismantling.
- > Complete burn-off of soot particles during driving.
- > Avoids frequent maintenance costs related to the manual regeneration of the blocked soot filter
- > Optimizes combustion and lowers fuel consumption
- > Especially suited for city driving cycles
- > Can be used in combination with built-in regeneration systems
- > Ultra-fast result!

### Dr. Tranny® Instant Shudder Fixx™

#### DA6809

2fl oz (59.2ml)

Packaged in a uniquely engineered two ounce application tube Dr. Tranny® Instant Shudder Fixx™ is compatible with conventional or synthetic automatic transmission fluids. This formulation of friction modifiers made of synthetics and synthetic esters is concentrated five times.

- > A concentrated friction modifier formulated specifically for instantly eliminating torque converter lock-up shudder
- > Provides 4x's less wear than regular ATF
- > The original shudder fix
- > Compatible with conventional and synthetic ATFs
- > Commonly used as a diagnostic tool to determine if a problem is fluid related or a more mechanical fix is required

### Brake Cleaner

#### STC8972

TRW Brake Cleaner

500ml aerosol

- > Cleans & degreases brake and clutch parts
- > Evaporates quickly
- > Simplifies dismantling and assembly
- > Removes dust, oil, grease & brake fluid
- > Sprays from any angle

#### STC50544LR

Land Rover

400ml

General purpose/brake cleaner

### Trade Tack Stab

#### DA6348

Super Bond Spray Adhesive

250ml aerosol

- > High strength
- > Variable spray
- > Quick
- > Clean
- > High tack/long tack
- > Very fast set

Ideal for bonding and laminating of polyurethane foam, polystyrene foam, fibres, fabrics & felts etc to themselves.

### Lead Replacement Petrol Additives

#### DA6267

#### DA6267

Classic Valvemaster™ Plus

250ml bottle - treats 250 litres

Valvemaster Plus with its unique phosphorus formula provides the ultimate protection against valve seat recession. Valvemaster Plus contains Octimise-Plus friction modifier for increased acceleration and economy, increasing acceleration by up to 3% and increasing economy by up to 2%. It also contains Etha-Guard ethanol stabiliser, enabling the use of Ethanol E5 and E10 petrol, preventing acidity, protecting against corrosion and keeping the fuel system clean. Valvemaster Plus can be used with 95, 97, 98, 99 or higher octane rated petrol containing E5 or E10 ethanol.

- > The best protection after lead against valve seat recession
- > Increases fuel economy by up to 2%
- > Protects your engine under all driving conditions
- > Keeps fuel systems clean
- > Protects against corrosion
- > Increases acceleration by up to 3%

#### DA6266

Classic Valvemaster™

250ml bottle - treats 250 litres

Valvemaster with its unique phosphorus formula protects against valve seat recession under all driving conditions. Containing Etha-Guard ethanol stabiliser that protects and enables use of ethanol E5 and E10 petrol in classic cars and pre-1996 petrol vehicles. For use with 95, 97, 98, 99, or higher octane ethanol E5 and E10 petrol. Valvemaster is the recommended solution for vehicles requiring valve seat protection.

- > The best protection after lead against valve seat recession
- > Protects your engine under all driving conditions
- > Keeps fuel systems clean
- > Protects against corrosion

### Coolants/Anti-freeze

### Swivel Housing Grease

#### STC3435

370g bottle

#### STC3435S

370g sachet

- > Formulated for all Land Rover models with ball type swivel housings
- > Lubricates swivel pins and housing seals, protects spheres
- > A semi-fluid grease designed to withstand shock loading in oscillating joints
- > Reinforced with solid lubricants, highly resistant to water and salt corrosion
- > Better lubrication while driving, less leaks while standing
- > One shot gives 'filled for life' protection

TetraBOOST

**DA2910**  
**TetraBOOST E-Guard 15**  
945ml bottle

**TetraBOOST**

TetraBOOST is the only truly effective answer for collectors and dealers alike. Low mileage vehicle use may not justify an expensive engine rebuild. It may not be possible to fit specially hardened valve seats, or the new hardened valve seats have split the block due to differential expansion during warm up.

Specifically formulated for older engines and it enables you to tour, race or tow without fear of damage caused by inadequate valve seat protection, pre-ignition or low octane fuel. TetraBOOST also slows the burn rate of modern fuels to a level more suitable for older engines, resulting in easier starting, smoother and cooler running as well as giving greater economy.

TetraBOOST is not a substitute but is the only additive that makes real leaded fuel from the unleaded pump. Suitable for all road and track applications, TetraBOOST provides all the benefits of BS4040 (or greater) leaded pump fuel, without the extra cost and inconvenience of finding the diminishing number of garages that still stock leaded pump fuel or resorting to race fuel. Even in cars fitted with hardened valve seats, TetraBOOST improves performance and reduces valve stem and guide wear. It slows fuel-burn rate - giving improved combustion, improves throttle response and gives smoother pick-up and cooler running. When mixed with higher octane unleaded fuel, such as Shell V-Power, TetraBOOST can easily exceed BS4040 standards, with its unique ability to make 5-star 100 octane or much higher levels of fuel. Up to 106 octane fuel can be made if required.

**What's in TetraBOOST?**

TetraBOOST is a solution of tetraethyl lead in aromatic hydrocarbons, which together with the necessary chemical 'scrubbers' makes genuine 4 & 5-star petrol, with higher octanes approaching AVGAS levels available if required. Remember that TetraBOOST is suitable for both road and race purposes. A measured dose of TetraBOOST is merely added to the tank, prior to filling up with premium or super unleaded pump fuel to the correct concentration.

TetraBOOST is the only truly effective answer for collectors and dealers alike. Low mileage vehicle use may not justify an expensive engine rebuild. It may not be possible to fit specially hardened valve seats, or the new hardened valve seats have split the block due to differential expansion during warm up.

**DA2912**  
**TetraBOOST E-Guard Road**  
12 x 50ml bottles

TetraBOOST E-Guard Road is a potassium-based lead replacement, octane booster and ethanol corrosion inhibitor. Designed for cars without hardened valve seats, to give protection from problems resulting from modern ethanolised petrol.  
> One 50ml bottle for up to 50 litres of fuel.  
> Protects against ethanol induced corrosion  
> Inhibits valve seat recession  
> Raises octane by up to 2 points

**DA2911**  
**TetraBOOST Fuel Life Extender**  
12 x 50ml bottles

TetraBOOST Fuel Life Extender addresses the increasingly common problem of today's petrol 'going off', which causes difficult starting after a period of storage.  
> One 50ml bottle for up to 50 litres of petrol  
> Extends petrol storage life  
> Slowly disperses existing sludge  
> Ideal for winter storage

Lubegard® Gear Fluid Supplement

**DA1905** 237ml bottle  
Lubegard® Gear Fluid Supplement is designed for use in all manual transmissions, transaxles and final drives that require gear oil. Lubegard® contains LXE®, (liquid wax esters) and their derivatives, a blend of high grade petroleum oil, synthetic base oils and a complete anti-wear formula. Lubegard® is designed to provide high temperature stability to prevent harmful deposits on synchros and gears. For use in all manual transmissions, manual transaxles and final drives that require gear oil.  
> Reduces drive train power loss  
> Lowers temperature and extends fluid life  
> Improves heat transfer from the fluid to the case wall and out the gear box  
> Improves all cold weather stiffness  
> Improves all manual & synchromesh transmission shifting characteristics  
> Reduces tooth drag and absorbs shock loads, thus improves the life of all gear units  
> Lowers friction on bearings and gears with high wiping stresses, especially hypoid gears  
> Minimizes oxidation and varnish deposits  
> Suppresses lubricant foaming  
> Safe for new MTF Fluids  
> Increases power transfer, reduces energy consumption  
> Decreases equipment operating and maintenance costs

Lubegard® Gear Fluid Supplement Provides:

- More Power**
- > Reduces back-lash frictional (i.e. tooth) drag in differentials allowing more horsepower to the wheels
  - > Lower operating temperatures
  - > Reduces rolling and sliding friction in the gears
  - > Reduces friction between the bearing rolling elements and their separators
  - > Improves heat transfer from the fluid to the case wall and out of the gear box
- Longer Equipment Life**
- > Reduces wear on gears and rolling elements
  - > Lowers operating temperature and prolongs fluid life
  - > Enhances the stability of the gear oil
  - > Contains no shear-sensitive viscosity components
  - > Will not cause sludge or varnish
  - > Contains no harmful solid lubricants or corrosive chemical enhancers
- Economy**
- > Ratio used is at 3 fluid oz. to a quart = 1 part in 10
  - > Saves on downtime by extending gear fluid changes

Duxback

**DA1649**  
**Duxback One Car Kit**  
Duxback is a revolutionary glass treatment that creates a 'hydrophobic' effect on automotive glass. Originally developed for aviation and applied to Boeing cockpit glass, a Duxback treatment greatly improves safety when driving in pouring rain especially at night. When driving over 40mph, rain water will be blown straight off the glass, no need for wipers! In wintertime, ice will either not stick to the glass or will be much easier to remove. Research has shown that visibility is improved by 35% when driving in pouring rain. Furthermore a driver's ability to identify a small object when driving in foul conditions is improved by 25%. A 25% improvement in reaction time is 58 feet at 40mph. Enough to save a life! Duxback is a certified product approved by TÜV Thüringen  
> 35% Improved visibility  
> 25% Improved reaction times  
> 58ft Better reaction distance

**35%**  
Improved  
Visibility

WITHOUT DUXBACK

### Evans Waterless Coolants & Prep Fluid

#### Power Cool 180° & Classic Cool 180°

##### Benefits Over Water-based Coolants

##### Eliminates Overheating

Evans Waterless Coolants have a boiling point above 180°C and will not vaporise, thus eliminating overheating, boil-over and after-boil.

##### Reduces Pressure

Evans Waterless Coolants generate very low vapour pressures reducing strain on engine hoses and cooling system components.

##### Prevents Corrosion

Water promotes corrosion via oxidation and electrolysis - Evans Waterless Coolants contain no oxygen and are virtually non-conductive effectively preventing corrosion.

##### Maximise BHP

Evans Waterless Coolants eliminate pre-ignition and detonation caused by overheating - thus increasing combustion efficiency and delivering more power.

##### Stops Erosion

Evans Waterless Coolants stop cavitation and eliminate liner and cooling pump erosion.

##### Freeze Protection

Evans Waterless Coolants freeze below -40°C

##### Non-Toxic

Evans Waterless Coolants are proven to be non-toxic. Standard anti-freeze is toxic and known to kill pets.

**High  
Performance  
Synthetic  
Formula**

**Advanced  
Cooling for  
Classic Cars**

#### Power Cool 180°

DA3434	NEW	25 litres
DA3435	NEW	5 litres
DA3436	NEW	2 litres

#### Description

Waterless engine coolant for modern & performance engines.

#### Application

For use in modern & performance car engines and associated cooling systems fabricated from aluminium, aluminium alloys, steel and copper components.

#### Typical Characteristics

Physical state : Low viscosity synthetic liquid

Boiling point : Above 180°C

Freezing point : Below -40°C

Colour : Red clear

Odour : Almost odourless

Taste : Slightly sweet, non-toxic but not recommended for human consumption

#### 4-Life Durability

Evans Waterless Engine Coolants have been proven to last >20 years and a million miles in service without the need for replacement.

#### ASTM & ISO Standards

Evans in association with ASTM committee D15.22 have developed a specific range of standards for waterless engine coolants. All Evans Coolants are manufactured in accordance with certified ISO procedural standards.

#### Classic Cool 180°

DA3437	NEW	25 litres
DA3438	NEW	5 litres
DA3439	NEW	2 litres

#### Description

Waterless engine coolant for classic cars.

#### Application

For use in classic car engines\* primarily fabricated from cast iron with carbon steel, copper & aluminium components. \*Not suitable for engines using thermo-syphon cooling systems

#### Typical Characteristics

Physical state : Low viscosity synthetic liquid

Boiling point : Above 180°C

Freezing point : Below -40°C

Colour : Green clear

Odour : Almost odourless

Taste : Slightly sweet, non-toxic but not recommended for human consumption

#### 4-Life Durability

Evans Waterless Engine Coolants have been proven to last >20 years and a million miles in service without the need for replacement.

#### ASTM & ISO Standards

Evans in association with ASTM committee D15.22 have developed a specific range of standards for waterless engine coolants. All Evans Coolants are manufactured in accordance with certified ISO procedural standards.

#### Evans Prep Fluid

##### Benefits

##### Flushing

Evans Prep Fluid is formulated to hygroscopically absorb water whilst flushing loose dirt and scale from the cooling system prior to filling with Evans Waterless Coolant.

##### No Water

Prep Fluid contains no water eliminating the problems caused by water based coolants, increasing reliability and extending engine life.

##### Non-Toxic

Prep Fluid has been tested and certified as non-toxic by an EPA approved laboratory. It is biodegradable and will not bio-accumulate.

DA3440	NEW	25 litres
DA3441	NEW	5 litres
DA3442	NEW	2 litres

#### Description

Waterless engine flush for all engine types

#### Application

Designed as a preparatory fluid to help remove residual water from engine cooling systems as part of the fluid conversion process.

#### Typical Characteristics

Physical state : Low viscosity synthetic liquid

Boiling point : Above 180°C

Freezing point : Below -40°C

Colour : Clear

Odour : Almost odourless

Taste : Slightly sweet, non-toxic but not recommended for human consumption

#### ASTM & ISO Standards

Evans in association with ASTM committee D15.22 have developed a specific range of standards for waterless engine coolants. All Evans Coolants are manufactured in accordance with certified ISO procedural standards.

### Degreasing Fluid

#### DA3544 NEW

#### Lydian Degreasing Fluid

Lydian Degreaser is a ready for use, blue coloured emulsifiable fluid, manufactured from a mixture of hydrocarbon solvents and a non-ionic detergent. This powerful degreasing formulation acts by splitting the bond between solid dirt and oily matter, so that the surface can then be washed clean with water. It has an extremely effective cleaning action on all surfaces, even at low ambient temperature. Lydian is non-caustic, it will not corrode metal parts and washes away cleanly without leaving any harmful or corrosive residues on the surfaces.

#### Features

- > Highly effective cleaning action
- > Easy to remove with water
- > Non-caustic
- > Safe on metal parts

#### Applications

Recommended for removal of oil grease and dirt from metal, paintwork and concrete. Typical uses include cleaning used engines prior to overhaul, removing build-up on pipes and steelworks, cleaning concrete and brickwork. Many uses can be found in factories, yards and compounds, where oil and grease build up is a problem, or perhaps even dangerous for vehicles and pedestrians.

Lydian is always more effective if it can be allowed to soak into the dirt and surfaces for several hours, or even overnight before hosing off. Lydian is easily applied by spraying, brush or dipping. Do not use Lydian on Tarmac as it will soften this type of surfacing. It is also not advisable to use Lydian in parts washers with plastic components as its aggressive nature may harm them. Under no circumstances should this product, neat or diluted, be disposed of by putting into drains, soil or water courses.

Raptor Aerosols

Raptor 2K Multi-Use Protective Coating

DA6644	Black	1 x 400ml aerosol
DA6642	Black	6 x 400ml aerosols
DA6665	White	1 x 400ml aerosol

Use 2K Raptor aerosols to touch up your Land Rover's lower panels, wheel arches, bumpers, roll bars and many other vulnerable areas.

- > Superior durability
- > UV Protection
- > Chemical and abrasion resistant
- > Water resistant finish keeps moisture out, protecting against rust and corrosion
- > Use on multiple substrates from original paint, metals, rigid plastic, fibreglass, polyester body fillers, wood and more
- > Ideal for small jobs and bed liner repairs
- > Easy no mess, no clean-up application vs traditional spray equipment
- > Easy to activate
- > Create a range of textured 'gun' finishes from one can
- > Patented delivery system

Achieve different textures with your aerosol

- > Flat rippled
- > Matt rough
- > Coarse ripple
- > Smooth fine silky

**Easy to activate using the valve on the base. No measuring required.**

Raptor 1K Multi-Use Protective 1k Aerosol

DA6650 Black 1 x 450ml aerosol  
Raptor multi-use protective coating protects a variety of surfaces from impact, scratches, corrosion and water damage. Ideal for vehicles, trailers, railings, stairs, metal furniture and more.

Its 1K formulation gives a durable, abrasion resistant finish with excellent adhesion to metal, aluminium, fibreglass, plastic and wood.

Clog free nozzle and easy to use, it dries to form an attractive, textured finish that resists fading from the sun.

- > Textured finish
- > Durable and gives good corrosion resistance
- > Excellent adhesion to prepared metal, aluminium, fibreglass, plastic and wood
- > Ideal for both the automotive and DIY market
- > No need for an air-fed mask or spray booth

Ready to go Raptor

3 x Tougher Than Other 1K Aerosols!

See it in use at

Touch Up Paint Pens

Exclusive to Britpart in the UK

- > TUPP single stage paint pen is ergonomic, light and easy to use
- > It allows quick, one-step repairs of small scratches and nicks that may appear on any painted surface
- > It will meet the highest colour matching expectations
- > The patented valve mechanism and gravity action of the paint pen will give you an even flow of all components assuring the same particularities and brightness of the original finish
- > An edged polyester fibre tip allows accuracy and can be removed to be cleaned or replaced
- > The paint pen has a closed opaque container preventing accidental spills, hardening of the paint and colour change due to light exposure before the application

**The best you can get without repainting!**

**The Pen** - Paint is held in a barrel and automatically dispensed through a fine felt tip, providing the user unparalleled control over their painting instrument.

**The Paint** - High quality urethane paint is used which is the same as your vehicles manufacturer. The paint provides the user with a much closer colour match than other companies which primarily use lacquer paints.

**The Results** - The best you can get without refinishing the damaged areas. More details and FAQs can be found at [www.britpart.com/paintpens](http://www.britpart.com/paintpens)

# RAPTOR

**TOUGH & TINTABLE** protective coating

Raptor is a highly durable protective coating that ensures protection against mechanical damage, fuels, hydraulic oils, rust, corrosion, salt water, damp, extreme temperatures and off-road muddy good fun.

- |                     |                |

| > SMC               |                |

\*Some substrates require additional surface preparation before applying Raptor.

**Customisable**

Raptor is available in black and tintable versions. The tintable version can be altered to suit the colour of your vehicle by adding a small amount of automotive solvent paint. Raptor can be applied as a smooth finish through to a very coarse finish.

**Features & Benefits**

- > Easy to use: simply FILL - SHAKE - SHOOT®
- > Easy to clean
- > Provides excellent UV protection
- > Waterproof - provides a water tight seal, keeping water out and protects new surfaces against rust
- > Sound deadener (reduces noise and vibrations)
- > Protects against rust, corrosion, salt, damp and extreme temperatures
- > High resistance to everyday and off-road use
- > Abrasion and stain resistant
- > Dries rapidly, is flexible
- > Provides excellent adhesion
- > No need to wax after application

**Achieve Different Textures**

- > Flat rippled
- > Matt rough
- > Coarse ripple
- > Smooth fine silky

**Application Areas**

- > Chequer plate and grills
- > Loading area
- > Underbody protection
- > Bumpers and bull bars
- > Sills, side rails and steps
- > Wheels and wheel arches
- > Part and full vehicle overspray
- > And much more...

**Application Methods**

- > Raptor application gun
- > Roller
- > Brush

**Raptor Colour Pouches**  
**DA3332 NEW** Beige RAL 1001  
**DA3333 NEW** Olive Green RAL 6003  
**DA3334 NEW** Orange RAL 2008  
 45ml Pouch. Raptor Colour Pouches are a highly concentrated tint for use with Raptor Tintable Protective Coating. Mix Raptor Colour Pouches with Raptor Tintable Base (they can fit in the bottle) to give a rich, UV resistant colour that won't fade even after years in the sun. Available in three colours, users can choose either a single colour or use different colours to create their own multi-coloured, custom look. Simple to use. Add one Colour Pouch to Tintable Raptor bottle and hardener. Shake the bottle for 2 minutes to make sure the colour is thoroughly mixed. Ready to apply.

**DA6386 Schutz Application Gun**  
 Specially constructed for the application of Raptor. Screws directly onto plastic bottle.  
**DA6447 Professional Automotive Gravity Fed Spray Gun**  
 1.7 tip with excellent transfer efficiency.  
**DA6617 Vari-nozzle Spray Gun**  
 Delivering a professional, consistent finish with the ability to customise your texture. Locking nozzle for consistency and repeatability.  
**Degreaser Slow**  
**DA6390** 1 litre tin  
**DA6391** 5 litre tin  
 Anti-static and anti-silicone panel wipe. Slow evaporation ideal for larger panel repairs. Aggressive degreasing action removes contaminants including silicones. Carefully formulated to avoid any attack on existing paint films.  
**DA6393** 450ml aerosol  
**ACID#8™: Acid Etch Primer**  
 Promotes paint adhesion to difficult substrates such as galvanised steel & aluminium.  
**DA6394** 450ml aerosol  
**GRIP#4™: Universal Adhesion Promoter**  
 Ready for use universal adhesion promoter for paints, adhesives and sealants. Ideal for difficult to reach areas such as around door handles and sills. Replaces the need for abrasion and prevents lifting.  
**DA3344 NEW** 450ml aerosol  
**WIPE #6 Solvent-Based Degreaser**  
 An anti-static, anti-silicone degreaser that removes contaminants including wax, grease and silicones. Fast evaporating for localised repairs. Formulated to avoid attack on existing paint film. Can be used on bare metal and existing paint surfaces.  
**DA6484** 200g sachet

**DA6653 Tray & Rollers**  
 Specifically designed to work with Raptor and to provide a great textured finish. 1 x tray & 2 x 4" rollers.  
**DA6396** 140m roll with 350 sheets  
**Panel Wipe Cloths**  
 White wipe that leaves the surface clean, completely grease & fibre-free. Convenient centre-feed box dispenser.  
**DA6397** 25 qty  
**Mixing Cups**  
 Clear plastic 1,300ml mixing cups  
**DA6398** 100 qty  
**Wooden Mixing Spatulas**

**Raptor Traction**  
 Slip resistant additive. 1 sachet needed for 1 litre Raptor. BSI Kitemarked.

**Raptor Anti-corrosion Epoxy Primer**

Raptor Anti-Corrosive Epoxy Primer is a 2K high performance primer specifically designed to be used under Raptor Protective Coating to further extend the protective and anti-corrosive properties of Raptor. The advanced resin technology in Raptor Anti-Corrosive Epoxy Primer improves adhesion to bare metal and most other prepared surfaces. It contains a blend of anti-corrosive additives to inhibit rust and corrosion.  
**DA6615** 1 litre  
**DA6616** 5 litres  
**Available in a Convenient Aerosol**  
**DA6647** 1 x 400ml aerosol - Beige  
 > Easy and convenient - activate using the valve on base  
 > No need for spray equipment  
 > Ideal for both consumers & professionals

### Dinitrol Products

These rustproofing kits are designed for those who don't have access to a compressor or air supply.

#### DA1985

##### Rust Proofing Aerosol Kit - Large Car

- 7 x Dinitrol 3125 Cavity Wax - 500ml aerosol
- 10 x Dinitrol 4941 Black Underbody Wax - 500ml aerosol
- 1 x Dinitrol RC900 Rust Converter - 400ml aerosol
- 2 x 600mm Extended nozzle for aerosols
- 50 x 10mm Black tapered plastic plugs
- 1 x Aerosol application trigger attachment

#### DA1986

##### Rust Proofing Aerosol Kit - Land Rover

- 7 x Dinitrol 3125 Cavity Wax - 500ml aerosol
- 5 x Dinitrol 445 Black Stone Chip - 500ml aerosol
- 5 x Dinitrol 4941 Black Underbody Wax - 500ml aerosol
- 1 x Dinitrol RC900 Rust Converter - 400ml aerosol
- 2 x 600mm Extended nozzle for aerosols
- 50 x 10mm Black tapered plastic plugs
- 1 x Aerosol application trigger attachment

#### DA1989

##### Rust Proofing Aerosol Kit - New Vehicle

- 7 x Dinitrol 77B Brown Cavity Wax - 500ml aerosol
- 5 x Dinitrol 445 Black Stone Chip - 500ml aerosol
- 5 x Dinitrol 4941 Black Underbody Wax - 500ml aerosol
- 1 x 600mm Extended nozzle for aerosols
- 50 x 10mm Black tapered plastic plugs
- 1 x Aerosol application trigger attachment

These rustproofing kits are designed for those who have access to a compressor or air supply and includes an undercoating gun for easy application.

#### DA1987

##### Rust Proofing Litres kit - Large Car

- 4 x Dinitrol 3125 Liquid Cavity Wax - 1ltr bottle
- 6 x Dinitrol 4941 Black Underbody Protect 1ltr bottle
- 1 x Dinitrol RC900 Rust Converter - 400ml aerosol
- 1 x Shutz Gun
- 50 x 10mm Black tapered plastic plugs
- 1 x 600mm Extended nozzle for aerosols

#### DA1988

##### Rust Proofing Litres Kit - Land Rover

- 4 x Dinitrol 3125 Liquid Cavity Wax - 1ltr bottle
- 3 x Dinitrol 445 Black Stone Chip - 1ltr bottle
- 3 x Dinitrol 4941 Black Underbody Protect - 1ltr bottle
- 1 x Dinitrol RC900 Rust Converter - 400ml aerosol
- 1 x Shutz Gun
- 50 x 10mm Black tapered plastic plugs
- 1 x 600mm Extended nozzle for aerosols

#### DA1990

##### Rust Proofing Litres Kit - New Vehicles

- 4 x Dinitrol 3654 ML4 Cavity Wax - 1ltr bottle
- 3 x Dinitrol 445 Black Stone Chip - 1ltr bottle
- 3 x Dinitrol 4941 Black Underbody Protect - 1ltr bottle
- 1 x Shutz Gun
- 50 x 10mm Black tapered plastic plugs

For much more information on each of the Dinitrol products in each kit and the technical data sheets -

[www.britpart.com/dinitrol](http://www.britpart.com/dinitrol)

The Dinitrol DIY Rustproofing Kits are perfect for protecting your own Land Rover. The rustproofing treatments can be applied in 6 easy steps.

#### Dinitrol 77B

DA1984 500ml aerosol

DA1982 1 litre canister

Dinitrol 77B is a corrosion preventive fluid, designed for long-term protection against corrosion and, due to its residual hard film affords some protection against mechanical wear. Dinitrol 77B contains environmentally acceptable low aromatic solvents, which once evaporated leaves a thick, brown waxy film. Dinitrol 77B is primarily designed for cavity protection but may also be used for storage, transport and underbody protection.

#### Dinitrol 3125 HS

DA1991 500ml aerosol

DA1997 1 litre canister

Dinitrol 3125 HS is designed for application mainly as a cavity protection and a thin underbody coating. Main objects to be treated are used vehicles with some corrosion present. For improved performance on more corroded surfaces, Dinitrol ML or Dinitrol ML HS can be used as a pre-treatment. The slightly thixotropic nature of the product ensures an evenly applied film to the required thickness and strength.

#### Dinitrol 3654 / ML 4

DA1992 1 litre canister

The product is designed for application in closed cavities, doors and other parts. Dinitrol 3654 is also designed for use on spare parts etc, which are to be stored for long periods.

#### Dinitrol 4941

DA1996 500ml aerosol

DA1995 1 litre canister

Dinitrol 4941 is a black underbody chassis coating that contains self-healing properties to recover any small damaged areas within the coating layer. Once Dinitrol 4941 is applied to the underbody chassis area it seals and protects the surface from rust-accelerating water and oxygen.

#### Dinitrol Dröhnex 445

DA1994 500ml aerosol

DA1993 1 litre canister

Stone chipping & corrosion protection coating Black coloured long-term protection product against corrosion and stone chipping with a synthetic resin/plastic basis.

#### Dinitrol 449

DA1980 1 litre canister

Vehicle bitumen based underbody and stonechip coating Dinitrol 449 is an environmentally friendly black coloured bitumen based underbody and stonechip coating with good corrosion protection and sound deadening properties. After curing Dinitrol 449 has a very durable tough and elastic film, which results in a very good stonechip resistance. The product is NOT overpaintable

#### Dinitrol 977

DA1981 1 litre canister

Dinitrol 977 is a semi-transparent, waterbased liquid anti corrosion coating for the protection of cavity areas where a rust preventative surface is needed. The product is water-repellent and has very good penetrating properties. After drying remains a wax coating which has a good temperature resistance up to ca.+120 deg C and is almost tack free. When dried Dinitrol 977 is heated by sun or by engine-heat, it does not have the typical smell of conventional cavity-waxes.

*Dinitrol 449 and Dinitrol 977 can be used together to form a comprehensive water borne corrosion protection system application. Rather than applying both products separately, we recommend a two-layer application method with Dinitrol 977 and Dinitrol 449. This unique combination is very effective on surfaces that are already corroded.*

#### Dinitrol Converst RC 900

DA1998 400ml aerosol

Dinitrol RC 900 actively converts rust on substrates into a stable organic iron complex. Once the product is dry, an impermeable barrier against further corrosion is formed. Dinitrol RC 900 penetrates rust 7 to 10 times deeper than standard rust converters. The product forms a strong dry adhesive film that provides a suitable base for paintwork and other corrosion protection products.

#### Dinitrol ML

DA1958 500ml aerosol

DA1959 1 litre canister

This oil based brown coloured product is specially designed for applying into closed cavities such as doors, frame members and exterior joints and crevices. Dinitrol ML is a penetrating cavity wax ideal for rust-proofing second-hand vehicles. Can be used as a pre-treatment for Dinitrol 3125HS on more corroded surfaces after prior application of Dinitrol RC900 Converst.

#### Extended Nozzle

DA1983

600mm extended nozzle for aerosols. Ideal for applying the Dinitrol products.

Isopon Repair Consumables

Much more information available [www.britpart.com/isopon](http://www.britpart.com/isopon)

DA6609

Scratch & Stone Chip Filler

A durable easy to use filler that's been specially formulated to repair fine scratches, stone chips and other minor damage. Used straight from the tube, it dries fast and is easy to sand smooth ready to prime. Just follow the simple instructions in this guide for a quick and easy repair.

DA6607

Plastic Bumper Filler

A flexible easy to use filler that's been specially formulated to repair scratches and scuffs in most types of plastic. The pre-measured sachets make mixing simple and it can be easily sanded and shaped to the exact bumper contour. Highly flexible with excellent adhesion, the filler gives a smooth durable repair that's ready for priming and painting.

DA6606

Stone Chip Protector

Long lasting protection from stone chips and rust. Can be over-painted. Specially formulated to protect sills, side skirts and the underside of vehicles from stone chips and rust. The black, quick drying spray formula is fast, easy to use and gives long lasting protection with just two coats.

DA6276

Metalik Paste

Long recognised as one of the only body fillers that will adhere to a Land Rover's aluminium body. A two component multi-functional smooth metallic body filler paste used for the filling of holes & imperfections in most substrates. It has been specially formulated for the professional user

and combines good filling and smooth spreading properties together with ease of sanding. Metalik Paste is suitable for use on the following surfaces; bare metal, eg steel aluminium and zinc coated substrates (degrease and abrade with P80 paper), original painted surfaces (with the exception of thermoplastic acrylics - degrease and abrade with P180 paper) and GRP (degrease and abrade with P80 paper). 2K polyester body filler contains aluminium flakes and is smooth spreading with good adhesion & pinhole free. Sandable after 20 minutes (at 20C) and can be over-painted with most paint systems including 2K.

U-Pol Tiger Seal

DA6388BLK

Black

DA6388BW

White

DA6388GG

Grey

310ml cartridge

- > Non-shrinking
- > Permanently flexible
- > Can be over-painted

A one component ready to use polyurethane sealant and adhesive that bonds to most materials including steel, aluminium and most plastics. Ideal for sealing and bonding body panels, trims and seams.

Britpart

Hylomar Exhaust Paste & Putty

DA6672

Hylomar Exhaust Repair Putty

Specially formulated to fill small holes and cracks in exhaust systems thus delaying the need for replacement. 250g tub

- > Water based
- > Heat curing
- > Withstand high temperatures & pressure
- > Specifically designed for use in the assembly of exhaust systems for automotive and other general applications

Hylomar Exhaust Repair Putty is a water based, heat curing product. It has been specifically designed for use in the repair of exhaust systems for automotive and other general applications. The exhaust putty formulation will withstand both pressure and temperatures typically found in vehicle exhaust systems. When heated the product cures to form a gas tight seal.

Appearance - Viscous Dark Grey  
Specific Gravity @ 20°C (68°F) (ASTM D4659) 1.89  
Service Temperature - Up to 1,000°C

DA6673

Hylomar Exhaust Assembly Paste

Seals joints in exhaust systems and lubricates joints during fitting. 140g tube.

- > Water based
- > Heat curing
- > Specifically designed for use in the assembly of exhaust systems for automotive and other general applications
- > Asbestos free
- > Withstand high temperature and pressure

Hylomar Exhaust Assembly Paste lubricates joints to make assembly easier and faster. It is a water based, heat curing product and has been specifically designed for use with exhaust systems for automotive and other general applications. The exhaust paste formulation will withstand both pressure and temperatures typically found in vehicle exhaust systems.

Appearance - Light Brown/Beige  
Specific Gravity @ 20°C - (68°F) (ASTM D4659) 1.89  
Service Temperature - Up to 1,000°C

# CONSUMABLES

## Bodywork, Chassis & Workshop Consumables

### Loctite & Teroson Consumables

#### Body Repairs

#### Freeze & Release

**DA6310** 400ml aerosol  
Shock freezing (-43°C) is a quick and convenient method for releasing seized and corroded parts.

#### Chemical Metal

**DA6278** 180ml pack  
The original rock-hard multi-purpose repair paste.

#### Leak Fix

**DA6614** 180ml pack  
Seals and repairs leaks in petrol tanks, radiators and sumps.

#### Zinc Spray

**DA6326** 400ml aerosol  
Sprayable anti-corrosion primer paint for vehicle body repairs. Electrically conductive (wet and dry). Allow to cure for 8-12 hours before over painting.

**DA6326**

#### Gasket Repairs

#### Premium Silicone Black 5980

**STC50550** 100ml tube  
For flanges with permanent oil contact. Can be used for metal, plastic and painted parts. Low odour, non corrosive.

#### Premium Silicone Grey 5660

**DA6364** 100ml tube  
For flanges with permanent water/glycol contact. Can be used for metal, plastic and painted parts. Low odour, non corrosive.

#### Premium Silicone Copper 5990

**DA6365** 100ml tube  
For flanges exposed to high temperatures and high performance engines. Can be used for metal, plastic and painted parts. Low odour, non corrosive.

#### Silicone Blue 5926

**DA6366** 40ml tube  
Multi purpose flexible silicone sealant. For flanges of any size or shape. Can be used for metal, plastic and painted parts.

**STC50550**

**DA6364**

See website for full application details & technical specifications

# LOCTITE TEROSON®

#### Glues, Adhesives & Thread Lockers

#### Super Glue

**DA6300** 3g tube  
**DA6301** 5g bottle with brush  
High performance instant adhesive with thousands of applications.

#### Rear View Mirror Bonder

**DA6304** 1 shot tube  
Unique bonding system for rear view mirrors, car telephone aerials and all window mounted material.

#### Stud 'N Bearing Fit

**DA6306** 24ml bottle  
Locks and seals studs into position. Seals against leaks and vibration.

#### Super Steel Epoxy-Weld

**DA6314** 2 x 25g tube  
Sets like steel. Seals, repairs, bonds, fixes and replaces.

#### Instant Adhesive 3090

**DA6360** 10g  
Multiple-purpose 2-component, fast curing, gap filling adhesive.

#### Lock 'N Seal 243

**STC50552** 10ml bottle  
**DA6305** 24ml bottle  
**DA6307** 50ml bottle  
Replaces traditional locking methods. Prevents bolts, screws & nuts from vibrating loose.

Loctite product information visit - [www.britpart.com/loctite](http://www.britpart.com/loctite)

### Hylomar Sealants & Compounds

#### Hylomar 101 Silicone Sealant

**DA6441** Black  
**RTC3254** Ivory

Gasketing, sealing & bonding compound - 85% Hylomar Silicone Sealant is a non-corrosive, low odour, room temperature vulcanising (RTV) silicone compound. It is a high performance engineering grade which is used in the automotive industry and for general manufacturing. It can also be used for a variety of applications and is particularly suitable for high strength applications in odour sensitive environments. Hylomar Silicone Sealant has good resistance to oils and aqueous anti-freeze agents. Unlike general-purpose silicone sealants, Hylomar Silicone Sealant contains no solvents and does not evolve acetic acid during cure.

#### RTC3347

#### Hylomar Universal Blue

Gasket & jointing compound - 100g  
Non setting universal jointing compound that is resistant to fuels, coolants and lubricants. Use on gaskets and machined metal surfaces. High temperature capability up to 250°C with unlimited assembly time. Easy disassembly for service maintenance and allows for differential thermal expansion of components. Excellent vibration resistance.

#### DA3217 NEW

#### Hylomar 310

Silicone Sealant - 300ml  
Engineering grade acetoxy curing RTV silicone sealant. Forms any size or shape of gasket instantly. Remains flexible, will not shrink. Bonds to metal, glass, ceramics, plastics, fibres and wood. Resists most solvents. Electrical insulator

#### STC4404

#### Hylomar 607

Silicone Sealant - 300ml  
Engineering grade with excellent gap filling properties. Forms any size or shape of gasket instantly and remains flexible and will not shrink. Bonds to metal, glass, ceramics, plastics, fibres and wood. Resists most solvents. Good fluid resistance - not petrol or diesel. Electrical insulator with maximum constant operating temperature 250°C. Neutral curing. Tolerant of some oil and grease, ensure surfaces are clean.

#### STC4600

#### Hylomar 3400

Anaerobic Gasket Compound - 300ml  
Excellent resistance to automotive fluids including fuels with an operating temperature -40°C to 150°C. Machined metal to metal surface only, not suitable for pressed steel. No gap filling. Latest generation anaerobic gasket compound. Single part product. Suitable for K-series engines. Ensure surfaces are free of oil and grease.

**Fuel Pump Locking/Removal Tool**  
2.0 diesel Ingenium AJ200 diesel engine  
Discovery Sport  
Range Rover Evoque (2015 onwards)  
Jaguar F-Pace, XE, XF (2015 onwards).  
Engine codes: AJ-200D, 204DT, AJ200D, AJ200, 204DTD.  
Locks the fuel pump sprocket and chain in a fixed position while the pump is removed and replace. To be used with timing tool kit DA1668. Equivalent to 303-1672.

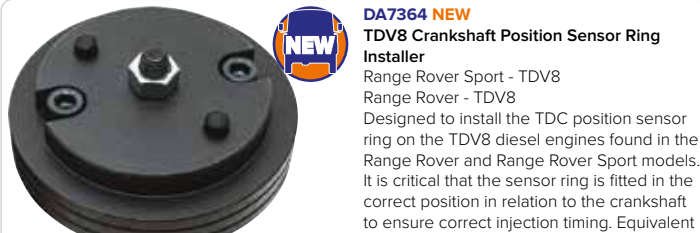

**DA1668**  
**Timing Kit**  
2.0 diesel Ingenium AJ200 diesel engine  
Discovery Sport/Range Rover Evoque (2015 onwards)/Jaguar F-Pace, XE, XF (2015 onwards) Engine codes: AJ-200D, 204DT, AJ200D, AJ200, 204DTD.  
For locking the engine into the timed position so the engine timing chain can be removed/replaced and the engine timing checked. To be used with fuel pump locking tool DA1667.  
Equivalent to  
303-1625 Camshaft holding tool  
303-1631 Camshaft adjuster locking/holding tool  
303-1630 Crankshaft pulley locking tool

**DA1847**  
**Timing Kit**  
Developed to allow the safe removal and replacement of the camshaft drive chains and check the engine timing on the Range Rover and Range Rover Sport 4.4L diesel engines.  
> Engine codes include:  
448DT (Diesel V8 4.4L)  
> Equivalent to OEM Tools: JLR 303-1620, 303-1568, 303-1243, 303-1571  
> Unique camshaft timing tool design - EU registered design

**DA7539 NEW**  
**Timing Kit**  
AJ200 Ingenium Petrol  
Discovery 5 - from 2017  
Discovery Sport - from 2017  
Range Rover Evoque - from 2017  
Range Rover Sport - from 2017  
Range Rover Velar - from 2017  
Kit contains all the essential components required to lock the JLR 2.0l Ingenium petrol engines in their timed position so that the engine timing chain can be safely removed and replaced and/or the engine timing checked. Made in Sheffield. Equivalent to OEM JLR-303-1630, JLR-303-1635 & JLR-303-1636. Petrol engine codes: AJ-20/PT204, AJ-200/PT204, AJ-200P/PT204, AJ200P, PT204 and AJ200.

**DA7364 NEW**  
**TDV8 Crankshaft Position Sensor Ring Installer**  
Range Rover Sport - TDV8  
Range Rover - TDV8  
Designed to install the TDC position sensor ring on the TDV8 diesel engines found in the Range Rover and Range Rover Sport models. It is critical that the sensor ring is fitted in the correct position in relation to the crankshaft to ensure correct injection timing. Equivalent to OEM JLR-303-1237.

**DA3525 NEW**  
**Engine Locking Kit for V8 5.0L**  
Discovery 4/Range Rover Sport/Range Rover  
Engine codes include: AJ-133/508PS and AJ-133/508PN.  
Timing tools to lock the camshafts and crankshaft in their timed positions. Designed specifically for use on the post 2010 V8 5.0L petrol engines used across the JLR range. This 7 piece kit includes the camshaft, crankshaft, flywheel locking tools and the special camshaft turning tools with the tensioning wrench required to work on the engines listed.  
Equivalent to OEM: 303-1482, 303-1445-1, 303-1447, 303-1445-5, 303-1303 & 303-1452. Made in Sheffield.

**606435**  
Hub Nut Spanner

**DA1118**  
**Deep Socket**  
52mm deep socket - 1/2" drive  
Socket for adjusting hub nuts  
Defender/Series

**DA1111**  
Viscous Fan  
Coupling Spanner  
Two sizes - 32 & 36mm

**LRT-12-094**  
Viscous Fan  
Coupling Spanner  
V8 petrol/Td5 diesel/V6 2.7 diesel  
2.5 Td diesel/Td6 diesel/300Tdi

**LRT-12-093**  
Viscous Fan  
Coupling Spanner  
V8 petrol/Td5 diesel  
2.5 Td diesel/300Tdi

**DA1209**  
Fuel Tank Sender Wrench  
For easy removal of the fuel tank metal locking ring (ESR3808) on the Defender - 2002 onwards  
Discovery 1/Discovery 2/Freelander 1  
Range Rover P38/Range Rover L322

**DA6131**  
**DA6130**  
**DA6643**  
Alloy Wheel  
Nut Sockets  
27mm x 1/2" D  
22mm x 1/2" D  
21mm x 1/2" D  
> Nylon outer sleeve to protect alloy wheels  
> Manufactured from chrome molybdenum

**DA1662**  
**Whitworth Combination Spanner Set**

An 8 piece Whitworth combination spanner set. Manufactured from Chrome Vanadium with polished finish and supplied in a handy storage wallet. Sizes: 1/8", 3/16", 1/4", 5/16", 3/8", 7/16", 1/2", 9/16". Old Land Rovers need constant attention and sometimes a new set of Whitworth Spanners are just what you need! British Standard Whitworth threads are used in many classic cars and employ a different measuring system to the AF or Metric counterparts. It is essential to use corresponding Whitworth spanners for Whitworth fixings and the new 8 piece. This classic spanner set is essential for keeping that Landy running!

Whitworth socket sets. Manufactured from Chrome Vanadium. Complete with socket rail.  
**DA1665**  
**DA1663**  
**Socket Set - Whitworth 1/2" Drive**  
9 Whitworth sockets in bi-hex format with 1/2" drive. Sizes - 1/8" / 3/16" / 1/4" / 5/16" / 3/8" / 7/16" / 1/2" / 9/16" / 5/8"  
**DA1665**  
**Socket Set - Whitworth 3/8" Drive**  
7 Whitworth sockets with 3/8" drive. Sizes - 1/8" / 3/16" / 1/4" / 5/16" / 3/8" / 7/16" / 1/2"

**Oil Filter Tools**

**DA6118**  
Oil Filter  
Socket  
Freelander 2  
Range Rover Evoque 2.2 diesel  
27mm hexagon face drive with 3/8" D face drive. Removes paper filters without damage to the plastic filter housing. Manufactured from Chrome Vanadium.

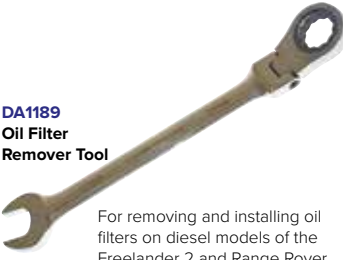

**DA1176**  
Oil Filter  
Socket  
36mm oil filter socket - 3/8" drive  
Designed to protect the corners of the filter from damage. Defender - Puma 2.2 & 2.4. Freelander 1 - Td4. Range Rover L322 - 2002 - 2009 - M57 3.0 diesel & M62 4.4 V8 petrol

**DA1117**  
Td5 Oil Filter Spanner  
Defender  
Discovery 2  
**Note** - Will not fit Mahle or Delhi filters. Britpart filters only - LPX500190

**DA6638**  
Oil Filter  
Wrench  
Cup style  
65mm x 14 flutes  
Suitable for AJ200 Ingenium engines

**DA1189**  
Oil Filter  
Remove Tool  
For removing and installing oil filters on diesel models of the Freelander 2 and Range Rover Evoque. 27mm combination spanner with flexi-head. 400mm long. Manufactured from Chrome Vanadium. Fully polished with ratchet. Manufactured to Ansi standards.

**DA1173**  
Oil Filter Remove Tool  
To remove the paper element from the canister. Prevents damage to the filter housing.  
Discovery 3 - TdV6  
Discovery 4 - TdV6  
Range Rover Sport - TdV6  
Land Rover tool part number - 303-1128

**DA7488**  
Laser Two Way Ratcheting Oil Filter Wrench  
> Ratcheting function to install and remove the oil filter quickly and easily  
> Non-slip steel jaws securely grip the oil filter  
> 1/2" drive  
> Size range: 60 - 80mm

# TOOLS

## Brake Tools

**204-591-01**  
Dynamic Response System Bleed Bottle  
**Note** - For professional use only.

**DA7361 NEW**  
**Brake Cylinder Hone**  
For use with a cordless drill to clean brake cylinders during service.  

- > Self aligning
- > Spring tension adjustment - 22mm - 69mm
- > 29mm stones
- > Flexible shaft
- > For use with a standard drill

**Brake Caliper Rebuild Tool Kit DA1153**  
After a brake caliper rebuild the most difficult part can be fitting the dust seal after the pistons have been fitted. Make that task easier with the seal fitting tools in this kit. The kit is supplied with a tool to fit 41mm and 44mm pistons and comes complete with a heavy-duty piston spreader to allow the seals to be pushed into place evenly.  
**DA7460**  
Heavy-duty piston spreader only.

**DA7484**  
**Laser Automatic, Self Adjusting Brake Pipe Cutter With Ratchet Handle**  

- > Ratcheting, self adjusting mini brake pipe cutter ideal for restricted access
- > 4.75mm (3/16") with ratchet handle
- > Automatic self adjusting for faster cutting. Fast and accurate operation, ideal for under vehicle use
- > Extra leverage due to handle length over standard cutter. To further increase leverage use the 1/4" drive square in the end of the handle

Brake pipe cutters can be quite small and compact but there are instances when working where there is still not enough clearance to turn the cutter around the whole of the brake pipe. This mini brake pipe cutter solves this problem with its ratchet mechanism. Simply slide the cutter over the pipe - the handle gives excellent leverage and even if the space is really restricted, a few turns of the handle will quickly and cleanly cut straight through. It is self-adjusting, so no need to keep tightening the blade down onto the pipe as you are cutting. Quick and easy. Use on 3/16" or 4.75mm brake pipe, steel, cupro nickel or copper.

**DA6136**  
**EPB Brake Adaptor**  
Adjustable 3 pin EPB brake adaptor with standard 2 pin drive which is adjustable to fit many modern vehicles. Kit also contains a pneumatic brake caliper rewind tool - 3/8" D. This tool is for left and right hand threaded pistons. Suitable for most 3/8" D wind-back adaptors and pin type adaptors. A great time saver in the workshop.

## Crankshaft Tools

**DA1160**  
**Engine Front Casing Alignment Tool**  
Defender - 2007 onwards  
Land Rover tool part number - 303-682

**DA6550**  
**Crankshaft Trigger Wheel Installer Tool**  
Discovery 3/Discovery 4  
Range Rover Sport - Mk1  
Required to install the crankshaft position sensor ring when fitted with TdV6 engine. Specifically required to repair sensor wheel dropping off or cracking.  
Equivalent to OEM 303-1130  
Overall dimension: 123.5mm

**DA6114**  
**Crankshaft Rear Seal Remover/Installer Tool**  
Range Rover Sport  
2005 - 2009 - 4.4 & 4.2 V8 petrol  
Range Rover L322  
2002 - 2013 - 4.4 & 4.2 V8 petrol  
Discovery 3 - 2004 - 2009 - 4.4 V8 petrol  
Suitable for use on vehicles with the petrol AJV8 engine both N/A and supercharged. Comes complete with punch to assist seal removal on Freelander 2- 2.2Td4.  
Equivalent to OEM 303-538.

**DA6133**  
**Crankshaft Pulley Holding Tool**  
Provides the required components to hold the crankshaft vibration damper in place whilst undoing the very tight pulley mounting bolt. Equivalent to OEM 303-191, 303-192, 303-193, 303-194. Designed to be used with a 1/2" D Power Bar. For use on AJ V8 3.2, 4.0, 4.2 & 4.4 petrol engines.

**DA1161**  
**Crankshaft Front Seal Remover/Installer Tool**  
Defender - 2007 onwards  
Older type seals - LR029318 & LR045106  
Land Rover tool part number - 303-679

**DA1845**  
**Crankshaft Seal Installation Tool**  
Freelander 2 - 2.2 diesel  
Range Rover Evoque - 2.2 diesel  
Jaguar XF - 2.2 diesel  
Designed to allow the rear (flywheel end) crankshaft oil seal fitted to Land Rover 2.2 diesel engines to be installed without damage. The tool allows the rear oil seal to be pulled in to place in a controlled manner significantly reducing the chances of damaging the seal's sealing lip.  

- > Equivalent to OEM 303-1271
- > Keep threaded components clean and well lubricated with clean engine oil when in use.

**DA3246**  
**Crankshaft Front Oil Seal Installation Tool**  
Freelander 2  
Range Rover Evoque - 2011 - 2015  
Designed to be used to fit the front crankshaft seal on the 2.2 DW12 diesel engines without damage to the seal or the crankshaft. Made in Sheffield.  
Equivalent to OEM JLR-303-1274.

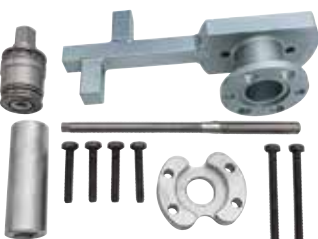

**DA7360 NEW**  
**Front Crankshaft Oil Seal Fitting Tool for AJ200 2.0L Diesel**  
Engine applications 2.0L AJ200 diesel engines (engine code AJ200/204DT)  
Defender - from 2020  
Discovery Sport - 2015 - 2019  
Range Rover Evoque - 2015 - 2019  
Range Rover Sport - 2016 - 2018  
Range Rover Velar - from 2017  
E-Pace - from 2017 / F-Pace - 2016 - 2020  
XE - 2015 - 2020 / XF - 2015 - 2020  
Designed to engage with the front bayonet style crankshaft oil seal and allow the user to remove and fit the seal. Specifically used on 2.0L AJ200 diesel engines found across the Jaguar and Land Rover ranges. Fitted with 1/2" D drive. Equivalent to OEM JLR-303-1628. Made in Sheffield.

**DA1899**  
**Crankshaft Locking Kit**  
Defender - Puma 2.2  
Used to lock and time the crankshaft and flywheel to allow the TDC sensor position to be set after removal when servicing the cam chain drive system.

**JLR-303-1619**  
**Crankshaft Front Seal Remover & Installer Tool**  
Defender - 2007 onwards  
Newer type seals - LR077704

**DA3536 NEW**  
**Crankshaft Pulley Set for V6 3.0L & V8 5.0L**  
Discovery 4/Range Rover Sport/Range Rover  
Engine codes include: 3.0L AJ-126/306PS, 5.0L AJ133/508PS and 508PN.  
Set of tools required for the removal of the front crankshaft pulley (crankshaft vibration damper) fitted to the JLR 3.0L V6 and 5.0L V8 petrol engines. The crankshaft pulleys used on these engines are tightened to 200Nm + 270 degrees so are very tight to undo and must be held by a substantial holding tool which the kit provides. Also included in the kit are the pulley puller components required to remove the pulley without damage. Important: Ensure the force screw is well lubricated with molybdenum disulphide grease before use.

**Propshaft Fastener Tools**

- DA1065 3/8" square drive
- DA1119 1/2" square drive
- > Size - 3/8" 6 point (hexagon)
- > Total length - 150mm
- > Outside diameter - 20mm

Specialist socket for propshaft fasteners on most Land Rovers. The 3/8" socket end is a perfect hexagon with rounded tip profiles to ensure the whole turning power is transferred onto the flanks of the nuts instead of on the corners. The socket's slim wall construction and wine glass profile, coupled to an integral slimline extension means it fits perfectly between the UJ yokes and over the propshaft nuts without fouling. The 3/8" AF nuts are common to Series, Defenders (90 & 110 up to latest vehicles), Discovery 1, Discovery 2, Range Rover Classic and Range Rover P38.

**DA6111 Oil Pump Alignment Tool**

Defender - 2.2 TD4 diesel - 2006 - 2015  
Developed to correctly align the engine oil pump in the sump after an engine rebuild as it is important that the pump be correctly and accurately aligned to ensure the oil pump sprocket is not operating with excessive side loads.

**DA6132 Cooling System Pressure Test Kit**

A comprehensive cooling system pressure testing kit for universal use. 24 pieces including 16 individually sized adaptors, pressure testing pump with gauge, 2 pressure cap test connectors for use with No 3 adaptor and handle. Checks the leakage on original radiator cap. Application list and instructions included. The pressure pump is hand operated and is fitted with an accurate and easy to read gauge marked in both psi and bar. This kit includes a thermometer to aid diagnostics and also ensure the system is cool before removing the cap. Also included in this kit is a very useful radiator pressure cap tester.

**DA1155 Panel Popper Tool Kit**

12 piece set designed to aid in the easy removal of door trim panels, trim fasteners and mouldings inside or outside the vehicle. Manufactured from a tough & durable engineering plastic to minimise panel damage. Includes an additional metal clip tool.

**DA7362 NEW Airbag Removal Tool**

Discovery 3  
Discovery 4  
Freelander 2  
Range Rover Sport  
Designed to release the driver airbag module from the steering wheel.  
Equivalent to OEM 501-106

**DA1235 Locking Tool**

Defender - Puma  
Locking tool to restrain the fuel injector sprocket during a fuel pump removal or installation.

**DA1839 Glow Plug Compression Adaptor Kit**

2.0/2.2(TD4)/TDV6/TDV8 & 2.2 Ingenium  
A selection of diesel glow plug compression test adaptors specifically designed to allow Laser diesel compression testers (4510 & 2596) and cylinder leakage tester (5140) to be used on the current range of Jaguar & Land Rover diesel engines including the 2.2 TD4, TDV6, TDV8 and the latest Ingenium engines. The kit includes a specially designed 90 degree connector to allow access on TDV6 engines where the oil filter obstructs normal access.

- > 3 glow plug adaptors for compression and cylinder leakage testing
- > Equivalent to OEM 60228, 60229, 60232
- > Designed to be used with Laser Compression & Cylinder Leakage testers. Part Nos. 4510, 2596, 5140

**DA6134 Diesel Fuel System Bleeder Kit**

Freelander 2 - 2.2 diesel  
Range Rover Evoque - 2.2 diesel  
Hand pressure pump and 4 adaptors. For bleeding/priming the system after fitting new filter or other maintenance on the fuel system. Essential service tool.

Britpart

**DA1841 Easy Flow Pump for 20-25L Drums**

Suitable for engine oil, gear oil, diesel and antifreeze.

- > Not suitable for corrosive or water based fluids
- > Supplied with a 48" non-kink discharge hose and non-drip steel nozzle plus extending suction tube
- > Pump head features D-handle for easy down stroke, drum refill plug (no need to remove pump to refill drum) and drain back port
- > Delivery flow is 0.9L per 14 strokes

**DA1749 Steering Drop Arm Puller**

Defender - 1987 - 2006  
Designed for the removal of the steering drop arm from the steering box. The Defender steering drop arm can wear because of its position low down at the front of the chassis - it's exposed to all the road spray and water that gets thrown at it. Water gets into the joint and eventually you will have to replace the drop arm and ball joint because the rust has corroded it. However splitting the steering drop arm from the steering box can be problematic because the steering drop arm and the steering box splines corrode together. This tool solves that problem. Supplied with a spare threaded bar.

**DA1844 Differential Pinion Shaft Holding Tool**

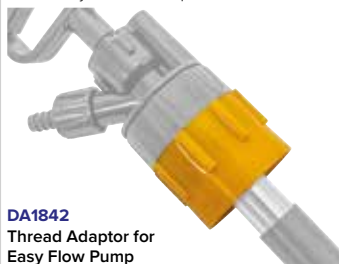

Freelander 2  
A 2 piece kit providing the special pinion nut holding tool and splined deep socket to allow the removal and installation of the rear differential pinion shaft nut when rebuilding the rear differential in accordance with Land Rover OEM instructions.

- > A two piece kit including Bi-Hex pinion nut holding tool and splined socket
- > Use with suitable torque wrench with a 250Nm minimum capacity (see Laser 7169)
- > Equivalent to OEM tool JLR-205-984

**DA7477 Gearbox/Axle Filler Pump**

1 litre capacity. This handy mini pump makes all top up jobs easy. Ideal for gear boxes and differentials and is suitable for oils, automatic transmission fluids, brake fluids and general purpose cleaners.

**DA1842 Thread Adaptor for Easy Flow Pump**

Two adaptors for use with DA1841 Easy Flow Pump. Suitable for use with engine oil, gear oil, diesel and anti-freeze. Specifically designed to convert the female thread (DIN 61mm) drum pump 57mm (M) + 2" BSP (M) adaptor.

**DA1840 Front Lower Ball Joint Tool**

Discovery 3/Discovery 4  
Range Rover Sport - 2005 to 2014  
Allows the bottom ball joint to be replaced and fitted without removing the lower wishbone assembly

- > Designed for use on the vehicle saving significant time and additional parts costs
- > Equivalent to OEM 204-531
- > Always lubricate the force screw with molybdenum disulphide grease

**DA1125 Ball Joint Remover Tool Kit**

Fit & remove RBG000010 to a Defender drop arm without having to remove the arm from the vehicle.

**DA5631 Wing Protectors**

Protect your Defender's wings with a pair of these sturdy, easy to fit wing protectors.

**DA6135 GEN2 Wheel Bearing Kit**

Freelander 2 - 2006 onwards  
82mm / Front  
This kit enables you to be able to remove and replace the bearing/flange in situ.

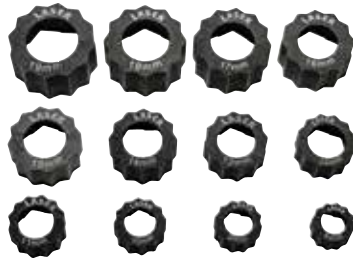

### DA1698

**All-In-One Stud & Hub Cleaning Tool**  
Stud Klean attaches firmly to a standard impact wrench, providing the fastest and safest cleaning solution for your wheel changing process. The face of the tool moves rust and contaminants in seconds, providing a smooth clean surface for ease of assembly of all mating parts. At the same time, stainless steel tines effectively clean the threaded studs assuring easy and accurate torquing of lug nuts. The proprietary abrasive material is significantly longer lasting than any other material on the market.

#### Features

- > Cleans the hub and stud at the same time
- > Fits to 1/2" impact
- > Single size for all passenger cars and light trucks
- > Won't damage your wheels
- > Dense, long lasting abrasive pad
- > Hundreds of internal stainless steel tines instantly & effectively clean threaded studs
- > Stack tolerances when balancing wheels will improve and ensure proper torque tensioning during installation
- > Cleans approximately 800 wheels

### DA1878

#### Laser Damaged Nut/Bolt Extractor Set - 12 Piece

This kit is made up of a set of cleverly designed hexagon bolt and nut extractor adaptor caps. The caps fit over the rounded off fixing and allow a standard 12 point socket or ring wrench to be used to remove the rounded off hexagon fitting.

- > Sizes: 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18 & 19mm
- > Specially hardened steel components finished in black
- > Can be used on up to 65% rounded nuts
- > Due to material used, the tools should be considered consumable. Following the instructions for use will help significantly increase the service life of the kit

Watch in action @ [britpart.com/DA1878](http://britpart.com/DA1878)

### DA7489

#### Laser Impact Twist Sockets

Ideal for removing damaged nuts and bolts. Impact twist socket 1/2" drive, manufactured from SCM440 steel.

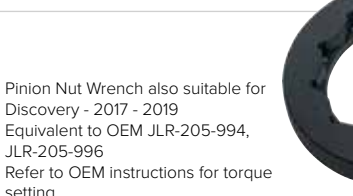

- > Sizes: 17, 18, 19, 21, 22 & 24mm
- > 1/2" drive
- > Supplied in EVA foam for tool box storage
- > Manufactured from SCM440 steel with black finish
- > Special profile for removing damaged nuts and bolts

### DA7490

#### Laser Breaker Bar With Built-in Impact System

330mm long breaker bar with built in impact system allowing the bar to be loaded with one hand and then impacted with a hammer for significantly increased force. Ideal where air tools are not an option.

- > Bi-directional for removing left or right handed stubborn nuts and bolts using combine hand and impact force
- > Swivel head gives access to difficult areas
- > Use with impact socket and bits
- > 330mm long x 1/2" drive
- > Impact absorbing composite grip handle

### DA1875

#### Laser Torx Fixing Extractor Set - 11 Piece

An essential workshop tool for extracting Torx fixings.

- > Manufactured from S2 silicon steel
- > 7 x Extractors with 6mm Hex drive (quick chuck)
- Sizes - E10, E15, E20, E25, E27, E30, E40
- > 3 x Extractors with 10mm Hex drive
- Sizes - E45, E50, E55
- > 1/2"D x 10mm Hex adaptor
- > Storage case

Watch in action @ [britpart.com/DA1875](http://britpart.com/DA1875)

### DA1876

#### Laser Damaged Cap Head Bolt/Screw Extractor Set - 11 Piece

For removing damaged hex bolts and screws.

- > 7 x 1/4" Hex shank
- Sizes - 1.5, 2, 2.5, 3, 4, 5 & 6mm x 50mm long
- > 3 x 10mm Hex shank x 7, 8 & 10mm x 38mm long
- > 1/2"D x 10mm Hex adaptor
- > Storage case

### DA1877

#### Laser External Deburr/Chamfer Tool

External deburr/chamfer tool fitted with HSS blade for repairing damaged bolts. Effective on stainless steel, hardened steel, mild steel, copper, brass, wood, fibreglass, hard plastic.

- > Size range 3 - 19mm
- > Speed 0 - 400rpm
- > High speed steel blade 1/4" shank

In a busy workshop there are numerous instances of threads getting damaged: whacking a track rod end with a hammer; cutting a bolt or threaded rod - the threaded ends get torn and squashed. Wheel studs get damaged just by removing and refitting the wheels... Luckily there is a quick and easy solution - the external deburr & chamfer tool. Watch in action @ [britpart.com/DA1877](http://britpart.com/DA1877)

### DA7487

#### Laser Short Circuit Diagnostic Kit

Tracing a short circuit can be a very time consuming exercise. This Short Circuit Diagnostic Kit provides the solution in the form of a set of circuit breaker fuses that are designed to fit in place of the traditional fuse. The circuit breaker will safely break the circuit when an overload is detected just like a conventional fuse but unlike a conventional fuse it is manually resettable allowing the technician to reset the circuit breaker fuse to run their tests as many times as they need. The kit provides resettable fuses for both standard and mini size blade fuses. Where space is really tight the set includes two 300mm extension leads which allow the circuit breaker fuse to be connected where space in the fuse box is tight.

- > Contents includes: 7 standard blade manually resettable circuit breaker fuses & 7 mini blade manually resettable circuit breaker fuses.
- > Fuse ranges: 5A, 7.5A, 10A, 15A, 20A, 25A, 30A.
- > 300mm (12") extension loop leads for better access for use with both blade sizes.

### DA2799

#### Laser Differential Pinion Holder & Wrench Set

- > 2 piece set including 1/2" D spline pinion socket with 1/2"D pinion nut wrench
- > Applications include Range Rover - 2013 - 2016 Range Rover Sport - 2014 - 2016

- > Pinion Nut Wrench also suitable for Discovery - 2017 - 2019
- > Equivalent to OEM JLR-205-994, JLR-205-996
- > Refer to OEM instructions for torque setting

### DA7485

#### Laser Cordless 30W Soldering Iron

- > Cordless 30w soldering iron with rechargeable Li-ion battery (2400mAh)
- > Supplied cone tip, chisel tip, heat shrink tip, 15g solder, cleaning sponge, stand, cap & USB charging cable
- > Charging time 3 - 5 hours; one charge provides 35 minutes of use
- > LED illumination
- > Reaches working temperature 180°C in 10 seconds. Maximum temperature up to 600°C
- > Internal charging board protects against overcharging, short circuit and electro static discharge

### DA7486

#### Laser USB Soldering Iron

- > Soldering iron designed to be powered by a USB socket (1 amp current draw)
- > Heats up to 185°C in approx 15 seconds
- > Maximum temp 480°C
- > Supplied with a 1.2m USB lead
- > Folding stand included

### DA2789

#### NORMA® Fuel Line Repair Kit

One stop solution to repair defective fuel lines in under five minutes

- > Economical solution to repair defective spots instead of replacing complete fuel lines
- > Access to OEM quality materials
- > Easy identification of the components within the kit with the help of product descriptions

- > Standard quick connector - spigot connection as per SAE J2044 Safety aspect: NORMAQUICK® S connector cannot be opened under pressure
- > Very high pull-off forces of quick connectors due to four locking arms ABA Mini provides excellent clamping force compared to screwless clamps

**DA1650**

**Automotive Current Tester  
LCD Display**

This automotive current tester with LCD display, plugs directly into the fuse box and can be used on mini, standard and maxi fuse connections. Blades may get hot during use and care should be taken for 2 mins whilst they cool down.

- > Fits mini and maxi fuses
- > Current range 0-80A
- > Safe and easy way to check automotive current

**Balance Shaft Removal  
& Installation Kit**

Discovery 5

Discovery Sport - 2015 - 2019  
Range Rover Evoque - 2015 - 2019  
Range Rover Sport - 2016 - 2018

Range Rover Velar - 2017 -

Designed to allow the safe removal, fitting and timing of the gear driven balance shaft on the Jaguar Land Rover AJ200 2.0L diesel engines. The kit contains all the essential components to enable the balance shafts to be aligned when reassembling the components. Made in Sheffield. Use in accordance with OEM instructions. Equivalent to OEM - JLR-303-1662 / JLR-303-1663-1 / JLR-303-1663-2 / JLR-303-1663-3 JLR-303-1664 / JLR-303-1665

**DA3248**

**Long Series Hex Bit 3/8" D 11mm**

Ideal for injector clamp bolts and caliper bolts. Size: 11mm x 100mm long. Socket manufactured from Chrome Vanadium. Bit from S2 Steel.

**DA7399**

**Exhaust Gas Temperature Sensor Socket**

Range Rover L322 - 2011 - 2012  
Range Rover L405 - 2013 - 2017  
Range Rover Sport Mk2 - 2014 - 2017

- > Required to remove/install the exhaust gas temperature sensor
- > Equivalent to OEM 303-1573
- > 13mm hex x 6mm deep
- > Socket equipped with a 13mm hex to use with appropriate spanner or wrench
- > Made in Sheffield.

**DA3499 NEW**

**Automatic Gearbox Alignment Tool**

Defender/Discovery 1/Discovery 2/Range Rover Classic/Range Rover P38

An essential tool for the correct setting and alignment of the XYZ switch (gear selector position and starter inhibitor switch) on the ZF4HP22, ZF4HP24, ZF4HP44 automatic gearboxes. Equivalent to OEM 307-498 & LRT-44-011. Made in Sheffield.

**DA3524 NEW**

**Hub Puller Adaptor Kit**

Hub puller plate for use on 3, 4 and 5 bolt fixing drive flanges.

- > PCD 97 - 123mm
- > Complete with 5/8" UNF adaptor for slide hammer
- > 1 1/2" x 16tpi plate thread allows use of hydraulic ram
- > Can also be used with an impact force screw

# TOOLS

## Bush Tools

**DA7463**  
Rear Suspension,  
Lower Hub Bush Removal  
& Installer Tool

Equivalent to OEM 204-516.  
Discovery 3/Discovery 4  
Range Rover Sport - 2005 - 2013  
Range Rover L322 - 2002 - 2012

The lower hub bush tool (DA7463) and the upper hub bush tool (DA7466) have been developed to allow the technician to remove and refit these rear suspension bushes with the minimum of dismantling required. Being able to perform the task on the vehicle saves considerable time over the more traditional use of a workshop press and the requirement that the hub be completely removed. For reference, the DA7463 bush tool (OEM equivalent 204-516) has been specifically designed to work with OEM bush RBK500220, and the DA7466 bush tool (OEM equivalent 204-515) has been specifically designed to work with OEM bush RHF000260.

**DA7466**  
Rear Suspension,  
Upper Hub Bush Removal  
& Installer Tool

Equivalent to OEM 204-515.  
Range Rover L322 - 2002 - 2012

**DA7465**  
Front Suspension  
Lower Arm Front Bush  
Removal & Installer Tool

Equivalent to OEM 204-536.  
Designed to remove and refit the front suspension bush of the lower arm with the minimum of dismantling.  
Discovery 3/Discovery 4  
Range Rover Sport - 2005 - 2013

**DA7461**  
Front Suspension Lower Arm  
Rear Bush Removal & Installer Tool

Equivalent to OEM 204-535A. For use with RBX500291. Can be used on the vehicle saving time and money.  
Discovery 3/Discovery 4  
Range Rover Sport - 2005 - 2013

**DA2883**  
Rear Suspension Hub Bottom  
Bush Removal & Installer Tool

Freelander 2 & Range Rover Evoque  
This tool has been developed to allow the user to safely remove and replace the rear hub bottom bush. It's been specifically designed for use with minimal strip down of the vehicle components for the removal and replacement of the bush. Use on vehicle with the minimum of suspension dismantling required. Uses a mechanical force screw. Always ensure the force screw is clean and lubricated with molybdenum disulphide grease. For use with hand tools only.

**DA7464**  
Rear Suspension  
Upper Hub Bush Removal  
& Installer Tool

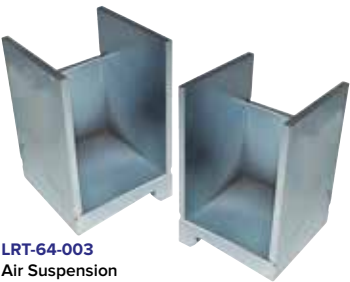

Equivalent to OEM 204-530. Designed for OEM bush RHF500100. Can be used in situ which saves time and reduces the dismantling required.  
Discovery 3/Discovery 4  
Range Rover Sport - 2005 - 2013

**LRT-60-004**  
Bush Fitting Tool

For front radius arm bushes (part number ANR3332) for the Range Rover P38A - impossible to do without using this Land Rover special tool.

## Calibration Tools

**LRT-64-003**  
Air Suspension  
Calibration Blocks

Discovery 2  
To be used in conjunction with Lynx diagnostics kit.

**LRT-60-003**  
Air Suspension  
Calibration Blocks

Range Rover P38  
To be used in conjunction with Lynx diagnostics kit.

## Clutch Tools

**DA1147**  
Clutch Alignment Tool

Defender - 2007 onwards  
Discovery 3 - TdV6 manual  
Replace two tools for one with this cost effective clutch tool. One end is the Land Rover 308-419 clutch alignment tool which is used to align the clutch disc and pressure plate on installation. The other end of the tool is Land Rover 303-1096 aligner/installer tool which is used to align the clutch drive plate and install the spigot bearing.

**DA6113**  
Clutch Alignment Tool

Defender - 2.4 TD4 - 2007 onwards  
Specifically designed to hold the clutch centre plate centred on the flywheel while fitting the clutch cover plate. Ensures fast effective alignment of the clutch centre plate. 200mm long x 14mm dia with knurled grip. Equivalent to OEM 308-419.

Automatic Transmission Fluid Exchange Machine

Excludes Land Rover application kit - DA6863  
It is recommended that a fluid and filter change are carried out before 75,000 miles or 50,000 miles in arduous conditions. The only practical way to do this and ensure a 99% fluid exchange is using dedicated equipment. Overtime fluid and additives in your Land Rover deteriorate, this can have impacts on the transmission by causing the carefully engineered friction coefficients and viscosity to alter. This can lead to harsh engagements and rough or slipping shifts as the critical, controlled clutch slip no longer responds as designed. Ultimately premature and expensive transmission failure is likely. Changing the fluid at 75,000 miles helps to restore operation and protect the transmission in the future. The Launch UK CAT501S is an automatic transmission fluid exchange station which ensures a fast and trouble-free fluid exchange. Unlike traditional emptying methods of draining from the sump plug, the ATF machine will run a flushing detergent through the gearbox and exchange 99% of the total oil capacity. The CAT 501S is a fully featured product with a straightforward menu driven interface making it easy to use. Provided with a full set of adapters allowing connection to virtually all transmission types.

Benefits of Fluid ATF Oil Service

- > Smoother gear change
- > Reduced transmission noise
- > Easier gear selection
- > Reduced transmission vibrations
- > Faster up shift during acceleration

DA6863

Launch UK Land Rover ATF Fitting Kit

A complete fitting kit for attaching a gearbox fluid exchange machine, to all modern Land Rover and Range Rover models. It includes modern 8HP gearbox fittings, 9 speed Evoque as well as all 4, 5 and 6 speed applications including the 5L40E gearboxes on early Range Rovers. Cooler pipe fittings and direct to the gearbox are included, for varied application. Full instructions are included, advising where to attach the fitting for each model. Ideal for Land Rover garages as this kit is compatible with other brands of ATF machines.

DA6863

DA6861

Launch UK

Automatic Transmission Flushing Fluid

400ml x 24 bottles

This product is designed to effectively remove oxidised oil deposits, and other contaminants that can be present in +40,000 mile automatic transmissions. Suitable for all transmission types.

Advantages

It is particularly suitable for use with the Launch CAT501 fluid exchanger, or similar. It safely removes contaminants from Mechatronic units, valve bodies, torque converters and other moving parts. Allows fresh oil to work correctly in a decontaminated environment, ensuring smooth gear shifts.

Application

It is best used with fluid exchanging equipment, but can also be used without. Run vehicle at normal operating temperature for 10-15 minutes through all ratios and lever positions on a vehicle lift. Carry out oil exchange following the manufacturers guidance. 400 ml will treat up to 10 litres of ATF, for higher capacities add 40ml per litre.

DA6862

Launch UK Automatic Transmission Conditioner - Care & Protect

400ml x 24 bottles

When added to automatic transmission fluid this product will support the fluid in resisting oxidation and ensuring maximum temperature stability, resulting in consistently smooth gear shifting.

Advantages

The product will enhance the function of many fluids, helping to reduce oxidation and extend the effectiveness of the complex additive packs present in automatic transmission fluids

Application

The product is best applied using the Launch CAT 501S Fluid Exchanger or a compatible machine. It can be applied manually, and will treat new and old fluid, usually through the level plug, or top up point. 400ml will treat up to 10 litres of fluid. Larger capacities add 40ml per litre.

Wynn's TranServe™ Consumables

DA6867 NEW

Wynn's Automatic Transmission Flush

325ml x 12 bottles

An oil soluble treatment developed to clean automatic gearboxes and restore their optimal operation.

- > Safely removes varnish deposits
- > Prepares transmission for new fluid
- > Cleans all internal transmission components
- > Smooths and quietens gear changes
- > Prolongs component life
- > Restores optimal gear shifting
- > Only to be used with TranServe machine

DA6248

Automatic Transmission Treatment

325ml x 12 cans

An oil soluble supplement developed to stop and prevent leaks and ease shifting.

- > Stops and prevents leaks
- > Rejuvenates rubber seals & O-rings
- > Cleans and protects the system by means of detergents & dispersants
- > Eases shifting
- > Prevents ageing and oxidation of automatic transmission fluids
- > Prolongs component life
- > 1 can of 325 ml treats up to 6.5 litres automatic transmission fluid

**Hiclone**

Hiclone is a simple non-moving stainless steel device that sits inside the air induction system of an engine. Like a static mixer, it vigorously swirls the air, improving the fuel/air mixture and atomisation, promoting more complete combustion as more of the available fuel is consumed. More efficient burning of the fuel cuts smoke and other hydrocarbon emissions. Hiclone also smooths out the engine torque curve, resulting in a reduction in gear changes and a quieter engine, especially on the motorway. With Hiclone fitted you can corner and go uphill in a higher gear, this makes the vehicle easier to drive, improves the ride and reduces engine wear. Additionally Hiclone improves low down grunt of turbo charged engines making towing and hauling heavy loads more effective.

Exterior Side-Mounted Gear Carrier  
Provides easy access storage on the outside of the vehicle. Designed for aerodynamic performance & to minimise wind noise. Tested for harsh environments. Compatible with the radio antenna, however metallic objects inside the gear carrier may affect radio performance. Lockable, waterproof and perfect for carrying walking boots, wetsuits or other items that you may prefer not to carry inside your vehicle.

### Electrical Enhancements

**DA6678**  
**USB Extension Socket**

Replace that loose USB input cable trailing from the back of your head-unit in your Land Rover with a dedicated dash-mounted USB input socket. The MUD USB Extension socket provides a neat way to connect to any head-unit equipped with a Apple CarPlay/Android Auto by connecting the USB via the rear of the head unit. The MUD USB Extension socket is equipped with a Male USB A connector to plug directly into the Female USB A socket/lead on the back of your head unit. Plug your phones power lead directly into the MUD USB Extension Socket on your Land Rover dashboard to provide Android Auto or Apple CarPlay connectivity and simultaneous phone charging. Length of extension lead is 1000mm. Musical note illuminates green when powered by the vehicle. Finish of rocker is black. The USB Extension socket is styled to complement the original Land Rover Td5/Tdci switch design. The USB Extension socket will slot into the factory switch apertures on the Defender Td5 & Tdci dashboards. The MUD Land Rover USB Extension socket will also fit the apertures within the Freelander 1 & Discovery 2 & 'Soft-Dash' Classic Range Rover. It will also fit the MUD Puma Pod II & any Puma Double DIN Console switch relocation panels. The green illumination of the USB is a brighter green than the factory LED illumination. If this is problematic for you, you can remove the rocker from the USB rotate the switch round then re-apply the rocker. This stops the musical note from illuminating when powered.

**DA6674**  
**USB Socket**

Designed by MUD to slot into the factory switch apertures on the Defender -Td5 & Puma dashboards. The MUD Land Rover USB socket will also fit the apertures within the Freelander 1, Discovery 2 & Range Rover Classic 'Soft-Dash'. The socket design and green background illumination complements the original OEM Land Rover switches and helps the install retain a factory appearance. USB (A) socket is 12v Quick Charge (QC) 3.0 rated. Supplied with a mini-harness to provide a simple two wire installation. Fitting instructions included.

**Defender One Touch Indicator Upgrade**

Defender - from late 300Tdi to current 2016 -2.2TDCi  
This complete plug and play upgrade adds the functionality of new vehicles equipped with lane change or 3 flash indicators to your Defender. With a simple momentary press of the indicator stalk the indicators will flash 3 times.  
**Note** - Please check on 300Tdi models you have the later style wiring connectors to confirm this you will need to remove the lower steering cowl.

**DA2882**

**DA2882**  
**Ultra-compact Subwoofer**

The Z880 is an 8-inch, ultra-compact, fully aluminium subwoofer from Phoenix Gold. It is designed to fit into a variety of small spaces within any vehicle, including under seats or limited boots. The powerful MOSFET amplifier delivers 80Watt RMS and up to 240W maximum. The Z880 is a plug & play unit with a complete wiring kit for high-level installation. The wiring kit includes power, ground and high-level input quick connectors and includes a wired bass remote. The design of the subwoofer is up to 60% smaller than a standard under seat subwoofer.

- > 8" Active ultra Ultra compact subwoofer
- > 80W RMS 240W Max
- > AutoStart on high-level input
- > Remote gain control
- > High and low level input
- > Power & high-level cable quick connector
- > Aluminium casing
- > Subsonic filter at 20Hz
- > Phase control
- > Variable Bass boost 0-12 Boost
- > Dimensions - 290mm x 210mm x 70mm

Britpart

Electrical Enhancements

**DA6554**  
**LED Interior Light**  
Light grey  
Defender - 1991 onwards

MUD has worked in conjunction with one of the UK's leading automotive lighting manufacturers to create a 100% British designed and manufactured product that uses only the highest quality components. The MUD LED Interior Light utilises ceramic LED technology to provide 18 x more usable light than the traditional festoon bulb design and with a rating of 228 lumens is 400% brighter than the factory fitted Land Rover interior light. With a colour temperature of circa 6,000K, the LED light output falls into 'daylight' classification providing better colour rendition, i.e. colours look more true to life. Another neat feature of the MUD LED Interior light is the switchable white to red illumination function for improved night-time vision. Plug & Play connection with fixings supplied. The MUD Interior LED Light will replace both front and rear interior lights in the Land Rover Defender. Rear Station Wagon fitment requires the use of the optional MUD LED Light plinth - DA6555. These lights will fit the Defender roof consoles - DA4629 & DA4629B.

**DA6555**  
**LED Interior Light Plinth**  
Light grey  
Defender - 1991 onwards

The MUD LED interior light plinth allows you to fit the popular MUD LED light to the rear of a Defender Station Wagon. The plinth gives enough room to allow the light to fit to the existing wiring. Please note the plinth is not required when fitting to the front of the vehicle.

**DA2343L**

**KEEP COOL**

**Air Conditioning Kits**

**Front Kits**

<b>DA2343R</b>	Defender 90/110 - 300Tdi	RHD
<b>DA2343L</b>	Defender 90/110 - 300Tdi	LHD
<b>DA2342R</b>	Defender 90/110 - Td5	RHD
<b>DA2342L</b>	Defender 90/110 - Td5	LHD
<b>DA2344</b>	Defender 90/110 - 2007 onwards	RHD & LHD

As OE fitment. Once fitted the system is indistinguishable from factory fitted units. Plugs straight into the existing Land Rover wiring loom and fuse board. Easy to install as components are pre-assembled. Kit uses high performance condenser which eliminates need for an extended nose cone. Parts interchangeable with Land Rover parts.

**DA4598**  
**Heated Mirror Kit**

MUD-UK Defender heated mirror elements are unlike any other heated mirror element. They use the same carbon impregnated glasscloth technology found in underfloor heating and high-end bathroom mirror applications. Unlike traditional printed circuit heated mirror elements the current flow in flexible glasscloth is across the whole surface area of the element. This results in a larger 'heated' surface area and avoids the "striping" effect of traditional elements. The mirror elements have no fine circuits which can damage easily and offer improved durability and performance over traditional printed circuit elements. The heated mirror elements are supplied with self-adhesive backing. Peel off the backing and stick the element to the back of the Defender mirror glass. Also supplied with a fitting kit that consists of 4m of twin core wire, assorted terminals and a relay. To allow the installer to match up existing switches already installed, an additional switch is required which is not supplied. The wiring can be concealed within the arm of the wing mirror, to create a neat and tidy finish. Elements measure 115 x 167mm.

**DA5717**

**Retrofit Insert Seat Heaters**

- Complete set for driver and passenger seats
- > Two stages of heating
  - > Kit includes four heating elements and items needed for installation
  - > Pre-assembled cable set with switching relay and buttons included
  - > Temperature guard to prevent overheating
  - > Heating elements are durable and extremely flexible
  - > For use on seats which have a removable cover
  - > Includes fitting materials and instructions
  - > Test mark: e-approved to 95/54/EC (EMC guidelines for vehicles)

Full details in the Seats & Trim section

Waeco retrofit insert seat heater  
See [www.britpart.com/DA5717W](http://www.britpart.com/DA5717W) for full details

**Rear Kit**

**DA3263 NEW**

Defender 110/130 - 2007 onwards RHD & LHD  
The rear A/C unit includes a central cubby box designed to house the air conditioning components, this cubby box comes fully assembled and is a drop-in replacement. The unit design incorporates a new floor plate for the vehicle, replacing the original floor plate that is beneath the cubby box or third seat if fitted. The rear A/C unit consists of twin blowers, with 3D printed components for improved drainage, ducting and airflow. This is combined with a large evaporator coil, suitable for cooling long wheelbase Defenders. The unit features a cigar lighter, providing a 20A outlet for high power accessories. Improvements have also been made to the mechanical components such as the cup holders, these are now machined from billet aluminium prior to finishing.

### Electrical Enhancements

**DA4698**

#### 12 Volt Dash Socket

Features watertight cap, easy installation and twist locks securely with plug

- > Designed to withstand the rigours of damp environments and constant vibration
- > Large contact surfaces for good electrical connection
- > Twist lock system - plug locks securely into socket
- > Internal strain relief and cord seal
- > Nickel plated copper alloy used for all current carrying components
- > Front panel, rear panel or surface mount

#### Specifications

Maximum voltage - 12V DC  
Cut-out dimensions - 1 1/8" (28.58 mm) diameter hole  
Maximum socket amperage - 15A

**DA4679**

#### Dual USB Charger

Easy to install in existing 12V DC socket hole providing convenient access for charging mobile devices.

- > Compatible with popular mobile devices
- > Protective cap
- > Easy to use

Maximum output current - 2.1A DC (total)  
Cut out dimensions - 1 1/8" (28.58 mm) diameter hole  
Input voltage - 12V  
Output voltage - 5V DC +/- 5%  
Parasitic current draw - 15mA  
USB - 2.0

**LR058447**

**DA1401**

#### Heated Windscreen Components

Make scraping your Defender's windscreen on a frosty morning a thing of the past by fitting one of these kits.

- DA1400** Carling Contura switch kit
- DA1401** Land Rover switch kit
- DA1406** Harness fleece tape - 19mm x 25m
- LR058447** Tinted heated windscreen

For more details and technical information on these kits - [www.britpart.com/heated](http://www.britpart.com/heated)

## Enhance the look of your Defender

**DA1748**

**DA1748**

#### 6-Way Blade Fuse Distribution Block Neg Bus Bar

This high quality 6-way fuse holder distribution block has an integral 6-way bus bar - meaning both live and earth connections can all be made at this fuse panel.

- > A clear insulating cover is supplied which also has slots to hold spare fuses within the cover
- > Externally on the cover are recesses to mount small format stickers to identify the circuits protected
- > Selection of stickers provided
- > Accepts ATO & ATC automotive blade style fuses
- > Tin plated bus and fuses connections for superior corrosion resistance
- > Mounts via four M4 holes
- > Positive and negative posts are M5 size
- > Each circuit is rated at 30 amps at a maximum of 32 volts with a total rating of 100 amps per block

1 x 6-way blade fuse distribution block with neg bus bar

#### ATO/ATC Blade Fuses

- 1 x 5a blade fuse - beige
- 1 x 10a blade fuse - red
- 1 x 15a blade fuse - blue
- 1 x 20a blade fuse - yellow
- 1 x 25a blade fuse - clear

#### Fast Rings

Defender - and other 5" / 5 1/4" speakers  
A 3-piece foam ring speaker enhancement system solves the problem of acoustically coupling aftermarket speakers to factory speaker openings. The RoadKill Fast Rings kit increases speaker output, improves the projection of the audio into the car cabin and reduces unwanted rear reflections that can degrade the sound.

#### Benefits

- > Reduce panel vibration
- > Increase mid-bass response
- > Enhanced audio output efficiency
- > Minimize destructive wave interference
- > Help prevent front and rear wave cancellation
- > Easy installation with peel & stick application
- > Maximize performance for speaker installations
- > 3-Ring DNA
- > Gasket for speaker mounting to the baffle plate surface
- > Middle ring to mount around the outer edge of the speaker
- > Circular foam pad goes behind the speaker to absorb unwanted reflections on hard surfaces, such as inside a car door

**DA7960**

#### Ring Wireless Connect

The smart way to control power to ancillary electrical products. The one central Tech Hub connects to the vehicle's 12V battery, allowing 8 ancillary electrical products to be wired to one location. Then through unique signal pairing each device can be wirelessly accessed through the switch remote.

- > One power pick up point
- > Single point connection for up to 8 ancillary products
- > Ease of product connection
- > Driving efficiencies and saving time in both fitting and operation
- > Removes the need to fit battery protection measures
- > A simple system, reducing faults and keeping vehicles in operation
- > The switch unit can be operated remotely on the job
- > Switch units can be located anywhere in the vehicle for easy access

With fewer connections and one central wiring point, fault finding is simpler and vehicles can be back in operation quickly. The switch remote can be located anywhere on the vehicle and can be operated remotely during on-site working.

- > Single point connection for efficient installation
- > 60 amp capacity, powerful enough to operate multiple ancillaries at the same time
- > Unique signal pairing allowing x 2 switch panels to be connected
- > 8 fused output channels for easy connection for ancillary electrical products
- > Manual override in case of an emergency
- > Battery protection maintains battery voltage
- > Switch remote - Single point switch panel where 8 switches are controlled via one user interface
- > Switch remote - Backlit illumination for working at low light
- > Switch remote - Active channel lights indicates switch status icon
- > Switch remote - Lithium battery for quick efficient recharging
- > Switch remote - Adaptable switch icons to suit individual requirements
- > Switch remote - Docking station for secure fitment when travelling or recharging

#### Specifications

Input voltage 11 - 15V  
Input current Max 60A  
Battery protect voltage cut-off 11V  
Input reverse voltage protection Up to 16V  
Fused input 60A  
8 x Fused relay channels 2 x 1.5A; 2 x 3.5A; 2 x 5A & 2 x 20A

#### Tech Hub

You can connect up to 8 ancillary products to our hub and each one is then wirelessly accessed through our switch keypad. The hub can be conveniently located in the vehicle to minimise wiring and fitting times and to give operators easy access.

#### Switch Remote

The switch unit wirelessly connects to the hub, can be removed from the dock to be operated remotely on the job and can be located anywhere in the vehicle.

Black aluminium switch mounting panel. Excludes switches.

#### DA4599

#### Heater Deflector

Defender - 2007 onwards

The MUD Heater Deflector solves the problem of that crude and annoying blast of hot air to your lower legs in all Puma engine Defenders. The Heater Deflector redirects the flow of air from the lower heater outlets forwards into the footwell, rather than directly at your legs to create a more comfortable driving environment. The Heater Deflector moulding fixes easily in place using the supplied push-fit fasteners & can be fitted in 5-minutes. All you need is a 4.5mm drill. Position Heater Deflector, drill the fixing holes in the lower dash section & fix the Heater Deflector in place using the push-fit fasteners.

#### DA4691

#### Single DIN Dashboard Mount

Defender - 2007 onwards

The MUD dashboard mount creates a quick and easy method of mounting a single DIN accessory into the Puma dashboard. You will however have to route any wiring through the back of the dashboard. Ideal for mounting any DIN sized CB/HAM radio unit into your Defender. Mic extension leads are an inexpensive accessory and commonly available so that mic can reach the driver. The single DIN mount also comes with a handy 'coin tray' which sits behind the grab handle. The dashboard mount is also suitable as a digital tachograph mount. EU customers should be aware that mounting a tachograph on the passenger side of the dashboard does not meet EEC legislation. Supplied with all fixings required to provide a quick and easy installation. Fits both right-hand drive and left-hand drive vehicles.

#### Front Grab Handles

<b>DA8868 NEW</b>	Black anodised aluminium	Single
<b>DA8869 NEW</b>	Silver anodised aluminium	Single

Defender - 1987 - 2006

Make getting in and out of your Defender easier with these smart, easy to fit anodised aluminium A-pillar grab handles. Supplied with fixings.

#### DA1205

#### Demister Kit

Defender - 1987 - 2007

Fitting this Defender demister kit will help demist your windscreen more effectively than the standard fitted demister and has the added bonus that it will also demist your side windows too. With full fitting instructions.

#### Stainless Steel Door Threshers

Defender - from 1983 onwards & Series 2 & 3  
These stainless steel door threshers will freshen up the inside of your Land Rover as this is an area which can get very scruffy. All of the existing holes on the sills line up with these doors threshers so they are a quick, easy bolt on project. The door threshers are made from stainless steel 304 grade bright annealed 1.5mm thick and are laser cut and CNC pressed. Stainless steel fixings are supplied.

**Note** - If your door seal is fitted to your sill rail, you may need to modify the sill rail.

Defender Pair

The edge of the Defender seat box is prone to damage, protect that edge and smarten up your interior with these protectors. Made from 2mm steel. Less than 5 minutes to fit and all you need is a drill for the fixings. Kit includes a pair of corner protectors and 8 no. 8 x 19mm flanged steel self drill fixings. These will also fit a Series 2 & 3 but will require matching drilling to accommodate seat rail fixing.

##### X-Trouser - Pair

Lost a pair of trousers getting in and out of your Defender? Here is the simple solution. Not only does it protect your trousers, in many cases it makes the door close more reliably and helps (though it does not entirely stop) the seat belt getting caught in the latch. If the seat belt does become caught as you close the door, it suffers less damage due to the smooth profile of the X-Trouser. The X-Trouser has a smooth profile, if your belt loop or pocket runs over it, it will slide off freely. Made from high quality 304 grade stainless steel. The X-Trouser catch is reversible so it will fit both the driver and passenger doors, left & right hand drive. It will also fit the rear side doors of 110 Station Wagons.

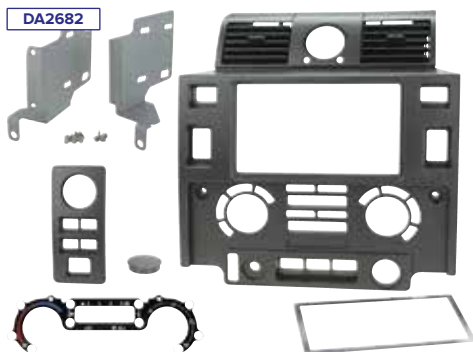

##### Double DIN Fascia Plate

- DA2608** Piano gloss black
- DA2609** Matte black

Defender - 2007 onwards

This fascia kit allows the installation of a double DIN head unit into a non-double DIN size aperture. High quality finish designed to match the vehicle dashboard. Complete fascia kit, supplied with brackets to mount the aftermarket double DIN head unit.

##### Double DIN Fascia Plate With Retention Of OEM Clock

- DA2681** Piano gloss black
- DA2682** Matt black

Defender - 2007 onwards

For double DIN stereo installation. Retains OEM clock, all dash buttons and button detail. Fascia kit allows the installation of an aftermarket head unit into a non-DIN sized aperture. High quality finish designed to match the vehicle dashboard. Allows for relocation and retention of OEM clock. Fascia kit supplied with brackets or cage if required.

#### Rear Door Stays

**DA1204** Defender - up to 2002

**DA1203** Defender - 2002 onwards

Does your Defender's rear door sometimes close on you unexpectedly? This neat and easily installed gas strut kit will solve that problem and replaces the original door stopper. The gas strut will hold the door in place when open - even with a spare wheel in place - and will assist in the opening of the rear door too with a smoother and more controlled movement. Complete with fittings and instructions.

#### DA8958

##### Blanking Plug

Replace your old or lost 12V cigar lighter blanking plug with this smart chrome topped one.

##### SVX Style Cargo Tie Down Point

Smart and easy to fit

Single

#### Defender Td5 Double DIN Console

**DA2898** Black

Corresponds to single DIN - FWJ000110PMA

**DA2899** Brunel Silver

Corresponds to single DIN - FWJ000110LQV

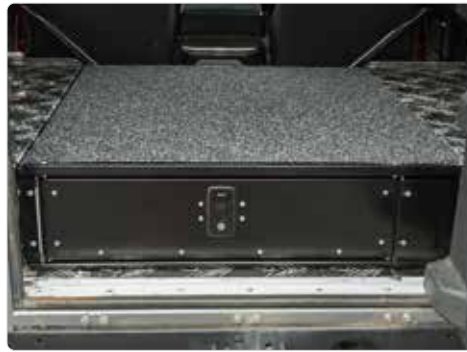

The MUD Td5 Double DIN Console replaces the factory-fit Defender Td5 radio fascia with an exclusive one-piece design that allows you to easily upgrade the original single DIN radio set-up to a double DIN head unit. The original radio fascia fitted is a fragile unit prone to breakage thanks to a flimsy and poorly designed two-piece assembly that can barely support the weight of the single DIN head unit. Typically, the separate centre panel containing the head unit/radio will break loose from the main console. Fitting is a simple DIY upgrade that uses the factory fixings and requires no cutting, drilling or modifications to be made to your dashboard. Simply remove your old console, replace with the new console and enjoy the benefits and features of the larger screens found on modern double DIN head units. The console was engineered using CAD 3D scanning technology and uses an injection moulded manufacturing process for a factory fit appearance and a perfect fit every time. A design detail we've incorporated is to increase the diameter of the recess that houses the standard cigar lighter style 12v socket. This increase in the recess diameter has been made to accommodate the popular Blusea marine grade power sockets.

### Interior Storage & Panels

**DA1470**  
**Heavy-duty Drawer Systems**  
 Defender 90  
 Defender 110 - Utility 2007 onwards

**DA1471** Defender 110

Drawer size - 950 x 700 x 170mm  
 Overall dimensions - 1,100 x 910 x 230mm  
 Base - 1,000mm long  
 Drawer size - 1,010 x 700 x 170mm  
 Overall dimensions - 1,160 x 910 x 230mm  
 Base - 1,050mm long

These Defender drawer systems are ideal for storing items that you keep in your vehicle that you would want to be hidden away from view and can be locked for extra security. The heavy-duty drawers with smooth roller action, fit between the wheel arches and create very useful extra storage space. Drawers extend almost full length for ease of access with a maximum load of 80kg. Hard wearing textured black finish complements the heavy-duty carpeted top.

**Note** - Will not fit 90 Station Wagons or 110 Station Wagons with 3rd row or inward facing rear seats.

Image above shows side floor kit fitted. Custom box and cover not included in package. Image below shows both single drawer module and side floor kit

#### CRDDEF

#### ARB Outback Solutions Modular Roller Drawers

Single Drawer Module  
 Defender - 90 & 110 Station Wagon - 2002 - 2016  
 The ARB Outback Solutions Modular Roller Drawers have unique and practical features incorporated into their design to ensure high quality, maximum functionality and ease of use.

#### Specifications

Drawer Internal - 730mm wide x 970mm long x 220mm high  
 External Frame - 790mm wide x 1,070mm long x 280mm high  
 Total Weight- Approx. 63kg

- > **Anti-roll Back System** - Incorporates mechanisms on the roller drawer that lock it in the open position, preventing unintentional closing when the vehicle is on uneven ground. The mechanisms engage at full opening of the roller drawer and are disengaged automatically when closing.
- > **Anti-rattle** - Locking mechanisms on the roller drawer eliminate movement while closed. Retaining the drawer in this way stops rattle and wear and tear while driving.
- > **Purpose Folded Stainless Steel Runners** - The roller drawer bearings run on purpose folded stainless steel runners. Stainless steel offers the best surface for bearings to run on resulting in smooth quiet operation. Galvanized bearing runners are not used because the galvanized coating transfers onto the bearings creating rough operation and an opportunity for corrosion to start. Tool chest style

telescopic runners are not used because of the slop and movement they allow. This constant movement whilst driving accelerates wear and deterioration when used in automotive applications.

- > **UV Stable Commercial Carpet** - Exterior surfaces are finished in hard wearing commercial carpet and interior surfaces are trimmed in automotive boot carpet. Both materials resist abrasion and conceal dirt in tough off road conditions.
- > **Robust Finishes** - Aluminium trims are used to protect corners and ends of the drawer to improve longevity.
- > **Slam Shut Latches** - Slam shut/pull open handles make opening and closing the roller drawer an ease, even with hands full of gear. The roller drawer handle is key lockable.
- > **Drawer Dividers** - Fixed long divider to separate into 2 drawers + additional 2 removable dividers.
- > Fully galvanised steel chassis.
- > Lined with precision cut, quality boot carpet on the inner and outer side to give it a professional and neat finish.
- > Full fitting instructions included in packaging.

#### FKDEF

#### ARB Outback Solutions Modular Roller Drawer Side Floor Kit

The side floor kit is especially designed for fitment with the CRDDEF drawer module and fills in the area between the outer edge of the drawer and the side of the rear boot area. The side floor kit completes the floor and provides a larger flat top surface.

**Note** - Fridge slide not available for this drawer model.

**DA2977**

**DA2977**  
**Console Storage Box**  
 Defender - 2020

Make use of the space at the front of your centre console with this easy to fit plastic storage box. To stop items sliding around, the box features an easy to remove rubber mat.

### Interior Storage & Panels

DA4629

DA4629

**Roof Consoles**  
**DA4629** Grey  
**DA4629B** Black

This roof console fits all Defenders except sunroof equipped models. Supplied with interior light extension loom and DIN blanking panel. Fitting kit and instructions are also supplied. The console offers a unique storage solution for the Defender in providing additional overhead roof storage as well as a single DIN provision in one unit. The two side sections are designed to hold anything from maps to sunglasses, documents to magazines. The console is supplied in three separate pieces. The product has been designed with CAD software and the moulding finished off using CNC machinery to ensure an OE level fit and finish to the product. It is supplied with a DIN blanking panel but the central binnacle will fit any DIN sized accessory such as a stereo, CB/HAM radio or even a digital tachograph. The single DIN aperture will also accept a bank of seven Carling Technologies switches by using the Carling interlocking switch mounts.

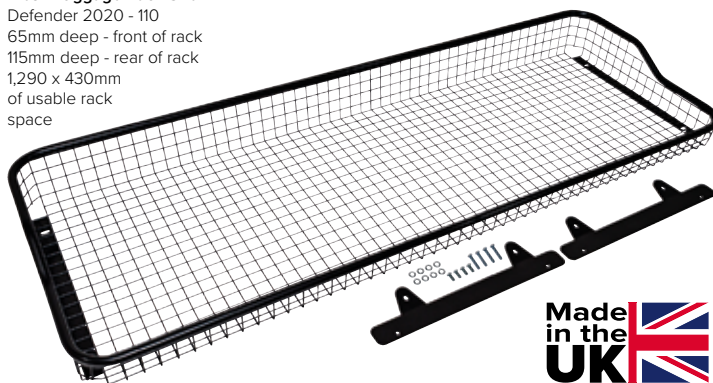

**Will the Defender roof console fit my vehicle?**

The console has been designed to fit all post 1983 Defender models without a sunroof and with a factory headlining. The fixing method does not require removal or cutting of the headlining or sun visors. (Some later models will require trimming of the central area of the headlining when fitting a DIN unit). If you have a non-factory headlining it is unlikely it will fit without modification of the headlining. If you have a Series vehicle, again it is unlikely it will fit without modification.

**DA4692**  
**Utility Wagon Trim Panels**

Protect the interior of your 110 Utility Wagon and improve upon the crude 'unfinished' factory look of the Land Rover 'window' trims with our MUD designed 110 Utility Wagon Trim Panels. The MUD 110 Utility Wagon Trim Panel fits behind the existing 'window' trim panel to create a smart factory look finish. The MUD 110 Utility Wagon Trim Panels are supplied in pairs with cargo nets that create useful extra storage within the cabin walls. Ideal for coats, shopping bags and pet paraphernalia! Each net features elasticised netting and is supplied with black headed flush fit fasteners for a professional appearance. With a typically MUD level of attention to detail, they've had the plastic of the MUD 110 Utility Wagon Trim Panel specially blended to match the correct 'Dark Granite' shade of the original trim panels to provide an OE appearance to the installation. Each MUD 110 Utility Wagon Trim Panel is supplied with four foam insulation panel that sit behind the trim panels to isolate vibrations and provides an additional layer of insulation.

DA2765

DA2764

**Interior Side Trim Panels**

**DA2764** Blank Black  
**DA2765** With nets Black

Defender 90

Designed to offer a smart factory appearance to the interior of any hardtop Defender 90. The rigid plastic trim offers added protection from accidental damage to your hardtop side panels, whilst the easy to clean surface means the rear loadspace remains dog-proof! The basic kit comes as a pair of moulded trim panels. The panels are a one piece moulding from ABS plastic. Each kit comes supplied with four self-adhesive foam backing pads and all the necessary fasteners and instructions. The kits are an easy DIY fit and can be installed with the minimum of tools in approximately 1.5 to 2 hours. Each kit is supplied with four closed cell foam pads to offer additional insulation and sound deadening to the interior of your Land Rover. The foam pads are supplied pre-cut and come fitted with self-adhesive backing for quick and easy installation.

**With Nets**

The recessed areas within the side panel trim has been designed to accept a 500 x 300mm wire frame storage net. Each net features elasticised netting and is supplied with black headed flush fit fasteners for a professional appearance.

**Note** - The kits will fit all Defender 90 hardtops fitted with side panels that have the vertical strengthening rib fitted. Early 90 models have a strengthening rib that runs horizontally across the side panel. Unfortunately the kits will not fit this variant.

DA2766

**Rear Quarter Trim Panels**

**DA2766** Blank Black  
**DA2767** With side window cut out Black

Defender 90

Rear quarter window panel trims to compliment interior side panel trims. The rear quarter window panel trims will finish off the side panel installation with a plastic trim surround to conceal the exposed bare metal to either side of the rear door opening. Available in two styles - with window cut out and without the window-cut-out to suit the later Defender 90 'Van' models when Land Rover stopped fitting the quarter windows as standard in van models. Fitting is a simple screw fixing. Fixings are supplied together with screw caps for a neat appearance. Some minor trimming of this product may be necessary (but not always) due to the variation in the fitment of the side-panels and factory hardtop.

### Optimill Enhancements

#### Optimill Steering Wheel Bosses

**DA8880** Slimline boss 48 splines

**DA8881** Slimline boss 36 splines

Optimill slimline boss, measuring only 32mm in depth. Manufactured from a single anodized billet aluminium. Momo horn button will no longer fit due to this being so slim therefore an Optimill cap is supplied. Boss is supplied with screws and pins to cancel the indicators.

**DA8883** Slimline boss with quick release 48 splines

**DA8882** Slimline boss with quick release 36 spline

Optimill slimline boss fits directly to your steering column, without the need for multiple bosses to be used. Manufactured to the highest standard, hard anodised to prevent wear and designed to give an extra level of security to your vehicle. The slimline boss is just 42mm in depth, meaning it is only 10mm thicker than our original slimline boss. The boss is designed to fit Momo steering wheels or wheels with 6 holes on a 70mm PCD. Momo horn button will no longer be able to be used as the boss is so slim, therefore an Optimill cap is supplied along with screws and pins for installation. Note: This boss has 2 locking pins which are used to separate the boss. These must NEVER be pulled open whilst driving. This is designed as a removable product and it is the drivers responsibility to ensure it is fitted correctly and in full working order before attempting to drive the vehicle.

**Note** - Optimal steering bosses DA8880/1/2/3 don't fit Montney steering wheels DA4650 & DA4654.

## OPTIMILL

#### DA8884

##### Optimill Quick Release Security Lock

Produced as a swivel locking cover to fit over an Optimill Quick Release Boss (36 or 48 spline). Manufactured from billet aluminium. Outer body runs on a bearing to prevent the steering being turned. Anodized in bright orange for visibility. Supplied complete with lock & 2 keys.

#### DA8884DOCK

##### Optimill Quick Release Security Lock Docking Station

Manufactured to screw into your cubby box or where you choose to store your Optimill quick release swivel lock (not included) when not in use. Manufactured from billet aluminium and anodised silver.

Optimill Enhancements

**DA8860**  
**Billet Wing Mirror Arms with Puddle Light**  
 Defender - all models  
 Black. Supplied as a pair.

Manufactured from aerospace grade billet aluminium, anodised and assembled in house at Optimill. Comes pre-wired for heated mirror heads and fitted puddle lights. Manufactured to fit both Optimill and original door hinges. The hinges may require drilling to hide the wires into the door. (Optimill hinges now come pre-drilled to accompany this modification). All fixings and drilling templates are supplied for ease of fitting. These mirror arms are 20mm longer to aid towing trailers/caravans.

**DA8861**  
**Billet Wing Mirror Arms**  
 Defender - all models  
 Black. Supplied as a pair.  
 Manufactured from aerospace grade billet aluminium, anodised and assembled in house at Optimill. Designed to fit both original and Optimill door hinges. All fixings and drilling templates are supplied for ease of fitting. These arms are 20mm longer to aid towing trailers/caravans.

**DA8862**  
**Number Plate Light with Camera**  
 Defender - all models  
 Black  
 Complete with HD 170 degree camera & LED number plate light. Billet machined from 6082 aluminium. Plug & Play to plug into factory Land Rover wiring loom. Fitted using the existing holes in the body. Supplied with foam gasket and stainless steel screws.

**DA8863**  
**Defender Number Plate Light**  
 Defender - all models  
 Black  
 Billet machined from 6082 aluminium. Complete with LED number plate light. Plug & Play to plug into factory Land Rover wiring loom. Fitted using the existing holes in the body. Supplied with foam gasket and stainless steel screws.

**DA8867**  
**Security Bonnet Hinge Kit**  
 Defender - all models  
 Black. Supplied as a pair.  
 These are CNC machined billets of aluminium 6082-T6. Internally pinned to prevent unwanted removal of the bonnet. Anodised for extra protection and longevity. The set comprises of high security stainless steel fixings which are fixed from underneath the bonnet for added security.

**DA8862MONITOR**  
**Rear View Mirror Camera Monitor**  
 Practical high quality 4.3-inch TFT-LCD auto rear-view mirror monitor, which is suitable for car reverse cameras, DVD, VCD player, and supports 2-way video inputs. Works perfectly with the Optimill number plate light with reversing camera. The monitor will start up automatically, and synchronously display the video from the rear view camera when you're backing your Defender. It is easy to install without damaging to any parts of your vehicle - clip the monitor on the original one.

**DA8866**  
**Rear Door Security Hinge Kit**  
 Defender - all models  
 Black  
 Designed with concealed fixings, to prevent access from outside the vehicle. CNC machined from billets of aerospace grade 6082-T6 aluminium. The hinge pins are made of stainless steel which are internally pinned to prevent unwanted removal. The hinges also feature self lubricating graphite bushes to reduce friction and prevent wear. The superior performance of these hinges means there is no longer a need to use a separate swing away type wheel carrier, although are compatible with most makes, they are also compatible with panoramic glass conversions. Supplied with high security stainless fixings.

**DA8862LOOM**  
**Wiring Loom For Number Plate Light With Reversing Camera**  
 Small piggy back wiring loom that fits between original plug and reversing light, enabling fitment of the new number plate light and provide the live power feed for the reversing camera.

**Note**  
 Optimill recommend that no TFR (Traffic Film Remover) solutions found in some cleaning products, should be used on their anodised products.

**DA8864**  
**Front Door Security Hinge Kit**  
 Defender 90 - all models  
 Black  
 With this unique design the door cannot be removed even if the external screws have been removed. Prevention increases security for unwanted removal. These high quality door hinges are CNC machined from billets of aerospace grade 6082-T6 aluminium. The hinge pins are made of stainless steel which are internally pinned to prevent unwanted removal or theft. The hinges also feature self lubricating graphite bushes to reduce friction and prevent wear. Supplied with high security stainless fixings & shims.

**DA8865**

### Dynamat Sound Deadening

#### Dynamat Xtreme Sound Deadening

Dynamat Xtreme is the highest efficiency sound deadening material available and the most effective product for stopping noise and vibration. Xtreme can be used on any and all interior sheet metal and fibreglass body panels. The aluminium constraining layer is very moldable and conforms easily to all interior surfaces. The patented extra sticky butyl layer is formulated with VECTOR chemistry for the most amazing energy conversion capabilities ever. Use it on your doors, floor, roof, bonnet and loadspace for a quiet, cool and incredibly solid ride.

- > Create a solid, luxury car feel with a reduction in road noise
- > Stop resonance & vibrations, reduces buzzes & rattles
- > Improved sound. Get more bass. Hear more of your music
- > For use throughout your vehicle interior, the first step to a great car

Transmission

**Red Booster Servo Clutch Kit**

The Red Booster servo clutch kit makes your Defenders clutch much easier to press. This kit will make your driving a more pleasurable experience and reduce the effort you'd normally put in from driving your Defender. No more painful knees or feet when you are stuck in slow moving traffic!

Designed, engineered and manufactured to the highest standards, Red Booster is a mechanism system that makes it possible for all Defenders to have a servo assisted clutch. Working in a similar way to the braking system with a servo assisted system, it is mounted between the pedal and master cylinder and uses a vacuum from the inlet manifold to reduce the amount of pressure needed on the pedal to operate the clutch.

The left hand drive version - works similar to the right hand drive system. The location of the clutch pedal of a left hand drive Defender is on the far corner of the vehicle and with hardly any space the entire unit had to be redesigned to fit without cutting and drilling your vehicle.

**DA4748**

**Upgraded Engine Breather Oil Catch Tank**

200Tdi & 300Tdi engines  
Allisport high performance aluminium engine breather oil catch tank separator. Manufactured using mounting flange machined from billet aluminium. All engines need to breathe crankcase pressure to atmosphere and most are designed to re-enter the air intake system after the air cleaner.

Standard breather pots use a gauze and mesh design which over time becomes blocked with oil deposits, reducing the capacity to release crankcase pressure and also allowing more oil vapour to enter the intake system. This high performance replacement is designed to effectively reduce crankcase pressure build up on Tdi engines by using an internal baffle rather than the standard gauze and mesh design. Designed to have a practical purpose offering an improvement over the original black plastic units, but will also look great in the engine bay. Will fit all Tdi engines including 2.8 TGV. Manufactured by hand, fully TIG welded. Tank has new integral O ring-seal design - **No More Leaks!!**

**DA4749 NEW**  
**Aluminium Power Steering Reservoir with Internal Baffle**

Defender - Tdi, Td5, Tdci & V8  
Designed to replace the plastic ZF reservoir which is prone to splitting and leaking vapour through the breathable cap, which in turn then collects dirt and runs the risk of water ingress. The external breather design means no unsightly mess under the bonnet and allows routing with high axle/gearbox breathers to eliminate water ingress. Manufactured from laser cut 2mm high grade aluminium with CNC machined pipe connections, knurled cap and external breather. The corrosion resistant aluminium rolled body is fully TIG welded by hand in house. 110mm high (155mm height including cap) & 91mm diameter.

**Power Steering Reservoir Cap**

**DA8895** Standard  
**DA8894** With cooling fins for extreme off-road and racing conditions

Defender  
Anodised aluminium. Includes rubber seal.

**DA8894**

**Aluminium Header Tanks**  
**DA4750**

Defender - 200Tdi/300Tdi/V8  
Discovery 1 - 200Tdi/300Tdi/V8  
Range Rover Classic - petrol & diesel - 1990 onwards

**DA4751** Defender - Td5 & Td4 Tdci  
These are direct replacements for the original plastic tanks which are prone to splitting. TIG welded by hand and manufactured from high specification lightweight non-corrosive alloy, these tanks also aid cooling. Tanks use original pressure release screw cap and are a straight fit with no modifications required. Ideal for motorsport, overland or just to improve the look of your engine bay.

*Direct replacements for the original plastic tanks*

Tailgate Conversion Trim Kit  
Range Rover Sport - 2005 - 2011  
The rear tailgate on the Range Rover Sport changed in 2012 from a two piece tailgate (with opening top window section) to a one piece tailgate & above the registration plate a new silver strip was added that went the width of the tailgate. If you have a 2005 - 2011 model and want to make it look like the 2012 model from the rear you can fit this clever conversion kit. The kit consists of 3 panels - 1. Underside base - section made from ABS plastic in grey primer finish - you will need to paint this part black. 2. Top section - supplied in primed ABS plastic ready for painting body colour 3. Strip section - chrome plated plastic. This is a bolt on replacement kit that replaces the existing panels on the upper tailgate. Easy to fit. More details online.

**DA1921**  
**Double DIN Radio Install Fascia**  
 Discovery 4

Retains visual parking display  
 Upgrade your Discovery 4 head unit and retain the OEM look, feel and functionality of your vehicle. Allows for the complete installation of a double DIN stereo whilst retaining all key factory features. For vehicles with basic display. Retains steering wheel controls, USB input, vehicle warning/park assist functionality and settings menus.

Allows for relocation of OEM clock and button panel. Behind the dashboard the plug-and-play interface will retain the vehicle's steering wheel control functionality, phone buttons and visual parking aid functionality whilst also providing CAN-Bus outputs for parking brake trigger, speed pulse, reverse gear and mute.

To complete the installation, the bespoke fascia panel sits seamlessly in the OEM dashboard, surrounding the stereo and allowing for the retention of the OEM clock. The fascia panel is painted to match the meteor grey components with accents of satin silver to preserve the aesthetics of the dashboard.

**DA2872**  
**CAN-Bus Steering Wheel Control Interface**  
 Freelander 2 - Non Amplified Vehicles  
 CAN-Bus steering wheel control interface. This product retains the vehicle steering wheel controls and factory phone buttons (if vehicle is equipped) when installing a new head unit. In addition, this interface retains the parking sensors audio tones where they are generated outside of the audio system. This product is for non amplified vehicles. Allows you to upgrade to an aftermarket head unit whilst maintaining use of your factory steering wheel controls. Plug and play, no cutting of wires required. Safety: Allows you to keep your hands on the steering wheel and eyes on the road.

#### Internal features

- > **Dairy compartment** - optimised internal capacity includes separate compartment for fruit and dairy products
- > **Reversible basket with divider** - multiple storage options by separating fridge freezer contents or alternatively allowing longer items to be positioned along the length of the cabinet
- > **Drain plug** - integrated into fridge freezer base for effortless cleaning
- > **Integrated evaporator** - designed as an integral part of the interior cabinet, ensuring simplified cleaning and optimum use of internal storage space
- > **Internal LED light** - low power draw LED light with magnetic switch turns off when lid is closed

#### External features

- > **Secop compressor** - highest quality, Secop Compressor with smart electronic control system enables rapid cool down to target temperature
- > **Durable detent hinge** - stainless steel detent hinge ensures the lid can be easily released and securely slid back into place
- > **Rear clips** - rear clips secure 12/24V and 100-240V cables, preventing the plug from being accidentally disconnected
- > **Lid with integrated seal** - tough, two piece injection moulded lid incorporates a recessed seal, preventing excessive wear and damage
- > **Front latch** - simple to use, large over-centre cam lock latch provides a positive seal between the lid and cabinet for maximum cooling efficiency
- > **Control panel** - easily accessible, recessed front control panel with maintenance-free digital temperature display (no dedicated battery required)
- > **Recessed handles** - powder coated steel handles, engineered to double as tie down points
- > **Durable case** - powder coated, robust zinc steel cabinet sides designed to withstand extreme off road conditions
- > **Rubber feet** - integrated into fridge freezer base for increased grip and stability

#### CONTROL BY APP

#### Overview

The tried and proven ARB fridge freezer has been keeping food and drinks cold for many years now they've been given a fresh new look and some cool little upgrades! One of the most exciting updates is the free transmitter module which allows remote display and control via an Android or Apple Smartphone or ARB LINX device. A colour scheme inspired by the ARB Jack, the gun-metal fridge freezer body contrasts perfectly with the black plastics and will look right at home in the back of a wagon, underneath an ARB Canopy. See all the updates, features and benefits of these fridge freezer - [www.britpart.com/chill](http://www.britpart.com/chill)

#### Communication

A transmitting module has been introduced that utilises Bluetooth® connectivity allowing both monitoring and control of your Series 2 fridge freezer. Whether you're in the driver's seat or relaxing in your camp chair, keeping an eye on the temperature of your beers has never been so easy - it can all be done on your Apple or Android Smartphone or ARB LINX device. For existing ARB fridge freezer owners, the transmitter is also backwards compatible on any ARB fridge freezer manufactured post 2014 however, functionality is limited to display only - see website for more details.

More information is available online at [www.britpart.com](http://www.britpart.com)

#### DA8933

##### ARB Remote Electric Fridge Freezer Monitor

Allows you to monitor the operating condition of your ARB fridge freezer from the comfort of your driving seat.

- > Multiple receiving channels for minimised transmission disruptions
- > Large easy viewing backlit display
- > Ability to monitor 2 ARB fridge freezers
- > 30m line of sight or 15m interrupted transmission
- > Quick release bracket for easy removal of LCD display
- > Temperature displayed in either °C or °F
- > Power supply 12V

##### ARB Electric Fridge Freezer Transit Bags

Shields your electric fridge freezer from dents and scratches while also providing additional insulation in extreme temperatures. Made of tough, durable canvas, the functional ARB transit bag features a handy side pocket for items such as the power cord or instruction booklet, as well as openings for the fridge freezer's rubber feet, power cables and drain plug hole. And most importantly, includes an ARB bottle opener!

**Zero Electric Fridge Freezer Range**

- > Dual, independently controlled cooling zones (dual zone models only)
- > Each zone can be set to fridge, freezer or off
- > Removable compartment divider and internal lid (69L dual zone only)
- > Integrated wireless monitoring & control via compatible Bluetooth enabled devices (LINX, Android & IOS)
- > Boost function for rapid cool down
- > Anti-condensation technology
- > Highly efficient, variable-speed compressor
- > Convenient USB 5V, 3000mA outlet for charging phones and alike (fridge freezer must be connected to DC or AC power source for charging)
- > Dual DC power inlet at opposing ends for customised installations
- > Front AC power inlet for quick home or powered site connection
- > Tough, durable steel outer casing
- > Full height corner mouldings for added protection
- > Recessed carry handles with integrated tie down points
- > Quick release, front opening lid with non-slip glass/bottle provision (44L only)
- > Quick release, reversible, side opening lid/s with non-slip glass/bottle provision (60L, 69L & 96L)
- > Easy-view LED display
- > Low power draw LED interior light/s
- > Versatile, removable internal basket system with provision for tall items/bottles

**ARB Zero Electric Fridge Freezer Transit Bags**

Keep your ARB Zero electric fridge freezer looking like new and performing to its maximum potential with a sleek & stylish Transit Bag. Designed to protect the fridge freezer from dents and scratches whilst improving cooling efficiency with its added layer of insulation, the ARB Zero Transit Bag is a great way to protect your investment!

- > Made from tough, durable 100% polyester
- > Easy-fit design
- > Improves fridge freezer cooling efficiency
- > Magnetic lid flaps for seamless integration and convenient fridge freezer access
- > 2-piece design for side opening fridge freezer
- > Allows simple, reversible lid operation
- > Single piece design for front opening fridge freezers
- > Power cord retention system
- > Dual side storage zip pockets
- > Unobstructed fridge freezer control panel
- > Bonus included bottle opener with integrated pocket

**Electric Fridge Freezer Slides**

- > Secure, versatile mounting solution for your Zero fridge freezer
- > Suitable for installation on either passenger or driver's side of vehicle
- > Solid steel construction with zinc plating and black e-coated for superior durability
- > Sealed, heavy duty roller bearings deliver smooth operation and prevent dust and grit ingress
- > Clear access to the drain port of your fridge freezer
- > Quick release locking catch can be positioned on left or right hand side of the slide for ease of use
- > Slide can be locked in the open or closed position
- > Integrated feet locators to keep the fridge freezer secure whilst in transit
- > Tie down provision for securing the fridge freezer to the slide
- > Compact design to minimize cargo intrusion

**Note:** Fridge freezer slide is not suitable for the Zero 96L

## Food Storage

### Electric Fridge Freezers

#### DA1468 60L Elements Weatherproof ARB Electric Fridge Freezer

Capacity 60 litres  
Cooling capacity -18°C to +10°C  
Weight 31.8kg  
External dimensions 435 H x 490 W x 820mm D  
Packed with the features an ARB electric fridge freezer is renowned for and re-engineered to survive out in the elements. ARB's Elements is packed with unique features that not only protect and secure, but also make accessing your food and drinks even easier. ARB's 'No Holds Barred' approach saw their engineers include features previously left on the cutting room floor. To read more about this fridge freezer go to - [www.britpart.com/DA1468](http://www.britpart.com/DA1468)

### Cool Bags

#### 10100376

**ARB Cooler Bag**  
360 x 270 x 220mm  
With ice retention of up to 12hrs and included plastic cooler brick, keep your food fresh and drinks cooler for longer. The space-saving design allows the ARB Cooler bag to be folded flat for easy stowing. Meanwhile, the internal foil lining ensures the bag is well insulated. With the included durable comfortable handles that make carrying a breeze.

10500994  
Retro fit shoulder strap

- > PVC outer shell
- > Plastic ice brick
- > Storage pockets
- > Internal foil liner
- > Compression hooks
- > Gear loops & bottle opener
- > Holds 22 Cans (330 ml) & ice
- > Hard base

#### VPLZS0529LR NEW

**Electric Cool Bag**  
Thermostatically controlled temperature. Easy clean interior surfaces. Vertical space for standing 2-litre bottles. Exterior in high quality Oxford nylon, side in hard-wearing rubber coated nylon.

- > Application: 12 volts auxiliary socket
- > Power input: Approx. 3 A/36 W
- > Capacity: 14 litres
- > Cooling capacity: Max. 25°C below ambient temp
- > Insulation: 20mm solid polyurethane foam; 10mm expanded foam
- > Cooling unit: Thermoelectric elements, cooling only
- > Size: Height 380mm, Length 380mm, Width 220mm

### Toastie Brander

#### ARB4206

The ARB Toastie Brander is designed to make toasted sandwiches on the coals of an open fire or portable burner. Consisting of two cast iron plates with handles formed from Manchurian Ash timber. The Toastie Brander can cook a variety of sandwiches and as the name suggests, brands the ARB logo onto both sides of the sandwich. Supplied with canvas case.

### Tents, Awnings & Shelters

#### Tent & Awning Pegs

#### ARB4158A ARB Supergrip Sand Pegs

- > 4 pegs per pack
- > 370mm length
- > Polycarbonate construction
- > Multiple attachment points
- > Bright orange for best visibility
- > 80.5g each

With a unique head design, the ARB Super Grip Sand Pegs are able to grip more than traditional pegs in surfaces such as soft soil, sand and snow. Made from strong & durable polycarbonate, the pegs will handle the strong winds to sudden gusts. Packing up camp, the bright orange colour makes them super easy to find as well as reducing the potential to trip over them.

#### ARB4159A ARB Guy Rope Set With Carabiner

- > 2 per pack
- > Spring tensioner
- > Aluminium toggle/tensioner
- > Aluminium carabiner - 50kg rating
- > Reflective rope for easy sight at night
- > 108g each

The spring-loaded tensioning system, featuring a heavy-duty spring, helps absorb shocks to the pegs in windy conditions, this in turn ensures your guy ropes stay taut and the peg isn't pulled from the ground. Ideal for use with the ARB awnings as the aluminium carabiner allows it to be simply and easily clipped on to the awning. The ropes also feature reflective sections to help with visibility at night.

ARB Awnings & Accessories

**Awning**  
**DA6828** 1,250 x 2,100mm  
 Easy to mount and operate, these self standing, retractable awnings fit onto the side of a roof rack and are conveniently stored for immediate use on arrival. Specifically designed for harsh outback conditions, the awnings feature height adjustable, telescopic legs and provide fast and convenient protection from the elements. Easily mounting to the side of most roof racks or roof bars, the awning is secured in a heavy duty nylon reinforced PVC bag. Constructed from tough PU coated 300gsm poly/cotton rip stop canvas, the awnings are fully waterproof and offer a UVP 50+ rating. **Note** - You may also need awning fitting brackets - 813401 or 813402 or quick release brackets.

**Awnings & Light Kit**  
**814406** 2,000 x 2,500mm  
**814407** 2,500 x 2,500mm

When touring or camping, having adequate lighting is one of the most important items needed for any trip. Having good bright light, in the right spot and not in your eyes, will further enhance your overnight experience in the great outdoors.

Introducing the ARB awning and light kit, an LED light strip is incorporated into the awning roof. Just like in your home, good quality lighting is in the ceiling, not the walls - therefore placing the light right where it's needed and not harshly in your eyes is important. The slim dimensions of the LED light strip simplifies pack up. The light is rolled up with the awning roof after use and not removed, keeping everything together for your next adventure (make sure the joining cable hangs out about 10cm from the sleeve).

*LED light strip is incorporated into the awning roof*

The ARB awning light provides up to 1200 lumens with a choice of either cool white or amber colour mode and is dimmable via a waterproof digital dimmer switch.

Building a high performance light into the roof came with some challenges. One was making sure we could get the LED strip small enough as well as making sure we could keep them cool so they would not de-rate and dim prematurely. This has been achieved by using quality LED chips that can handle more heat than a standard strip light and also attaching the strip light to an aluminium track for heat dissipation, all sealed in a water tight resin.

Colour feature: Amber mode provides low bug attractant qualities or to provide comfortable late-night soft lighting when out camping or touring with current draw at 1 amp hour.

The light is powered via a fused cigarette lighter plug, with an additional 4 meters of insulated water proof cable and connectors, so the awning can be mounted on either side of your vehicle. Included with the wiring is a handy storage bag to keep all your cables together when the light is not in use.

Remember, using the appropriate ARB Quick Release Bracket for the awnings, you can now correctly mount the ARB 2.5m Awning to any dual cab trade rack.

**Windbreaks**  
**DA6829** 2,500mm Front wind break  
**DA6840** 2,000mm Front wind break  
**813300** 1,250mm Front wind break  
**DA6844** 2,400mm Side wind break  
 Suitable for 2,000mm and 2,500mm awnings only.  
 Not suitable for 1,250mm awning (DA6828).

Designed to angle out from ARB awnings, these wind breaks offer additional protection from the rain while also providing extra shade and sun protection. ARB wind breaks are ideal for creating extra protection and storage for items like swags and chairs under the awning. Manufactured from lightweight PU coated 300gsm poly cotton canvas. Waterproof and UV protected with a UVP 50+ rating. Tie down points for each wind break to further secure the awning.

**Note** - Awning not included.

**Deluxe Awning Alcoves**  
**813209 NEW** 2,000mm  
**813109 NEW** 2,500mm  
 Provides a practical solution to protect you from the elements, in many applications and environments. Whether it's an enclosed shelter for your swag, verandah for the table and chairs or protected space for storage, this alcove is sure to provide a versatile solution against the sun, rain, wind and light. Produced in line with ARB's existing Touring lineup, it features a high density 175GSM polyester ripstop canvas. It is also fire retardant for global markets and includes a durable multi-mesh mat. More information and images available online.

**4X4 ACCESSORIES**

ARB products available in the UK only.

**Awning Room with Floor**  
**DA6832** 2,500 x 2,100mm  
 Designed to function as a fully enclosed room, the awning with floor provides additional weather protection and privacy. The awning room can be used with ARB awnings and features a durable floor, two large mesh windows with roll up blinds and a zippered door with both solid and mesh panels. It is fully enclosed with an integrated roof that hangs just below the main awning canvas. Rear wall features a central door that can be used to directly access the vehicle rear door or canopy depending on awning mounting position. Access points for 12v/240v power leads. Supplied with hardened steel pegs and adjustable tension straps.

**Mosquito Net**  
**DA6831** 2,000 x 2,500mm  
 ARB mosquito nets are manufactured from double stitched, 48gsm midge proof mesh and are available for ARB awnings. Providing a comfortable area to eat and relax, this updated version is now larger and includes a mud/storm flap to reduce grass seeds and other debris from collecting in the lower section of the mesh. Hardened steel pegs are supplied to firmly anchor the room to the ground via adjustable tension straps.

- Features & Benefits**
- > 300gsm awning roof material - Heavy-duty to withstand the elements, mould proof treated, provides excellent UV reduction, one of the highest in class
  - > 1,000mm water head rating - Excellent water proofing
  - > 25mm aluminium poles and arms @ 1.2mm thickness - Superior strength and one of the thickest in the market
  - > 1000D PVC carry bag - Excellent abrasion and UV rating
  - > Welded and heat tape seamed seams - Quality built
  - > Flexible arm joints - Reduce stress and cracking
  - > 1200 lumen, high heat resistant LED's with aluminium extrusion for heat dissipation
  - > Water resistant digital dimmer control - Dimmer rated to IP56
  - > Cool white LED mode - Great for cooking and preparation
  - > Amber LED mode - Great to reduce bugs and mood lighting
  - > Additional cable storage bag provided for when not in use
- Note** - You may also need awning fitting brackets - 813401 or 813402 or quick release brackets.

**Three Wall Set**  
**DA6834** 2,500 x 2,100mm  
 Comprised of three individual walls that wrap around the outside of ARB awning legs, the three wall set is both waterproof and UV protected. Manufactured from lightweight PU coated 300D Oxford polyester, two walls feature windows made from half mesh and half clear PVC, while the right hand wall includes a zippered door that can be rolled up out of the way. Connected via a zip, each wall can be used individually, as a pair or set. Available to suit ARB awnings. Supplied with hardened steel pegs and adjustable tension straps. No rear wall allows for full access to the vehicle. Mud/storm flaps at the bottom of each wall.

### ARB Awnings & Accessories

#### Deluxe Awning Room with Floor

- DA1465** 2,000 x 2,500mm
- DA1466** 2,500 x 2,500mm

Designed to function as a fully enclosed room or mosquito net, the ARB deluxe awning room with floor provides protection from the weather, insects and provides additional privacy. Easy and quick to set up the ARB deluxe awning room can be used with 2500 and 2000 model awnings and features a durable waterproof floor and its own separate ceiling to help keep you cooler. All main wall panels incorporate zipper operated two way solid and mesh access doors for easy access and to accommodate changing weather conditions. Vehicle wall is solid zipper wall only.

- > Keep dry with waterproof walls made from Oxford Polyester
- > Long product life and sun protection thanks to UV treated materials
- > Enjoy a 'bug-free' environment with ultra-fine insect mesh
- > Heavy duty yet lightweight waterproof floor means a dry ground and compact storage
- > Organiser pockets perfect for phones, magazines and sunblock
- > Comes complete with guy ropes and steel pegs
- > Cable access ports for high mounted lighting solutions

**Note** - Kit does not include the awning. You may also need awning fitting brackets - 813401 or 813402 or quick release brackets.

#### ARB Quick Release Awning Brackets

Going one step further with your awning attachments is to have a quick release option. The ability to quickly unbolt your awning for storage or alternatively moving it to a different mounting place is now easier with the ARB quick release awning brackets.

The ARB quick release brackets provide excellent mounting options for all ARB awnings to their roof racks and cages. They provide the correct mounting and in nearly all cases with no drilling or modifications required to mount.

The ARB quick release brackets are easily removable via a simple one bolt configuration. This allows for storage of the awning when it is not required on the vehicle, or the ability to move the awning between vehicles which further expands the versatility of the ARB awning.

Installing the Kit 4 bracket to the rear of the roof rack/cages allows your awning to be moved from the side of your vehicle to the rear of your vehicle in minutes when you are setting up for camping. This provides up to 2.5m of awning space at the rear of the vehicle. The awning will need to be moved back to the side of the vehicle while in transit.

Dual cab mounting with Kit 3 allows a full 2.5m awning to be fitted to the side of dual cabs with the correct 700mm overhang to be adhered too. ARB quick release brackets also provide excellent mounting options for wagons providing strength and durability where required.

Removing the awning when not required allows for reduced weight on the vehicle and additional security when the awning is not required.

#### ARB Aluminium Encased Awnings

- 814102** 2,500 x 2,500mm  
Natural aluminium finish
- 814408** 2,500 x 2,500mm  
with LED lights

Black aluminium finish

The three quick release bungee cords remove the need for zips while the flip-up lid provides unmatched simplicity. An added abrasion resistant material improves the protection of our proven 300gsm, PU coated, fully waterproofed and UV protected canvas while stowed and travelling. The awning is supported by heavy duty 1.2mm gauge x 25mm expandable aluminium poles, anodised for greater corrosion resistance and perfect for setting up by the beach.

- > Aluminium housing offers strength and modern styling
- > Quick release bungee cords on a hinged lid for unmatched simplicity
- > Anodised aluminium for corrosion resistance, perfect for the beach
- > PU coated canvas provides a 100% waterproof overhead shelter
- > Ripstop canvas, a cross-hatched design, improves strength
- > Heavy-duty poles for greater resistance to poor weather conditions
- > Compatible with awning rooms, wind breaks

**Note** - You may also need awning fitting brackets - 813401 or 813402 or quick release brackets.

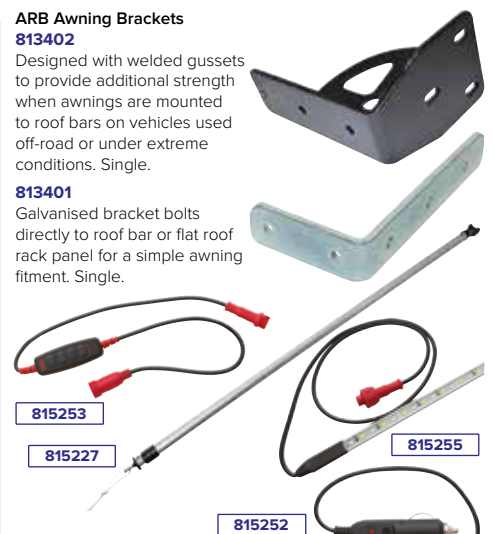

Complementing the design and sophistication of modern 4WDs, ARB's aluminium encased awnings offers a sleek and contemporary alternative to traditional awning covers while adding improved functionality.

#### ARB Awning Brackets

**813402**  
Designed with welded gussets to provide additional strength when awnings are mounted to roof bars on vehicles used off-road or under extreme conditions. Single.

**813401**  
Galvanised bracket bolts directly to roof bar or flat roof rack panel for a simple awning fitment. Single.

## ARB Tents

**802200 NEW****ARB Esperance Rooftop Tent***Compact. Hardshell. Lightweight. Contemporary Design.*

Drawing heritage from the beautiful beaches and crystal-clear waters of one of Western Australia's most renowned coastal environments, the Esperance RTT now expands the ARB rooftop tent family into a super lightweight, slimline and contemporary looking hard shell.

With the brief focused on quick and effortless setup/pack up times, features like an internal telescopic ladder, gas strut assisted opening and only 3 push lock ratchet straps keep travelling a breeze. Not only does Esperance look great at camp but the unique shell design and colour tone also compliments vehicles while packed up.

**Lift, Pull & Rest**

- > Setting up is as simple as unclamping the cover, lifting it up, and folding out the tent via a pull
- > Can be packed up with compact bedding left inside
- > Internally stored telescopic ladder

**Roomy & Comfy Interior**

- > When set-up, enjoy a large overall internal bed space: 1520mm (L) x 2000mm (W) x 1200mm (H at centre)
- > 40mm thick, high-density sponge with a quilted polyester peach skin mattress cover that's removable for washing
- > Manage airflow via the 3 zippered windows featuring dual midge-proof mesh screen
- > Stargazing moonroof

**Extra Protection**

- > Wind resistant, slimline shell design that has been designed with a streamlined mould
- > Stainless steel hardware for long term durability
- > Canvas is made from 200GSM poly cotton fire retardant with a silver coated 2m water head
- > Fly is made from removable 210D fire retardant canvas, with silver coated 3m water head

**Handy Features**

- > Features an internal dimmable LED strip light with concealed cables
- > External LED strip lighting to help you out late at night
- > Includes internal storage pockets, shoe pockets, cargo pockets, mounting kit and hardware

**Specifications**

- > Packed Dimensions - 1,520mm (L) x 1,220mm (W) x 330mm (H)
- > Open Dimensions - 1,520mm (L) x 2,000mm (W) x 1,200mm (H)
- > Weight - 56kg dry (approximately)
- > Sleep Persons - 2 adults & 1 child
- > Tent Weight Limit - 500kg
- > Ladder Weight Limit - 150kgs
- > Shell Material - ABS with acrylic compound material
- > Mattress - 40mm, high density sponge
- > Mattress Cover - 3-layers quilt polyester peach skin
- > Fabric of Rain Cover - PU300mm, UV50+, PU+silver plating, Oxford, 210D, FR free
- > Fabric of Main Tent - PU300mm, UV50+, PU+silver plating, poly-cotton canvas, 200g, FR free
- > Mesh - 100% polyester, 50g/m<sup>2</sup>, 68D
- > Roof Rack/Cross Bars requirement - Your roof rack and cross bars MUST have load limit over 75kg. Your cross bars MUST be at least 760mm apart and height is less than 40mm. Please consult your vehicle's manufacturer regarding the load limit.
- > Speed Limit - The recommended speed limit to not exceed when having the tent on your vehicle is 68 mph. Driving speed should always be adjusted according to the current driving conditions, such as road type and quality, weather (wind conditions, rain), and applicable state speed limits.

**803300****ARB Flinders Rooftop Tent***Compact Without Compromising On Camping Comfort*

With a quick set-up and pack-up as well as the added practicality of storing all your bedding inside, with the ARB Flinders rooftop tent you're one fold away from a good night's sleep in a comfortable space that'll go wherever you and your 4WD take it!

Spacious inside with 3 surrounding zipper windows, a skylight-style roof and built-in internal light and USB charging port, the Flinders rooftop tent is conveniently compact on the outside with a lower packed height for reduced wind drag and less added height to your vehicle.

**Easy Set-Up & Hassle-Free Pack Down**

- > Set up and pack down is simplified thanks to the zipped cover which does not have to be removed
- > Setting up is as simple as unzipping the cover, opening out the tent using the ladder and sliding the expendable poles into position – all internal poles will intuitively fan out into place
- > Packing down is easy via 2 internal bungee lines to help pull the sides of the tent in as it folds down

**Internal Light, USB Charging Points & Storage Pockets**

- > Features an LED touch lamp and 2 x USB charging points that can connect to a vehicle's 12V outlet
- > Includes 4 storage pockets, shoe pockets, pack down bungee cords, 5m lighting cable extension, mounting kit and hardware

**Compact & Lower Profile**

- > The lower packed height of 200mm (without ladder affixed) results in reduced wind drag and adds less overall height to the vehicle
- > Compact size allows for improved aerodynamics as well as improved access to low roof areas and tracks with low canopies

**Removable ladder****Large Internal Space With Windows**

- > When set-up, enjoy a large overall internal bed space: 2400mm(L) x 1400mm (W) x 1,200mm (H at centre)
- > Manage airflow via the 5 zippered windows featuring dual midge-proof mesh screen
- > Rain and sun awning shelters to side windows and entrance
- > Integrated vent ensures maximum airflow and reduced condensation
- > Includes comfy 50mm high-density foam mattress with bedding retention straps

**Specifications**

- > Packed Dimensions - 1,400mm (L) x 1,200mm (W) x 200mm (H) (300mm H with ladder)
- > Open Dimensions - 1,400mm (L) x 2,400mm (W) x 1,400mm (H)
- > Weight - 56kg dry (approximately)
- > Canvas - 300gsm poly-cotton rip-stop canvas & 420D Oxford polyester fly for sunroof and window awnings
- > Outer cover - 600gsm heavy-duty grey PVC cover
- > Base - ABS laminated insulated aluminium internal frame
- > Frame - Internal metal camlock bows with 25mm diameter frame
- > Ladder - Aluminium sliding ladder - 120kg rating
- > Windows - 3 windows, 1 x door entry, a skylight and an all-weather ventilation port
- > Mesh - Midge proof mesh
- > Seams - Internal seam sealing and bar tack stitching on tensioned areas
- > Zips - Self-repairing coil zips
- > Lighting - 300 lumen LED touch lamp, 2 x USB sockets at 2.1A and 12V socket
- > Mattress - 50mm high-density foam mattress with bedding retention straps

### ARB Tents

**DA8981**  
**ARB Simpson Rooftop Tent & Annex**  
1,400 W x 2,400 L x 1,300mm H

The ARB Simpson III rooftop tent will provide the ultimate in ease and convenience when travelling. Unfolding in minutes, a rooftop tent provides sleeping quarters off the ground, protected from the elements. Spacious and comfortable, all bedding can remain inside the tent during the journey, freeing up vital storage space in the vehicle, and allowing the tent to be quickly and easily packed away. More images available online.

**Features**

- > Incorporates an updated design and new materials for better strength, rigidity and water resistance
- > Manufactured from high quality, poly/cotton fabric
- > Incorporates Oxford polyester flysheet with excellent water shedding ability
- > Sturdy aluminium retractable ladder
- > High density bonded chip foam mattress with removable cover for increased comfort and durability
- > Incorporates pull out veranda
- > Insect screened windows and door
- > UV stabilised laminated PVC cover
- > Bungee cord system to assist when closing
- > Easily mounted to ARB's purpose designed roof rack
- > Can be configured to unfold off either the side or off the rear of the vehicle
- > All aluminium components feature an anodized finish for improved corrosion resistance and appearance
- > Comes complete with mounting hardware, wrenches, ladder, travel cover and comprehensive instructions
- > ARB awnings can also be paired with the rooftop tent

**DA1419**

Weight - 10.5kg

**SDS200** ARB SkyDome Double Swag Tent  
2,150 L x 1,400 W x 450 to 800mm H  
Weight - 14kg  
**SW002** ARB SkyDome Peg & Pole Kit  
Replacement peg & pole for SDS200 **NEW**

Incorporating the latest in swag design and comfort, the ARB SkyDome swag has been designed from the ground up to meet the exact needs of 4WDers and tourers alike. To counter the claustrophobic feeling caused by some swags, ARB's SkyDome range has been designed with very generous dimensions. The industry-leading height from head to hip allows occupants to move around freely and spread out without feelings of confinement. The large mesh areas provide excellent ventilation to reduce internal condensation, with additional canvas flaps and insect-proof mesh in the roof zone of the Series II improving cross-flow ventilation to enhance airflow and make it cooler and even more comfortable during warmer nights. The freestanding architecture means ARB SkyDome swag require no pegs or guy ropes when deployed on flat surfaces. Matched with waterproof materials and a high-density corrugated 75mm foam mattress, the SkyDome will ensure a dry and comfortable night's sleep in any conditions. Rain gutters to divert water from windows. Each tent has 4 x internal storage pockets, a torch holder and 2 x hanging hooks.

- > 500gsm - rot & mildew proofed canvas
- > High tensile wax coated core spun thread
- > Ultra-fine 135gsm midge proof mesh
- > 970gsm PVC base
- > 75mm corrugated foam with anti-microbial treatments
- > Improved air ventilation
- > Genuine no#10 YKK zippers with anti-corrosion
- > 11mm aluminium poles

## 4X4 ACCESSORIES

ARB products available in the UK only.

**ARB Cargo Gear SkyDome Swag Bags**

**10100385**  
Single SkyDome Swag  
1,000mm L x 450mm D

**10100390**  
Double SkyDome Swag  
1,500mm L x 450mm D

These ARB Cargo Gear bags have been developed specifically for storage and transit of the ARB SkyDome Swags. The bags feature moulded rubber carry handles on either end along with a removable shoulder strap. Unique to the swag bags are four adjustable tie down straps integrated into the bag to allow it to be secured to a roof rack without the need for additional straps.

- > Outer shell made from tough, Oxford weave PU coated fabric and rubber panelling
- > All seams are heat sealed and taped to ensure storm proofing
- > Roll up top closure with 'Sure Grip' buckles to create water resistant seal
- > Removable body curve shoulder strap
- > Grab handles on either end of bag

**BSWAG**

**ARB BootSwag**

When designing the range of SkyDome other swags, the boot mat found on numerous other swags was intentionally omitted due to the nature of these flaps getting dirty and soiling the swag when rolled up. The BootSwag is ARB's creative solution to this challenge and features a zippered front flap, large boot mat and a dome section made from waterproof Oxford fabric. Being a standalone item, the BootSwag can also be used with other touring products including the ARB roof top tents where it can be placed at the foot of the ladder.

Boot swag - 460 L x 500 W x 340mm H  
Boot mate - 580 L x 500mm W

- > Waterproof, heavy-duty PVC base and boot mat
- > Designed to protect footwear from the elements at night
- > Manufactured from PU coated Oxford polyester for optimum water shedding ability
- > Free standing design with 4 pegs included
- > Durable fibreglass bows and rod
- > YKK zipper and nickel plated brass eyelets for corrosion resistance
- > PU coated Oxford polyester storage bag

**803301 NEW**  
**ARB Tent Lighting Kit**

The perfect addition to any camping setup, ARB's Tent Light works seamlessly with a large range of rooftop tents and awnings. Simple to set up and featuring a touch-sensitive switch, the Tent Light helps to light up the night wherever you are, without needing to fumble for switches in the dark of night.

- > Light output 300 lumens dimmable light output
- > Suited to 25mm clamps to suit ARB Flinders, & ARB Simpson tents as well as other awnings and rooftop tents with 25mm poles
- > Current draw Up to 1A @ 12V for lighting from 12V cig plug
- > Power output Two USB ports (2.1A and 1A) and a 12V cig plug
- > Weather-resistance IP54 splash resistance and weather-resistant external plugs and fused 4m cable

**ARB Camping Chairs**

**DA8929**

**ARB Air Locker Camping Chair**

Rated to 120kg and has a host of features, including a padded seat and backrest, convenient drink holder pouch, side pocket with Velcro flap for your keys, wallet or other small items, and a mesh magazine pocket on the rear of the backrest. Manufactured from durable nylon Oxford weave material, the chair also comes with a matching carry bag for compact storage and transportation.

**10500101**

**ARB Camping Chair**

Rated to 150kg. The ARB camping chair is built with quality and comfort in mind. Made from durable nylon Oxford weave. The chair also features a convenient drink holder table, side pocket, additional drink holder pouch and mesh magazine pocket. The zippered storage bag features a shoulder strap making it easy to transport and is ideal for protecting the chair from dirt and dust when not in use.

More information available online

**10500131**

**ARB Compact Directors Chair**

Rated to 130kg. The ARB compact directors chair is the luxurious camping chair solution! The chair features Old Man Emu colours, full high back support, auto folding table with cup holder, padded armrests, safety lock out button, unique any-terrain legs, integrated fully PVC welded no leak cooler bag and an abundance of pockets and organisers which all fold neatly down into an easy pack carry bag.

**ARB Camping Table**

**10500130 ARB Compact Aluminium Camp Table**

The perfect size for packing neatly away into your vehicle, yet big enough to get a family of 4 around. Made from aluminium, the design utilises a full diameter aluminium slat providing a strong sturdy surface, as well as heat resistance for cooking preparation. A great place for dinners or another storage spot to keep your camp items off the ground. Cross braces are used to provide additional support providing a unique sturdiness not seen in similar tables. Pack up size is great which is all neatly stored away in a compact bag.

- > Table surface size - 860 L x 700 W x 700mm H
- > 22 x 22mm black anodised legs
- > 600D PVC back nylon carry bag
- > Table can hold up to 30kg when assembled
- > Unique table pins to keep table together if moved
- > Folds up easily for carrying and compact storage - 880 L x 210 W x 125mm H

**ARB Quick Fold Stretcher Bed**

**10500140**

**ARB Quick Fold Stretcher Bed**

Sometimes finding a soft place to set up your swag or tent is next to impossible. Anyone who's had to sleep on rocks can tell you that unless you're travelling with a pillowtop mattress, you're going to feel the ground all night. The ARB Stretcher has been developed for use underneath your swag or on its own, it features a quick-fold design for an almost instant set up, meaning you can set up in a snap, giving you more time to relax and enjoy your surroundings. When you're finished, the ARB Stretcher packs up quickly and easily, and stores into its rugged storage bag ready for your next adventure. An included strap with hooks secures your swag to the stretcher via the peg down points on the head end of your ARB swag and by using the included pack up/roll up straps sewn into the ARB swag you can secure the base. The quick-connect boot bag, supplied standard with the ARB Stretcher, keeps your boots and other essential items off the ground and safe from creepy crawlies.

- > Easy connect boot bag - great for storage of your boots and other personal items
- > Quick fold system makes pack up a breeze
- > Anti-rock feature to keep you steady and still for the entire night.
- > 600D nylon padded top, providing comfort and support
- > Heavy-duty steel frame
- > 600D nylon storage bag
- > Weight rating - 150kg
- > Pack weight - 12kg
- > Open size (LxWxH) - 2,110 x 820 x 460mm
- > Pack down size (LxWxH) - 1,050 x 210 x 210mm

10500070

10500070

### ARB Pureview 800 Torch

The ARB Pureview Torch 800 is a rugged and versatile torch. With a beam distance of up to 300m, this torch provides excellent distance.

#### Features & Benefits

- > 800 lumens
- > LUMINUS® SST40 with 50,000hr life span
- > 300m beam distance
- > 2600mah 18650 li-ion battery
- > High, medium, low & strobe
- > 5000-8300k colour temp
- > 800 lumens high - 1.5 hours runtime
- > 400 lumens medium - 4 hours runtime
- > 200 lumens low - 7 hours runtime
- > Strobe - 20 hours runtime
- > Hidden micro USB charge port internal charging with charge indicator
- > IP55 dust/mud/water resistant
- > Polycarbonate shatter-proof lens
- > Quality braided USB cable
- > Tested to world standard ANSI ratings
- > Aircraft grade anodised aluminium
- > Includes lanyard and magnetic belt pouch
- > Laser etched ARB logos

#### Technical Specifications

- > Beam distance - 300m/984ft
- > Lumens - 800 high, 400 medium, 200 low
- > LED type - LUMINUS® SST40
- > Battery - 3.7V 2600mah 18650 li-ion battery
- > Runtime - 8 hours - low, 4 hours - medium, 1.5 hours - high & 20 hours - strobe
- > IP rating - IP55 (Dust/mud & high-pressure water resistant)
- > Charge time - Up to 4 hours via USB charge cable
- > Accessories - Micro USB high current braided cable, belt pouch
- > Certificates - CE & RCM(SAA)

More information about these ARB torches is available online at [www.britpart.com](http://www.britpart.com)

### ARB Horizon Area Light

Great for additional lighting around the campsite or for those unfortunate breakdowns. Having the ability to charge the battery and run the light at the same

time is a big plus to withdraw limits on battery capacity.

- > 4000mAh @ 5V power bank
- > Li-Ion battery - 7V
- > Lumens - 1000/2000 Lumens
- > High powered COB LED - Flood light beam
- > High pressure die-cast aluminium body
- > 2-4hr Run time on battery (high to low)
- > Charge & run at the same time
- > In-car charger included
- > IP67 water and dust resistant
- > Magnetic swivel mounting base with rubber feet
- > CE, FCC, RCM, RoHS, BC & PROP 65 approved and meets or exceeds standards required

10500073

### ARB Horizon Flash Light

The perfect companion for getting around at night on foot. Inbuilt battery indicator will ensure you don't get caught with flat batteries. The added ability for the light to charge phones is your perfect backup for blackouts at home or emergencies.

- > 4000mAh @ 5V power bank Li-Ion battery
- > Lumens - 60-600Lm
- > Digital smooth dimming control
- > Recessed dual function switch - 1 press battery indicator, 2 presses power on
- > Coloured battery indicator
- > Aluminium extruded body
- > 180m beam distance @ 1 Lux
- > 2-20hr Run time (high to low)
- > Type-C & type A braided cord - can be used as carry handle also
- > IP54 water and dust resistant
- > CE, FCC, RCM, RoHS, BC & PROP 65 approved and meets or exceeds standards required

10500080

### ARB Horizon Work Light

This work light has a wireless charger included and is compatible with any Qi certified wireless smart device & charged via type-C USB cable. The wireless charging base has rare earth magnets built in for auto locating the light to the correct charging area and also making it stick to all good metal surfaces. Included are touch tape straps to assist with holding the light in place for those bumpy roads.

- > 3200mAh @ 5V power bank Li-Ion battery
- > Large COB work/front light - 50-500Lm
- > Flash/top light - 150Lm
- > Digital smooth dimming control work light
- > Dual function switch - 1 press battery indicator, 2 presses power on
- > Flush mount dual control switch
- > Aluminium extruded body
- > Magnetic mounting and hooks
- > 2-20hr Run time (High to Low)
- > Three colour charging indicator
- > Type-C USB charging cord
- > IP54 water and dust resistant
- > Qi Certified wireless charging base - suitable for phones, earphones etc
- > Magnetic attachments for mounting and charging
- > Touch tape fasteners for additional securing
- > CE, FCC, RCM, RoHS, BC & PROP 65 approved and meets or exceeds standards required

DA1592

DA1593

The Trasharoo is a spare wheel mounted rubbish carry bag. It is the ultimate solution for keeping rubbish, along with their unwanted smells and leaks out of your vehicle. But it isn't just ideal for storing rubbish, Trasharoo is perfect for storing and carrying -

- > Wet suits & surfing gear
- > Muddy boots & clothes
- > Firewood & charcoal
- > Off-road recovery gear

DA1591	Black
DA1592	Beige
DA1593	Green

*The ultimate solution for keeping rubbish out of your vehicle*

Features

- > Fits a standard rubbish bag for ease of removing rubbish
- > Drawstring to keep rubbish secure
- > Will fit any tyre up to 40"
- > Designed to carry up to 22kg
- > Made from high quality 900 denier canvas
- > Water resistant interior coating for bad weather
- > All buckles and straps are double stitched
- > Built in flap zipper for storage of rubbish bags, gloves straps etc
- > 'X' strap design keeps the bag secure over thousands of miles

- > Drainage holes for any unexpected leaks
- > Slide over nylon covers to protect buckles from UV rays and dirt
- > Mesh elastic pockets and Molle straps for added storage
- > Can be used as an emergency back pack

ARB Track Pack

ARB4305

This versatile Track Pack provides storage for unwanted smelly rubbish and recyclables. Keep your rubbish sorted with unique internal dividers to create dual compartments, one for recyclables and one for general waste. The Track Pack can also be used to keep wet towels and clothes from a day at the beach or additional storage for dirty items or recovery gear. More information available online.

- > Large twin main compartments - overall 60 litres of space
- > Centre removable divider for organization of rubbish or gear
- > Top lid organiser for keys, rubbish bags or sunscreen
- > Twin side pockets with shackle holders
- > Full mesh base for easy clean out
- > Suits tyres up to 35"
- > Reflective strips for safety
- > Three point harness with anti-slouch strap
- > Security strap to deter thieves from stealing your bag
- > Includes built-in bottle opener

Expedition Boxes

Stay organised & keep your equipment protected with these durable, stackable storage units.

DA9993

Low Lid Expedition Box

510mm L x 400mm W x 230mm H  
Internal Dimensions  
450mm L x 340mm W x 205mm H

DA9994

High Lid Expedition Box

External Dimensions  
510mm L x 400mm W x 295mm H  
Internal Dimensions  
450mm L x 340mm W x 293.5mm H

Boxes shown stacked - supplied as singles

DA9993

DA9994

Manufactured from super tough black high density polyethylene plastic, the boxes lock tight with catches and feature a ribbed structure for additional strength. The boxes can be stacked on top of each other, with the base fitting firmly with the lid below reducing shifting of cargo in transit. Given the rigid structure of the boxes, ratchet straps can be used to hold boxes in position without damaging any of the contents. The storage capabilities of these boxes are limitless - from camping equipment, food supplies, recovery equipment, camera supplies and much more. Enabling you to keep your packing space organised and easy to access, whether that be in the boot or on the roof rack. The boxes are big enough to hold your supplies, whilst still being easy to lift in and out of your vehicle and are available in low and high lid options.

Features

- > Durable high density polyethylene plastic
- > Lock tight with catches
- > Integrated grab handles
- > Water resistant
- > Drainage holes
- > Stackable
- > Ribbed structure

DA9994

### ARB Stormproof Bags

The ARB Stormproof bags have a large roll-up (non-zip) opening - perfect access for packing and unpacking your contents. This unique roll-up opening with side tie down buckles creates a waterproof and dustproof environment, allowing you to store your cargo bag outside or transport it on your ARB roof rack. All ARB Stormproof bags now feature looped webbing straps on each side of the bag. The larger end loops accommodate tie down straps to retain your bag on the roof rack during transport with the other loop webbing straps suitable for attaching additional gear or hooks to the exterior of your ARB bag.

#### Features & Benefits

- > Polyester waterproof shell
- > PVC abrasion resistant base materials
- > Gear loops
- > Quick release buckles
- > Tie down loops, perfect for ratchet tie downs (fits ARB tie downs and others)
- > Stone coloured polyester
- > Strong double stitched webbing carry handle
- > Exterior mesh quick access pocket
- > Convenient shoulder strap included
- > Styled ARB logo

### ARB Toiletries Bag

#### ARB4209

#### ARB Toiletries Bag

The ARB toiletries bag features ample space for two people and enough organisation compartments to keep all your items neatly in place on your next trip. Mesh pockets allow for good drainage, whilst the inclusion of a mirror ensures you look your best when next on the trails or heading off to the pub for dinner after a day out on the tracks.

- > PVC outer shell
- > Modern charcoal finish with red highlights
- > Up to 6 mesh storage pockets
- > Mirror
- > Storage loops
- > Hanging hook
- > Contents not included

### ARB Utility Case

#### ARB-4344

The ARB Utility Case makes finding your gear when you arrive at your destination nice and easy. It has a total of eighteen storage pockets that are perfect for storing cutlery, cooking utensils and other trail necessities with the added feature of a large removable pocket. The internal permanent pocket provides storage for plates. The inner compartment is built with heavy-duty mesh sections for storage of quick-to-reach items such as napkins, spices, or sauces. Housing all of your kitchen utensils is ten various sized smaller pockets with secure straps to keep your utensils from moving around. On the sides are slip pockets for small

chopping boards or other flat objects. Finally, a paper towel roll enables a quick clean-up and is secured with easy-slide steel buckles. Not only is this utility case great for your kitchen setup, it can also function as a trail tool kit. The utility case can be zipped up using the heavy-duty zipper providing easy access to your kit anytime.

#### Features & Benefits

- > 18 various size pockets for all your storage needs
- > Great for cooking utensils & cutlery, or tools
- > Handy removable pocket to store camping mugs or bulky items

- > Removable pocket has velcro/hook touch tape so it can be secured to drawer carpet
- > Webbing straps with metal hooks to allow suspension from the ARB Track Shelter or ARB Awning
- > Webbing strap to hold your paper towel roll
- > Rubber grip handle for carrying
- > Heavy-duty zipper to close neatly for stowage in an ARB Drawer system
- > Rubber ring pull to glide zipper open and closed - great if you're wearing gloves
- > Made from 600D heavy-duty poly Oxford material

Navigator products available in the UK only.

### ARB Fire Pit

#### 10500200

##### ARB Fire Pit

This is a seriously sturdy and versatile fire pit that will be just as useful at home entertaining guests in the backyard, as it will be at your favourite campsite. A fire pit for camping has to be portable and while the design of the ARB Fire Pit might not scream "revolution", they have added some key elements that make a good design great. The base structure of the fire pit is a five-piece assembly, slotting together without requiring any tools. To ensure longevity and improved heat retention, all pieces are cut from a solid three-millimetre sheet of REDCOR® steel. A base plate ensures the coals and associated heat remain in the pit, while the top edges are folded with integrated tabs to secure the included cooking grill. It is also designed to suit your own sourced cast iron BBQ plates and rotisserie. The included cooking grill utilises half of the fire pit's top opening and features both a grill and hotplate section. The cooking grill is made from 4mm mild steel and can be seasoned with cooking oil and a quality fire. The whole unit collapses down and fits neatly into the supplied Australian made canvas carry bag.

##### Weathered Look

REDCOR® is a new class of steel that won't rust, but will weather to a nice patina. This look and finish are the actual desired look and finish of this material and is not a warranty concern. The steel was specifically picked to do this and some customers may have concern around this, but this is the finish and look we aimed for. The patina will actually provide additional protection to the fire pit and keep in good use for years to come.

##### Key Features

- > Keeps fire contained and controlled
- > Included mild steel cooking plate
  - Can be used to cook directly on once seasoned
  - Perfect for boiling camp kettles or keeping cooked food warm
  - Mounting tabs for 320 x 480mm cast iron plates (not included)
- > REDCOR® steel by BlueScope - high heat handling and only rusts/weathers to a nice patina finish
- > Flat folding design and packs into strong 10oz canvas bag
- > Rotisserie mounting holes (rotisserie not included)
- > 4x Included bottle openers

##### Technical Specifications

- > 3mm REDCOR® steel by BlueScope
- > Cooking grill - 4mm mild steel
- > Carry bag - 10oz canvas bag with strap
- > Weight - 18kg
- > Packed dimensions (LxWxH) - 600 x 300 x 35mm
- > Open dimensions (LxWxH) - 600 x 496mm x 300mm
- > Cooking grill dimensions (LxW) - 580 x 272mm

Landy Books

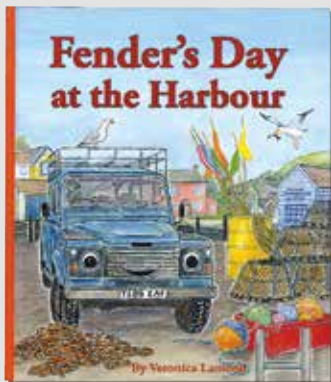

**LANDY**  
 "Landy has been left abandoned for many years until, one day, Jack finds him..."

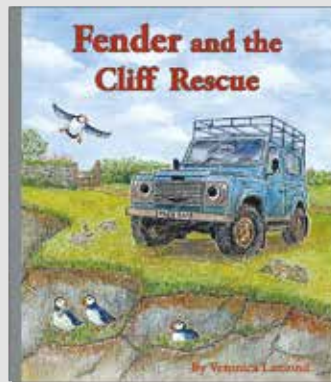

**LANDY NEW HOME**  
 "Jack and Landy are busy setting up their small holding but Landy feels left out. When Fender arrives, Landy realises he hasn't been forgotten after all..."

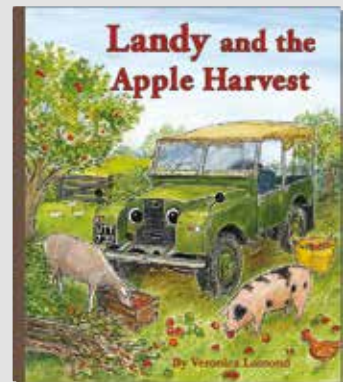

**FENDER**  
 "Scamp races Fender down the track - they have lots of things to do and lots of friends to meet..."

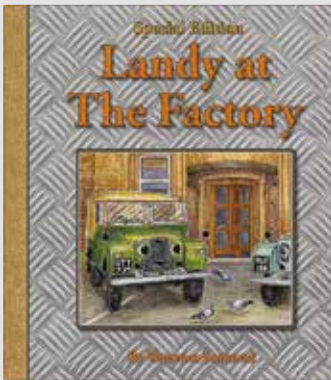

**FENDER HARBOUR**  
 "Fender watched the fishermen fixing their boats and the swing shovel at work. Meanwhile, Dan and Jack weren't having much luck..."

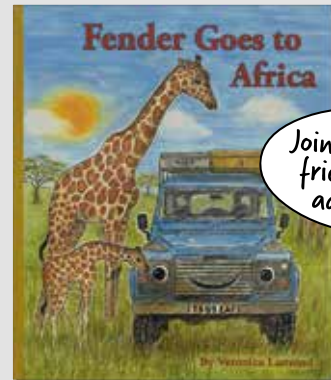

**FENDER RESCUE**  
 "Dan and Fender spend a day working up on the cliff top. Then Jack calls for help and they drive off to the rescue..."

**LANDY HARVEST**  
 "After a very windy night, Jack decides it's time to gather up all the fallen apples. Landy helps him bring the harvest home..."

**LANDY FACTORY**  
 "Inside the envelope, he found a letter from the Land Rover factory. "How exciting, Landy," said Jack. "We've been invited to visit the factory to celebrate your 60th birthday!"..."

**FENDER AFRICA**  
 "Fender and Dan are on their long trip through Africa, from Cairo to Cape Town. Come and join them on their exciting adventure..."

*These charming hardback books, which are beautifully written and illustrated by Veronica Lamond, are an excellent gift idea for any Land Rover fan - whatever their age!*

Join me and my friends on our adventures!

### Land Rover Original Technical Publications

The days of hunting around auto-jumbles for grubby and damaged workshop manuals, parts lists and owner manuals are over! At least they are if you own one of the many classic Land Rover and Range Rover models covered in the range of Original Technical Publications compilations. Carefully reproduced from the extensive historical archives in England and in the USA, we are pleased to give you access to the original Land Rover publications needed to run and maintain your classic Land Rover, including parts catalogues (most models), service manuals and owner's literature. Original parts books, workshop manuals and handbooks for Land Rovers and Range Rovers have always been greatly sought after, and rightly so: nothing compares to a Land Rover workshop manual compiled by the car's manufacturer. Now owners and enthusiasts have the opportunity to effortlessly collect all the original publications for their favourite Land Rover or Range Rover, on one handy and cost-effective title. These publications are the original publications used by the Land Rover parts department, service garages and sales departments when these cars were still in production and being serviced. Each section provides detailed information on major systems, diagnostics, troubleshooting, overhaul, as well as the removal and installation of major components. Compiled in an easy to understand format, these publications contain step by step processes designed for the mechanic and the enthusiast. In addition most manuals are filled with detailed illustrations and sometimes photographs and diagrams to help with identification of components and proper assembly. What's more, you can find information and links to Land Rover Cars, Land Rover Heritage, Land Rover Clubs and Original Technical Publications. Check out the latest picture galleries, video and media archives - even download classic Land Rover and Range Rover wallpaper to personalize your computer, tablet or phone.

#### Online eBook\*

The online eBook wallet includes additional text and instructions as well as the web address required to access the interface and content from a personal computer (Mac OSX or Windows) as well as tablets or handheld devices (Mac iOS, Windows or Android). The eBook product provides each registered customer with a single license for one device. In other words, if a customer registers their personal computer they would be able to access BOTH the USB (if applicable) as well as access the information online on that device. If a customer registers their handheld device (iPad, tablet or hybrid) they would ONLY have access on that device once the viewer is installed and the license is authenticated.

\*Note: The 'online access' option does not apply to the Portable USB. See opposite.

#### Product Features

- > Printable (Windows only) - print only the pages you need
- > Viewable & zoomable
- > Searchable - search the entire section in seconds
- > Bookmarked - manuals are bookmarked to quickly locate sections

#### System Requirements

- > User must have administration rights to allow installation.
- > PC Windows 10 or later, Safeguard Windows PDC viewer
- > Mac OS X 10.8 (64 bit) or above, Safeguard OS X PDC viewer\*
- > iOS 9.1 and above Safeguard Mac iOS viewer
- > Android 5.0 and above Safeguard Android viewer
- > Printing not available for Apple OSX or iOS applications unless running a Windows emulation software.

*Both products are Handy & Easy to use!*

#### Portable USB

USB for Windows PCs. Installation of viewer on host computer is all that is required as the user license is bound to the USB. Internet access is not required for use or activation unless the user is prompted to check for a viewer update for the particular device where the USB is being used. Each (Portable USB ebook) product is a portable software product, no registration or activation is required. DRM license is bound to the supplied USB enabling product access only to that particular.

#### Product Features

- > Printable - print only the pages you need
- > Viewable & zoomable
- > Searchable - search the entire section in seconds
- > Bookmarked - manuals are bookmarked to quickly locate sections
- > Internet not required
- > Portable between Windows computers
- > Secure documents are instantly accessible just like ordinary files

#### System Requirements

- > PC - Windows 10 or later. USB port, Safeguard Windows PDC viewer. Must have administration rights to allow installation.
- > USB port

See [www.britpart.com/otp](http://www.britpart.com/otp) for much more in depth information about what is included with each product. Far too much to list here!

<b>LTP3001USB</b>	Series models - 1948 - 1985. Includes military Land Rover 90, 110 & 127

#### Which OTP Product is best for me?

The Original Technical Publications are now available in two formats - Portable USB Online eBook.

#### Windows PC

User has 2 choices - Portable USB or Online eBook. Windows 10 or a later version. Requirements - USB port & Safeguard Windows PDC viewer. **Note** - Portable USB recommended as it can be easily moved from computer to computer - internet not required.

#### Apple OSX

Online eBook access via the online access URL. Mac OSX 10.8 (64 bit) & above. Requirements - Internet access & Safeguard OSX PDC viewer.

#### Apple iOS

Online eBook via the online access URL. iOS 9.1 & above. Requirements - Safeguard Mac iOS viewer. **Note** - Online eBook is recommended as it is everything you need when using from your iPad - works best with internet

#### Android

Online eBook via the online access via the online access URL - works best with internet. Android 5.0 or later. Requirements - Safeguard Android viewer.

**Notes** - Printing not available for Apple OSX or iOS applications unless running a Windows emulation software. The Portable USB option is for use on Windows PCs only. (This option is considered to be multi-license because it can be moved between Windows PCs simply by installing the PDC viewer). The Online eBook is for use on all Operating Systems except Linux. (This option is supplied with a single license for one device.)

#### LTP3010

##### OTP Land Rover Master Collection

The ultimate Land Rover Technical Publication Collection covering models from 1948 to 2012. A must for any Land Rover specialist, garage, restoration facility or aficionado.

##### Models Covered

Series - 1948 to 1985/Land Rover 90, 110, 127 & Defender 90, 110 & 130 - 1983 to 2011/Discovery 1 - 1989 to 1999  
Discovery 2 - 1999 to 2004/Discovery 3 - 2005 to 2009/Discovery 4 - 2009 to 2012/Freelander 1 - 1998 to 2011  
Range Rover Classic - 1970 to 1995/Range Rover P38 - 1994 to 2001/Range Rover L322 - 2002 to 2010  
Range Rover Sport - 2005 to 2010

*A must for any Land Rover aficionado!*

LTP3010

#### Contents

**Parts Publications** - Parts catalogues, parts index (where available, approximately 1948 to 2004).

**Service Publications** - Service manuals, service procedures, system description and operation, circuit diagrams, electrical libraries.

**Technical Information & Tools** - Special service tools, testbook user manual, T4 diagnostic system user manual.

**PDI and Maintenance** - Workshop manual - pre-delivery inspection, pre-delivery inspection sheet, oil service, annual inspection.

**Owners Literature** - Owners handbook, additional handbooks:- In-car entertainment/audio/TV and navigation system/audio and navigation system/in-car telephone.

**Supplementary Information** - Sales brochures, accessory fitting instructions, photo gallery, downloads and various links.

**XS PowerPack**  
MULTI-FUNCTION JUMP STARTER

- DA1239** UK mains plug
  - DA1239EU** EU mains plug
  - DA1256** Replacement jump leads for DA1239(EU). For 600A model - check pack label
  - DA1255** Replacement 12V adaptor
- Not suitable for DA1239 & DA1239EU purchased before 18/06/2018

**Technical Specifications**

Battery volume: 18,000mAh  
 Starting current: 350A  
 Size: 230 x 87 x 27mm  
 Weight: 615g

Output:  
 5V = 2.1A - (smart phone/tablet fast charge)  
 12V = 10A  
 19V = 3.5A (laptops/notebooks)

Input: 14V = 1A  
 Peak current: 700A

- > Small and lightweight high capacity nano lithium polymer portable power pack with the latest battery technology
- > Supports fast charging with low self-discharge cycle
- > Charging cycles can reach more than 1,000 times
- > Supports 12V jump starts as well as back up charging or many brands of mobile phones, laptops, tablets, portable refrigerators etc
- > Supports 3 different types of charging modes
- > Built in redundant electronic control safety protection for jump starter over-charging and over-discharging

The XS & XD PowerPacks are handy to keep with you on your travels to ensure you never run out of 'juice'!

**XD PowerPack**  
MULTI-FUNCTION JUMP STARTER

- DA1238** UK mains plug

**Technical Specifications**

Battery volume: 9,000mAh  
 Starting current: 200A  
 Size: 131 x 75 x 25mm  
 Weight: 300g

Output:  
 5V = 2A (smart phone/tablet fast charge)  
 14V = 1A

Input:  
 Peak current: 400A

- > Small and lightweight portable power pack with the latest nano lithium battery technology
- > High capacity, high power special battery
- > Supports fast charging with low self-discharge cycle
- > Charging cycles can reach more than 1,000 times
- > Supports 12V jump starts as well as back up charging for many brands of mobile phones, tablets etc

Dog Ramp

**DA1631**

This handy dog ramp is perfect for dogs who have difficulty jumping into the back of your Land Rover. With an anti-slip coating the ramp is quick and safe to use even in wet conditions. The ramp is perfect for aging & injured dogs as well as puppies and smaller dogs who can't reach!

**No more hurting your back lifting up your dog!**

**Features**

- > Telescopic lightweight design for quick and easy storage
- > Rubber feet to hold ramp in position
- > Catch to hold together when stored
- > Anti-slip coating

**Specifications**

- > Maximum weight capacity - 90kg
- > Weight - 7kg
- > Length compressed - 1,000mm
- > Length extended - 1,850mm
- > Width at widest point - 450mm
- > Deck width - 390mm

Make life easier for you & Rover!

See it in action at [www.britpart.com/DA1631](http://www.britpart.com/DA1631)

### Skytag

#### DA9012

##### How It Works

- > Pinpoint GPS tracking
- > Worldwide coverage
- > 24/7 service
- > Tamper alerts
- > Intelligent movement alerts
- > Direct police access and liaison
- > Simple to install and transferable
- > Internal backup battery
- > 5 year warranty

##### About Skytag

Skytag are now the largest independent stolen vehicle recovery company in the UK, providing state of the art location equipment to recover your property quickly and efficiently. With an outstanding recovery record and an 11 minute fastest record, they are proud to offer a service second to none. With unique features like monthly operation checks and direct police access to live location information.

The Skytag device is a very small covert unit designed to be hidden in a vehicle, self installation enhances the covert nature of the product as everyone will put it somewhere different, making it virtually impossible to find, this also reduces costs and makes the unit easily transferable from vehicle to vehicle with no charges.

The device is smaller than a computer mouse and contains a GPS chip that can pin-point its location on the planet to within 5 metres. The device also contains a module that communicates this position to us via the GPRS data network. So we know exactly where your vehicle is in the event of a theft.

Our unit comes with the peace of mind of full worldwide cover and is IP65 waterproof. The device has an inbuilt backup battery that lasts 3 days should the vehicle battery be disconnected. It also alerts us when the battery has been disconnected; we can even tell when the vehicle battery is running low, ensuring continuous operation.

##### Skytag Packages

###### Standard Tracking

£7.99/month - payments to Skytag  
Initial 3 months service included. Standard service includes battery disconnect alerts, tracker battery low power alert. Monthly health check and email notification. Worldwide coverage. 24 hour crime line with police liaison to recover your vehicle.

###### Active Monitoring

£11.99/month - payments to Skytag  
Initial 3 months service included. Standard Tracking service plus active movement alerts.

'LeisureSafe' is designed for leisure vehicles which are used 2-3 times a week, 'LeisureSafe' is fully automatic with no requirement to remember to turn on or off. A bespoke zone is created where the vehicle is normally stored. If the vehicle moves out of this zone during the protected hours, alerts are sent direct to your mobile phone, your landline, text and email.

'NightSafe' is designed for everyday use vehicles where you need protection during the vulnerable night hours. Using a zone similar to 'LeisureSafe' the system alerts leaving the 'Safe Zone' during the armed period.

###### Live Tracking

£13.99/month - payments to Skytag  
Live Tracking has all the features of the active monitoring service with the addition of user designed zones, speed alerts and the ability to log in from any internet enabled device and see the vehicle updated every 5 minutes with the ignition wired installation, or every 20 mins with standard fitting. 'Liveview' service includes unlimited email alerts and 10 direct telephone alerts per week.

### Tamper Proof Nuts & Bolts

Ensure your precious accessories remain firmly on your Land Rover by using a set of these stainless steel tamper proof nuts and bolts. Ideal for securing your winch and front bumper. Each set contains either 4 nuts or bolts and 1 key.

**DA7330** M6 nut set & key

**DA7331** M8 nut set & key

**DA7332** M10 nut set & key

**DA7333** M10 x 110 bolt set & key

**DA7334** M10 x 35 bolt set & key

### Security Marking Kit

#### DA8533

The International Security Register (ISR) system has proved successful in deterring and detecting theft and fraud for over 30 years. It works on the principle that if a vehicle's windows and parts are marked using robust techniques and details are recorded on a secure database - supported by a 24/7 verification service - criminals stealing the vehicle will run a real risk of being caught and prosecuted. Each mark applied to a vehicle will contain a unique 8-digit code, the ISR logo and [www.isrcodecheck.com](http://www.isrcodecheck.com)

*Reducing the risk of your Land Rover being stolen or cloned.*

##### Pack Components

- > Full instructions on marking and registering a Land Rover are in the security marking kit.
- > 8 vinyl stencils, fluid and brush for marking windows.
- > 2 warning decals.
- > 2 sets of 6 UV self-etch labels for application to painted metal body panels.
- > 2 sets of 7 ultra-destruct labels with UV fluid and applicator for identifying plastic parts.
- > A set of three Britpart branded security tags for increasing the chance of items that are so often mislaid, being returned to the owner.
- > A Britpart branded ISR customer contact card.

##### Registration of Vehicle and Owner Data on the ISR

The vehicle owner - or the stockist - would complete the registration process online via the Britpart registration page at [www.TheISR.org](http://www.TheISR.org) then select "All Vehicles" then "Vehicles" followed by "Britpart Registration Form" entering the unique code together with the vehicle make, model, colour, VIN and VRM together with the owners name and contact details. If an email address is supplied, an automated acknowledgement of registration would be sent. The code for the security tags would be automatically recorded.

More details of the kit can be found at [www.britpart.com/security](http://www.britpart.com/security)

### X-Defend Pedal Lock

thick steel claw grabs the brake pedal shaft and ratchets in tight against it. It can be locked in a couple of seconds! To unlock turn the key which releases the pedal and fold flat on the floor. The Pedal Lock is supplied in tough, corrosion proof 304 stainless steel and uses formed hinges with a 6mm stainless pin. It is supplied with an anti-drill, British made Lowe & Fletcher RPT Lock.

**Note** - This does NOT fit Series/Defender - 2007 onwards. As not all Defenders are the same and build tolerances are at best acceptable it may be necessary to either relocate the bonnet pull bracket (you can drill out the spot welds and re-attach with pop rivets) or better still replace with the later Td5 type bonnet pull (FSC000050PMA). We have discovered that because Land Rover had no set place to fit the early type bracket it sometimes fouls the pedal lock.

##### Defender

- up to Td5 without air-con

**DA6601** Right hand drive

**DA6602** Left hand drive

The X-Defend Pedal Lock prevents the clutch, brake and throttle pedal from being operated, making a vehicle almost impossible to drive! Unlike other pedal locks, this

remains bolted to the floor of the vehicle. When not in use, it folds flat on the floor and seat box, forming the floor of the cab. In this position it can be covered with your usual floor mat. This means you don't have to store a 20kg lump of metal which could be lethal if it hit you in the event of an accident or while off-roading. It also means that locking is incredibly quick. Just release the catch which holds it against the seat box and lock into position. A 10mm

### X-Column

#### DA9013

One thing that is common to virtually all stolen Land Rovers is that the column steering lock has been broken. It is normally broken by removing the lock barrel as this is surprisingly quick - the vehicle can then often be started with a screwdriver. This neat solution is a sleeve for the lock barrel assembly machined out of steel. It is strong enough to prevent the barrel being removed or the end broken off.

### Nothing to lock or unlock

The best thing about this solution is it's completely passive - i.e. nothing to lock or unlock. It stays permanently fitted to the vehicle providing 24 hour protection and deterrent value. The column lock will fit all Defenders LHD or RHD - up to 2014, including Puma/Tdci. One exception is that some ex-military vehicles do not have a steering lock. While the column lock will fit - it serves no purpose as there is nothing for it to protect.

### Locking Fuel Cap

#### DA1227

Defender - from XA159807

Discovery 2

Locking fuel cap

Supplied with 2 keys

*Add some extra protection to your fuel.*

Quick Release Steering Wheel Bosses & Locks

Optimill Steering Wheel Bosses

- DA8883** Slimline boss with quick release 48 splines
- DA8882** Slimline boss with quick release 36 splines

Optimill slimline boss fits directly to your steering column, without the need for multiple bosses to be used. Manufactured to the highest standard, hard anodised to prevent wear and designed to give an extra level of security to your vehicle.

**DA8884**

Optimill Quick Release Security Lock

Produced as a swivel locking cover to fit over an Optimill Quick Release Boss (36 or 48 spline).

**DA8884DOCK**

Optimill Quick Release Security Lock Docking Station

## Dash Cameras

**DA5202 NEW**

Have a third eye on the road for those unexpected moments! Drive with a security expert by your side with the Ring Smart Dash Camera and Ring Connect. Save, download and share your dash cam footage easily in one place, making it easier to look back on your journeys, and if the worst was to occur, gather crucial evidence in one place.

A full HD 1080p resolution dash cam with 32GB storage capacity. A 120° field of view and 30fps create a high quality, full HD image to see more of what is happening outside your vehicle. Includes an interior trim installation/removal tool and a quick and easy to use magnetic mount for a stronger, more secure fitting. The dark colours and compact size help keep the camera discreet in the car, avoiding any distractions.

- > Full HD 1080p 30fps recording for clear, high recording quality
- > 120° field of view to capture a wide view of the road
- > Ring Connect and wi-fi enabled - works with Ring Connect App
- > Easy installation and removal with a magnetic mount and trim tool included
- > G-sensor to automatically save files in the event of a collision
- > 32GB memory capacity with micro SD card
- > 2" screen
- > Auto start/stop - prevents vehicle battery from being drained
- > Trim installation/removal tool included
- > Dimensions - 45 x 76 x 34mm (HxWxD)
- > Weight - 188g
- > Voltage - 12V - 24V DC
- > Wattage - 5
- > Amps Output - 0.35
- > Batteries included - Rechargeable lithium-ion

**VPLKV0134LR NEW**

Front & Rear Camera  
Defender - 2020 onwards / Discovery Sport / Discovery 5  
Range Rover Evoque - 2019 onwards / Range Rover Velar  
Range Rover Sport - 2014 - 2022  
Range Rover Sport - 2023 onwards  
Range Rover - 2013 onwards  
Range Rover Sport - 2014 onwards  
Drive with peace of mind that events and incidents will be captured with the Land Rover dash cam. Designed to seamlessly integrate with your Land Rovers cabin and electrical system.

With low power consumption for extended use and full HD front and rear video camera, the camera makes it easy to look back in journeys, and if the worst occurs, to gather crucial evidence.

- > Removeable front camera with fixed viewing angle
- > Fixed rear camera with adjustable viewing angle
- > G-sensors trigger recording in the event of an accident or heavy braking
- > An integrated radar system\* to enable recording when your parked vehicle is approached
- > Record additional events with a manual record option
- > Onboard GPS allows used to optionally add speed and location data to the linked video files to create a detailed record of each event
- > Includes 32GB SD card
- > Recordings can be accessed and controlled by optional Apple of Android apps, or via a web browser

**Note** - Not compatible with windscreen sun shield. To preserve the 12V battery life it may be necessary to disable this feature on some vehicles. \*Only available on certain vehicles

Haynes Internal Combustion Engines

DA4817

DA4310

Build a working model of an engine.

DA4817

Build a fully functional, motorised model of a V8 petrol engine. Features sound recorded from a real V8 and illuminating spark plugs. The kit contains nearly 300 pieces and all that you need to assemble the model. It is supplied with a Haynes style manual giving you clear step-by-step instructions as well as interesting information about real V8 engines.

DA4310

Build a realistic working model of a combustion engine. Includes light and sound features, light up spark plugs, moving pistons, valve gear, fan belt and 'Haynes Manual'. Finished model size - 180 H x 270 W x 140mm D

### Remote Control Defender Model

#### DA1626

From Tamiya R/C - this is a superbly detailed 1/10 scale remote control model assembly kit of an early version of the Defender 90. **The model's bodywork needs painting - ideal for having the chance to match your own Defender's colour!**

- > 457 L x 200 W x 214mm H and Wheelbase - 242mm
- > The Defender 90 form is accurately captured by the polycarbonate body, with slide moulding used for great detail such as rear panel surfaces.
- > Includes separately moulded parts for grille, side mirrors, light cases and tyre cover.
- > Compatible with 5mm diameter LEDs (white) x 2 for headlights and 5mm diameter LEDs x 6 for the rear.
- > Matt plated wheels are paired with realistic tyres featuring authentic tread pattern.
- > Highly reliable CC-01 chassis features a full-time 4WD system and front double wishbone, rear 4-link rigid suspension equipped with 4 CVA oil dampers.
- > An expansive range of option parts is available to customise the CC-01 chassis. The CC-01 chassis is Tamiya's ultimate platform for mounting precise scale renditions of off road chassis. With built in wheel arches, sealed front and rear gear boxes with precision engineered differentials and shaft driven 4WD via universal joints, it replicates all the rugged realism of the Defender 90 - as such it is the ultimate platform to carry this iconic body.

*Superbly detailed  
1/10 scale remote  
control model  
assembly kit*

#### DA1627

Remote Control System

- > Operating voltage transmitter 4.8 - 6V
- > 2.4GHz system
- > Two continuously variable, fully proportional channels
- > Servo reverse for both channels (change of running direction)
- > Trimming function for acceleration and steering
- > Power supply of the BEC receiver possible via driving battery with 4.8 - 7.2V
- > Connector system for Futaba and Graupner JR
- > Charging socket (positive pole inside)
- > Battery charge level display by means of LED
- > 4 Channel receiver
- > Transmitter batteries
- > Battery pack NiMH 7.2V/2100 mAh
- > Plug charge (Output 9V/300 mA)

**Note** - The remote control is not supplied with the model and needs to be purchased separately.

### Sit On Defenders

- DA1517 White
- DA1518 Orange
- DA1520 Red

For smaller Land Rover fans we have these! Fully licensed by Land Rover, these Defender 6V electric toys are suitable for children aged 3 to 7. These toys are equipped with working LED lights and realistic engine sounds. MP3 connectivity means your little ones can listen to their favourite music as they drive around. The cars can be controlled by either the child driving or by a parent with the remote control handset. 2.4GHz radio control ensures each car has its own frequency so can't be controlled by anything else - ideal if you have two Defenders in the same location.

Maximum load capacity - 20kg  
Size - 780 x 410 x 490mm / Weight - 10kg

#### Features

- > 6V 4.5AH battery
- > Power indicator display
- > Working LED headlights
- > Seat belt for added safety
- > Realistic engine sounds
- > MP3 connection
- > Forward and reverse gears
- > 2.4GHz radio control
- > Easy to assemble

Castrol Classic Oils Merchandise

**DA6270** Castrol Tin Mug - Drink your tea in a nostalgic way with this large tin mug  
**Castrol Pouring Jugs** - Use either to decorate your workshop or study or to accurately measure lubricant quantities shown in imperial measures in vehicle handbooks  
**DA6271** Half pint  
**DA6272** Pint  
**DA6273** Quart (two pints)  
**DA6274** Baseball Cap - Smart green cap with embroidered Castrol logo. One-size fits all  
**DA6275** Window Service Sticker  
 Never forget to change your oil with this self-cling window sticker with Castrol logo on one side and Change Due boxes on the other. 3" diameter.

Ride On Suitcases

Make travelling with kids fun with the Range Rover Sport SVR convertible kid's ride on and suitcase! This beautifully crafted officially licensed scale model of a real Range Rover can be used as a pull along suitcase but the really clever bit is that it also converts quickly and easily into a fun kids' ride on toy. Ideal for parents travelling with kids as it will keep kids amused while travelling - perfect for planes, trains or cars and for playing on when you get to your destination too. It is a must have accessory for all little Range Rover fans! It is big enough to hold everything you need in your hand luggage including toys, clothes and games but also not too bulky to be pulled along using the pull-out handle. It is quick and easy to convert it into a kids' ride on car toy with the clever fold up handle - kids can push themselves around plus it makes a great seat for kids to sit on while in queues for check in too!

Suitable for age 2+ years.

Max recommended user weight: 23kg.  
 Product size: 548 L x 296 W x 223mm D

*Converts quickly and easily into a fun kids' ride*

Land Rover Defender Model

The Land Rover Defender model, developed in partnership between LEGO® & Land Rover, showcases the refined, modern Defender. The high authentic model features original design rims, ground gripping tyres in addition to many other realistic features and functions. The functional opening doors give access to the interior with working steering wheel and replica dashboard. The model includes the transmission system with 2 levers for engaging high or low gear ratios, and a selector for changing gear. It the most sophisticated LEGO® cylinder engine so far.

Inside the model you will find forward facing folding rear seats, this allows you to see the 4-speed sequential gearbox. With features such as the in-line 6-cylinder engine with moving pistons, working all wheel drive with 3 differentials, independent suspension and working winch make this model stand out from the rest! The rear-mounted spare wheel allows the tail door to be opened.

The quality finish of the model includes removable roof rack with storage box, pannier, ladder and traction mats. The model provides a hands on immersive building experience, perfect for any Land Rover enthusiast!

Features

- > Highly authentic model
- > Land Rover emblems
- > Ground gripping tyres
- > Removable roof rack with storage box
- > Opening doors, bonnet and tail door
- > Detailed cabin
- > Modern olive green, grey and black colour scheme

Defender Exhaust Mug

Manufactured using a metal spinning technique from sheets of 304 stainless steel then spun into 3" diameter. The exposed lip gets outward rolled to replicate a Defender exhaust. The handle, also of 304 grade (8mm) round bar, pressed into shape. This resembles an exhaust hanger. Each Britpart branded mug is finished by hand polishing. This weighty mug (300g and 420ml capacity) is perfect for use in any workshop.

ARB merchandise	320	Carburettor float	208	Driving lights	64
ARB roof racks	41	Carburettors, Weber	155	DTEC brake pads	146
Armrests	109-111	Cargo barriers	90-92	Dual battery management system	141
Ashcroft Transmissions	121	Cargo organisers	322	Dust caps	58
Auto transmission lever parts	212	Cargo tie down point	102	Duxback	255
Automatic transmission conversion kit	215, 246	Carpet kits	106	Dynamat Xtreme	294
Automatic transmission service kits	246	Carpet mats	98	Dynamic response tools	268
Avdel plug	207	Castor corrected swivel housings	164	Earth lead	202
Awning brackets	316	Castor correction bushes	169	EAS override module	184
Awning replacement parts	316	Castor correction wedges	180	EBC brake discs	146
Awnings	315	Castrol Classic oils & greases	253	EBC brake pads	147-148
Ball joint	167	Castrol Classic Oils merchandise	337	EGR blanking kits	150-151
Ball joint repair kits	196	Cataclean	253	EGR valve & gaskets	204
Batteries	140-141	Cellular Dynamic shock absorbers	174	Electric side steps	31
Batteries, key fob	202	Cera-Tec lubricant	198	Electric windows	282
Battery charger	140	Chain cover	115	Electronic distributors	202
Battery charger & support units	194	Chair, camping	319	Electronic fan conversion kits	154
Battery isolator switch	138	Chassis	226-227	Emergency equipment	122-123
Battery management system	141	Chassis components	232-240	Emergency hammer	122
Battery-Guard	140	Chequer plate	10	Emergency puncture repair sealant	122
Beadlock wheels	50	Clear lights	73	Engine bay enhancements	205
Bearing grease	254	Clutch cylinders	212	Engine breather oil catch tank	205
Bearings, propshaft	212	Clutch hoses	212	Engine oil pan	204
Big bore exhaust tailpipes	158	Clutch pedal assist kit	212	Engine oils	249-250
Bike racks	45-47	Clutch release fork kit	212	Engines	206
Bilstein shock absorbers	176	Clutch reservoir tanks	200, 212	Epoxy primer	259
Black wheel nuts	55	Clutch tools	272	Evans waterless coolants	256
Blanking kits	150-151	Clutches	211	Exhaust clamps	158
Bleed screws	205, 208	Coil set packers	179	Exhaust fitting kits	158
Blind spot mirror	16	Comfort connectors	141	Exhaust paste & putty	261
Blindo wheels	51	Compressors	118-119	Exhausts components	158
Body components	232-240	Compressors, air suspension	172	Expansion bottle cap	205
Body repair consumables	261	Con rod bearing sets	207	Expedition boxes	321
Boge shock absorbers	175	Con rod parts	204	Extended fuel tanks	123
Bolt kits	297	Connecting spindle rods	165	Extended seat rails	114
Bolts	196	Connector assembly fuel blocks	207	Exterior lights	64-72, 79
Bonnet hinges	280	Cool bag	314	Fairleads	136
Bonnet insulation pad	240	Coolant hoses	153	Fan conversion kits	154
Books	329	Coolants	252, 254	Fasteners & fixings	263
Boot organiser	102	Cooling system pressure test kit	269	FBH controller	302, 305
Boot protection	92-98	Corbeau seats	107	Filler plugs	205
Bottle jack	57	Cordless tyre inflator	57	Filter guards	150
Brake caliper pin kit	198	Coupling control unit	214	Filters, bulk	204
Brake caliper pistons	198	Coupling filter	213	Fire extinguishers	122
Brake cleaner	254	Covers, spare wheel	56	Fire pit	326
Brake discs	144-145	Crankshaft tools	268	First aid kits	122
Brake discs, EBC	146	Crossmembers	233-236	Flange bolt kits	186
Brake discs, XS	199	Crown wheel & pinion	212	Fog lights	64
Brake fitting kit	198	Crown wheel & pinions, heavy-duty	121	Friction modifiers	255
Brake fluid	254	Cubby boxes	109-111	Fridge freezers	312-314
Brake hose kits	224	Cup holder	109	Front Runner roof racks	35
Brake hoses	148	CV joint grease	255	Fuel burning heater	302, 305
Brake kits	198	CV joints	213	Fuel cooler guard	23
Brake lubrication	198	Cylinder head overhaul kits	204	Fuel filter - 2 micron	204
Brake pads, DTEC	146	Cylinder heads	204	Fuel filter clasp fixing kit	204
Brake pads, EBC	147-148	Cylinder liner kit	204	Fuel filter holder	207
Brake pads, XD	200-201	Damper & bearing kit	212	Fuel filter valve repair kit	208
Brake pads, XS	200-201	Dash cameras	334	Fuel latch repair	240
Brake pipe bending tool	198	Deflectors, wind	24	Fuel pump repair kit	204
Brake pipe sets	198	Degreasing fluid	256	Fuel tank fitting kit	240
Brake pipe swivel mount bracket	230	Demister kit	285	Fuel tank guards	22
